HB 770, relative to the compensation of probate judges. Refer for Interim Study. Testimony on this bill revealed more complications than are apparent in the bill. The Committee voted unanimously (15-0) to undertake further study of the problem and to suggest a more comprehensive proposal at the forthcoming session. Rep. Francis E. Robinson for Judiciary.

HB 771, relative to the support and custody of children. Inexpedient to Legislate.

It has been suggested by the sponsor that the Committee look at House Bill 713 as a better vehicle to accomplish the giving of clear standards and guidelines for the courts in the matter of support and custody of children. Vote 14-4. Rep. Elizabeth D. Lown for Judiciary.

HB 772, defining marital property and the division thereof pursuant to divorce. Inexpedient to Legislate.

This matter will be addressed during Interim Study of House Bill 726, which deals with the same issue. Vote 18-0. Rep. Frank J. Sylvia for Judiciary.

HB 780, relative to administrative inspection warrants. Inexpedient to Legislate.

There was some merit in this legislation from the discussion of the Committee, but there are also questions on it, and since no one appeared in favor or to answer some questions that needed clarification, the Committee felt it should be re-entered if it is still a desirable bill. Vote 15-0. Rep. Frank J. Sylvia for Judiciary.

HB 788, relative to county attorneys. Inexpedient to Legislate.

The Committee felt it inappropriate to interject statutory law into the internal administrative duties of our county attorneys. Vote 16-0. Rep. Thomas U. Gage for Judiciary.

HB 797, relative to filing a petition for a divorce based on irreconcilable differences. Refer for Interim Study.

The feeling of the Committee is that the issue of irreconcilable differences in divorce proceedings is important enough to warrant further study without the present time pressure. Vote 14-1. Rep. Elizabeth D. Lown for Judiciary.

HB 774, relative to fighting forest and brush fires on federal land. Ought to Pass with Amendment.

The bill establishes a procedure for collecting from the federal government the expenses of fighting a brush or forest fire on federal land and the White Mountain National Forest. Vote 18-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Cooperative Fire Control Payments on Federal Lands. Amend RSA 224 by inserting after section 1-a the following new section: 224:1-b Cooperative Fire Control Payments on Federal Lands.

I. The expenses lawfully incurred by a forest fire warden or other authorized local fire official in the extinguishment of forest and brush fires on the White Mountain National Forest or other federal land within

the state under a cooperative forest fire protection agreement with the state computed at rates within limits established by the director of the division of forests and lands of the department of resources and economic development and excluding the initial costs of fire fighting equipment shall be paid in the first instance by the state.

II. The forest fire warden or other authorized local fire official shall render to the director of the division of forests and lands a statement of said expenses incurred in extinguishing forest and brush fires on the above described federal lands, showing in detail the amount and character of the services performed including names, addresses, hours worked, dates, and recommended compensation for persons authorized for fire duty by the fire warden or other authorized local fire official, costs of food and other supplies, operating and repair expenses of motorized equipment, reimbursement costs for lost and damaged pumps, hose, tools, and other fire equipment and such other costs as may be actually incurred on such fire.

III. The director of the division of forests and lands shall review such bills and upon his approval shall forward them for payment to the state treasurer. The governor shall draw his warrant on the state treasury from money in the treasury not otherwise appropriated for the payment of said bills. Upon such payment, the director of the division of forests and lands shall prepare and submit to the receiving federal agency appropriate vouchers for reimbursement to the state treasury of such costs paid by the state treasurer under this section.

IV. The director of the division of forests and lands shall also prepare and submit to the receiving federal agency appropriate vouchers for reimbursement of salary and expenses of permanent and temporary employees who remain on the state payroll while on authorized duty on federal lands within the state under a cooperative forest fire protection agreement with the state, the actual cost of food and other supplies, operating and repair costs of motorized equipment, reimbursement for lost or damaged pumps, hose, tools, and other fire equipment and such other costs as may be actually incurred by the state on such cooperative fire assignment.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 746, relative to truck weights. Refer for Interim Study.

The Committee voted unanimously (11-0) to recommend further study on this subject. A great deal of conflicting testimony was heard at the hearing. The Committee recognizes the seriousness of the issues involved and felt that adequate time was not available to do justice to this issue. Rep. Stephen Sloan for Transportation.

HB 14, relative to the lien for taxes due under the interest and dividends tax. Ought to Pass.

The Committee is of the opinion that this is a "housekeeping" bill to more clearly state the authority of the Commissioner of Revenue Administration to collect the tax. The bill changes the method by which overdue taxes are collected under the Interest and Dividends Tax by removing the collection from the city or town tax collectors and given to the Commissioner of Revenue Administration. Vote 17-0. Rep. Paul G. Blacketer for Ways and Means.

HB 58, relative to appeals before the board of tax and land appeals. Inexpedient to Legislate.

The sponsor did not appear to testify on behalf of HB 58. The Committee feels this bill was introduced in response to a specific case handled by the Board of Tax and Land Appeals. Testimony heard questioned both the fairness and constitutionality of such a bill. Vote 19-0. Rep. Thomas B. Connolly for Ways and Means.

HB 172-FN, relative to the interest and dividends tax. Inexpedient to Legislate. This bill would double the individual exemption on the Interest and Dividends Tax. The Committee felt that this would unduly harrow the tax rate, and too closely followed the recent substantial increase in the exemption. The Department of Revenue Administration has estimated this bill would cost the state four and a half million dollars annually. Vote 19-0. Rep. Robert C. Hayes for Ways and Means.

HB 183, clarifying when real estate transfer tax revenue is to be remitted to the department of revenue administration. Ought to Pass.

The Committee reviewed the current system of sending money and forms back and forth and contrasted that with the proposed system. This bill allows a substantial savings in processing time. Vote 19-0. Rep. Barbara E. Arnold for Ways and Means.

HB 356-FN, exempting certain transfers between brothers and sisters from New Hampshire's inheritance tax. Ought to Pass with Amendment.

This bill, as amended, expands the homestead exemption permitted under New Hampshire's inheritance tax to include transfers between brothers and sisters of a share of or interest in a homestead when the homestead is owned in whole or in part by the decedent. Vote 17-2. Rep. Paul G. Blacketer for Ways and Means.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Expanding Homestead Exemption. Amend RSA 86:6, III (supp) as inserted by 1977, 467:2 by striking out said paragraph and inserting in place thereof the following:

III. The decedent's share of or interest in a homestead which, for a period of at least one year immediately preceding the date of death of the decedent, was owned in whole or in part by the decedent as his last and usual place of residence and occupied as a place of residence by one or more of the decedent's brothers and sisters, or brothers or sisters, but not necessarily by the decedent at the time of his death, shall be exempt from the tax imposed in paragraph I if the homestead passes to or for the use of said brothers and sisters, or brothers or sisters.

HB 379, excluding income derived from notes or bonds of political subdivisions of the state from taxation under the interest and dividends tax. Ought to Pass.

This bill eliminates some current confusion surrounding the preparation of interest and dividends tax returns. Vote 19-0. Rep. Barbara B. Pressly for Ways and Means.

HB 380, relative to the tax on municipal bonds. Inexpedient to Legislate.

Under questioning by the Committee, Commissioner Power states that, once again, without computerization, his department cannot make estimates of how much money would be affected by this. Vote 19-0. Rep. Earle D. Hardy for Ways and Means.

HB 388-FN, expanding the exemption available for stepchildren and stepparents under the legacy and succession tax. Ought to Pass with Amendment.

This legislation addresses a clearly demonstrated deficiency in the Legacy and Succession Tax. At the present time, the statutes exempt property which passes by will from a stepparent to a stepchild or from a stepchild to a stepparent from payment of the Legacy and Succession Tax. As amended, HB 388 would expand that exemption to include property which passes by interstate succession or by deed grant, bargain, sale or gift between stepchildren and stepparents. Vote 17-0. Rep. Paul G. Blacketer for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the exemption available for stepchildren and stepparents under the legacy and succession tax.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Exemption for Stepchildren and Stepparents. Amend RSA 86:6, II by inserting after paragraph (f) the following new paragraph:

(g) the decedent's stepchildren together with the spouses of

said stepchildren; the lineal descendants and stepchildren of the decedent's stepchildren together with the spouses of said descendants, and stepchildren; and the stepchildren of the decedent's lineal descendants together with the spouses of said stepchildren.

2 Repeal. RSA 86:6-b relative to the exemption from payment of the legacy and succession tax for transfers between stepchildren and stepparents is hereby repealed.

3 Effective Date. This act shall take effect 60 days after its passage.

HB 431-FN, amending the business profits tax. Refer for Interim Study.

This bill proposes to change the unitary method of calculating the Business Profits Tax. After the regular hearing a subcommittee has met three times for about a total of six hours. However, the subject is quite complex and the subcommittee unanimously agreed it needs further study. Vote 19-0. Rep. Frederick G. Ahrens for Ways and Means.

HB 467-FN, imposing a narrow-based sales tax to benefit education. Inexpedient to Legislate.

This bill would be extremely difficult to administer. It lacks definition as to what distinguishes luxury from non-luxury items. It mingles goods already subject to taxation to those that are not. Vote 19-0. Rep. Barbara E. Arnold for Ways and Means.

HB 479, establishing an alcohol and drug abuse prevention fund. Ought to Pass.

The Committee heard strong positive testimony in support of this bill. There is a close correlation between substance abuse and crime. About 80% of the criminal offenses are the direct result of alcohol and drug abuse. The Committee feels that this penalty assessment on fines for these criminal offenses is an appropriate way to provide revenues to the Office of Alcohol and Drug Abuse Prevention for programs to combat this pervasive problem. Vote 13-6. Rep. Barbara E. Arnold for Ways and Means.

Referred to Appropriations.

REGULAR CALENDAR (Committee Reports)

HCR 6, applying to the Congress of the United States to call a convention to propose an amendment to protect the lives of the unborn. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee opposed the idea to call a Constitutional Convention to deal with the issue. This proposal attempts to restrict the coverage of a Constitutional Convention. Vote 7-3. Rep. Roger Stewart for the Majority of Constitutional and Statutory Revision. MINORITY: The minority feels that Congress must take action on the issue

of abortion. This resolution will at least prod the Congress to take action. It also has passed in 21 states. (Rep. Matthew J. Locke for the Minority of Constitutional and Statutory Revision.)

Rep. Locke moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Stewart and Joseph Eaton spoke against the motion.

Reps. Schwaner and Roberts spoke in favor of the motion.

Rep. Daniel Eaton moved that HCR 6 be laid upon the table.

A roll call was requested. Sufficiently seconded.

HB 4-FN, establishing a new formula for distributing foundation aid to the school districts. Ought to Pass with Amendment. This bill creates a new formula for distributing state funds for education to the school districts. The formula is

based upon the property wealth of the school district, the income wealth of a school district, and the tax effort of the school district. The formula also incorporates the concept of weighted pupils, which accounts for the varying costs of educating different types of pupils. This is the most important piece of legislation to come before the Education Committee in many, many years. Vote 14-1. Rep. Jesse F. Davis for Education.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing a new formula for distributing foundation aid to school districts, and making an appropriation therefor, and continuing the rate of the real estate transfer tax.

Amend RSA 31-A:4, III as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

III. Of the funds distributed under subparagraph I(a), 60 percent of the aggregate funds to be distributed to the cities and towns shall be applied directly to the foundation aid distribution paid out to the school districts under RSA 198:27-34.

Amend the bill by striking out sections 11 and 12 and inserting in place thereof the following:

11 Continuing Rate of Transfer Tax. Amend RSA 78-B:1, I (supp) as inserted by 1967, 320:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. A tax is imposed upon the sale, granting and transfer of real estate and any interest therein, other than by devise or by the laws regulating intestate succession and descent. The rate of the tax is \$.50 per \$100, or fractional part thereof, of the price or consideration for such sale, grant or transfer; except that where the price or consideration is \$2,000 or less there shall be a minimum tax of \$20. Notwithstanding the foregoing provisions, there shall be no tax as exempted by RSA 78-B:2.

12 Distribution of Funds. Amend RSA 78-B:8 (supp) as inserted by 1967, 320:1 as amended by striking out said section and inserting in place thereof the following: 78-B:8 Administration.

I. This chapter shall be administered by the commissioner of revenue administration. The commissioner may adopt rules, pursuant to RSA 541-A, relative to the administration of this chapter. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the form and amount of bond each register of deeds shall give. The cost of such bond shall be paid by the state as an expense of administering this chapter. Each register of deeds, or county

if the register of deeds is on a salary basis, shall be paid for his services 4 percent of the face value of the stamps or other approved indicia of payment of the tax sold in his registry, and all taxes so collected shall be remitted to the department monthly or more often. All funds received from the sale of stamps and other approved indicia shall be credited to the department for administering this chapter and shall not lapse, but whenever the amount available exceeds \$12,000, the excess shall be paid over to the state treasurer.

13 Appropriation. The sum of \$15,859,386 for the fiscal year ending June 30, 1986, and the sum of \$16,675,740 for the fiscal year ending June 30, 1987, are hereby appropriated for the purposes of section 2 of this act. This appropriation shall be a charge against the general fund. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

14 Authority to Expend Funds. Notwithstanding any other provision of law to the contrary, the local school districts are specifically authorized, for the fiscal year 1986, to apply for and expend such state aid funds to which they are entitled in accordance with the provisions of RSA 198:27-34 as inserted by this act without authorization by a school district at the district's annual meeting.

15 Repeals. The following are hereby repealed:

I. RSA 198:8, relative to the declaration of policy for state aid.

II. RSA 198:9, relative to the amount of state aid.

III. RSA 198:10, relative to the computation of foundation aid.

IV. RSA 198:10-a, relative to the time of computation of foundation aid.

V. RSA 198:10-b, relative to whom the state shall pay the foundation aid.

VI. RSA 198:11, relative to adjusting the cost of required programs, for the purposes of foundation aid.

VII. RSA 198:12, relative to unexpended appropriations for foundation aid.

VIII. RSA 198:14, relative to valuations of school districts for the purposes of foundation aid.

IX. RSA 198:15, relative to the administration of foundation aid.

X. RSA 186-C:18, V(c), relative to rulemaking authority on applying for special education aid.

16 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 412, allowing Newmarket to separate from school administrative unit number 14. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The majority of the Committee is in agreement that the issue of SAU withdrawal must be attended to. The Committee is reluctant to legislatively do what the State Board should be doing. This issue is being addressed in HB 610 which has been referred to

interim study. Vote 13-3. Rep. Monte D. Rehlander for the Majority of Education.

MINORITY: The minority feels that HB 412 should be reported out as ought to pass because Newmarket has met 90% of the criteria for SAU withdrawals set forth by the Department of Education. The Legislature has granted SAU withdrawals in past sessions based on this same criteria. The only criteria that has not been addressed by Newmarket is getting approval for withdrawal from the other towns within its SAU. The minority feels that with all other criteria having been met, that the other towns should not be able to hold Newmarket hostage. (Reps. Dennis R. Bolduc, Patricia O. Sanderson and Wayne Burton for the Minority of Education.)

Rep. Burton moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to his motion.

Reps. Taffe, Rehlander and William Boucher spoke against the motion.

Reps. Sanderson and Bolduc spoke in favor of the motion.

Rep. Patti Blanchette spoke in favor of the motion and yielded to questions.

Rep. Benton spoke against the motion and yielded to questions.

Rep. Sylvia spoke to the motion.

Rep. Carragher moved the previous question. Sufficiently seconded. Adopted.

A division was requested.

188 members having voted in the affirmative and 152 in the negative, the motion was adopted.

Ordered to third reading.

HB 457-FN, relative to foundation aid to certain school districts. Ought to Pass with Amendment.

This bill, as amended, eliminates a unique loophole in the current Foundation Aid formula which has allowed a single town to receive a disproportionate share of funds available. This bill allows fair distribution of available funds and eliminates one of the barriers to additional Foundation Aid funding. The Committee unanimously supports this remedy. The amendment simply moves the phase-out back one more year. Vote 12-0. Rep. Cynthia W. McKee for Education.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Entitlements. Notwithstanding any other law to the contrary:

I. The amount of foundation aid to be paid for fiscal years 1987, 1988, and 1989 under RSA 198:10 to cooperative school districts formed by 2 or more pre-existing districts whose boundaries approximate those of a single township in which they are located, shall be adjusted as follows:

(a) In fiscal year 1987 the foundation aid payment shall be reduced by

25 percent of the difference between the amount of foundation aid the school district received in 1985 and the amount of foundation aid the school district would receive as a single school district in 1987.

(b) In fiscal year 1988 the foundation aid payment shall be reduced by 50 percent of the difference between the amount of foundation aid the school district received in 1985 and the amount of foundation aid the school district would have received as a single school district in 1988.

(c) In fiscal year 1989 the foundation aid payment shall be reduced by 75 percent of the difference between the amount of foundation aid the school district received in 1985 and the amount of foundation aid the school district would have received as a single school district in 1989.

II. However, each district included in paragraph I shall receive no more foundation aid than the following percentages for the following fiscal years, of the foundation aid which the district received in fiscal year 1985:

- (1) In 1987, no more than 75 percent;
- (2) In 1988, no more than 50 percent;
- (3) In 1989, no more than 25 percent.

III. If the amount of foundation aid to which any cooperative school district shall be entitled is less than that township would have received as a single school district, the cooperative school district shall receive the greater amount which it would have received as a single school district.

IV. The amount of foundation aid to be paid for fiscal year 1990 and for each fiscal year thereafter to a cooperative school district described in paragraph I shall be computed and paid as it is for any single school district.

Amendment adopted.

Rep. Taffe offered an amendment.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Contingency. In the event that HB 4-FN of the 1985 legislative session becomes law, the provisions of sections 1 and 2 of this act shall not become effective.

4 Effective Date. This act shall take effect July 1, 1985.

The Clerk read the amendment.

Rep. Taffe explained the amendment.

Rep. Quimby spoke in favor of the amendment and yielded to questions.

Amendment adopted.

Ordered to third reading.

Rep. LaMott notified the Clerk that he wished to be recorded against HB 457.

HB 666, relative to school district budgets. Ought to Pass.

This bill allows a school district to exceed its annual budget to the extent

of State funds which it has received or expects to receive for the purposes of meeting its financial obligation for Special Education. Vote 12-4. Rep. Mary S. Nelson for Education.

Ordered to third reading.

HB 730, requiring kindergarten education in all school districts. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: At the present time, school districts may choose to include kindergarten in their programs. The Education Committee feels that, at the present time, kindergarten classes should not be mandated in all school districts. Vote 13-2. Rep. William J. Hounsell for the Majority of Education. MINORITY: This bill should be voted Ought to Pass. Today, we recognize the importance of kindergarten to the total education of the child. In view of the highly technical and competitive world in which we live, we, the minority, feel the entire body of the New Hampshire House of Representatives should have the opportunity to express its support or opposition on this most important question. (Rep. Patricia O. Sanderson for the Minority of Education.)

Rep. Sanderson moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to her motion and yielded to questions.

Rep. Hounsell spoke against the motion and yielded to questions.

Rep. Hawkins spoke in favor of the motion.

Rep. Sanderson withdrew her motion. Resolution adopted.

HB 167, establishing a department of commerce. Ought to Pass with Amendment. This legislation brings together several small agencies under a structured Department of Commerce designed as the focal point of economic planning, development, and growth for the next decade. Vote 16-3. Rep. Kathleen W. Ward for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 21-I the following new chapter:

CHAPTER 21-J DEPARTMENT OF COMMERCE

21-J:1 Findings; Intent.

I. The general court finds that the commercial and economic development functions of state government are currently performed by several independent state agencies lacking common focus.

II. In order to provide unified direction for these functions the general

court enacts this chapter creating a department of commerce. By enacting this chapter, the general court intends to foster closer communication among officials responsible for economic development functions. It further intends to strengthen and emphasize the role of state government in encouraging a diversified state economy, and to provide improved management direction and an unambiguous charge to state commerce.

21-J:2 Establishment; General Functions.

I. There is hereby established the department of commerce, an agency of the state under the executive direction of the commissioner of commerce.

II. The department of commerce, through its officials, shall be responsible for the following general functions:

(a) Fostering the growth of industry and other commercial enterprises in New Hampshire which will contribute to the overall improvement of the economy of the state. The department shall encourage new enterprises and the expansion of existing enterprises and activities with the goal of improving both the quantity and quality of job opportunities for citizens of the state. The department shall coordinate and cooperate with other government entities at all levels to develop optimum conditions for economic development.

(b) Regulating certain business enterprises and activities with the goal of fostering a favorable business climate and protecting the affected interests of the state's consumers.

(c) Providing administrative services and assistance to all non-health related licensing boards.

21-J:3 Commissioner; Directors; Compensation.

I. The commissioner of the department of commerce shall be appointed by the governor, with the consent of the council, and shall serve for a term of 4 years. The commissioner shall be qualified to hold that position by reason of education and experience.

II. The commissioner shall nominate each division director for appointment by the governor with the consent of the council. The division directors shall serve for a term of 4 years. Directors shall be qualified to hold their respective positions by reason of education and experience.

III. The salaries of the commissioner and each division director shall be as specified in RSA 94:1-a.

21-J:4 Duties of Commissioner. In addition to the powers, duties and functions otherwise vested by law in the commissioner of the department of commerce, he shall:

I. Represent the public interest in the administration of the functions of the department of commerce and be responsible to the governor, the general court and the public for such administration.

II. Require the director of the division of administration, in consultation with the comptroller and the state treasurer, to provide for a system of accounts and reports which will insure the integrity and lawful use of all revenues collected by the department, the use of which is restricted by state or federal law.

III. Adopt rules, pursuant to RSA 541-A, necessary to assure the continuation or granting of federal funds or other assistance not otherwise provided for by law.

IV. With regard to economic development, accomplish the following:

(a) Prepare and continuously update an economic development needs assessment document, which shall be a public document.

(b) Prepare and present to the governor biennially, not later than the date specified for submission of expenditure requirements in RSA 9:4, a proposed economic development plan for the ensuing biennium. The governor shall transmit this plan to the general court not later than February 15 of each odd-numbered year. The general court may endorse or otherwise comment upon this plan by joint resolution.

(c) Consult with, and receive cooperation from, the following agencies and organizations, or their successors:

- (1) Industrial development authority.
- (2) Department of agriculture.
- (3) Office of state planning.
- (4) Department of public works and highways.
- (5) Department of post-secondary vocational-technical education.
- (6) Department of education.
- (7) Job partnership training council.
- (8) Department of employment security.
- (9) Housing finance authority.
- (10) Aeronautics commission.

(11) All state agencies with environmental protection responsibilities. This listing shall not preclude consultation with other governmental entities which the commissioner deems necessary.

V. Have authority to publish for general distribution and to sell reports, charts, surveys or other documents calculated to advertise the cultural offerings, attractions and resources of the state.

VI. Collect and account for all fees, funds, taxes or assessments levied upon any person subject to the jurisdiction of the department of commerce or any of its divisions.

Division of Administration

21-J:5 Division of Administration. There is hereby established within the department the division of administration, under the supervision of an unclassified director of administration who shall, in accordance with applicable laws:

I. Be responsible to provide for the following functions:

- (a) Accounting, purchasing, and budget control.

- (c) Property, contracts and grants management.

(d) Data processing.

(e) Assistance to the commissioner with short and long range department level planning activities.

(f) Oversight of the bureau of occupational and professional services.

21-J:6 Occupational and Professional Services. The division shall provide administrative support to the following occupational and professional licensing boards and commissions which shall be administratively attached agencies as defined in RSA 21-G:10:

I. Board of accountancy established in RSA 309-A.

II. Board of engineers, architects and land surveyors established in RSA 310-A.

III. Board of auctioneers established in RSA 311-B.

IV. Real estate commission established by RSA 331-A.
Division of Industrial and Commercial Development

21-J:7 Division of Development. There is hereby established within the department the division of industrial and commercial development, under the supervision of an unclassified director of industrial and commercial development who shall be responsible for the following functions, in accordance with applicable laws:

I. Promotion and encouragement of the industrial and commercial development of the state, including, but not limited to, the establishment, expansion or operation of manufacturing, retail, service, small business or other facilities and economic activities.

II. Promotion and encouragement of international trade.

III. Administration of the community development block grant program established by RSA 21-J:8 - 21-J:18.

IV. Encouragement, coordination and participation in the efforts of other public and private organizations or groups of citizens to publicize the facilities, industrial advantages and other attractions of the state in order to attract industrial concerns and other interested persons from outside the state to the state of New Hampshire.

Community Development Block Grants

21-J:8 Purpose. The purpose of this subdivision is to authorize the department of commerce to accept federal funds to administer the small cities community development block grant program, or its successor program, and to allocate these funds to cities and towns in New Hampshire in order to improve and maintain housing, and the economic and physical development of the state's municipalities, to enhance the quality of life for low and moderate income New Hampshire residents.

21-J:9 Definitions. In this subdivision:

I. "Federal act" means Title I of the Housing and Community Act of 1974, as amended, 42 U.S.C. 5301 et seq.

II. "Municipality" means cities and towns. It also means a "non-entitlement area" as defined in Title I, Section 102(a)(7) of the federal act.

III. "Entitlement municipality" means a municipality entitled to receive

funds directly from the United States Department of Housing and Urban Development under Title I, Section 106(b) of the federal act.

IV. "Governing body" means, in the case of a city, the city council or the board of aldermen or, in the case of a town, the board of selectmen.

V. "Agency" means the New Hampshire department of commerce.

VI. "Commissioner" means the commissioner of commerce.

VII. "Committee" means the community development advisory committee.

VIII. "Chief executive officer" means the chief executive of the municipality, whether the official designation is mayor, city manager, chairman of the board of selectmen, or otherwise.

IX. "Grantee" means a municipality that receives a grant under the provisions of this subdivision.

21-J:10 Program Goals. In allocating funds under the community development block grant program, the agency shall give priority to activities that:

I. Benefit low and moderate income families.

II. Aid in the prevention or elimination of slum or blight.

III. Pose a serious and immediate threat to the health and welfare of the community where no other financial resources exist to meet such needs.

21-J:11 Eligible Activities. A wide range of community development activities shall be eligible for funding. These may include, but are not limited to:

I. The acquisition, rehabilitation, or expansion of housing.

II. The creation, expansion, or retention of employment through the stimulation of private investment and community revitalization.

III. The installation, rehabilitation, or replacement of public facilities.

IV. Activities that test the feasibility of innovative approaches to community development.

V. Activities that provide timely responses to unpredictable circumstances or special development opportunities.

21-J:12 Grant of Powers to Municipalities.

I. All municipalities not designated as entitlement municipalities under the federal act are authorized to apply with the agency for funds and are granted such additional authority and power, essential and incidental, as may be necessary for the administration of this program.

II. Prior to filing an application under this subdivision, a municipality shall:

(a) Through action by the governing body, adopt or pass an official act or resolution authorizing the filing of the application and directing the chief executive officer or designee to act in connection with the application and to provide such information as may be required.

(b) Hold at least one public hearing to obtain the views of citizens on community development, to furnish the

citizens with information concerning the amount of funds available and the range of community development activities that may be undertaken under this subdivision and to give affected citizens an opportunity to examine a proposed statement to the projected use of such funds. A notice of the hearing shall specify the grounds for the hearing as well as the date, time and place. Notice of the time and place of such hearing shall be published in a newspaper of general circulation in the municipality and a legal notice of the hearing shall also be posted in at least 3 public places in such city or town at least 14 days prior to the hearing. The 14 days shall not include the day of publication nor the day of the meeting, but shall include any Saturdays, Sundays and legal holidays within the period.

(c) The chief executive officer shall certify that the municipality will comply with the provisions of this subdivision and with other applicable federal and state laws and rules as may be determined by the agency and the federal government.

21-J:13 New Hampshire Community Development Advisory Committee.

I. There is hereby established the community development advisory committee which shall be provided staff and administrative assistance by the agency.

II. The committee shall consist of 9 voting members as follows:

(a) The commissioner of commerce or his designee, who shall serve as chairman of the committee.

(b) The director of the division of industrial and commercial development, department of commerce, or his designee.

(c) The executive director of the New Hampshire housing finance authority or his designee.

(d) Six public members, at least 3 of whom shall be municipal officials, who shall be appointed by and serve at the pleasure of the governor.

III. The 6 public members shall be paid their actual expenses incurred in performing their duties under this subdivision and shall be paid mileage at the same rate as state employees.

IV. A majority of the members of the committee shall constitute a quorum.

V. No person who receives a significant portion of his income directly or indirectly from the community development activities governed by this subdivision shall be a member of the committee.

21-J:14 Duties of the Committee. The committee shall advise the commissioner in the development of rules for administering this subdivision and developing criteria for the allocation of funds provided under the federal act.

21-J:15 Duties of the Commissioner.

I. The commissioner, with the advice of the committee shall:

(a) Adopt rules, pursuant to RSA 541-A, relative to:

(1) The application process.

(2) Criteria and procedures for evaluating applications submitted by eligible municipalities.

(3) Procedures for the administration of program activities and funds by grantees.

(4) Procedures for monitoring grantees and for hearings.

(5) Procedures for expeditious consideration of applications and allocations made under RSA 21-J:17.

(b) Make final awards of grants and enter into contractual relationships with grantees for administering funds.

II. The commissioner shall provide advice and assistance to municipalities in dealing with community development concerns and problems.

III. The commissioner is authorized to accept federal funds to administer the small cities community development block grant program in accordance with the provisions of this subdivision.

21-J:16 Procedures for Administration.

I. All funds allocated to the state under the federal act, except for an amount not exceeding the maximum allowable under the federal act available to the state for administrative costs, shall be allocated to eligible municipalities.

II. All municipalities shall be eligible to apply for and receive funds under this subdivision except for entitlement municipalities.

III. The allocation system shall be competitive and shall provide the opportunity for any eligible municipality to compete for funding for community development projects.

IV. The agency shall solicit applications from eligible municipalities. Any eligible municipality desiring to receive funds under this subdivision shall complete and submit an application in accordance with the rules adopted under RSA 21-J:15.

V. The commissioner shall evaluate the relative merits of the applications based on the rules, criteria and procedures adopted under RSA 21-J:15.

21-J:17 Multi-Year Commitments.

I. Those municipalities that received commitments of multi-year funds in federal fiscal year 1981 under the provisions of the federal act shall be assured of funding to the extent of such commitments, provided such municipalities request the state to honor such funding commitments and the Secretary of the United States Department of Housing and Urban Development has provided the commissioner with a determination that any such municipality has performed adequately with respect to such previously distributed funds.

II. Those municipalities eligible to receive funding under the provisions of this section and so requesting such funding shall make application to the agency in a manner as shall be determined by the commissioner. To expedite applications and allocations under this section, the commissioner is authorized to fund and contract with such multi-year commitment municipalities without adoption of state rules if municipal programs are consistent with prior federal multi-year program

approval and federal regulations are followed.

III. The commissioner, with the advice of the committee, may allow the municipalities making application under this subdivision to amend their programs to the extent that the program so amended meets the intent and purpose of this subdivision.

21-J:18 Remedies for Noncompliance.

I. If the commissioner finds, after reasonable notice and opportunity for hearing, that a grantee under this subdivision has failed to comply substantially with the provisions of this subdivision, the rules adopted under this subdivision or applicable provisions of federal law, the commissioner, until he is satisfied that there is no longer any such failure to comply, may:

- (a) Terminate payments to the grantee under this subdivision; or
- (b) Limit the availability of payments under this subdivision under such conditions as he may establish.

II. In lieu of or in addition to any action authorized in paragraph I, the commissioner may refer the matter to the office of the attorney general of the state of New Hampshire with a recommendation that an appropriate civil action be instituted.

21-J:19 Area Industrial Agents.

I. There shall be a special position in the division of industrial and commercial development of the department of commerce to be known as area industrial agent for the counties of Coos, Grafton, and Carroll. The commissioner of the department shall employ, subject to the personnel laws of the state, such area industrial agent for said counties, who shall be fully qualified by specific training and experience and who shall work under the supervision of the director of industrial and commercial development. He shall maintain his residence in one of the 3 counties and his duties shall be primarily concerned with, but not limited to, assisting the political subdivisions of the state, regional development organizations or groups, and individuals to maintain and expand existing industries and to encourage, assist, and aid new industries to establish operations in Coos, Grafton, and Carroll counties, and his efforts shall be directed to the industrial and commercial development of the 3 counties.

II. There shall be 2 area industrial agents-at-large in the division of industrial and commercial development of the department of commerce. The commissioner of the department shall, subject to the personnel laws of the state, employ 2 area industrial agents-at-large, who shall be fully qualified by specific training and experience and will work under the supervision of the director of the industrial and commercial development office. The duties of said agents shall be primarily concerned with, but not limited to, assisting the political subdivisions of the state, regional development organizations or groups, and individuals to maintain and expand existing industries and trade. Agents-at-large shall work in those areas of the state which have the most need for industrial growth.

Division of Tourism

21-J:20 Division of Tourism. There is established within the department a division of tourism under the supervision of an unclassified director of tourism who shall be responsible for the following functions, in accordance with applicable laws:

I. Promotion and encouragement of:

- (a) Tourism generally.
- (b) The state parks.
- (c) The state's historical

resources.

- (d) Fish and game activities.
- (e) Film making in the state.

II. Promotion and encouragement of all recreational and cultural offerings and activities.

III. Have authority to participate in package plan programs as follows:

(a) As used in this paragraph the following words shall have the following meanings:

(1) "Voluntary

corporation" means a corporation organized under RSA 292, dedicated by its articles of agreement and bylaws to serve and promote the recreational interests of the state of New Hampshire or a section of the state and which may number among its members certain corporations actively engaged in developing and promoting recreational facilities in the state of New Hampshire.

(2) "Package plan

program" means a method of selling tickets by which the department of commerce, in conjunction with a voluntary corporation, offers for sale to the general public interchangeable or reciprocal tickets for services and accommodations, or both, in connection with recreational facilities of both the state and the voluntary corporation or any of its members. The charges for services and accommodations when sold in this manner may be less than when sold individually.

(b) The commissioner of commerce, with the approval of the governor and council, may participate in package plan programs with a voluntary corporation as defined in this paragraph. Notwithstanding any other provisions of law, this participation may include entering into such agreements with the voluntary corporation as are in the best interests of the state, which agreements may relate to the development, promotion, administration, and sales of package plan programs. Such agreements may permit the voluntary corporation to deduct from ticket sales revenue, in an amount not exceeding 15 percent of total receipts, those reasonable and legitimate costs, including ticket procurement, that are restricted to developing and maintaining the package plan program. The voluntary corporation shall keep all revenue received by it from such a package plan program in a separate bank account established in a manner mutually agreeable to the participants in the package plan program. The revenue received from the sale of package plan program tickets by the state shall be deposited with the state treasurer and refund of revenue manifests shall be made in like amount to the

treasurer of the voluntary corporation for deposit in the separate bank account. The treasurer of the voluntary corporation shall, at least weekly or upon demand, reimburse the state the predetermined amount for services the state may have provided. The provisions of this section shall have full force and effect notwithstanding any inconsistent or contrary provisions of RSA 219:20.

21-J:21 Joint Promotional Program. There is hereby established a joint promotional advertising program to carry out the function of the division of tourism specified in RSA 21-J:20, I and to promote and encourage tourism and the tourist industry. In order to achieve this objective:

I. The department of commerce shall administer a joint promotional advertising program in cooperation with the New Hampshire travel council. The funds appropriated for this program shall be expended for grants for advertising programs entered into with independent groups or organizations which are designed to promote travel and tourism in the state of New Hampshire.

II. The funds shall be expended, provided that 50 percent matching funds are paid by private sources. Such grants shall be given only to regional associations, state-wide tourist groups, chambers of commerce or other promotional organizations as may be certified by a select committee of the travel council, with the approval of the commissioner of commerce. Such grants shall only be given to those organizations which have been in existence for at least 3 years prior to the date of the grant application.

III. Grant applications shall be screened by a select committee appointed by the New Hampshire travel council and the commissioner of commerce. The travel council shall appoint 7 of its members who shall be representatives of a chamber of commerce, regional association, ski area, attraction, campground or lodging. The commissioner shall appoint 2 members to the select committee. After reviewing grant applications, the select committee shall recommend approval to the commissioner. Disapproval of any application by the select committee shall be in writing with the reasons for disapproval stated. The select committee may issue information pamphlets and other explanatory materials describing the program as it deems necessary.

IV. Grants shall not be used for administrative salaries or overhead expenses of any applicant selected for a grant. Funds appropriated for the joint promotional program shall not be transferred or expended for any other purpose.

Division of Marine and Port Services
21-J:22 Division of Marine and Port Services. There is hereby established within the department the division of marine and port services under the supervision of an unclassified director of marine and port services which shall, in accordance with applicable laws:

I. Have all of the powers, duties and obligations and perform all of the functions of the New Hampshire State Port Authority under RSA 271-A;

II. Have all of the powers, duties and obligations and perform all of the functions of the bureau of marine services of the department of resources and economic development with respect to state-owned commercial fishing piers and facilities and, in addition, to promote, encourage and assist the commercial fishing industry;

21-J:23 Commerce Advisory Board.

I. There is hereby established a commerce advisory board, consisting of 11 members, as follows:

(a) The commissioner of commerce, or his designee.

(b) The commissioner of banking, or his designee.

(c) The director of the division of industrial and commercial development, or his designee.

(d) The director of the division of marine and port services, or his designee.

(e) The director of the office of state planning, or his designee.

(f) A member, appointed by the governor and confirmed by the executive council, selected from the private industrial development interests of the state.

(g) A member, appointed by the governor and confirmed by the executive council, selected from the environmental interests of the state.

(h) Two members, appointed by the governor and confirmed by the executive council, selected from a chamber of commerce or some other business promotional organization of the state.

(i) A member, appointed by the governor and confirmed by the executive council, selected from a tourism promotional organization of the state.

(j) A member, appointed by the governor and confirmed by the executive council, selected from one of the marine industries of the state who is also a member of the marine services advisory board.

II. The members holding offices in the state government shall be members of the board only as long as they hold such offices and shall be voting members of the board. The remaining members shall be appointed for 4-year terms, except that initially 3 members shall be appointed for 4-year terms and 2 members shall be appointed for 2-year terms. There shall be one member at all times from Carroll or Coos or Grafton counties. No member shall serve for more than 2 consecutive terms. They shall meet no less than once each quarter.

III. The board members shall receive no compensation but the public members shall be reimbursed for their expenses.

IV. The board shall advise the commissioner in carrying out the functions of the department, assist in and guide long-range planning of the state's industrial and commercial development,

tourism and marine services efforts and perform such other functions as the governor and council, the legislature or the commissioner of commerce may request of it.

21-J:24 Marine and Port Services Advisory Board.

I. There shall be a marine and port services advisory board consisting of 5 members as follows:

(a) A member, appointed by the governor and confirmed by the executive council, selected from shipping interests of the state who shall be a resident of the seacoast area.

(b) A member, appointed by the governor and confirmed by the executive council, selected from the commercial fishing interests of the state, who shall be a resident of the seacoast area.

(c) A member, appointed by the governor and confirmed by the executive council, selected from recreational boating interests of the state, who shall be a resident of the seacoast area.

(d) A member, appointed by the governor and confirmed by the executive council, selected from the international trade interests of the state.

(e) The mayor of the city of Portsmouth then in office.

II. The first 4 named shall serve 4-year terms except that 2 shall have initial terms of 4 years and 2 shall have initial terms of 2 years. No member shall serve more than 2 consecutive terms. They shall meet no less than once each quarter.

III. The members of the board shall receive no compensation for their services but shall be reimbursed for their expenses.

IV. It shall be the function of the board to advise the director of the division of marine services and the commissioner how best to utilize, promote and regulate the port authority facilities, any other state-owned shipping facilities and shipping in general, any state-owned commercial fishing facilities and the commercial fishing industry in general, recreational salt water boating facilities and recreational salt water boating generally.

2 Transfers and Terminations.

I. The division of economic development and the bureau of marine services in the department of resources and economic development, and the New Hampshire state port authority are hereby abolished and all of the functions, powers, duties and responsibilities of those entities, except as provided in paragraph II of this section, and the functions, powers, duties and responsibilities of the officials of those entities, except as provided in paragraph II of this section, are hereby transferred to and vested in the commissioner of commerce appointed pursuant to this act.

II. The transfers provided for in paragraph I shall include all of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind formerly a part of the entities transferred by this section, or any other organizational unit, property or

personnel of the department of resources and economic development significantly involved in the administration of the functions and duties of the division of economic development and the bureau of marine services existing prior to the effective date of this section. The commissioner of commerce shall, in consultation with the commissioner of resources and economic development, determine and include in the implementation plan required by the laws of 1983, 372:14, III which organizational units, property and personnel are significantly involved in the administration of the functions, powers, duties, and responsibilities of the division of economic development and the bureau of marine services.

III. The transfers provided for in this section shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to that date the existing entities, and the officials of those entities, referred to in this section shall retain their full power and authority.

IV. The name of the department of resources and economic development is hereby changed to the department of parks and forests. Except as otherwise provided by this act, all the functions, powers, duties and responsibilities of the department of resources and economic development and the functions, powers, duties and responsibilities of its officials are hereby vested in the commissioner of the department of parks and forests. The transfers provided for in this section shall include, except as otherwise provided by this act all of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind.

3 Transfer From Office of State Planning.

I. All of the functions, powers, duties and responsibilities of the office of state planning, and the officials of the office of state planning, relative to administering the community development block grant program, as provided for by RSA 4:12-g - 4:12-p, are hereby transferred to and vested in the commissioner of commerce appointed pursuant to this act.

II. The transfer provided for in paragraph I of this section shall include all of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind of the office of state planning significantly involved with administering the community development block grant program. The commissioner of commerce shall determine, in consultation with the director of the office of state planning, and include in the implementation plan required by the laws of 1983, 372:4, III, which of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations are significantly involved with administering the community development block grant program.

III. The transfers provided for in this section shall become effective on the

date set pursuant to the laws of 1983, 372:5, II. Prior to that date the existing entities, and the officials of those entities, referred to in this section shall retain their full power and authority.

4 Transfers from Occupational Licensing Boards.

I. All of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind of the occupational licensing boards listed in paragraph II of this section necessary to accomplish the purposes of RSA 332-G are hereby transferred to the custody and control of the commissioner of commerce. The commissioner of commerce shall, in consultation with each of the occupational licensing boards affected, determine and include in the implementation plan required by the laws of 1983, 372:4, III, an identification of the personnel, books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations necessary to accomplish the purposes of RSA 332-G.

II. The occupational licensing boards subject to the transfers provided for by paragraph I of this section include the: board of accountancy; board of engineers, architects and land surveyors; board of auctioneers; and real estate commission;

III. The transfers provided for in this section shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to that date, the existing entities, and the officials of those entities, referred to in this section shall retain their full power and authority.

5 Transition Procedure. The transition procedure to be followed in implementing the new department established by this act shall be as specified in the laws of 1983, 372:2, 372:3, 372:4 and 372:5 and in RSA 21-G.

6 Commissioner-Designate.

I. The governor, with the consent of the council, may appoint the commissioner of commerce on or after July 1, 1985. The individual so appointed shall be known as the commissioner-designate until the department of commerce becomes operational on the date set according to the laws of 1983, 372:5, II.

II. The commissioner-designate shall assume his full powers and duties under the law when the department of commerce becomes operational on the date set according to the laws of 1983, 372:5, II. Prior to that date, the commissioner-designate shall perform only the duties prescribed by the laws of 1983, 372:4 and 372:5, and in RSA 17-L. During the period when he is preparing his implementation plan, the commissioner-designate shall be permitted to choose one clerical person from one of the entities scheduled for transfer to his department to assist him on a full-time basis.

III. The governor shall draw his warrant upon funds not otherwise appropriated to provide compensation to the commissioner-designate at the rate specified in section 9, II(a) of this act during the transition period.

7 Appropriations. All realignment of functions, reassignment of personnel, and restructuring of organizational units required by this act shall be accomplished within the existing appropriations transferred from the agencies consolidated by this act to the department of commerce.

8 Changes in Authority.

I. As of the effective date for the department of commerce set according to the laws of 1983, 372:5, II, the references listed below are hereby changed as specified:

(a) All references to "the authority", "said authority", "New Hampshire state port authority" and "port authority" in RSA 271-A, and any other law of the state of New Hampshire, shall be changed to read "commissioner of commerce" or "department of commerce" as the context requires.

(b) All references to the "department of resources and economic development" shall be changed to read "department of parks and forests" in RSA 12:5; 12-A; 12-B; 31:114; 36-A:2; 36-A:6; 125:77-h; 215-A; 216; 216-A; 216-D; 216-E; 216-F; 216-G; 216-H; 218; 219; 220; 221; 223; 224; 224-A; 227-B; 227-C; 227-D; 234:31; and 483-A:1-c.

(c) All references to "rules and regulations" or "regulations" and the accompanying words, if any, directing such "rules and regulations" to be made or adopted shall be changed to read "adopt rules, pursuant to RSA 541-A" in the following statutes: RSA 12; 12-A; 12-B; 215-A; 216; 216-A; 216-D; 216-E; 216-F; 216-G; 216-A; 218; 219; 220; 221; 223; 224; 224-A; 227-B; 227-C; 227-D.

II. The director of legislative services is hereby authorized, with the approval of the speaker of the house and the president of the senate, to make changes in the printed version of all laws and rules, and all legislation enacted by the 1985 session of the general court that may be necessary for the purpose of conforming the language of such laws, rules or legislation to the language of this act, provided that no substantive changes may thereby be made. Such authority shall expire upon the printing of the 1985 session laws.

Complaints Review Process

332-G:6 Complaints Review Process.

I. Any complaints against any person regulated under this chapter shall be in written form and signed by the complainant. It shall contain the details and date of the occurrence, the name of the person against whom the complaint is made, and the address of the complainant.

II. The commissioner shall receive complaints and notify the appropriate board of such complaints. The board shall forward to the commissioner any complaint delivered to it.

III. The commissioner shall refer all complaints to an investigator for investigation and report. Investigators shall prepare a written report of the results of each investigation. A report shall have appended to it any documentary or other physical evidence, including statements of witnesses, obtained by the investigator.

IV. Copies of the written report with appendices shall be mailed or delivered to the complainant, the person complained against, and the board within a reasonable time after receipt of the complaint by the bureau. In the absence of unusual circumstances, a reasonable time shall be 30 days.

V. Within a reasonable time after the receipt of the report of the investigator, the board shall determine whether to reject the complaint as not stating a violation of any statute administered by the board or any rule adopted by the board, or to hold a hearing on the complaint. Both the complainant and the person complained against shall be notified immediately of the decision of the board.

VI. The commissioner of commerce shall adopt rules, pursuant to RSA 541-A, relative to the withholding of the names of complainants and the person complained against during investigations.

332-G:8 Hearing Officers and Hearing Process.

I. The commissioner shall maintain a list of qualified hearing officers for the use of the boards. If requested by a board, the administrator shall select a hearing officer from the list for the hearing. The administrator shall not select any hearing officer who:

(a) Has engaged in the practice of the occupation regulated by the board at any time within 5 years immediately preceding his appointment;

(b) Has a parent, child, spouse, brother or sister who is engaged in the practice of the occupation regulated by the board;

(c) Has a personal financial interest in the occupation;

(d) Is engaged in a competing occupation; or

(e) Is related by affinity or consanguinity to any of the board members.

II. At the direction of the board, a hearing officer may hear the parties, report the facts, and make recommendations to the board, in lieu of a board hearing.

III. In a hearing under this section, neither the board nor a hearing officer shall be bound by technical rules of evidence or procedure, but may exclude irrelevant, unreliable, or repetitious evidence.

IV. In all cases, the board shall retain the authority to finally determine questions of fact, whether action shall be taken, and what form such action shall take.

V. Hearing officers shall be paid reasonable hourly compensation as determined by rule of the commissioner adopted pursuant to RSA 541-A.

332-G:9 Rehearings and Appeals. Rehearings and appeals of orders of the board or the commissioner shall be in accordance with RSA 541. Whenever a board offers to grant a rehearing, the rehearing shall be before the board.

12 Administration; Board of Accountancy. Amend RSA 309-A by inserting after section 21 the following new section:

309-A:22 Administration. The board shall receive administrative assistance as provided in RSA 332-G.

13 Administration; Board of Engineers, Architects and Land Surveyors. Amend RSA 310-A by inserting after section 1 the following new section:

310-A:1-a Administration. The boards established under this chapter shall receive

administrative assistance as provided in RSA 332-G.

14 Administration; Board of Auctioneers. Amend RSA 311-B by inserting after section 14 the following new section:

311-B:15 Administration. The board shall receive administrative assistance as provided in RSA 332-G.

15 Administration; Real Estate Commission. Amend RSA 331-A by inserting after section 10 the following new section:

331-A:11 Administration. The commission shall receive administrative assistance as provided in RSA 332-G.

16 Real Estate Commission. Amend RSA 331-A:1-c as inserted by 1967, 329:1 as amended by striking out said section and inserting in place thereof the following:

331-A:1-c Powers and Duties. The commission shall adopt an official seal. The commission shall make a biennial report to the governor and council by September 1 of each even-numbered year. The report shall include an account of its actions, the practical effects of the application of this chapter, and any recommendations for legislation.

17 Correct Reference. Amend RSA 5:13 by striking out said section and inserting in place thereof the following:

5:13 Commissions and Boards Functioning Within Department. The ballot law commission, the boxing and wrestling commission, and the board of registration in optometry shall each function within the department of state as a separate organizational entity, as heretofore constituted, and with all the powers and duties as heretofore provided, except as otherwise specified herein.

18 Repeals. The following are hereby repealed:

I. RSA 4:12-g; 4:12-h; 4:12-i; 4:12-j; 4:12-k; 4:12-l; 4:12-m; 4:12-n; 4:12-o; and 4:12-p, relative to community development block grants.

II. RSA 12-A:1-c; 12-A:1-e; 12-A:7-a; 12-A:11; 12-A:13; 12-A:15; and 12-A:16, relative to certain functions of the department of resources and economic development.

III. RSA 271-A:1; 271-A:1-a; 271-A:1-b; and 271-A:1-c, relative to the port authority and its director.

19 Incumbent Members. The members of the port authority board in office on the operational date for the department of commerce shall be appointed as members of the marine and port services advisory board established under RSA 21-J:24.

20 Effective Dates.

I. Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, II(a), 10, 19 and 20 of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect when the department of commerce becomes operational on the date set according to the laws of 1983, 372:5, II.

Amendment adopted.

Ordered to third reading.

HB 288, relative to the personnel division, department of administrative services. Ought to Pass with Amendment. This bill, as amended, is a housekeeping bill containing several changes requested by the Commissioner of Administrative Services. It also tightens up the public bidding process and broadens and clarifies access to public records of the state. Vote 18-0. Rep. Kathleen W. Ward for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the duties and responsibilities of the department of administrative services.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Subdivisions. Amend RSA 21-I by inserting after section 14 the following new subdivisions:

Purchase of Supplies

21-I:15 Sundry Materials and Supplies.

I. The director of plant and property management may purchase materials and supplies in advance of requisition by state departments and institutions, and such purchases shall be a charge against each departmental or institutional appropriation upon requisition and delivery.

II. The state treasurer upon presentation by the director of plant and property management of manifests covering said supplies is authorized to pay the same from any money in the treasury not otherwise appropriated.

III. The director of plant and property management is authorized to assess a fair and equitable charge with respect to such materials and supplies, such charge to be made against the departmental or institutional appropriation upon requisition and delivery. Such charges shall be sufficiently high to defray all administrative, warehousing, processing, distribution and transportation costs incurred by the division of plant and property management plus the cost of supplies necessary to the operation of the division.

IV. The funds arising from such charges shall be separately accounted for, and are hereby appropriated to and made available for expenditure by the director of plant and property management subject to the approval of the commissioner of administrative services, for the purposes set forth in paragraph III.

21-I:16 Furniture. All furniture bought shall be charged to the proper department, and shall not be a charge upon

the appropriation for the care, maintenance, and repair of the state buildings.

21-I:17 Additional Purchasing Authority.

I. The director of plant and property management may purchase supplies for any county, city, town, school district, special district or precinct or any other governmental subdivision whenever the governing body thereof so desires and the director deems that he can make such purchases advantageously.

II. The director of plant and property management may purchase supplies for the New Hampshire College and University Council, a nonprofit New Hampshire corporation, whenever its governing body so desires and the director deems that he can make such purchases advantageously.

21-I:18 Exemptions. To the extent indicated in this section, the following agencies and purchases are exempted from the provisions of this chapter. All exempt purchases shall be made in accordance with the existing laws governing such purchases:

I. The university system of New Hampshire shall not be required to make any purchases through the director of plant and property management, unless it wishes to do so. If it does, the director shall be required to follow the provisions of this chapter. The university system shall make purchases under competitive bidding requirements except when waived by the chancellor of the university system or his authorized agent upon written justification.

II. The purchasing powers now vested in the state liquor commission by RSA 176:10, 176:13, and 177:1 shall remain in effect. All other purchases by or for said commission shall be subject to the provisions of this chapter.

III. The legislature, court systems and the state reporter are completely exempted from the provisions of this chapter.

IV. This chapter shall not apply to any contracts made or entered into by the director of plant and property management or any agency under the terms of which contractors with the state purchase their own supplies directly.

V. The purchase of materials, supplies and merchandise by the department of resources and economic development as provided by RSA 219:21 shall not be subject to the provisions of this chapter.

VI. All state agencies are exempted in the matter of the purchase of books and periodicals only. All purchases shall be made by the state librarian in accordance with appropriate rules adopted under RSA 541-A.

VII. The purchase of gaming tickets and their dispensing equipment by the sweepstakes commission. The commission shall make such purchases under competitive bidding requirements, except when waived by the commission or its authorized agent with written justification.

21-I:19 Handicapped-Made Products and Services. Notwithstanding any other provision of law to the contrary, whenever handicapped-made products or services of handicapped persons are available, the director of plant and property management may purchase the same at their fair market value in accordance with the following:

I. The director shall determine the fair market price on all suitable products manufactured by the handicapped and services rendered by the handicapped and offered for sale to the state or any of its agencies by any charitable non-profit agency for the handicapped, which is incorporated under the laws of this state, and which manufactures merchandise and provides services within the state and which is approved for such purpose by the director of the division of plant and property management. The director shall revise such prices from time to time, in accordance with changing market conditions, and shall adopt such rules regarding specifications, time of delivery and other relevant matters as are necessary to carry out the provisions of this section. At the request of the director of plant and property management, the commissioner of education shall assist the director in distributing requests for handicapped-made goods and services among approved agencies for the handicapped.

II. If products or services are available for procurement from any department or agency of the state, and procurement therefrom is required by the provisions of any other section of this chapter or any other law, procurement of such products shall be made in accordance with such other provisions of law.

Certain State Contracts

21-I:20 State Contracts; Withholding Percentage of Money Due. Under any contract made or awarded by a state agency which exceeds a total of \$500,000 and on which a state agency withholds a percentage of the money due the contractor until the state agency has accepted the contract, the contractor may withdraw the whole or a portion of the amount retained under the following conditions:

I. A negotiable certificate of deposit, United States treasury notes, United States treasury certificates of indebtedness, United States treasury bills, or bonds or notes of the state of New Hampshire or of any political subdivision of the state of New Hampshire in an amount equivalent to the amount to be withdrawn shall be first deposited with the treasurer of the state of New Hampshire. The initial amount deposited shall be at least \$10,000. No amount shall be withdrawn in excess of the market value of the securities at the time of deposit or the par value of such securities, whichever is lower. The minimum value of any individual security shall be \$5,000.

II. With prior notification to the contracting agency of the state and the state treasurer, the contractor shall be allowed to substitute securities for those deposited under paragraph I; provided that the market value of the new securities at the time of substitution or the par value of such securities, whichever is lower, shall be equal to or exceed the amount withheld by the state agency.

III. The state treasurer shall collect all interest or income when due on the obligations so deposited and shall pay

the same, when and as collected, to the contractor who deposited the obligations. If the deposit is in the form of coupon bonds, the state treasurer shall deliver each coupon as it matures to the contractor. The state treasurer shall have the power to enter into a contract or agreement with any national bank, trust company or safe deposit company located in New England for custodial care and servicing of any securities deposited with him under this section. Such services shall consist of the safekeeping of the securities and of all services required to effect the purposes of this section.

IV. Any amount deducted by a state agency, pursuant to the terms of the contract, from the retained payments due the contractor shall be deducted, first from that portion of the retained payments for which no security has been substituted, then from the proceeds of any deposited security. In the latter case, the contractor shall be entitled to receive interest, coupons, or income only from those securities which remain after such amount has been deducted.

V. Any assignment of retained payments made by the contractor shall be honored by the state treasurer as part of the procedure to accomplish the substitution of securities under this section, provided that the assignment shall not be made without prior approval by the contracting state agency and the state treasurer. The assignment shall not impair the equitable rights of the contractor's surety in the retained payments, in the securities substituted for retained payments in the event of the contractor's default in the performance of the contract, or in the payment of labor and material bills or other obligations covered by the surety's bond.

21-I:21 Rulemaking of State Treasurer. The state treasurer may adopt rules, pursuant to RSA 541-A, relative to the substitution of securities for the amount retained on state contracts.

21-I:22 Selection of Engineers and Architects.

I. As used in this section:

(a) "Engineering and architectural services" includes those professional services of an engineering or architectural nature, as well as incidental services that members of these professions and those in their employ may logically and justifiably perform.

(b) "Members of these professions" means any individual, firm, partnership, corporation, association or other legal entity permitted by law to practice in this state the professions of engineering or architecture.

II. The general court hereby declares that it shall be the policy of the state and its agencies to negotiate contracts for engineering and architectural services on the basis of demonstrated competence and qualifications for the type of professional services required and at fair and reasonable prices and to encourage members of these professions engaged in the lawful practice of their profession to

submit to agency heads, annually, a statement of qualifications and performance data.

III. Each agency shall prepare a description of its procedures for procurement of architectural and engineering services. The agency head, for each proposed project, shall review and consider the current statements of qualifications and performance data and availability of not less than 3 firms. He shall, for purposes of negotiation, arrange the firms deemed to be best qualified in order of preference as determined in accordance with the prescribed procedures of the agency.

IV. The agency head shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the agency head determines is fair and reasonable to the state. In making such determination, the agency head shall take into account the estimated value, scope, complexity, and professional nature of the services to be rendered.

V. Should the agency head be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price he determines to be fair and reasonable to the state, negotiations with that firm should be formally terminated. The agency head should then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the agency head should terminate negotiations. The agency head should then undertake negotiations with the third most qualified firm.

VI. Should the agency head be unable to negotiate a satisfactory contract with any of the selected firms, he shall select additional firms in order of their competence and qualification and continue negotiations in accordance with this section until an agreement is reached.

Workers' Compensation Commission for State Employees

21-I:23 Workers' Compensation Commission for State Employees.

I. There is hereby established within the department of administrative services a workers' compensation commission for state employees. The commission shall adopt rules, pursuant to RSA 541-A, relative to processing claims of state employees in accordance with the provisions of RSA 281 and in accordance with rules adopted by the commissioner of labor which are applicable to insurance carriers.

II. The commission shall consist of 3 members appointed by the governor with the advice and consent of the council. The commission shall be composed as follows: one member shall be an attorney admitted to practice in New Hampshire; one member shall be a licensed physician; and one member shall be from the labor field.

III. Members of the commission shall serve for staggered terms of 3 years. Each member shall serve until his successor is appointed and qualified. Vacancies shall be filled for the unexpired term. The governor shall designate one of the members

as chairman. Two members shall constitute a quorum. Members shall receive \$75 for each day devoted to the work of the commission and shall be reimbursed for their reasonable expenses in connection with their official duties. The governor and council may remove any member of the commission as provided in RSA 4:1.

IV. In order to facilitate the prompt payment of state employee workers' compensation benefits, the commission shall delegate limited authority to the commissioner of administrative services who shall designate qualified personnel in the department of administrative services to review all state employee workers' compensation claims and to make an initial determination of the merits of such claims.

V. The commission shall meet as often as necessary to review all claims by state employees after they have been determined as provided in paragraph IV and shall make a final determination of such claims. Any person aggrieved by the determination of the commission shall have the right to appeal for a hearing in the department of labor as provided in RSA 281:37 and RSA 281:40.

VI. The commission shall:

(a) Make an annual report to the governor and council on its activities.

(b) Advise the governor and council on problems involving workers' compensation procedures for state employees and make recommendations for changes thereof.

(c) Compile work injury data relative to state employees which shall be included in their annual report.

(d) Employ such clerical assistants as it shall deem necessary to carry out its functions.

VII. Departments, agencies, and institutions of the state shall comply with all provisions of RSA 281 and all applicable rules adopted by the commissioner of labor in the same manner as any other employer. The heads of such departments, agencies, and institutions shall designate one or more members of their staff to act in the capacity of workers' compensation agent.

21-I:24 Authority for Payment. The commissioner of administrative services is hereby authorized to pay such sum or sums as may be awarded to state employees under the provisions of RSA 281. If the injured claimant was employed in a department or agency which has received a legislative appropriation for this purpose, the commissioner of administrative services shall charge said sum or sums to the legislative appropriation. In the event there are not sufficient funds appropriated to the commissioner of administrative services to make payments hereunder, the governor upon request of the commissioner of administrative services is authorized to draw his warrant for such sums from any money in the treasury not otherwise appropriated; provided that payments made to employees paid from the highway fund shall be a charge upon said highway fund, that payments made to employees paid from the fish and game fund shall be a charge upon said fish and game fund, that payments made to employees paid from special funds shall

be a charge upon said special funds, and that payments made to employees paid from other funds shall be a charge upon the general fund.

21-I:25 Exception. If federal regulations prohibit the direct assessment of payments made pursuant to the provisions of RSA 21-I:24, said payments shall be a charge against the general fund in the first instance and such recovery as is authorized and under such conditions as prescribed by federal regulations shall be made by each affected agency.

State Employees Group Insurance

21-I:26 Purpose and Policy. This subdivision is to provide permanent group life insurance and group hospitalization, hospital medical care, surgical care and other medical and surgical benefits for New Hampshire state employees and their families, and retired state employees and their spouses. In view of the accepted value of group insurance to the well-being and efficiency of employees on the part of small and large private employers and the other 5 New England states in obtaining benefits of this type of insurance for their employees, the state of New Hampshire implements this subdivision in order that the state shall compare favorably to the standards now commonly accepted by private employers and the state employees in the other 5 New England states by making available to state employees and their families and retired state employees and their spouses permanent group life insurance and group hospitalization, hospital medical care, surgical care and other medical and surgical insurance benefits.

21-I:27 Administration. Administration of the state employees permanent group life and group hospitalization, hospital medical care, surgical care and other medical and surgical insurance benefits shall be the responsibility of the commissioner of administrative services.

21-I:28 Contract. The commissioner of administrative services shall be authorized to enter into permanent group life insurance and group hospitalization, hospital medical care, surgical care and other medical and surgical benefits contracts with an insurance company or companies, or other group licensed to do business in the state of New Hampshire. The commissioner of administrative services shall from time to time assess the medical insurance coverage given by its present insurer and by others in order to determine which of various contracts would best serve the interests of the state employees.

21-I:29 Permanent Group Life Insurance. The state shall provide a permanent life insurance, accidental death and dismemberment group plan for all permanent state employees. The permanent group life insurance program shall provide for a \$1,000 face value death benefit with a paid up value upon retirement or leaving state service. The state shall pay the term portion of the life insurance premium and the state employees shall pay for the permanent portion of the life insurance premium on payroll deduction.

21-I:30 Medical and Surgical Benefits. The state shall pay the full premium for each state employee and permanent temporary or permanent seasonal employee as defined in RSA 98-A:3 including spouse and minor, fully dependent children, if any, and each retired employee and his spouse or retired employee's beneficiary, only if an option was taken at the time of retirement and the employee is not now living, toward group hospitalization, hospital medical care, surgical care and other medical benefits plan within the limits of the funds appropriated at each legislative session and providing any change in plan or vendor is approved by the fiscal committee of the general court prior to its adoption. Funds appropriated for this purpose shall not be transferred or used for any other purpose.

21-I:31 Dividends. Any dividends which may be received from this life insurance program and the group hospitalization, hospital medical care, surgical care and other medical and surgical benefits shall be paid to the state to be used to extend greater coverage by increasing the face value of the life insurance program.

21-I:32 Eligibility. Only full time state employees shall be authorized to participate, on a voluntary basis, in the permanent group life insurance program. All full time state employees and retired state employees shall be authorized to participate, on a voluntary basis, in the group hospitalization, hospital medical care, surgical care and other medical and surgical benefits program.

21-I:33 Leave of Absence. Employees who are participating in the permanent group life insurance program, and who go on an approved leave of absence, may have their permanent group life insurance program continued by the payment to the state of the term portion of the life insurance premium during such leave of absence up to a maximum period of one year.

21-I:34 Age Limit. There shall be no age limit to participate in either the permanent group life insurance or in the group hospitalization, hospital medical care, surgical care, and other medical and surgical benefits program.

21-I:35 Examinations. There shall be no physical examination or health statement required for coverage under either the permanent group life insurance or group hospitalization, hospital medical care, surgical care and other medical and surgical benefit programs; provided, however, that, if a state employee otherwise eligible fails to apply for any such insurance coverage within the time required by the insurance contract, the insurer may require that the employee submit satisfactory evidence of insurability as a condition for becoming insured.

21-I:36 Hearings. The commissioner of administrative services shall have the power to hold hearings and make inquiries as he deems necessary to carry out his functions and exercise his powers under the provisions of this chapter. For the purpose of such hearings and inquiries, the commissioner of administrative services shall have the power to administer oaths and affirmations, to

examine witnesses and documents, to take testimony and receive evidence, and to compel the attendance of witnesses and the production of documents by the issuance of subpoenas.

Data Processing

21-I:37 Federal Exceptions. If any department or agency of the state is advised by the federal government that its data processing equipment or its forms, methods or techniques in utilizing said equipment do not comply with any federal rule, regulation or law, then the governor and council may authorize the department or agency to alter its data processing equipment or its forms, methods or techniques to comply with any such rule, regulation or law. Automated data processing facilities and equipment of any department or agency of the state paid for completely by federal funds shall be utilized to the fullest extent permitted by federal rule, regulation or law for the general benefit of the state for applications not in conflict with other provisions of this chapter; and all data in said equipment which by federal rule, regulation or law must not be kept confidential shall be made available by any such department or agency to all state agencies including the department of administrative services to the maximum extent permitted by federal rule, regulation or law in a form approved by the department of administrative services; except that in the case of the department of employment security, such form shall be approved jointly by the department of administrative services and the department of employment security. Any dispute arising between any such department or agency and any other state agency as to the utilization requested by the department of administrative services of said facilities, equipment and data shall be resolved by the governor.

21-I:38 Work Order Required.

I. Notwithstanding any other provision of law to the contrary, the department of administrative services, prior to performing computer operation services for any user agency, shall obtain a written work order which:

(a) Defines the services being requested by the user agency.

(b) Describes the effort which the department must expend in order to accomplish the services requested and, if 5 man-days or more are required to complete the work, includes a cost estimate.

(c) Is agreed to by both the department and the user agency, as evidenced by the signatures of representatives of both parties on the work order.

II. Any change or modification to the services requested by the user agency shall likewise be agreed to in writing by a supplement to the pertinent work order approved by both parties.

III. The work order form shall be furnished to the user agency by the department of administrative services.

IV. As used in this section, "user agency" means any department, board, commission, institution or other agency or

office of the state utilizing data processing services provided by the department of administrative services.

21-I:39 Municipal Data Processing Contracts. Any town, city, county, village district or school district may, with the approval of its legislative body, contract with any data processing firm or with the department of administrative services for maintenance of its fiscal or other records. Said contract shall include, but not be limited to, the following provisions:

I. A guarantee of expeditious fulfillment of the work contracted for and a penalty for failure to do so.

II. A liquidated damages clause.

III. All municipal records, or information therefrom, in the possession of the data processor shall be the sole property of the town, city, county, village district or school district, shall not be duplicated for any purpose except for use by the governmental unit so contracting, and shall not be sold or given to any person or political party except as otherwise provided by law. Unless otherwise specified by contract, the computer program developed by the data processor may be considered the property of the data processor.

IV. The commissioner of revenue administration shall adopt rules, pursuant to RSA 541-A, relative to the basic accounting data as well as format of records and reports to be maintained by municipalities which contract for record keeping by any data processing services in order to assure that such records will conform to the uniform classification of accounts applicable to each particular municipal entity and to further assure that proper and adequate annual or other special examinations of the accounts and records of each municipality may be made by local auditors, independent accountants, or the division of municipal accounting. The accounts and records of tax collectors maintained by municipalities through data processing methods shall conform to the specific rules adopted by the commissioner of revenue administration for such records. Any data processing program shall include the capability of retrieving accurate and up-to-date information at any given time during the fiscal year so that detailed reports of revenues, expenditures, and other financial information may be prepared on a monthly, quarterly, or other basis in accordance with the needs of each particular governmental unit.

V. The information generated by a computer service organization which becomes part of any record produced by data processing methods shall be available to any public officer upon written request to and with the approval of the governing body that is concerned therewith; provided that all records produced by data processing methods shall be submitted upon request therefor to any duly selected municipal auditor for the purpose of examination during the course of his work.

VI. Any person who violates the provisions of paragraph III, IV, or V of this section shall be guilty of a misdemeanor.

21-I:40 Payment to Department of Administrative Services. For any work performed by the department of administrative services for any town, city, county, village district or school district, the department shall charge reasonable costs. If the payment of such costs is not made in due course, the state treasurer shall, upon notification from the director, withhold from any amounts payable by the state to that unit of government the amount due the department and shall deposit such withholding into a special account. The governor and council shall authorize payment from said account to the department.

Penalties

21-I:41 Penalty. If any person shall injure, deface, or misuse any of the property listed in RSA 21-I:11, X, or shall violate any rules relating thereto, he shall be guilty of a violation.

2 Transfers and Terminations.

I. The New Hampshire distributing agency within the department of education is hereby abolished and all of the functions, powers, duties, and responsibilities of the New Hampshire distributing agency, and the officials of the New Hampshire distributing agency, are hereby transferred to and vested in the commissioner of administrative services.

II. The transfer provided for in paragraph I of this section shall include all of the books, papers, records, equipment, unexpended appropriations or other funds, actions and other property or obligations of any kind of the New Hampshire distributing agency or the department of education significantly involved in the program of distribution of commodities and surplus property carried out by the New Hampshire distributing agency prior to the effective date for the transfers made by this section. The commissioner of administrative services shall determine, in consultation with the commissioner of education, and include in the implementation plan required by the laws of 1983, 372:4, III detail regarding the property and personnel to be transferred to the department of administrative services in accordance with this paragraph.

III. The transfers provided for in this section shall become effective on the date set pursuant to the laws of 1983, 372:5, II. Prior to that date the existing entities, and the officials of those entities, referred to in this section shall retain their full power and authority.

3 Transition Procedure. The transition procedure to be followed in implementing the transfers provided for by this act shall be as specified in the laws of 1983, 372:2, 372:3, 372:4, 372:5 and RSA 21-G. The commissioner of administrative services shall perform the duties required under this section.

4 Appropriations. All realignment of functions, reassignment of personnel, and restructuring of organizational units required by this act shall be accomplished within the existing appropriations transferred from the agencies consolidated

by this act to the department of administrative services. No additional appropriations shall be made for purposes of implementing this act.

5 Changes in Authority. As of the effective date for the transfers of the functions, powers, duties and responsibilities of the New Hampshire distributing agency to the department of administrative services set according to the laws of 1983, 372:5, II, the following references are hereby changed as follows:

I. All references to the "New Hampshire distributing agency" in the laws of the state shall be changed to read "surplus distribution section, division of plant and property management".

II. All references to "comptroller" in RSA 9 and any other law of the state except RSA 21-I shall be changed to read "commissioner of administrative services".

III. All references to "department of administration and control" in RSA 9 and any other law of the state, except RSA 21-I, shall be changed to read "department of administrative services".

IV. All references to "director, division of accounts" in RSA 9 shall be changed to read "director, division of accounting services".

6 Reference Changes. The director of legislative services is hereby authorized, with the approval of the speaker of the house of representatives and the president of the senate, to make changes in the printed version of all laws and rules, and all legislation enacted by the 1985 session of the general court that may be necessary for the purpose of conforming the language of such laws, rules or legislation to the language of this act; provided that no substantive changes may thereby be made. Such authority shall expire upon the printing of the 1985 session laws.

7 Definitions. Amend RSA 21-I by inserting after section 1 the following new section:

21-I:1-a Definitions. In this chapter the following words shall have the following meanings:

I. "Commissioner" means the commissioner of administrative services.

II. "Physical facilities" means buildings of every kind and the fixtures attached thereto.

8 Senior Operational Analyst; Financial Data Manager. Amend RSA 21-I:2, II (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

II. The commissioner shall nominate for appointment by the governor, with the consent of the council, each division director, the budget officer, the internal auditor, the financial data manager and the senior operational analyst. The division directors, the budget officer, the internal auditor, the financial data manager and the senior operational analyst shall each serve for a term of 4 years.

9 Unclassified Personnel. Amend RSA 21-I:3, II and III (supp) as inserted by 1983, 416:40 by striking out said paragraphs and inserting in place thereof the following:

II. The directors of all divisions of the department shall be qualified to hold their respective positions by reason of education and relevant experience.

III. The salary of the commissioner and of all unclassified employees of the department shall be as specified in RSA 94:1-a.

10 Office of Commissioner. Amend RSA 21-I:4 (supp) as inserted by 1983, 416:40 by striking out said section and inserting in place thereof the following:

21-I:4 Office Established. There is hereby established an office of the commissioner consisting of the following 4 units:

- I. Financial data management unit.
- II. State budget.
- III. Internal audit.
- IV. Operational analysis.

11 Fiscal Data Management. Amend RSA 21-I:5 (supp) as inserted by 1983, 416:40 by striking out said section and inserting in place thereof the following:

21-I:5 Financial Data Management Unit. There is hereby established within the office of the commissioner a financial data management unit under the supervision of an unclassified financial data manager who shall be responsible for the following functions in accordance with applicable laws:

I. Providing coordination of all internal department financial information in order to assure the compatibility, continuity and integrity of such information.

II. Assisting the commissioner with the planning, management and operation of all internal department financial information systems.

III. Carrying on a continuing analytical research and planning program in the field of governmental financial management in order to provide for the most effective and efficient information management systems possible.

IV. Accomplishing data entry and control of information for all internal department financial systems, and preparing and distributing reports generated from those systems.

V. Assisting department division directors by:

(a) Establishing and operating a financial information resource center for their use.

(b) Jointly monitoring state and federal fiscal legislation with the directors in order to assure timely awareness of and compliance with new legislation.

VI. Assisting users of information and financial systems which are the responsibility of the financial data management unit.

12 Operational Analysis. Amend RSA 21-I by inserting after section 7 the following new section:

21-I:7-a Operational Analysis.

I. There is hereby established within the office of the commissioner of administrative services an operational analysis unit under the supervision of an unclassified senior operational analyst.

II. The operational analysis unit shall monitor state agency activities and

evaluate agency operations based on priorities established by budget program and statute in the following areas: revenues, expenses, staffing, space utilization, fleet operations, and such other public service needs as the commissioner of administrative services shall direct.

13 Director of Accounting Services. Amend the introductory paragraph of RSA 21-I:8 (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

There is hereby established within the department the division of accounting services under the supervision of an unclassified director of accounting services, who shall also be known as the comptroller. The comptroller shall direct the state's fiscal accounting systems, using generally accepted accounting principles and taking full advantage of all benefits of automated data processing applications, to the end that the fiscal affairs of all state agencies and departments will be adequately and uniformly serviced and that periodic financial and management reports will be available to serve the various needs of all state agencies and the executive and legislative branches in their decision making processes. The division shall include the following internal organizational units:

14 Director of Information Services. Amend the introductory paragraph of RSA 21-I:9 (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

There is hereby established within the department the division of information services under the supervision of an unclassified director of information services who shall be responsible for the following functions, in accordance with applicable laws:

15 Division of Information Services. Amend RSA 21-I:9, I (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

I. Managing a service operation which shall provide data processing and graphic services to all state agencies pursuant to RSA 21-I:39, except as provided in paragraph VIII.

16 Information Services. Amend RSA 21-I:9, III(a) (supp) as inserted by 1983, 416:40 by striking out said subparagraph and inserting in place thereof the following:

(a) Approving or disapproving the location, construction, equipping and staffing of all state data processing facilities, and the acquisition by any state agency of data processing equipment, in accordance with rules adopted pursuant to RSA 21-I: 14, III, provided:

(1) Approval of continued ownership and employment of related personnel shall be required annually.

(2) Upon disapproval of continued ownership and employment of related personnel, the director shall provide written certification to the commissioner of the reasons for such disapproval. The commissioner shall immediately transmit this certification to

the governor, the speaker of the house of representatives and the president of the senate.

(3) Upon disapproval of continued ownership and employment of related personnel, all equipment and full-time personnel shall revert to the direct control of the division of information services.

17 Bureau of Systems Development. Amend RSA 21-I:10, I(b) (supp) as inserted by 1983, 416:40 by striking out said subparagraph and inserting in place thereof the following:

(b) Assisting the financial data manager with systems work as directed by the commissioner.

18 Director of Plant and Property Management. Amend the introductory paragraph of RSA 21-I:11 (supp) as inserted by 1983, 416:40 by striking out said paragraph and inserting in place thereof the following:

There is hereby established the division of plant and property management under the supervision of an unclassified director of plant and property management who shall be responsible for the following functions, in accordance with applicable law:

19 Approval of Commissioner. Amend RSA 21-I:11, IV (supp) as inserted by 1983, 416:40 as amended by striking out said paragraph and inserting in place thereof the following:

IV. Except where competitive bidding has been employed, no purchase involving an expenditure of more than \$2,000 or purchase in an approved class may be made by the director of plant and property management without the written approval of the commissioner. In requesting such approval, the director shall first state in writing his reasons for not employing competitive bidding.

20 Director of Plant and Property Management. Amend RSA 21-I:11 by inserting after paragraph VII the following new paragraphs:

VIII. Recommend to the commissioner fair and equitable charges to be assessed according to rules adopted pursuant to RSA 21-I:14, XII against any recipients receiving any donated surpluses from the surplus distribution section which shall:

(a) Be sufficiently high to defray all administrative, warehousing, processing, distribution and transportation costs incurred by the surplus distribution section, and to allow the accumulation of a working capital reserve equal to the cost of 6 months' operation of the surplus distribution section so that the operation of said section shall result in no expense to the state; and

(b) Be maintained by the treasurer as a separate, restricted fund.

IX. Provide the text of any rule adopted pursuant to RSA 21-I:14, XII to each recipient of donated commodities or surpluses distributed by the surplus distribution section.

X. Subject to the direction and supervision of the commissioner of administrative services, act as custodian of

the state house, legislative office building, state house annex, state library, and grounds connected with each, and have charge of all matters relating to the care, maintenance and repair of said property.

21 Fund Restrictions. Amend RSA 21-I by inserting after section 11 the following new section:

21-I:11-a Fund Restrictions; Cash Reserves Pro-rated.

I. Expenditures from the fund established by 21-I:11, VIII(b) shall be restricted to defraying the following costs incurred as a result of transferring donated commodities or surpluses from the consignee point of delivery or point of origin to the ultimate point of consumption:

(a) Compensation and travel expenses of individuals directly connected with the distribution of donated commodities.

(b) Supplies, equipment, warehousing and storage costs.

(c) Labor and transportation costs.

(d) Such other related costs as may be required to effect orderly distribution of commodities.

II. If the program of distribution of donated commodities and surpluses carried out by the surplus distribution section is discontinued due to failure to receive surpluses for distribution, the cash reserves shall be pro-rated back to the recipients who contributed to such reserves during the previous 3 years.

22 Division of Plant and Property; Internal Organization. Amend RSA 21-I:12 (supp) as inserted by 1983, 416:40 by striking out said section and inserting in place thereof the following:

21-I:12 Internal Organization; Division of Plant and Property Management. The division of plant and property management shall include the following internal organizational units:

I. A function of purchase and property under the supervision of a classified administrator of purchase and property who shall be responsible for the following functions, in accordance with applicable laws:

(a) Inspecting and testing deliveries for compliance with purchase orders.

(b) Maintaining and operating such central storage facilities as may be practical.

(c) Charging property and equipment to the using departments, as he shall deem advisable, and expressly specifying the responsibilities for maintenance of the same.

(d) Transferring unused supplies and equipment from one department or agency to another where needed and determining the value thereof; where such unused supplies and equipment cannot be so transferred, providing for disposal to the public by competitive bid whenever the estimated value of any unit or total of units is \$100 or more, otherwise in such manner as appears to be in the best interest of the state.

23 Duties of Commissioner. Amend RSA 21-I:13, VII (supp) as inserted by 1983,

416:40 by striking out said paragraph and inserting in place thereof the following:

VII. Assign physical facilities, including rented office space, for the use of state agencies, after consultation with the governor and the joint fiscal committee, except:

(a) In the legislative office building and the state house.

(b) In any facilities under the control of the judicial branch of government.

24 Duties of the Commissioner. Amend RSA 21-I:13 by inserting after paragraph VIII the following new paragraphs:

IX. Administer all state employee benefit programs, other than those administered by the retirement system, as provided by RSA 21-I:28.

X. Supervise the operation of the program of distribution of surpluses and commodities made available to the state by the federal government or any other source, including entering into all necessary contracts and agreements.

25 Rulemaking. Amend RSA 21-I:14 by inserting after paragraph IX the following new paragraphs:

X. Standards and procedures governing the purchase of all materials, supplies and equipment by the division of plant and property management.

XI. Management of the state employees group insurance program authorized by RSA 21-I:26 through 21-I:36.

XII. Qualification, continuing eligibility and disqualification of recipients to receive commodities distributed by the surplus distribution section established by RSA 21-I:12, II, and procedures for determining the same. Such rules shall:

(a) Comply with requirements, if any, established by the department, division or agency of the United States which is the source of the commodities.

(b) Be binding on all recipient agencies and shall have the force of law. No recipient agency, nor any officer or employee thereof, shall be liable for damages for any claimed injury arising from a determination made in accordance with said rules.

XIII. Fair and equitable charges to be assessed against recipients receiving any donated surpluses from the surplus distribution section based on recommendations provided according to RSA 21-I:11, VIII.

26 Salaries.

I. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by striking out in group K the following:

(a) Director, risk management.
(b) Director, division of graphic services.

(c) Business supervisor analysts.

II. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by striking out in group M the following:

(a) Manager, operations, centralized data processing.
(b) Manager, systems development, centralized data processing.

III. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by striking out in Group N the following:

(a) Director, operational analysis.
(b) Director of information management and planning.
(c) Director, division of accounts.

IV. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by inserting in Group N the following:

(a) Senior operational analyst.
(b) Financial data manager.
(c) Internal auditor.

V. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by inserting in Group O the following:

(a) Budget officer.
(b) Director, division of accounting services.
(c) Director, division of plant and property management.

VI. Amend RSA 94:1-a (supp) as inserted by 1975, 505:28 as amended by inserting in Group P the following:

(a) Director, division of information services.

27 Repeals. The following are hereby repealed:

I. RSA 4:6, relative to the assignment of rooms.

II. RSA 8, relative to the department of administration and control.

III. RSA 8-A, relative to the New Hampshire distributing agency.

IV. RSA 8-C, relative to the department of centralized automated data processing.

V. RSA 21-I:10, I(c), relative to financial accounting programs.

28 Incumbent Employees.

I. The individuals holding the following unclassified positions in the department of administrative services on the effective date of this section shall become classified state employees on that date and shall be deemed to have successfully served any probationary period required under the rules of the department of personnel.

(a) Director of risk management, also known as administrator, bureau of risk management;

(b) Director, division of graphic services, also known as administrator, bureau of graphic services;

(c) Business supervisor analysts;

(d) Manager, operations, centralized data processing, also known as administrator, bureau of data processing;

(e) Manager, systems development, centralized data processing, also known as administrator, bureau of systems development;

(f) Director, division of accounts, also known as administrator, bureau of accounting.

II. The individuals holding the positions listed in paragraph I of this section shall retain their unclassified salary levels as long as they shall remain in the same position. Any of said individuals who have not reached the maximum

salary provided for their unclassified position prior to the effective date of this section shall be permitted to attain said maximum salary level in the manner provided by RSA 94:3.

III. The individuals holding the positions listed in paragraph I of this section shall be given credit, upon their change to classified status, for all sick leave earned and recorded under the system established and maintained by the commissioner of administrative services to award sick leave to unclassified personnel. The commissioner of administrative services shall, within 30 days of the effective date of this section, certify in writing the number of days so awarded to each such individual for inclusion in the classified personnel records.

IV. Within 30 days of the effective date of this section the individuals holding the positions listed in paragraph I of this section shall elect to follow one or the other, but not both, of the following options, and shall notify the commissioner of administrative services in writing of such election:

(a) Each individual affected may choose to be paid terminal pay in accordance with RSA 94:9 for service completed prior to the effective date of this section; or

(b) Each individual may choose to be given credit for all annual leave earned and recorded, under the system established and maintained by the commissioner of administrative services to award annual leave to unclassified personnel, prior to the effective date of this section. It is the intent of the general court to prohibit the payment of terminal leave under RSA 94:9 to those individuals who elect to follow the option offered by this subparagraph relative to annual leave. The commissioner of administrative services shall certify in writing the number of days so awarded to each individual electing the option offered by this subparagraph relative to annual leave for inclusion in classified personnel records.

V. Within 30 days of the effective date of this section, the individuals holding the positions listed in paragraph I of this section, who do not already belong to the state retirement system, shall elect to join or not to join the state retirement system, and shall notify the commissioner of administrative services in writing of such election. The commissioner of administrative services shall certify in writing to the board of trustees of the retirement system the name of any individual electing to join said system. Any individual who does not receive said certification shall be deemed to have elected not to join the state retirement system and shall not be subject to the provisions of RSA 100-A:3.

29 Incumbent Director of Operational Analysis. On the effective date of this section, the incumbent unclassified director of operational analysis shall become the first unclassified senior operational analyst, at the same salary he is receiving

on that date. That individual shall hold office during good behavior and shall be removed only as provided in RSA 4:1. When a vacancy occurs in that office for any reason, a successor shall be appointed as provided by RSA 21-I.

30 Incumbent Director of Information Management and Planning. On the effective date of this section, the incumbent unclassified director of information management and planning shall become the first unclassified financial data manager, at the same salary he is receiving on that date. That individual shall hold office during good behavior and shall be removed only as provided in RSA 4:1. When a vacancy occurs in that office for any reason, a successor shall be appointed as provided by RSA 21-I.

31 Access Guaranteed. Amend RSA 21-I by inserting after section 13 the following new section:

21-I:13-a Access Guaranteed. Any and all data and information, financial or otherwise, in the possession or under the control of the commissioner of administrative services shall be available to all, unless such availability is otherwise prohibited by statute, such as, but not limited to, RSA 91-A:5, and rules adopted relative to the exemptions contained in RSA 91-A:5.

I. The commissioner shall adopt rules under RSA 541-A relative to the fee to be charged for furnishing information and data, which shall represent the actual cost, including the actual value of employee time, and the time and manner of furnishing such information or data. The commissioner shall charge the fee to any person requesting such information, unless otherwise specified in this section.

II. Members of the general court, in the performance of their duties as such, shall not be charged for such information but requests for such information shall be made to the commissioner on forms supplied by him.

III. Computer terminal access shall be supplied to all information storage and management systems under the authority and control of the commissioner to the legislative budget assistant and any legislative staff persons designated by the president of the senate or the speaker of the house. Such access shall not permit the obtaining of information the availability of which is otherwise prohibited by law.

IV. No information shall be available to the public, the members of the general court or its staff, notwithstanding the provisions of RSA 91-A:4, concerning specific invitations to bid or other proposals for public bids, from the time the invitation or proposal is made public until the bid is actually awarded, in order to protect the integrity of the public bidding process.

32 Effective Dates.

I. Sections 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 18, 22, 23, 24, 25, 29, 30, 31, and 32 of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect when the transfers

provided for in section 2 of this act take effect on the date set according to laws of 1983, 372:5, II.

Amendment adopted.

Ordered to third reading.

HB 373, relative to terms of appointment and boards and commissions. Ought to Pass with Amendment.

HB 373 has been amended to change the terms of department heads and division directors established by RSA 21-G from serving at the pleasure of the governor to four terms. The amendment is worded so that half of the department heads will, after the initial terms, be appointed in each successive gubernatorial term. Half of the division directors will serve, after the initial terms, until a new department head has been in office for one year and half until he has been in office for three years, to assure continuity and stability. The second part of the amendment changes the present law to require that their services be obtained from and be furnished by the department to which each is administratively attached. Vote 19-0. Rep. Ann Torr for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to terms of appointment and administratively attached agencies.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Terms of Appointment. Amend RSA 21-G:8 (supp) as inserted by 1983, 372:1 by striking out said section and inserting in place thereof the following:

21-G:8 Commissioners and Division Directors; Appointment; Term.

I. The commissioners of all departments established after July 1, 1983, shall be appointed by the governor, with the consent of council, except as otherwise provided by law. Each commissioner shall be an unclassified employee.

II. Each commissioner shall nominate for appointment by the governor, with the consent of the council, each division director within his department, for all departments established after July 1, 1983, except as otherwise provided by law. Each division director shall be an unclassified employee.

III. Commissioners shall serve terms of 4 years. Such terms shall end on March 31 of an odd-numbered year. Initial terms for some commissioners may be for approximately 2 years so that the terms of one-half of the commissioners will end in each gubernatorial term.

IV. Division directors shall serve terms of 4 years. Such terms shall end on March 31 of an even-numbered year. Initial terms for some directors may be for approximately 2 years so that the terms of one-half of the directors will end one year after a commissioner's term commences and one-half 3 years after that date.

2 Boards and Commissions. Amend RSA 21-G:10, II(a) (supp) as inserted by 1983, 372:1 by striking out said subparagraph and inserting in place thereof the following:

(a) Provide budgeting, recordkeeping and related administrative and clerical assistance to the agency. The agency shall pay the department on a cost allocation basis for such services;

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HB 628, certifying clinical mental health counselors. Ought to Pass with Amendment.

This legislation is a result of study directed by the immediate previous session. The certification of these mental health counselors will provide benefit and protection to the consumer public. There was concern expressed regarding proceeding prior to completion of a study of the Psychology Board as recommended by another bill under consideration. The majority feel the benefit should not be withheld. Vote 15-6. Rep. William F. McCain for Executive Departments and Administration.

Amendment

Amend RSA 330-A:16-e as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

330-A:16-e Certified Clinical Mental Health Counselor.

I. The board shall issue a clinical mental health counselor certificate to any person who meets all of the following requirements:

(a) Possession of master's or doctoral level professional degree, based upon a program of study whose content was primarily counseling, from a regionally accredited institution and has had the following clinical experience:

(1) Participation in a supervised practicum or clinical practicum, the content of which is primarily clinical counseling as part of the master's or doctoral level degree and at least 2 years full-time or 3,000 hours of supervised experience, following receipt of the master's or doctoral level degree, which is directly supervised by a person certified or certifiable, except for the supervised experience requirement, under the provisions of this chapter; or

(2) At least 5 years of participation in full-time supervised experience, following receipt of the master's or doctoral level degree, which is directly supervised by a person certified or

certifiable, except for the supervised experience requirement, under the provisions of this chapter; and

(b) Has received a passing score on an examination administered by a national testing service and which examination shall test primarily the applicant's knowledge of clinical counseling skills.

II. Nothing in this chapter shall permit the certification of any individual as a clinical mental health counselor who has not met the requirement of subparagraphs (a) and (b) of paragraph I of this section.

Amendment adopted.

Ordered to third reading.

HB 639, relative to the board of registration in medicine. Refer for Interim Study.

This bill does not address the area of confidentiality. The Right-to-Know Law and the entire confidentiality issue as it applies to the Board of Registration in Medicine should be studied in more depth before legislation is submitted to the General Court. Vote 12-7. Rep. William F. McCain for Executive Departments and Administration.

Rep. Walter moved that the words, Ought to Pass, be substituted for the report of the Committee, Refer for Interim Study, spoke to her motion and yielded to questions.

Rep. Ward spoke against the motion.

A roll call was requested. Sufficiently seconded.

Referred for Interim Study.

HB 689, establishing a department of natural resources. Refer for Interim Study.

The Committee feels it vital to this extremely important piece of legislation to include further, formalized, input from those groups who are actively concerned with the formation of a Department of Natural Resources. It is the intent of the Committee to conduct formal "round table hearings" with those persons and groups who have expressed concern over this new agency, commencing April 15, 1985. Those persons will represent environmental groups, business and industry, state agencies, Agriculture and Fish and Game, and the New Hampshire House and Senate. Notwithstanding the fact that this process has taken over three years to date, the Committee feels that this interim study period will allow the legislative process to address those concerns and interests further in the best interest of all citizens of the State of New Hampshire. Vote 19-0. Rep. Robert B. Holmes for Executive Departments and Administration.

Referred for Interim Study.

HB 690, establishing a reorganized department of safety. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: This bill transfers the Fire Standards and Training Commission to the Department of Postsecondary Vocational-Technical in exactly the same manner as Police Standards and Training. The Commission will retain autonomy in setting standards for the training of firefighters. The present Fire Marshal is grandfathered for a four-year term, and retains rulemaking authority. Also, transferred to the Department of Safety is the Licensing and Enforcement Division of the State Liquor Commission, grandfathering the present director for a term of four years. Rulemaking for liquor licensing under this measure will be promulgated by the Commissioner, with the approval of the Attorney General. A separate appeals' board appointed by the Governor and Council is established to hear appeals regarding liquor, licensing and enforcement. Vote 18-1. Rep. Ada L. Mace for the Majority of Executive Departments and Administration.

MINORITY: The minority objects to HB 690 because of the last minute amendment transferring Liquor Commission Enforcement to the newly-formed Department of Safety. HB 752

establishes a Department of Regulated Enterprises which includes Liquor, Sweepstakes and Pari-Mutuel along with the enforcement people attached to each of these agencies. Since HB 752 has been sent to Interim Study, it is premature to take one enforcement segment out of the proposed department before the study period has elapsed. (Rep. Bella M. Duperron for the Minority of Executive Departments and Administration.)

Rep. Newman moved that the words, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass with Amendment, and spoke to his motion.

Reps. Dexter, Baas, Ann Torr, Pelley, Hutchings and Ward spoke against the motion.

Reps. Phelps, Michael King and Clyde Eaton spoke in favor of the motion.

Rep. Scott Green spoke in favor of the motion and yielded to questions.

Referred for Interim Study.

HB 759-FN, relative to police standards and training fund. Refer for Interim Study. The Committee, after considerable discussion, felt this bill affects cities and towns and needs further study. Vote 12-5. Rep. Ann Torr for Executive Departments and Administration.

Referred for Interim Study.

HB 760-FN, ensuring retirement benefits for police officers who become director or field representatives for the police standards and training council. Ought to Pass with Amendment.

This bill allows career police officers to remain in group II when they are transferred to certain other positions. The amendment requires that they must first have ten years group II service, adds positions where this provision applies, permits members who become part-time to withdraw their contributions, and makes provisions for group II in combination with social security. Vote 15-0. Rep. Richard H. Campbell for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to retirement benefits for certain group II permanent policemen, the return of the accumulated contributions of group I and group II members of the retirement system, and group II member and employer contributions relative to FICA payments.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Police Officer Serving as Field Representative of Police Standards and Training Council or as Commissioner of Safety. Amend RSA 100-A:3 by inserting after paragraph VII the following new paragraphs:

VIII. Any permanent policeman who has been so employed continuously for 10 years or more and who has been a group II member of the New Hampshire retirement system for that same period and who becomes a field representative for or the director of the police standards and training council shall continue to be a group II member of the retirement system while so employed. If a permanent policeman remains with the police standards and training council as a field representative or as the director until he retires, he shall be considered to have retired as a group II member of the New Hampshire retirement system, and he shall receive all

the service retirement, disability retirement, or ordinary death benefits to which he or his beneficiary is entitled.

IX. Any permanent policeman who has been so employed continuously for 10 years or more and who has been a group II member of the New Hampshire retirement system for that same period and who becomes commissioner of safety or deputy commissioner of safety may continue to be a group II member of the retirement system while so employed. If a permanent policeman remains as commissioner or deputy commissioner of safety until he retires, he shall be considered to have retired as a group II member of the New Hampshire retirement system, and he shall receive all the service retirement, disability retirement, or ordinary death benefits to which he or his beneficiary is entitled.

X. If any current group II member of the retirement system is not exempt from the provisions of the Federal Insurance Contributions Act, then both the member contribution and the employer contribution to the retirement system shall be reduced by the amount of the employee and employer payments, respectively, to FICA. Each year during which both the member contribution and the employer contribution group II payments to the retirement system and payments to FICA are made shall be considered a full year of creditable group II service for the purpose of determining retirement eligibility under the provisions of this chapter, but shall be considered a reduced portion of a creditable year, with the reduction being in the same proportion as the reduction in total member and employer contributions to the retirement system, for the purposes of determining the amount of retirement benefits.

2 Return of Part-Time Group I Members' Contributions. Amend RSA 100-A:11, I(a) (supp) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(a) If a group I member ceases to be an employee or teacher for reasons other than retirement or death, or, notwithstanding any other provision of law to the contrary, if a group I member's employment status changes from that of a full-time to a part-time employee and if he has not elected to receive a vested deferred retirement allowance under RSA 100-A:10, the amount of his accumulated contributions shall be paid to him within 3 months after his written request therefor, provided that the member may not file a written request for such payment until at least 30 days from the date the member ceases to be an employee, a full-time employee or a teacher and provided that the member may not again become a group I member during said 30-day period. If a group I member ceases to be a member because of absence from service for more than 6 years in any period of 7 consecutive years after last becoming a member, his accumulated contributions shall be paid to him within 3 months after the board is notified to that effect.

3 Return of Part-Time Group II Members' Contributions. Amend RSA 100-A:11, II(a) as inserted by 1967, 134:1 as amended by

striking out said subparagraph and inserting in place thereof the following:

(a) If a group II member ceases to be a permanent policeman or permanent fireman for reasons other than retirement or death, or, notwithstanding any other provision of law to the contrary, if a group II member's employment status changes from that of a full-time to a part-time employee and if he has not elected to receive a vested deferred retirement allowance under RSA 100-A:10, the amount of his accumulated contributions shall be paid to him within 3 months after his written request therefor. If a group II member ceases to be a member because of absence from service for more than 6 years in any period of 7 consecutive years after last becoming a member, his accumulated contributions shall be paid to him within 3 months after the board is notified to that effect.

4 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Referred to Appropriations.

HB 787-FN, relative to retirement.
Ought to Pass with Amendments.

This bill provides permanent cost of living increases and other benefits to all presently-retired members of the Retirement System, all pre-funded from the special account created by 1983 legislation. The first amendment is housekeeping only. The second amendment provides credit for service before 1950 to certain presently-retired teachers who missed the credit because they were not in service on July 1, 1950, also pre-funded from the special account. Vote 10-0. Rep. Kathleen W. Ward for Executive Departments and Administration.

Amendment

Amend the introductory paragraph of RSA 100-A:42-b, II(a) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II(a). The following table shall become a permanent part of each beneficiary's base retirement allowance as of July 1, 1985:

Amend RSA 100-A:42-b, II(h) as inserted by section one of the bill by striking out same and inserting in place thereof the following:

(b) Benefits for any beneficiary who has retired prior to July 1, 1984, shall be increased by 3.03 percent per year in fiscal years 1986 and 1987. Such increases shall become a permanent part of each beneficiary's base retirement allowance.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Full Credit for All Years of Service. Amend RSA 100-A:5, II(b)(2) as inserted by 1967, 134:1 as amended by

striking out said subparagraph and inserting in place thereof the following:

(2) A state annuity which, together with his member annuity, shall be equal to 2-1/2 percent of his average final compensation multiplied by the number of years of his creditable service; provided, however, that such allowance shall not exceed 75 percent of the member's average final compensation at the time of his service retirement; and provided further, that the provisions of this subparagraph shall only apply to group II members who retire after June 30, 1985.

Amend the bill by striking and out sections 4 and 5 and inserting in place thereof the following:

4 Two Person Rate. Amend RSA 8 by inserting after section 75 the following new section:

8:75-a Two Person Health Insurance Premium Rate. Notwithstanding any other provisions of this chapter to the contrary, the retirement system shall provide 2 person health insurance to retired group II persons under age 65, retired before July 1, 1985, covering group hospitalization, hospital medical care, surgical care, and other medical benefits. This coverage shall provide the same benefits at the same levels that each state employee receives.

5 Actuarial Reduction; Teachers. Amend RSA 100-A:5, I by inserting after subparagraph (e) the following new subparagraph:

(f) Notwithstanding the provisions of subparagraph (d), any teacher member of group I who meets the requirements of RSA 100-A:10, I(a), and who has attained the age of 50, but not the age of 60, may elect to retire and have his benefits commence immediately as a reduced service retirement allowance upon written application to the board of trustees setting forth the time, not less than 30 days nor more than 90 days subsequent to the filing thereof, at which he desires to have his benefits commence. The service retirement allowance shall be determined in accordance with RSA 100-A:5, I(c) and shall be reduced by 5 percent per year for each year from age 50 to 55, and by 4 percent per year for each year from age 55 to 60.

Amendment adopted.

Amendment

Amend the bill by striking out sections 6, 7 and 8 and inserting in place thereof the following:

6 New Section. Amend RSA 100-A by inserting after section 4 the following new section:

100-A:4-a Creditable Service for Teachers Retired before July 1, 1985.

I. Notwithstanding any provisions of RSA 100, RSA 100-A, or RSA 192 to the contrary, every teacher who retired before July 1, 1985, who was in service prior to July 1, 1950, but who was not in service on July 1, 1950, and who subsequently reentered service as a teacher after that date, shall

be permitted to acquire full credit for all service rendered prior to July 1, 1950, as provided in paragraphs II and III. Such teachers shall be eligible for such benefits as are provided for group I members under this chapter including credit for such prior service as is allowable under paragraphs II and III, as if they had become members of the New Hampshire teacher's retirement system at its inception, and prior to its merger with the retirement system.

II. Every teacher who retired before July 1, 1985, who was not in service on July 1, 1950, and who subsequently reentered service shall be permitted to acquire full credit for all service rendered between 1945 and 1950 as follows:

(a) Every teacher who retired before July 1, 1985, whose prior service does not include credit for service as a teacher which he performed between July 1, 1945, and June 30, 1950, may, by filing written notice with the board of trustees between July 1, 1985, and June 30, 1986, elect to deposit in the teacher annuity savings fund an amount not to exceed \$100 per year for the contributions which would have been made to the former New Hampshire teachers' retirement system, RSA 192, had he been a member of that predecessor system from July 1, 1945, to June 30, 1950.

(b) If a deposit as provided in subparagraph (a) is made in a single payment, the member's creditable prior service shall thereupon be increased by the period of the aforesaid service. If such deposit is made in installments, on each anniversary of the date of establishment his creditable prior service shall be increased to include the number of years of the aforesaid service for which he has deposited an amount equal to the contributions as aforesaid which he would have made during such years. Such amounts so deposited shall become part of his accumulated contributions.

III. Every teacher who retired before July 1, 1985, whose prior service does not include credit for service as a teacher which he performed prior to July 1, 1945 shall receive full credit for all service rendered prior to July 1, 1945, without any contribution required by the teacher.

7 Funding. Funding for the purposes of this act shall be as follows:

I. The sum of \$82,100,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 1 of this act.

II. The sum of \$2,821,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 2 of this act.

III. The sum of \$665,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 3 of this act.

IV. The sum of \$2,200,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 4 of this act.

V. The sum of \$6,478,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 5 of this act.

VI. The sum of \$2,600,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 6 of this act.

8 Administration; Transition. The board of trustees of the New Hampshire retirement system shall have until September 30, 1985, to make the administrative, record keeping, and bookkeeping changes which shall be necessary in order to administer the provisions of this act.

9 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Referred to Appropriations.

HB 524, relative to hearings for teachers upon failure to be renominated or reelected. Inexpedient to Legislate.

It was thought both sides would favor this version of an old bill, but at the hearing neither side appeared to be satisfied and a majority of the Committee felt it should be voted Inexpedient to Legislate. Vote 10-8. Rep. Frank J. Sylvia for Judiciary.

Resolution adopted.

HB 565, providing for the awarding of attorneys' fees in certain contempt cases. Ought to Pass.

This bill will encourage compliance with court orders in divorce cases. Present enforcement problems can be lessened with this bill. The Committee believes this is a step in the right direction. Vote 13-5. Rep. Marc Chretien for Judiciary.

Ordered to third reading.

HB 623, relative to capital murder, first degree murder and the death penalty. Refer for Interim Study.

The concern of the Committee, as a result of the considerable negative testimonies, the feeling by some that the bill "re-enacted" the death penalty, the expressed concern of severe pain being experienced in the process and the need to consider the effect on this bill of the holding by the Supreme Court upholding the use of lethal injections, which came out after the bill was written, but before the hearing caused a strong feeling this entire subject is in dire need of study through interim action and investigation. Vote 17-0. Rep. Frank J. Sylvia for Judiciary.

Referred for Interim Study.

HB 600, making appropriations for capital improvements. Ought to Pass with Amendment.

The Committee voted 21-0 to support the capital budget which addresses immediate needs of the State. Rep. James V. Bibbo, Jr. for Public Works.

6 Appropriation - Self Liquidating Revenue Bonds Aeronautics Commission. The sums hereinafter detailed are hereby appropriated for the projects specified:

I. Aeronautics commission	
A. Design and construction of hangar - Skyhaven	<u>\$ 140,000**</u>
Total appropriation paragraph I	<u>\$ 140,000</u>
Total state appropriation section 6	\$ 140,000

* To be 10 year bonds.

7 Appropriation; Self Liquidation Revenue Bonds; New Hampshire Port Authority. The sums hereinafter detailed are hereby applied for the project specified:

I. New Hampshire port authority - pier extension & improvement	<u>\$ 375,000</u>
Total paragraph I	<u>\$ 375,000</u>
Total state appropriation section 7	\$ 375,000

8 Expenditures; General. The appropriation made for the purposes mentioned in sections 1, 3, 4, 5 and 6 and 7 and the sums available for those projects shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein; provided that with the exception of paragraphs VIII and X of section 1, all contracts and projects and plans and specifications therefor shall be awarded in accordance with the provisions of RSA 228.

9 Expenditures; University System of New Hampshire.

I. The appropriations made for the purposes mentioned in section 2 and the sums available for these projects shall be expended by the trustees of the university system of New Hampshire. All contracts for the construction of all or any part of said building or facilities shall be let only after competitive sealed bids have been received and only after an advertisement calling for such bids has been published at least once in each of 2 successive calendar weeks in a newspaper of general circulation in New Hampshire or in a trade journal known to be circulated among the contractors from whom bids will be sought with the state of New Hampshire or elsewhere in the area. The first publication of such advertisement shall be not less than 30 days prior to the date the bids will be received. All conditions considered, wherever possible, it is recommended that the services of New Hampshire architectural and construction firms be considered within the discretion of the trustees.

II. The appropriations made in section 2 are available for all costs incidental to the completion of the projects enumerated including the costs of the services of architects, engineers, and other consultants of such kind and capacity as the university system board of trustees may, in its discretion, wish to employ on such terms and conditions as the board determines. These moneys shall be spent under the direction of the university system board of trustees.

III. If, in the judgment of the trustees of the university system, just cause exists indicating the lowest bid should be rejected, then the contract may be awarded to the next lowest bidder; or, if the next lowest bid should be rejected, the contract may be awarded to the third lowest bidder.

IV. The board of trustees of the university system has the right to reject any and all bids and, if the lowest bid is in excess of the appropriation, the board has the right to negotiate with the low bidder or with the 3 lowest bidders for a contract for the construction upon terms considered most advantageous to the university. If only one bid is received, the board of trustees may negotiate a contract for the construction on terms considered most advantageous to the university system and to the state. Any authorization contained in this act which is at variance with the requirements of applicable federal law and regulations shall

be controlled by the terms of the federal law and regulations.

10 Land Acquisition. Any land acquired under the appropriations made in sections 1, 3, 4, 5, 6 and 7 except such land, if any, as may be acquired under the appropriation for the water resources board, shall be purchased by the commissioner of public works and highways with the approval of governor and council.

11 Bonds Authorized.

I. To provide funds for the total of the appropriations of state funds made in sections 1, 2, 3, 4, 5 and 6 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$29,242,420 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

II. To provide funds for the purposes of section 7, the rehabilitation of Barker wharf, the state treasurer is hereby authorized to borrow upon the credit of the state in the amount of \$375,000 and for that purpose shall issue revenue bonds and notes in the name of and in behalf of the state of New Hampshire in accordance with RSA 6-A. The interest and principal due on the bonds or notes issued under this paragraph shall be a direct charge against the New Hampshire port authority revenues. Prior to issuance of the bonds or notes authorized hereunder, the treasurer may, for the purpose of this section, borrow money from time to time on short-term loans which may be refunded by the issuance of the bonds or notes hereunder; provided, however, that at no time shall indebtedness on such short-term loans exceed the sum of \$375,000.

12 Payments.

I. The payment of principal and interest on bonds and notes issued for the projects in sections 1 and 2 shall be made when due from the general funds of the state.

II. The payment of principal and interest on bonds issued for projects in:

- (a) section 3 shall be made from the highway fund;
- (b) section 4 shall be a charge against the fish and game fund;
- (c) section 5 shall be a charge against the Hampton parking meter revenues; and

- (d) section 6 shall be a charge against the Skyhaven hangar sinking fund.

13 Liquidation. The state treasurer is authorized to deduct from the fund accruing to the university under RSA 187-A:7, or appropriation in lieu thereof, for each fiscal year such sum as may be necessary to meet interest and principal payments in accordance with the terms and conditions of the bonds or notes issued for the purposes of section 2.

14 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government, or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available, for any project under sections 1, 3, 4, 5, 6 and 7 beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 11 shall be reduced by the same amount.

15 Transfers. The individual project appropriations, as provided in sections 1, 3, 4, 5, 6 and 7 shall not be transferred or expended for any other purposes; provided that any anticipated balance remaining in an individual project, which is fully funded by state funds, may be transferred by governor and council to any other individual project or projects, which are also fully funded by state funds, within the same section, provided prior approval of the capital budget overview committee is obtained.

16 Reduction of Appropriations and Bonding Authority. If the net appropriation of state funds for any project provided for by sections 1, 3, 4, 5, 6 and 7 is determined on the basis of an estimate of anticipated federal, local, or other funds, and if the amount of such funds actually received or available is less than said estimate, then the total authorized cost for such project and the net appropriation of state funds therefor shall be reduced by the same proportion as the proportion by which federal, local, or other funds are reduced. The amount of bonding authorized by section 11 shall be reduced by the amount that the appropriation of state funds is reduced pursuant to this section.

17 Resources and Economic Development; Special Provisions. There is hereby created in the department of resources and economic development a Franconia/Sunapee snowmaking and grooming fund. At the close of each fiscal year, revenue from winter ski operations at Mount Sunapee and Cannon Mountain in excess of \$2,000,000, up to an amount not exceeding \$200,000, shall be deposited in the fund. The fund shall be continuing and non-lapsing. Funds may be used for said purpose only with the prior approval of governor and council.

18 Water Resources Dam Maintenance Fund. Amend RSA 481:31 as inserted by 1982, 24:1 as amended by striking out said section and inserting in place thereof the following new section:

481:31 Bonds Authorized. To provide working capital for initiation of the fund established in RSA 481:30, the state treasurer is hereby authorized to borrow upon the credit of the state the sum of \$3,200,000 and for said purpose shall issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A.

19 Lapse Date Extended; Water Resources Board Projects.

I. The appropriation made by 1979, 435:1, XII, B as amended by 1981, 565:15, III for the construction of Sugar river watershed site C-9 a flood retarding and wildlife impoundment is hereby extended to June 30, 1987.

II. The appropriation made by 1983, 423:1, VIII for the Sugar river watershed site C-9 a flood retarding and wildlife impoundment is hereby extended to June 30, 1987.

20 Lapse Date Extended; Gasoline Distribution Program. The appropriations made by 1983, 423:15 are hereby extended until June 30, 1987.

21 Department of Postsecondary Vocational Technical Education.

I. All of the CAD systems authorized in section 1, subparagraphs III, A, 2; B, 2; F, 1; and G, 1 of this act are to be compatible and interchangeable for utilization throughout the entire system as determined by the commissioner and governor and as dictated by drafting program enrollments.

II. The appropriation made in section 1, subparagraph III, H, 1 shall be used for the development of a program that will provide computer literacy to every graduate. Based on enrollments and present equipment, the commissioner and governor shall determine the allotment of the resources herein provided. All of the hardware authorized herein shall be compatible and interchangeable throughout the entire system.

III. Notwithstanding any other provision of law, for the purpose of section 1, paragraph III of this act, the department of postsecondary vocational technical education shall be exempt from the rules of the department of administrative services, division of plant and property management when purchasing any equipment.

22 Fish and Game Transfer. Notwithstanding any other provisions of law, for the purposes of section 1, subparagraph V, B, the department of fish and game shall be allowed to transfer as necessary without approval.

23 Appropriation; Mental Health Facilities Improvement Program. The sums hereinafter detailed are hereby appropriated for the project specified to the departments, agencies and branches named:

I. Health and human services	
A. Central psychiatric hospital	\$21,500,000
B. Community care facility	<u>2,000,000</u>

Total state appropriation	
section 23	\$23,500,000

24 Expenditures; General. The appropriation made for the purposes mentioned in section 23 and the sums available for those projects shall be expended by the trustees, commissions, commissioner, or department head of the institutions and departments referred to herein; provided that all contracts and projects and plans and specifications thereof shall be awarded in accordance with the provisions of RSA 228.

25 Land Acquisition. Any land acquired under the appropriations made in section 23, if any, shall be purchased by the commissioner of public works and highways with the approval of governor and council.

26 Bonds Authorized. To provide funds for the total of the appropriations of state

funds made in section 23 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$23,500,000 and for said purposes may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

27 Payments. The payment of principal and interest on bonds and notes issued for the projects in section 23 shall be made when due from the general funds of the state.

28 Powers of Governor and Council. The governor and council are hereby authorized and empowered:

I. To cooperate with and enter into such agreements with the federal government, or any agency thereof, as they may deem advisable, to secure federal funds for the purposes hereof.

II. To accept any federal funds which are, or become available, for any project under section 23 beyond the estimated amounts. The net appropriation of state funds for any project for which such additional federal funds are accepted shall be reduced by the amount of such additional funds, and the amount of bonding authorized by section 26 shall be reduced by the same amount.

29 Transfers. The individual project appropriations, as provided in section 23, shall not be transferred or expended for any other purposes, provided that any anticipated balance remaining in an individual project, which is fully funded by state funds, may be transferred by governor and council to any other individual project or projects, which are also fully funded by state funds, within the same section, provided prior approval of the capital budget overview committee is obtained.

30 Action Plan. No expenditure may be made from the appropriation authorized by section 23 of this act until such time as the commissioner of health and human services has developed an action plan and received the approval of such plan from both the capital budget overview committee and the governor and council.

31 Effective Date. This act shall take effect upon its passage.

Rep. Bibbo yielded to questions.

Amendment adopted.

Referred to Appropriations.

HB 266, authorizing the department of safety to join the international registration plan. Ought to Pass.

The Committee requested the opportunity to reconsider this bill because of the availability of some additional information. After weighing the merits of the bill considering the new information the Committee voted to change its earlier recommendation. Vote 9-2. Rep. Edward J. Crotty for Transportation.

Ordered to third reading.

HB 695, concerning use of safety seat belt systems in passenger automobiles equipped with such systems. Refer for Interim Study.

Besides receiving much additional documentation during the public hearing a major concern was presented. Are seat belts safe? Statistics are still coming in from the few states that have recently enacted such legislation. The majority of the Committee (vote 7-4) felt that until the statistics are available for this Committee's analysis, HB 695 should go to Interim Study. Rep. Robert L. Whiting for Transportation.

Rep. Lawrence Chase moved that the words, Inexpedient to Legislate, be substituted for the report of the Committee, Refer for Interim Study, and spoke to his motion.

Rep. Pappas spoke against the motion and yielded to questions.

Rep. George Gordon spoke in favor of the motion and yielded to questions. Reps. Quimby, Reardon, Arnesen, Emanuelson and Copenhaver spoke against the motion.

Rep. Felch spoke in favor of the motion.

Rep. Carragher moved the previous question. Sufficiently seconded. Adopted.

A roll call was requested. Sufficiently seconded.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Right of Attendance for Certain Preschoolers. Amend RSA 193:28 (supp) as inserted by 1981, 326:1 by striking out said section and inserting in place thereof the following:

193:28 Right of Attendance. Whenever any child is placed and cared for in any home for children, such child, if of school age or of an age which would enable the child to participate in the public school kindergarten program of the community in which the child is placed, shall be entitled to attend, in an appropriate grade, the public schools of the school district in which said home is located, unless such placement was solely for the purpose of enabling a child residing outside the district to attend such schools.

2 Effective Date. This act shall take effect August 1, 1985.

The Clerk read the amendment.

Rep. William Boucher spoke in favor of the amendment and yielded to questions.

Rep. Taffe spoke in favor of the amendment.

Amendment adopted.

Ordered to third reading.

HB 462-FN, transferring liquor investigators from group I to group II in the New Hampshire retirement system. Ought to Pass with Amendment.

This bill transfers liquor investigators from group I to group II in the Retirement System. The amendment eliminates an appropriation of \$511,000 by deleting retroactive transfer. It also provides for reduced contributions and benefits for any group II members who are not exempt from social security. Vote 18-0. Rep. Richard H. Campbell for Executive Departments and Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to transferring liquor investigators from group I to group II in the New Hampshire retirement system, and group II member and employer contributions relative to FICA payments.

Amend the bill by striking out sections 2 and 3 and inserting in place thereof the following:

2 Liquor Investigators Transferred to Group II. Amend RSA 100-A by inserting after section 36-f the following new section:
100-A:36-f Liquor Investigators Transferred to Group II. All liquor investigators of the enforcement division of the state liquor commission who are group I members of the New Hampshire retirement system, or members of the state employees' retirement system, shall on July 1, 1985, become members of group II in the New Hampshire retirement system, notwithstanding the provision of any law to the contrary. From July 1, 1985, those permanent employees designated in this section shall thereafter be eligible for such benefits as are provided for group II members under this chapter. The board of trustees shall make all necessary changes in its records to accomplish the foregoing transfers.

3 FICA Contributions. Amend RSA 100-A:3 by inserting after paragraph VII the following new paragraph:

VIII. If any current group II member of the retirement system is not exempt from the provisions of the Federal Insurance Contributions Act, then both the member contribution and the employer contribution to the retirement system shall be reduced by the amount of the employee and employer payments, respectively, to FICA. Each year during which both the member contribution and the employer contribution group II payments to the retirement system and payments to FICA are made shall be considered a full year of creditable group II service for the purpose of determining retirement eligibility under the provisions of this chapter, but shall be considered a reduced portion of a creditable year, with the reduction being in the same proportion as the reduction in total member and employer contributions to the retirement system, for the purposes of determining the amount of retirement benefits.

Amendment adopted.

Referred to Appropriations.

HB 12015, relating to the establishment of a reorganized department of health and human services. Ought to Pass.

The Joint Committee on Executive Branch Reorganization has unanimously approved the broad outline of this legislation. However, further testimony and research are necessary. Vote 14-1. Rep. Kathleen W. Ward for Executive Departments and Administration.

Ordered to third reading.

HB 12016, relating to the establishment of a department of labor and employment security. Ought to Pass.

The Joint Committee on Executive Branch Reorganization has approved the broad outline of this department. The changes in the federal regulations require further deliberations before a recommendation can be made. Vote 14-2. Rep. Kathleen W. Ward for Executive Departments and Administration.

Rep. Ward yielded to question.
Ordered to third reading.

HB 504, relative to the right to know law. Inexpedient to Legislate.

The current law is very broad and as such in many cases officials within a governmental unit are often placed in a gray area of the law whenever a majority of a board happens to be in one place. The criminal penalties proposed in this bill could lead to harassment of officials in many cases. Vote 13-5. Rep. Shawn N. Jasper for Judiciary.

Rep. Chambers spoke to the Committee report.

Rep. Jasper spoke in favor of the Committee report.

Resolution adopted.

HB 782, restricting access of minors to sexually explicit films, videocassettes, and other harmful materials. Inexpedient to Legislate.

The Committee is concerned with the prevalence of explicit sexual material that is available to minors and to its effect on this age group. However, it feels that current statutes cover the situation adequately. Vote 15-0. Rep. Elizabeth D. Lown for Judiciary.

Rep. Bruce Packard spoke to the Committee report and yielded to questions. Resolution adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Felch moved that the House reconsider its action whereby it killed HB 695, concerning use of safety seat belt systems in passenger automobiles equipped with such systems.

Reconsideration lost.

HOUSE RESOLUTION NO. 30

requesting an opinion of the justices concerning the constitutionality of HB 400.

WHEREAS, the House of Representatives has before it HB 400, An Act making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1986, and June 30, 1987, and

WHEREAS, questions have been raised as to the constitutionality of certain provisions of HB 400 in light of the recent adoption of Article 18-a of Part II of the New Hampshire Constitution which prohibits certain types of provisions in any budget bill, and

WHEREAS, the House of Representatives is scheduled to act on HB 400 in the near future, but will have an opportunity to act again on HB 400 after HB 400 has gone through the legislative process in the Senate; and

WHEREAS, there is an urgent need to resolve the questions concerning the constitutionality of HB 400 in the most expeditious manner possible, now therefore be it

RESOLVED, by the House of Representatives:

That the Supreme Court is respectfully requested to give their opinion upon and answer the following questions as soon as it may be possible:

1. Do any of the provisions after section one of HB 400 violate Article 18-a, Part II or any other provision of the New Hampshire Constitution?

2. If the answer to question 1 is in the affirmative, which provisions do violate the Constitution?

That the clerk of the House transmit copies of this resolution and HB 400 to the Justices of the New Hampshire Supreme Court.

COMMITTEE REPORTS (Consent Calendar)

HB 114-FN, relative to sunset review of vocational rehabilitation education programs. Ought to Pass with Amendment.

The amendment refines the wording in this bill which is a sunset review of vocational rehabilitation programs. It was requested and provided by the Education Committee. Vote 17-1. Rep. Andrea A. Scranton for Appropriations.

Amendment

Amend RSA 186-C:3, II as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

II. The special education bureau shall include a research and demonstration unit. The unit shall, subject to available funding, study critical issues and problems facing teachers, local district administrators, department officials, and elected policy makers concerning the special education and development and propose practical solutions to those problems.

Amend RSA 186-C:3-a as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

186-C:3-a Duties. The primary duty of the special education bureau shall be to help school districts meet their responsibilities under this chapter and under federal law regarding the education of educationally handicapped children. The special education program of the department of education shall develop and analyze information on issues and problems of regional and statewide importance and on assisting school districts in dealing with these issues and problems. The department shall ensure that the bureau's regulation and monitoring of school district activities shall not exceed what is necessary for compliance with this chapter and with federal law regarding the education of educationally handicapped children.

I. The bureau shall, subject to available funding, develop, implement and evaluate statewide special education

policies, standards and programs. In carrying out this mission, the bureau shall gather and collect data and organize and analyze instruction about programs, conditions and trends in special education in the state. In addition, the bureau shall be responsible for monitoring and maintaining information about national and regional trends, instructions and issues affecting special education in New Hampshire. The bureau shall make this information available to the districts and use this information to:

(a) Assess the needs of school districts for assistance in carrying out their responsibilities for educating handicapped children;

(b) Identify cost effective alternative programs for serving educationally handicapped children;

(c) Focus resources on students requiring extensive services; and

(d) Develop cost and service level benchmarks for special education in New Hampshire which may be used as reference points by districts to measure the effectiveness of their programs in meeting educational goals and objectives.

II. The special education bureau shall provide technical assistance and information to the school districts so that the districts may effectively and efficiently identify, clarify and address their specific responsibilities under state and federal special education laws. This assistance shall include the provision of mediation services to resolve special education disputes and the provision of expertise regarding specific educationally handicapping conditions. Whenever technical assistance of a specialized nature, beyond that available in the department, is required, the bureau shall assume a leadership role in identifying sources of such assistance in other state agencies, the federal government, volunteer services or the private sector.

III. The special education bureau shall administer those federal and state funding programs for special education assigned to it by law. The bureau shall also make recommendations to the state board regarding management systems, standard definitions and procedures in order to provide uniform reporting of special education services and expenditures by school districts and school administrative units.

IV. The special education bureau shall monitor the operations of local school districts regarding compliance with state and federal laws regarding the education of educationally handicapped students. The bureau's regulatory program shall be structured and implemented in a prudent manner and shall not place an excessive administrative burden on local districts. The bureau and districts shall approach monitoring and regulation in a constructive, cooperative manner with a goal of improving special education in New Hampshire.

Amend paragraph II of section 7 of the bill by striking out same and inserting in place thereof the following:

II. There is hereby established the special education information task force

which shall consist of 13 members: the chairman of the house committee on education or his designee; the chairman of the senate committee on education or his designee; one representative of the governor; one local school board member appointed by the New Hampshire School Boards Association; the supervisor of computer and statistical services of the department of education; the head of the special education bureau of the department of education or his designee; one member of the New Hampshire Special Education Administrators Association appointed by the association; one special education teacher appointed by the New Hampshire Federation of the National Council for Exceptional Children; one local superintendent of schools appointed by the New Hampshire School Administrators Association; the director of policy and planning for the department of health and human services or his designee; the director of the division of informational services of the department of administrative services or his designee; a representative of the Parent Information Center; and the director of the division for children and youth services or his designee. The task force shall elect a chairman from among its members.

HB 293, relative to the aeronautical fund. Inexpedient to Legislate. The Committee felt that at this time it was not prudent to establish a fund for aeronautics. Vote 16-0. Rep. Lee Anne Steiner for Appropriations.

HB 304-FN, to protect communities from the fiscal impact of court-ordered placement of children. Inexpedient to Legislate. This bill deals with the concept of settlement on behalf of communities. The bill would tend to eliminate incentives on the part of communities to continue funding of alternative programs. The Committee holds that SB 1 is a more comprehensive treatment of the settlement concept and it more fairly addresses state, city, town relationships with respect to the settlement issue. Vote 19-1. Rep. John J. Kane for Appropriations.

HB 315, making an appropriation to replace a railroad bridge on the Northfield-Tilton town line. Ought to Pass. The present bridge with its many decaying piers causes debris and ice to back up causing flooding in Tilton. Lack of bridge would disrupt rail line from north to south. Vote 14-1. Rep. Lee Anne Steiner for Appropriations.

HB 342-FN, increasing the amount of the tax exemption for post-secondary institutions. Inexpedient to Legislate. Although the concept of this bill was laudable, it placed the tax impact on just a few communities. The Committee felt the question was better left to the communities and institutions to resolve. Vote 15-1. Rep. Andrea A. Scranton for Appropriations.

HB 437-FN, relative to an engineering study of the intersection of Route 9 and Route 155 and making an appropriation therefor. Inexpedient to Legislate.

This situation has been addressed by the highway department and a satisfactory solution has been reached without this legislation. Vote 19-0. Rep. Lee Anne Steiner for Appropriations.

HB 439-FN, relative to the financing of regional planning commissions and making an appropriation therefor. Inexpedient to Legislate.

This bill would provide additional funding for regional planning commissions. It is the feeling of the Committee that any additional funding should be through the operating budget not through a "special." It is the intent of the Committee to provide additional funding in HB 400. Vote 17-0. Rep. Robert A. Johnson for Appropriations.

HB 450-FN, establishing a research program for eradication and control of milfoil at the University of New Hampshire and making an appropriation therefor. Inexpedient to Legislate.

Milfoil is a widespread problem not confined to New Hampshire. Studies are being done in other states. When they find a solution, we will avail ourselves of it. Vote 16-0. Rep. Lee Anne Steiner for Appropriations.

HB 470-FN, relative to homemaker services. Inexpedient to Legislate.

This bill establishes homemaker services administered by the Department of Health and Human Services. The bill would appropriate \$686,000 for FY 86. The Committee agreed that homemaker services are already available in the state and that other priorities preclude approval of an appropriation of this magnitude. Vote 20-0. Rep. John J. Kane for Appropriations.

HB 479-FN, establishing an alcohol and drug abuse prevention fund. Inexpedient to Legislate.

This bill would establish a mechanism to designate funds for alcohol and drug abuse prevention. The Committee prefers to address funding of Alcohol and Drug Abuse Prevention in the budget, acknowledging that it supports HB 517 dealing with revenue from forfeiture. Vote 20-1. Rep. Edward Densmore for Appropriations.

HB 485-FN, relative to the number plate fund. Ought to Pass with Amendment. This bill sets up an increased revolving inventory fund of highway and public works funds for replacement of reflectorized number plates. Vote 18-0. Rep. Lee Anne Steiner for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Fund Increased. Amend RSA 228:25, I as inserted by 1981, 87:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. There is hereby established an inventory fund in the department of safety in the amount of \$2,000,000 which sum is hereby authorized as a revolving fund comprised of funds in the highway fund that are not otherwise appropriated. The prison shall purchase such raw materials as may be required and agreed to by the commissioner of safety in order for the commissioner of safety to issue fully reflectorized motor vehicle number plates. This purchase shall be a charge against the inventory fund and the prison shall be responsible for the control and accountability of the raw materials so charged. Said number plates shall be manufactured at the state prison. The prison shall be furnished out of said inventory account the raw materials necessary to manufacture said plates and upon receipt of the finished plates by the department of safety shall be reimbursed for their direct and indirect costs. The commissioner of safety shall, annually, request the comptroller to review and approve said cost rates. Notwithstanding any other provision of law, the commissioner of safety shall charge in addition to the regular motor vehicle registration fee the sum of \$1.50 per plate at the time of issue said reflectorized motor vehicle number plates or replacement reflectorized number plates. Said additional charge shall not give the registrant any title or other property interest in said plates. The commissioner of safety or his deputy may request from time to time delivery of said number plates from the prison and shall reimburse said inventory fund by a transfer from revenue. At least 6 months prior to subsequent general issue, a transfer from revenue shall be made for all remaining finished plates in inventory.

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Inventory fund. Amend RSA 288:24 as inserted by 1981, 87:1 by striking out said section and inserting in place thereof the following:

228:24 Inventory Fund. There is hereby established a public works and highway inventory fund not to exceed \$1,000,000, which sum is hereby authorized as a revolving fund comprised of funds in the highway fund that are not otherwise appropriated. The commissioner of public works and highways may purchase, through the division of property and plant management, such operating materials and supplies as may be necessary for the operation of the department which shall be a charge against said fund. Materials or supplies requisitioned therefrom by a division of the department or by other state departments shall upon delivery be a charge against the funds of such division or other state department. All sales of materials and

supplies from the inventory shall be credited to the inventory fund and are hereby appropriated to and made available for expenditures from the inventory fund. The commissioner shall transfer from the inventory fund to the highway fund the total amount paid by divisions of his department or other state departments into said fund in excess of the cost of any materials or supplies purchased therefrom.

4 Motor Fuel Inventory Fund. Amend RSA 228:24-a (supp) as inserted by 1983, 423:15 by striking out said section and inserting in place thereof the following:

228:24-a Motor Fuel Inventory Fund. There is hereby established a motor fuel inventory fund not to exceed \$1,000,000, which sum is hereby authorized as a revolving fund comprised of funds in the highway fund that are not otherwise appropriated. The commissioner of public works and highways may purchase, through the division of property and plant management, such amounts of motor fuels as may be necessary for the operation of an automated state fleet fuel distribution and records management system. The commissioner is further authorized to sell motor fuel from the motor fuel inventory to all departments and institutions of the state, political subdivisions of the state, and agencies of the federal government. He is authorized to assess a fair and equitable charge with respect to the sale of motor fuel sufficient to defray all administrative, transportation, storage, amortization and other costs incurred by the department in administering this account sufficient to fully reimburse the inventory fund.

5 Effective Date. This act shall take effect upon its passage.

HB 498, relative to the dam maintenance fund and making an appropriation thereof. Ought to Pass with Amendment.

Additional bonding is required for state owned dams in this continuing sequence of repair and maintenance. Vote 16-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend RSA 228:4, I(c) as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

(c) Projects for the department of resources and economic development whose estimated cost is more than \$10,000 but not more than \$75,000. Such projects may be done on a force account basis upon recommendation of the commissioner that such procedure is in the best interest of the state, and with the prior approval of the legislative fiscal committee and with the approval of governor and council.

HB 616-FN, relative to funding of the fire standards and training commission. Inexpedient to Legislate.

The funding mechanism for this bill contains several potential constitutional defects. A similar proposal, adopted in 1981, was challenged in Court, and upon

recommendation of the Attorney General the suit was not defended and the statute was repealed. The currently proposed state operating budget does contain funding for the fire standards and training commission. The Committee reasoned that funding through the budget would guarantee an appropriation for the commission. Reliance upon the funding mechanism in HB 616-FN might provide the unfortunate effect of denying state assistance to the fire standards and training commission, should this scheme again fall to a certain court challenge. Vote 18-0. Rep. Michael B. King for Appropriations.

HB 714-FN, relative to fees for teacher certification. Inexpedient to Legislate. The Committee felt the use of teacher certification fees was proper. Vote 21-1. Rep. Andrea A. Scranton for Appropriations.

SB 61, eliminating the requirement of countersignature by 2 trustees or directors when state banks or trust companies borrow money. Ought to Pass with Amendment. The Committee agreed with the change made in this law as to signatures by trustees or directors, but amended the wording to indicate that at least 2 officers sign. Vote 16-0. Rep. Patricia H. Foss for Commerce, Small Business and Consumer Affairs.

Amendment

Amend RSA 384:16 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

384:16 Borrowing. No savings bank, state bank, or trust company shall hire money or give the note of such institution except by vote of the trustees or directors thereof, duly recorded; and all such notes shall be signed by at least 2 officers designated in said vote. For the purpose of securing such loan or loans, said bank or company may pledge as security therefor real estate mortgages, notes, stocks, or other securities.

CACR 5, relating to amending the constitution. Providing that amendments proposed by the general court or a constitutional convention be spread out over several state general elections. Inexpedient to Legislate.

The Committee feels that this resolution would take away the right of the people to make changes in the Constitution. Vote 8-0. Rep. Martin P. Lussier for Constitutional and Statutory Revision.

SB 41, relative to nominations when a candidate does not receive the nomination of his own party in the state primary election. Inexpedient to Legislate.

Whereas the problem addressed in this bill has only occurred once to its knowledge, the Committee feels this bill is unnecessary. Vote 10-0. Rep. Mary J. Shriver for Constitutional and Statutory Revision.

SB 100, reinstating the charter of the Golden Rule Farm Homes Association. Ought to Pass.

The Committee was unanimous in its opinion that the Charter of the Golden Rule Farm Homes Association be reinstated. This would allow any moneys received by this Association to be accepted and then turned over to the Spaulding Youth Center for their use. Vote 10-0. Rep. Roger Stewart for Constitutional and Statutory Revision.

SCR 2, requesting the United States Congress to amend the United States Constitution to limit the total number of congressional terms a person may serve. Inexpedient to Legislate.

The Committee feels that this resolution will take away the rights of voters to elect whomever they want. Vote 8-0. Rep. Martin P. Lussier for Constitutional and Statutory Revision.

SB 9, authorizing the executive director to set the season, bag limit and method and manner of taking and reporting of wild black bears. Ought to Pass with Amendment.

This bill allows the Executive Director of the Fish and Game Department to set the limits and bear seasons for the next 2 years and the 2-year limit allows the Fish and Game Committee and the Legislature in general to keep a handle on the bear season. Vote 13-3. Rep. Milton A. Cate for Fish and Game.

Amendment

Amend RSA 208:22, I as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

I. The executive director, with the consent of the commission, shall adopt rules, pursuant to RSA 541-A, relative to opening and closing the seasons for the taking of wild black bear, fixing the number of wild black bear that may be taken and any other conditions governing the methods and manner of taking and reporting of the same. The authority of the executive director as granted by this section may be exercised with reference to the state as a whole or for any specified county or part of a county until January 1, 1987; provided, however, the executive director shall set the opening date of the bear season for 1987. Dog training shall be permitted in accordance with RSA 207:12-a.

Amend RSA 208:22, IX(b) as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

(b) Whoever violates the provisions of paragraphs V, VII, VIII, and X shall, if a natural person, be guilty of a misdemeanor, and any other person shall be guilty of a felony.

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Effective Date. This act shall take effect upon its passage.

SB 19, relative to expending fines and forfeitures collected for fish and game violations on certain rewards. Inexpedient to Legislate.

This is a snitch bill which will open up a "can of worms" for the Fish and Game Department. Under present RSA "poachers" can be sufficiently dealt with. Vote 14-3. Rep. Gerald R. Smith for Fish and Game.

SB 28, relative to search and rescue in the White Mountains during the winter months. Refer for Interim Study.

The Committee feels this bill has merit, therefore it should be studied. The Mountain Rescue League, Appalachian Mountain Club and Sierra Club should work with the Committee and Fish and Game Department to come up with possible recommendations for future rescues. Vote 17-0. Rep. Laura Pantelakos for Fish and Game.

HB 233-FN, to fund the acquisition of agriculture land development rights and making an appropriation therefor. Ought to Pass with Amendment.

This bill proposes to fund the acquisition of agriculture land development rights. After the regular hearing a subcommittee met and recommended bonding instead of funding with real estate transfer tax revenues. Bonding was approved by this body in the original 1979 funding. All parties testifying were in favor of funding this bill. Vote 18-1. Rep. Robert H. Grip for Ways and Means.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Appropriation; Bonds Authorized. The sum of \$2,000,000 is hereby appropriated to fund the acquisition of development rights in accordance with RSA 36-D. These funds are in addition to any other appropriation for the same purpose. To provide funds for said appropriation, the state treasurer may borrow upon the credit of the state not exceeding the sum of \$2,000,000 and issue bonds and notes in the name of and on behalf of the state in accordance with RSA 6-A. The bonds issued under this section shall be payable not later than 10 years from their date or dates of issue.

2 Payments. The payment of principal and interest on the \$2,000,000 of the bonds and notes issued for the purposes of section 1 of this act shall be made when due from the general fund.

3 Governor and Council Approval. Amend RSA 36-D by inserting after section 14 the following new section:

36-D:15 Governor and Council Approval. The purchase of any agricultural land preservation restrictions or development rights in the name of the state of New Hampshire or their release, in whole or in part, by the state pursuant to the provisions of this chapter shall be approved by governor and council.

4 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

HB 302-FN, relative to foreclosure deeds and payment of the real estate transfer tax. Ought to Pass with Amendment.

This bill, as amended, puts in place a provisional cigarette tax. The tax increase will be exactly the same as the federal excise tax is reduced. If no reduction, there will be no increase in New Hampshire Cigarette Tax. Vote 16-1. Rep. Roland A. Sallada for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

provisionally increasing the tobacco tax.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Provisional Tax Rate Increase. Amend RSA 78:7 (supp) as amended by striking out said section and inserting in place thereof the following:

78:7 Tax Imposed.

I. A tax upon the retail consumer is hereby imposed at the rate of 12 cents for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all tobacco products sold at retail in this state; provided, however, that such rates shall be increased to the rates of taxation imposed by Vermont on the date the Vermont tobacco tax is increased, except that if Vermont imposes a tax which exceeds the rate of 17 cents for each package containing 20 cigarettes and a rate proportional to such rate for packages containing more or less than 20 cigarettes, then the tax hereby imposed shall be at the rate of 17 cents for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes. The payment of the tax shall be evidenced by affixing stamps to the smallest packages containing the tobacco products in which such products usually are sold at retail. The word "package" as used in this section shall not include individual cigarettes. No tax is imposed on any transactions, the taxation of which by this state is prohibited by the Constitution of the United States.

II. If the increase or any portion thereof in the federal excise tax on cigarettes imposed and in effect on January 1, 1983, Public Law 97-248, section 283(c), is abolished on October 1, 1985, the rate of the tax imposed in paragraph I shall be 20 cents, or at a rate between 12 and 20 cents if the federal excise tax on cigarettes is not completely abolished, for each package

containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all tobacco products sold at retail in this state. In the event that the rate of the tax imposed in paragraph I is increased in order to match any increase in the rate of taxation imposed by Vermont, then any such increase shall also include an additional 8 cents if the increase in the federal excise tax on cigarettes imposed and in effect on January 1, 1983, is abolished on October 1, 1985, or any portion of the increase in the federal excise tax on cigarettes if such increase is not completely abolished.

2 Metering Machines and Stamps to Reflect Increase. If the increase or any portion thereof in the federal excise tax on cigarettes imposed and in effect on January 1, 1983, Public Law 97-248, section 283(c), is abolished on October 1, 1985, then every manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer shall file a report with the commissioner in such form as the commissioner shall prescribe showing cigarettes, stamps, and meter-registered settings on hand at 12:01 a.m. on October 1, 1985. A tax shall then be imposed at the rate of 8 cents, or at a rate between one and 8 cents if the federal excise tax on cigarettes is not completely abolished, for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, and at the rate of 8 cents, or at a rate between one and 8 cents if the federal excise tax on cigarettes is not completely abolished, upon all stamps and all meter-registered settings purchased from the commissioner and not affixed to cigarettes prior to October 1, 1985. The tax imposed under this section shall be due and payable on a one-time basis on or before October 31, 1985. The commissioner shall pay over all revenue collected from the tax imposed under this section to the state treasurer.

3 Effective Date. This act shall take effect upon its passage.

HB 425-FN, relative to the real estate transfer tax. Inexpedient to Legislate.

It was the unanimous opinion of the Committee that the Real Estate Tax may stay at the \$5 and \$5 level so the dollars to the Registers of Deeds will be the same amount as last year. Vote 15-1. Rep. Roland A. Sallada for Ways and Means.

HB 469-FN, providing that 10 percent of business profits tax revenues be deposited in special account in the highway fund. Inexpedient to Legislate.

The Committee felt that this bill (1) attempted to use general funds where highway funds should be properly used, (2) inappropriately restricted Business Profits Taxes to that contribution from each impacted area (county), (3) failed to adequately identify what constitutes an impacted area. Vote 15-0. Rep. Robert C. Hayes for Ways and Means.

HB 489-FN, relative to the business profits tax. Refer for Interim Study.

The Committee felt this bill had merit. However, it was received late, and the Department of Revenue Administration was unable, on short notice, to provide information on the revenue impact of this change. Vote 16-0. Rep. Robert C. Hayes for Ways and Means.

HB 510, modifying the reporting requirement for certain accounts of deceased persons. Ought to Pass with Amendment.

This bill, as amended, modifies the requirements of the form that an executor of an estate must file with the Department of Revenue Administration listing joint property held by the decedent, in cases where the surviving joint tenants or transferees are members of the decedent's family and are thus exempt from the legacies and successions tax. Vote 16-0. Rep. Paul G. Blacketer for Ways and Means.

Amendment

Amend RSA 86:22, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. A report pursuant to paragraph I of this section need describe only the situs and previous title reference of real property and need not state the nature or amount of personal property in the case of any transfers of real or personal property or joint tenancies in which all transferees or surviving joint tenants stand in the relation of husband, wife, lineal ascendant, lineal descendant, or adopted child to the deceased transferor or joint tenant.

HB 555, allowing salaries for state liquor store employees to be based upon store profitability. Refer for Interim Study.

This legislation is one of the recommendations of the Touche, Ross & Co. report on the State Liquor Commission. It is the belief of the Committee that, while such a proposal may be controversial, it does merit further study. Time is needed to explore what an employee bonus plan would look like and what its full implications would be. Vote 15-4. Rep. Thomas B. Connolly for Ways and Means.

HB 680-FN, relative to returnable containers. Inexpedient to Legislate.

The Committee felt that this bill takes care of only a very small portion of the litter problem. It also appears that there will be a burden on the consumer because of extra cost of product. Vote 16-0. Rep. Roland A. Sallada for Ways and Means.

HB 753-FN, to provide a loss carryover under the business profits tax. Refer for Interim Study.

This bill provides a loss carryover under the Business Profits Tax. It was received very late in Committee. The

Subcommittee would have only one meeting. Since this bill could result in a substantial loss of revenue, the Committee felt that further study was mandatory. Vote 16-0. Rep. Frederick G. Ahrens for Ways and Means.

HB 794-FN, relative to legacy and succession tax. Refer for Interim Study. The Committee is of the opinion that this bill merits in-depth study and possible revision. Vote 17-0. Rep. Paul G. Blacketer for Ways and Means.

HBI 2014, relating to consideration of broadening the base of the New Hampshire business profits tax. Ought to Pass.

This Bill of Intent authorizes the consideration of methods to broaden the base of the Business Profits Tax, our largest revenue provider. Vote 18-0. Rep. Frederick T. Ahrens for Ways and Means.

COMMITTEE REPORTS (Regular Calendar)

HB 197-FN, establishing a teacher mentor and grant pilot program and making an appropriation therefor. Recommended but to be Laid on the Table because not funded.

The Committee recognized the amount of work which this bill represents but inasmuch as it was not a top priority of the Education Committee, it felt that the \$330,000 could be better spent elsewhere. Vote 14-5. Rep. Andrea A. Scranton for Appropriations.

Rep. Taffe moved that the words, Refer for Interim Study, be substituted for the report of the committee, Recommended but to be Laid on the Table because not Funded, and spoke to her motion.

Rep. Scranton spoke in favor of the motion.

Motion adopted.

Referred for Interim Study.

HB 355, to acquire abandoned railroad lines and making an appropriation therefor. Ought to Pass.

This bill allows the state foresight to purchase abandoned rail lines as they become available. If we're not ready, we might lose them forever. Vote 9-8. Rep. Lee Anne Steiner for Appropriations.

Ordered to third reading.

HB 441-FN, relative to simulcast racing. Ought to Pass with Amendment.

This bill was amended to provide the opportunity for the tracks to use simulcasting at their live races only. The televised races will be from out of state. The bill is slated to be sunsetted in July, 1987 and this will give everyone a chance to propose legislation at that time based on the experiences of the next two years. Vote 11-4. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the bill by striking out all after section 4 and inserting in place thereof the following:

5 Wagering on Simulcast Races. Amend the introductory paragraph of RSA 284:22 as inserted by 1957, 122:1 as amended by striking out said paragraph and inserting in place thereof the following:

During the calendar years of 1941 - 1991, a licensee under this chapter may sell pari-mutuel pools in accordance with rules adopted by the commission. Pari-mutuel pools shall be sold within the enclosure of the race track where a licensed race or race meet is held, and not elsewhere, except as provided in this paragraph. Pari-mutuel pools may also be sold by licensees on races held at other appropriately licensed racetracks outside the state of New Hampshire, if such sales are within the enclosure of a race track which holds a license for the current year to conduct racing within this state, and if wagers are made on races which are exhibited by television or other means of electronic reproduction at the licensee's track simultaneously with the conduct of each such race at its point of origin. Racing officials, as defined in rules adopted by the commission; any employee or owner of the entity supplying the track's totalizers; and any person responsible for the operation of the electronic reproduction equipment which receives the simulcast shall be prohibited from participating in wagering, directly or indirectly, on simulcast races exhibited at the licensee's track. The restrictions of RSA 284:17-c shall not apply to pari-mutuel wagering on races which are simulcast by television or other means of electronic reproduction under this section. A licensee may simulcast different types of races than those which are actually conducted live at the licensee's track, provided that the licensee shall have received city or town approval under RSA 284:17 to conduct the type of racing which is to be simulcast. A licensee may simulcast races only on days on which live racing is conducted at the licensee's race track. RSA 284:23 shall apply according to the type of race on which the wagers are made, whether live or simulcast. The provision for purses made in paragraph I of this section shall not apply to simulcast races. The commission on simulcast race pools shall be available to the simulcasting licensee to satisfy obligations to the racing association originating such simulcast races or to the horsemen's group of such association.

6 Cross Reference. Amend RSA 284:22, I (supp) as amended by striking out in line 7 the words "Notwithstanding any other provision of law," and inserting in place thereof the following (Except as provided in the introductory paragraph of this section) so that said paragraph as amended shall read as follows:

I. The commission on all win, place and show pari-mutuel pools at tracks or race meets at which running horse races are conducted for public exhibition shall be

uniform throughout the state at the rate of 18 percent of each dollar wagered in such pools, and the commission on all other pari-mutuel pools at such tracks or race meets shall be uniform throughout the state at the rate of 25 percent of each dollar wagered in such pools. Except as provided in the introductory paragraph of this section, the amount of the purse at such tracks or race meets at which running horse races are conducted shall be 7-1/4 percent of each dollar wagered in all pari-mutuel pools, said purse to be paid out of the commission on such pools. In addition to the above commission, 1/2 of the odd cents of all redistribution based on each dollar wagered exceeding a sum equal to the next lowest multiple of 10, known as "breakage", shall be retained by the licensee in addition to the commission above provided, and the balance of such breakage shall be paid to the state treasury for the use of the state in accordance with the provisions of RSA 284:2. Each licensee shall pay the tax provided for in RSA 284:23.

7 Delete Cross Reference. Amend RSA 284:17-c (supp) as inserted by 1981, 570:3 as amended by striking out said section and inserting in place thereof the following:

284:17-c Restriction on Gambling. Notwithstanding any other provision of law, no licensee who holds running horse races shall at the same facility hold any other kinds of races or permit any other type of gambling except harness horse races and activities licensed by the sweepstakes commission.

8 Delete References to Wagering on Simulcast Races. Amend the introductory paragraph of RSA 284:22 (supp) as inserted by 1957, 122:1 as amended by striking out said paragraph and inserting in place thereof the following:

During the calendar years of 1941 - 1991, a licensee under this chapter may sell pari-mutuel pools in accordance with rules adopted by the commission. Pari-mutuel pools shall be sold within the enclosure of the race track where a licensed race or race meet is held, and not elsewhere.

9 Delete Cross Reference. Amend RSA 284:22, 1 (supp) as amended by striking out said paragraph and inserting in place thereof the following:

I. The commission on all win, place and show pari-mutuel pools at tracks or race meets at which running horse races are conducted for public exhibition shall be uniform throughout the state at the rate of 18 percent of each dollar wagered in such pools, and the commission on all other pari-mutuel pools at such tracks or race meets shall be uniform throughout the state at the rate of 25 percent of each dollar wagered in such pools. Notwithstanding any other provision of law, the amount of the purse at such tracks or race meets at which running horse races are conducted shall be 7-1/4 percent of each dollar wagered in all pari-mutuel pools, said purse to be paid out of the commission on such pools. In addition to the above commission, 1/2 of the odd cents of all redistribution based on each dollar wagered exceeding a sum equal to the next lowest multiple of 10, known as

"breakage", shall be retained by the licensee in addition to the commission above provided, and the balance of such breakage shall be paid to the state treasury for the use of the state in accordance with the provisions of RSA 284:2. Each licensee shall pay the tax provided for in RSA 284:23.

10 Repeal. RSA 284:6-a, III, relative to the powers of the commission under the United States Interstate Horseracing Act, is hereby repealed.

11 Effective Date.

1. Sections 7, 8, 9, and 10 of this act shall take effect July 1, 1987.

11. The remainder of this act shall take effect upon its passage.

Rep. Nancy Ford moved that the words, Inexpedient to Legislate, be substituted for the report of the Committee, Ought to Pass with Amendment, spoke to her motion, and yielded to questions.

Reps. Thompson and Kelley spoke against the motion.

Reps. Rounds and Michael King spoke against the motion and yielded to questions.

Reps. Russell Chase and Keans spoke in favor of the motion.

A roll call was requested. Sufficiently seconded.

Rep. Ralph Torr notified the Clerk that he inadvertently voted yea and meant to vote nay.

Question now being on the Committee amendment.

Amendment adopted.

Ordered to third reading.

HB 455-FN, establishing a task force to develop a teacher evaluation model and training component and making an appropriation therefor. Inexpedient to Legislate.

The Committee felt this was not a priority item. Vote 11-7. Rep. Andrea A. Scranton for Appropriations.

Resolution adopted.

HB 462-FN, relative to transferring liquor investigators from group I to group II in the New Hampshire retirement system, and group II member and employer contributions relative to FICA payments. Inexpedient to Legislate.

The Appropriations Committee was not convinced that the nature of the liquor inspectors' jobs had changed significantly enough to justify a switch to group II retirement. Present members in the Group II retirement system hold positions that require physical fitness, agility and quickness, plus the strength to aid victims or restrain prisoners. The job description for liquor inspectors does not necessarily require the physical stamina associated with other group II members. There tends to be confusion over hazardous duty and justifiable mandatory retirement after 20 years service.

Allowing new personnel into the Group II retirement system automatically increases the state's contribution to the retirement fund and consequently convincing evidence should be apparent before this move is recommended. Vote 16-4. Rep. Margaret A. Ramsay for Appropriations.

Rep. Wayne King moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Ward, Franklin Torr and Howard Townsend spoke against the motion.

Reps. Hutchings, Powers, Scamman and Patti Blanchette spoke in favor of the motion and yielded to questions.

Rep. Ramsay spoke against the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

A division was requested.

Rep. Hayes abstained from voting under Rule 16.

87 members having voted in the affirmative and 260 in the negative, the motion lost.

Resolution adopted.

HB 629-FN, to include county jail and house of correction personnel in group II of the New Hampshire retirement system upon the approval of the county convention. Inexpedient to Legislate.

The majority of the Committee feels county correctional officers are properly covered in group I. The adoption of this measure would have been optional subject to county convention approval, but it was felt the cost would be high. Vote 15-7. Rep. Franklin Torr for Appropriations.

Rep. Dupont moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Rep. Franklin Torr spoke in favor of the motion.

On a voice vote the Speaker was in doubt and requested a division.

154 members having voted in the affirmative and 179 in the negative, the motion lost.

Resolution adopted.

HB 660-FN, relative to benefits for part-time state employees. Inexpedient to Legislate.

Part-time employment is a legitimate method of covering the requirements of intensive build up of work for short periods and for limited and specialized demands. To accept the expenses and benefits of proportional employment is destructive of the potential savings. People taking these positions are informed and accept the conditions at the time of employment. Vote 12-6. Rep. Margaret A. Ramsay for Appropriations.

Resolution adopted.

HB 417-FN, increasing the tax on gross receipts from boxing bouts. Inexpedient to Legislate.

This legislation would not raise any money for the state of New Hampshire as the amount raised in 1983-84 did not exceed \$500. Vote 12-6. Rep. Roland A. Sallada for Ways and Means.

Resolution adopted.

HB 747, relative to litter control and recycling. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: It is the opinion of the majority of the Committee that HB 747 best addresses the entire litter program. This bill provides funding for New Hampshire the Beautiful, Inc. to continue their comprehensive program of increased public awareness, litter pick-up, and the encouragement of recycling in local communities. The program has had an outstanding track

record thus far and has encouraged a good deal of volunteer and student participation. This bill will cost the consumer much less than a returnable container bill. When enacted, HB 747 puts litter in its place, not back in the grocery store. Vote 9-7. Rep. Roland A. Sallada for the Majority of Ways and Means.

MINORITY: At a time of government reorganization we should not be establishing another quasi-governmental agency to do the work which three state agencies are now authorized to do. The Highway Department has a mandate to pick up litter, with funding from the beer tax; the Division of Waste Management is charged with resource recovery and recycling, and the Education Department could provide leadership in Environmental Education. The bill does not address the problem of landfills. (Reps. Barbara Zeckhausen, Marian R. Harrington, Paul G. Blacketer, Henry F. Whitcomb for the Minority of Ways and Means.)

Rep. Zeckhausen moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, spoke to her motion and yielded to questions.

Reps. Harold Burns, Sallada, Rodeschin, Ahrens and Tamposi spoke against the motion.

Rep. Scamman spoke in favor of the motion and yielded to questions.

Reps. Marian Harrington, Saunders, Bruce Packard, Blacketer and Patti Blanchette spoke in favor of the motion.

Rep. Connolly spoke against the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Hayes abstained from voting under Rule 16.

A roll call was requested. Sufficiently seconded.

HB 433-FN, establishing an academy of science, arts and technological innovation. Inexpedient to Legislate.

This bill would establish a completely new program and concept. With so many current programs in need of state funds, the Committee felt it would not justify the cost of this at this time. Vote 17-2. Rep. Andrea A. Scranton for Appropriations.

Rep. M. Arnold Wight moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

HB 686-FN, relative to information required on birth, marriage and death certificates. Inexpedient to Legislate.

This bill attempts to rectify current inconsistencies in data reporting helpful for historical research. The Committee could not determine a clear idea of the fiscal impact on cities and towns and was concerned that the impact might be substantial. Vote 19-2. Rep. Edward D. Densmore for Appropriations.

Rep. Dickinson moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Rounds and Chambers offered an amendment.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Continuing Rate of Transfer Tax. Amend RSA 78-B:1, I (supp) as inserted by 1967, 320:1 as amended by striking out said paragraph and inserting in place thereof the following:

1. A tax is imposed upon the sale, granting and transfer of real estate and any interest therein, other than by devise or by the laws regulating intestate succession and descent. The rate of the tax is \$.50 per \$100, or fractional part thereof, of the price or consideration for such sale, grant or transfer; except that where the price or consideration is \$2,000 or less there shall be a minimum tax of \$20. Notwithstanding the foregoing provisions, there shall be no tax as exempted by RSA 78-B:2.

2 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

Rep. Ellyson notified the Clerk that he wished to be recorded against HB 189.

HB 214-FN, establishing a special fund in the highway fund for litter removal, funded by 1/15 of beer tax revenues; reimbursing the highway fund for 1985 litter removal costs and making an appropriation therefor; and transferring excess litter removal funds to the statewide lilac account. Inexpedient to Legislate.

The Committee felt that the essential elements of this bill have been included in the amendment to HB 747, and accordingly this bill should be deemed Inexpedient to Legislate. Vote 16-0. Rep. Robert C. Hayes for Ways and Means.

Resolution adopted.

HB 289-FN, imposing a 3 percent tax on the gross business profits of business organizations operating in New Hampshire for the purpose of reducing real property taxes. Ought to Pass with Amendment.

This bill, as amended, covers a small increase in the basic Business Profits Tax to 8.1%. In the event additional revenues are required this rate can be amended. Vote 17-0. Rep. Frederick G. Ahrens for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing the rate of the business profits tax.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Rate Increased. Amend RSA 77-A:2 (supp) as inserted by 1970, 5:1 as amended by striking out said section and inserting in place thereof the following:

77-A:2 Imposition of Tax. A tax is imposed at the rate of 8.1 percent upon the

taxable business profits of every business organization.

2 Effective Date. This act shall take effect July 1, 1985.

Reps. Rounds and Chambers spoke against the amendment.

Amendment lost.

HB 619-FN, relative to the penalty for underpayment of estimated taxes. Ought to Pass with Amendment.

This bill takes care of the sponsor's intent and takes care of housekeeping as requested by the Department of Revenue Administration. Vote 16-0. Rep. Roland A. Sallada for Ways and Means.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

amending the penalty for the underpayment of estimated taxes, the interest and dividends tax and certain definitions in the business profits tax.

1 Statement of Purpose. Recognizing that the business profits tax is structured to tax the net taxable income of business organizations at the entity level, the statutory language of the business profits tax should therefore clearly indicate that the federal method of taxing certain income to the true owners rather than at the entity level is not incorporated into the business profits tax. Recognizing further that since estimated tax payments are now required on most taxes administered by the department of revenue administration, it is also appropriate to modify the general penalty provision for underpayment of estimated taxes administered by the department of revenue administration to reflect the broadened requirement for the payment of estimated taxes.

2 Change in Penalty for Underpayment of Estimated Tax. Amend RSA 71-A:37 (supp) as inserted by 1975, 439:3 as amended by

striking out said section and inserting in place thereof the following:

71-A:37 Penalty for Underpayment of Estimated Tax.

I. Except as provided in paragraphs IV and VI, in the case of any underpayment of estimated tax by a taxpayer, there shall be added to the tax for the taxable year an amount determined at the rate of 1-1/4 percent per month on the amount of the underpayment for the period of the underpayment.

II. For the purposes of paragraph I, the amount of the underpayment shall be the excess of:

(a) The amount of the installment which would be required to be paid if the estimated tax were equal to 90 percent of the tax shown on the return for the taxable year or, if no return was filed, 90 percent of the tax for such year; over

(b) The amount, if any, of the installment paid on or before the last date prescribed for payment.

III. The period of the underpayment shall run from the date the installment was required to be paid under RSA 77-A:7, I; 77:18, III; 82:20, III; 83-C:4; or 84:16-f, II to whichever of the following dates is the earlier:

(a) The due date of the return required by RSA 77-A:6, I; 77:18, I; 82:20, I; 83-C:3; or 84:16-a through 16-d;

(b) With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this paragraph, a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under subparagraph II(a).

IV. Notwithstanding the provisions of paragraphs I, II, and III, and subject to the special rule for large business organizations utilized for purposes of RSA 77-A and as further specified in paragraph V, the penalty with respect to any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser:

(a) The tax shown on the return of the taxpayer for the preceding taxable year, if a return showing a liability for tax was filed by the taxpayer for the preceding taxable year and such preceding year was a taxable year of 12 months.

(b) An amount equal to the tax computed at the rates applicable to the taxable year but otherwise on the basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding taxable year.

(c)(1) An amount equal to 90 percent of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(A) For the first 3 months of the taxable year in the case of the installment required to be paid in the fourth month;

(B) For the first 3 months or the for first 5 months of the taxable year in the case of the installment required to be paid in the sixth month;

(C) For the first 6 months or for the first 8 months of the taxable year in the case of the installment required to be paid in the ninth month; and

(D) For the first 9 months or for the first 11 months of the taxable year in the case of the installment required to be paid in the twelve month of the taxable year.

(2) For the purposes of this paragraph, the taxable income shall be placed on an annualized basis by:

(A) Multiplying by 12 the taxable income referred to in subparagraph IV(c)(1); and

(B) Dividing the resulting amount by the number of months in the taxable year, whether 3, 5, 6, 8, 9, or 11, as the case may be, referred to in subparagraph IV(c)(1).

V. For purposes of RSA 77-A, large business organizations shall pay a minimum percentage of current year tax as follows:

(a) For taxable years beginning before 1984, in the case of a large business organization, the amount treated as the estimated tax for the taxable year under subparagraphs IV(a) and (b) shall in no event be less the 75 percent of:

(1) The tax shown on the return for the taxable year; or

(2) If no return was filed, the tax for such year.

(b) For taxable years beginning after 1983, in the case of a large business organization, subparagraphs IV(a) and (b) shall not apply.

(c) For the purposes of this paragraph, the term "large business organization" means any business organization defined in RSA 77-A:1, I if such business organization, or any predecessor business organization, had taxable income of \$1,000,000 or more for any taxable year during the testing period. For the purposes of this subparagraph, the term "testing" means the 3 taxable years immediately preceding the taxable year involved.

VI. Notwithstanding any other provisions of this section, if a taxpayer fails to pay taxes when they are due and is subsequently penalized under RSA 71-A:38 for his failure to pay, the failure to pay shall not be considered an underpayment of estimated tax, and no penalty shall be imposed upon the taxpayer under this section.

3 Excluding Penalty for Underpayment of Estimated Tax. Amend the introductory paragraph of RSA 71-A:38 (supp) as inserted by 1975, 439:3 by striking out said paragraph and inserting in place thereof the following:

In addition to amounts due under RSA 71-A:36, penalties shall be imposed for failure to pay taxes when, and as due, as follows:

4 Change in Interest Rate During Period of Extension. Amend RSA 77:18-b (supp) as inserted by 1981, 314:7 by striking out in line 6 the number "1.5" and inserting in place thereof the following (1-1/4) so that said section as amended shall read as follows:

77:18-b Extension of Time for Returns. For good cause, the commissioner may extend the time within which a taxpayer is required to file a return. If such return is filed during the period of extension no penalty or late payment charge may be imposed for failure to file the return at the time required by this chapter. However, the taxpayer shall be liable for interest at the rate of 1-1/4 percent per month on payments not made when they otherwise would be due had the extension not been granted.

5 Change in Interest and Dividends Tax. Amend RSA 77 by inserting after section 21 the following new section:

77:21-a Interest. Any taxpayer who fails to make payment when due shall be subject to interest computed at the rate of 1-1/4 percent per month from the date the taxes are due to the date payment is actually made; provided, however, that when an extension of time to file is granted under RSA 77:18-b and payment has not been made within the extended period, the date such taxes are due shall be the original date for payment provided in RSA 77:18 for purposes of calculating interest, late payment charges, and late filing fees.

6 Change in Definition of Business Organization. Amend RSA 77-A:1, I (supp) as inserted by 1970, 5:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. "Business organizations" means any enterprise, whether corporation, partnership, proprietorship, association, business trust, real estate trust or other form of organization, organized for gain or profit, carrying on any business activity within the state, except such enterprises as are expressly made exempt from income taxation under the United States Internal Revenue Code (1954) as amended. Each enterprise under this definition shall be subject to taxation under RSA 77-A:2 as a separate entity, unless specifically authorized by this chapter to be treated otherwise, such as, but not limited to, combined reporting. The use of consolidated returns as defined in the United States Internal Revenue Code (1954) as amended is not permitted. A partnership, estate, trust, "S" corporation, real estate investment trust, regulated investment company, or any other such entity whose net income is reportable by the true owners either directly or indirectly shall be subject to tax at the entity level, and no part of such earnings or loss shall be included in the calculation of the gross business profits of the owners of such entity.

7 Change in Definition of Gross Business Profits. Amend RSA 77-A:1, III(e) (supp) as inserted by 1970, 5:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(e) In the case of a trust, estate, or any other business organization engaging in business activity, the amount of net profit from such business activity and the net amount of any gains from the sale of assets held for use in business activity.

8 Change in Definition of Taxable Business Profits. Amend RSA 77-A:1, IV (supp) as inserted by 1970, 5:1 as amended by striking out said paragraph and inserting in place thereof the following:

IV. "Taxable business profits" means gross business profits adjusted by the additions and deductions provided in RSA 77-A:4 and then adjusted by the method of apportionment provided in RSA 77-A:3.

9 Business Asset Defined. Amend RSA 77-A:1 by inserting after paragraph X the following new paragraph:

XI. "Business asset" means any tangible or intangible property, whether real or personal, previously used, currently used, or available for use in any business activity.

10 Change in Additions and Deductions. Amend RSA 77-A:4, IV (supp) as inserted by 1970, 5:1 as amended by striking out said paragraph and inserting in place thereof the following:

IV. In the case of a corporation which is the parent of an affiliated group pursuant to the provisions of chapter 6 of the United States Internal Revenue Code (1954) as amended, a deduction of such amounts of gross business profits as are derived from dividends paid to the parent by a subsidiary or subsidiaries whose gross business profits have already been subject to taxation under this chapter. This deduction shall be limited by multiplying the applicable apportionment percentage of the dividend payor as determined by RSA 77-A:3 by the dividend paid from each dividend paying affiliate which derives gross business profits from business activity both within and without this state. The purpose of this deduction is to prevent double taxation on the identical gross business profits of a controlled corporation or group of corporations and its parents.

11 Effective Date. This act shall take effect upon its passage and shall apply to returns and taxes due on account of taxable periods ending after June 30, 1985.

Amendment adopted.

Rep. Marian Harrington offered an amendment.

(b) The amount, if any, of the installment paid on or before the last date prescribed for payment.

III. The period of the underpayment shall run from the date the installment was required to be paid under RSA 77-A:7, I; 77:18, III; 82:20, III; 83-C:4; or 84:16-f, II to whichever of the following dates is the earlier:

(a) The due date of the return required by RSA 77-A:6, I; 77:18, I; 82:20, I; 83-C:3; or 84:16-a through 16-d;

(b) With respect to any portion of the underpayment, the date on which such portion is paid. For purposes of this paragraph, a payment of estimated tax on any installment date shall be considered a payment of any previous underpayment only to the extent such payment exceeds the amount of the installment determined under subparagraph II(a).

IV. Notwithstanding the provisions of paragraphs I, II, and III, and subject to the special rule for large business organizations utilized for purposes of RSA 77-A and as further specified in paragraph V, the penalty with respect to any installment shall not be imposed if the total amount of all payments of estimated tax made on or before the last date prescribed for the payment of such installment equals or exceeds the amount which would have been required to be paid on or before such date if the estimated tax were whichever of the following is the lesser:

(b) An amount equal to the tax computed at the rates applicable to the taxable year but otherwise on the basis of the facts shown on the return of the taxpayer for, and the law applicable to, the preceding taxable year.

(c)(1) An amount equal to 90 percent of the tax for the taxable year computed by placing on an annualized basis the taxable income:

(A) For the first 3 months of the taxable year in the case of the installment required to be paid in the fourth month;

(B) For the first 3 months or the first 5 months of the taxable year in the case of the installment required to be paid in the sixth month;

(C) For the first 6 months or for the first 8 months of the taxable year in the case of the installment required to be paid in the ninth month; and

(D) For the first 9 months or for the first 11 months of the taxable year in the case of the installment required to be paid in the twelve month of the taxable year.

(2) For the purposes of this paragraph, the taxable income shall be placed on an annualized basis by:

(A) Multiplying by 12 the taxable income referred to in subparagraph IV(c)(1); and

(B) Dividing the resulting amount by the number of months in the taxable year, whether 3, 5, 6, 8, 9, or 11, as the case may be, referred to in subparagraph IV(c)(1).

V. For purposes of RSA 77-A, large business organizations shall pay a minimum percentage of current year tax as follows:

(a) For taxable years beginning before 1984, in the case of a large business organization, the amount treated as the estimated tax for the taxable year under subparagraphs IV(a) and (b) shall in no event be less than the 75 percent of:

(1) The tax shown on the return for the taxable year; or

(2) If no return was filed, the tax for such year.

(b) For taxable years beginning after 1983, in the case of a large business organization, subparagraphs IV(a) and (b) shall not apply.

(c) For the purposes of this paragraph, the term "large business organization" means any business organization defined in RSA 77-A:1, I if such business organization, or any predecessor business organization, had taxable income of \$1,000,000 or more for any taxable year during the testing period. For the purposes of this subparagraph, the term "testing" means the 3 taxable years immediately preceding the taxable year involved.

VI. Notwithstanding any other provisions of this section, if a taxpayer fails to pay taxes when they are due and is subsequently penalized under RSA 71-A:38 for his failure to pay, the failure to pay shall not be considered an underpayment of estimated tax, and no penalty shall be imposed upon the taxpayer under this section.

3 Excluding Penalty for Underpayment of Estimated Tax. Amend the introductory paragraph of RSA 71-A:38 (supp) as inserted by 1975, 439:3 by striking out said paragraph and inserting in place thereof the following:

In addition to amounts due under RSA 71-A:36, penalties shall be imposed for failure to pay taxes when, and as due, as follows:

4 Change in Interest Rate During Period of Extension. Amend RSA 77:18-b (supp) as inserted by 1981, 314:7 by striking out in line 6 the number "1.5" and inserting in place thereof the following (1-1/4) so that said section as amended shall read as follows:

77:18-b Extension of Time for Returns. For good cause, the commissioner may extend the time within which a taxpayer is required to file a return. If such return is filed during the period of extension no penalty or late payment charge may be imposed for failure to file the return at the time required by this chapter. However, the taxpayer shall be liable for interest at the rate of 1-1/4 percent per month on payments not made when they otherwise would be due had the extension not been granted.

5 Change in Interest and Dividends Tax. Amend RSA 77 by inserting after section 21 the following new section:

77:21-a Interest. Any taxpayer who fails to make payment when due shall be subject to interest computed at the rate of 1-1/4 percent per month from the date the taxes are due to the date payment is actually made; provided, however, that when an extension of time to file is granted under RSA 77:18-b and payment has not been made within the extended period, the date such taxes are due shall be the original date for payment provided in RSA 77:18 for purposes of calculating interest, late payment charges, and late filing fees.

6 Change in Definition of Business Organization. Amend RSA 77-A:1, I (supp) as inserted by 1970, 5:1 as amended by striking out said paragraph and inserting in place thereof the following:

I. "Business organizations means any enterprise, whether corporation, partnership, proprietorship, association, business trust, real estate trust or other form of organization, organized for gain or profit, carrying on any business activity within the state, except such enterprises as are expressly made exempt from income taxation under the United States Internal Revenue Code (1954) as amended. Each enterprise under this definition shall be subject to taxation under RSA 77-A:2 as a separate entity, unless specifically authorized by this chapter to be treated otherwise, such as, but not limited to, combined reporting. 7 Change in Definition of Gross Business Profits. Amend RSA 77-A:1, III(e) (supp) as inserted by 1970, 5:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(e) In the case of a trust, estate, or any other business organization engaging in business activity, the amount of net profit from such business activity and the net amount of any gains from the sale of assets held for use in business activity.

8 Change in Definition of Taxable Business Profits. Amend RSA 77-A:1, IV (supp) as inserted by 1970, 5:1 as amended by striking out said paragraph and inserting in place thereof the following:

IV. "Taxable business profits" means gross business profits adjusted by the additions and deductions provided in RSA 77-A:4 and then adjusted by the method of apportionment provided in RSA 77-A:3.

9 Business Asset Defined. Amend RSA 77-A:1 by inserting after paragraph X the following new paragraph:

XI. "Business asset" means any tangible or intangible property, whether real or personal, previously used, currently used, or available for use in any business activity.

10 Effective Date. This act shall take effect upon its passage and shall apply to returns and taxes due on account of taxable periods ending after June 30, 1985.

Rep. Marian Harrington explained the amendment.

Reps. Hayes, Rounds and Krasker spoke in favor of the amendment.

Amendment adopted.

Ordered to third reading.

Rep. Tucker, for the entire House of Representatives, offered the following:

HOUSE RESOLUTION NO. 32

memorializing former Representative Elwin Allen Parker of Warner.

WHEREAS, we have learned with sorrow of the death of former Representative Elwin Allen Parker, affectionately known to all as Ace Parker, and

WHEREAS, Ace Parker was elected to the New Hampshire House of Representatives for the 1981-82 Session and served as a member of the Standing Committee for Executive Departments and Administration, and

WHEREAS, Ace Parker served his community and state in various capacities including as Chairman of the Warner Planning Board; as Executive Director of the New Hampshire Republic State Committee; and as Executive

Secretary of the New England Republican Council, and

WHEREAS, Ace Parker entered the United States Navy in 1935; graduated from the United States Naval Academy in 1941 after receiving a Presidential appointment; and retired from military service in 1965 as a full Captain after twenty-four years as a combat pilot, and

WHEREAS, Ace Parker was a survivor of the attack on Pearl Harbor and accumulated numerous military awards and ribbons including the Distinguished Flying Cross, now therefore be it

RESOLVED, by the House of Representatives in regular session convened, that Ace Parker's outstanding record of public and military service receive highest commendation and public recognition, and be it further

RESOLVED, that expressions of sympathy be extended to his family, and that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote of silent prayer.

Rep. Tucker, for the entire House of Representatives, offered the following:

HOUSE RESOLUTION NO. 33

memorializing former Representative William W. Corey of Manchester.

WHEREAS, we have learned with sorrow of the death of former Representative William W. Corey, and

WHEREAS, William W. Corey, between 1955 and 1979, was elected to five terms in the New Hampshire House of Representatives, faithfully serving his constituents in the 27th District of Hillsborough County, and

WHEREAS, William W. Corey served devotedly on the Standing Committees for Education; Public Health; and State Institutions, earning the respect and admiration of his colleagues for his legislative wisdom and infectious sense of humor, and

WHEREAS, William W. Corey was a gifted and appreciated entertainer whose old-time vaudeville-style song and dance routines provided his fellow Representatives with many felicitous moments during lulls and during those times when sessions became long and arduous, and

WHEREAS, William W. Corey was a man of great vigor and civic-mindedness who gave freely of his time and energies to numerous organizations including the Manchester Association for Retarded Children, the Manchester Property Owners and Tenants Association, and the Knights of Columbus, now therefore be it

RESOLVED, by the New Hampshire House of Representatives in regular session convened, that William W. Corey be publicly recognized and given highest commendation for his service and dedication to the State and its residents, and be it further

RESOLVED, that a suitable copy of this Resolution be prepared for presentation to his family.

Unanimously adopted by a rising vote of silent prayer.

Rep. Tucker offered the following:

HOUSE RESOLUTION NO. 31

commemorating the Days of Remembrance of the Victims of the Holocaust April 14-21, 1985.

WHEREAS, forty years ago, six million Jews were murdered in the Nazi Holocaust as part of a systematic program of genocide, and millions of other people perished as victims of Nazism, and

WHEREAS, the people of New Hampshire should always remember the atrocities committed by the Nazis so that such horrors may never be repeated, and

WHEREAS, the people of New Hampshire should continually rededicate themselves to the principle of equal justice for all people, and

WHEREAS, the people of New Hampshire should remain eternally vigilant against all tyranny and recognize that bigotry provides a breeding ground for tyranny to flourish, and

WHEREAS, April 18 has been designated pursuant to an Act of Congress and internationally as a Day of Remembrance of Victims of the Nazi Holocaust known as Yom Hashoah, and

WHEREAS, it is appropriate for the people of New Hampshire to join in the international commemoration, now therefore be it

RESOLVED, by the New Hampshire House of Representatives in Regular Session convened, that in memory of the victims of the Holocaust and in the hope that we will strive always to overcome prejudice and inhumanity through education, vigilance and resistance, that the New Hampshire House of Representatives observe the week of April 14 through April 21, 1985 as the Days of Remembrance of the Victims of the Holocaust.

Unanimously adopted by a rising vote of silent prayer.

COMMITTEE REPORTS
(Consent Calendar)

HB 4-FN, establishing a new formula for distributing foundation aid to school districts, and making an appropriation therefor, and continuing the rate of the real estate transfer tax. Ought to Pass with Amendment.

This bill passed the house decisively on a voice vote. It establishes a new formula for distributing foundation aid to school districts. Three sections of the bill are omitted by the amendment. Two sections dealt with the continuation of the real estate transfer tax and one section with the establishment of a specific appropriation. The tax issues should be addressed by the Ways and Means Committee, and the appropriation to fully fund this bill has been included in HB 400, the operating budget bill. The amendment further makes dates within the bill consistent and corrects the aid distribution problem in one school district. Vote 19-2. Rep. Ellen-Ann Robinson for Appropriations.

Amendment

Amend the bill by striking out sections 8, 9 and 10 and inserting in place thereof the following:

8 Education Committee to Review Weights. The education committee of the house of representatives and the senate education committee are hereby directed to review jointly the weight factors established in RSA 198:27, IX inserted by this act to determine if they continue to reflect accurately the costs of educating the pupils to whom they are designated. The education committees shall study the weight factors every 2 years beginning on January 1, 1986. The education committees shall, if necessary, introduce legislation to adjust the weight factors.

9 Time of Computation for First Fiscal Year. Notwithstanding RSA 198:32, for the fiscal year ending June 30, 1986, the information on resident membership which the school districts are required to submit to the commissioner of education as directed in RSA 198:32 shall be submitted to the commissioner within 30 days after the effective date of this act. The department of education shall calculate and make available to the school districts the amount of foundation aid which each school district shall receive for the fiscal year ending June 30, 1986, within 90 days after the effective date of this act.

10 Adjustment of Aid.

I. For the fiscal year ending June 30, 1986, no school district shall receive less money in foundation aid under this act than that school district received from the total of sweepstakes funds, foundation aid, special education basic aid, and business profits tax funds applied to the local school district assessment by the department of revenue administration, in the fiscal year ending June 30, 1985.

II. Notwithstanding any other law to the contrary, the amount of foundation

aid to be paid to school districts which will receive less money in fiscal years 1987, 1988, and 1989 under RSA 198:29 than they received in fiscal year 1985 from sweepstakes funds, foundation aid funds, business profits tax funds applied to the local school district assessment by the department of revenue administration, and special education basic aid, combined, shall be reduced by the following amounts, provided that cooperative school districts formed by 2 or more pre-existing districts whose boundaries approximate those of a single township in which they are located shall be treated as a single school district:

(a) In 1987, 25 percent of the difference between the amount of foundation aid, sweepstakes funds, business profits tax funds applied to the local school district assessment by the department of revenue administration, and special education basic aid, combined, which the school district received in fiscal year 1985 and the amount the school district should receive in 1987 under the provisions of this subdivision;

(b) In 1988, 50 percent of the difference between the amount of foundation aid, sweepstakes funds, business profits tax funds applied to the local school district assessment by the department of revenue administration, and special education basic aid, combined, which the school district received in fiscal year 1985 and the amount the school district would receive in 1988 under the provisions of this subdivision;

(c) In 1989, 75 percent of the difference between the amount of foundation aid, sweepstakes funds, business profits tax funds applied to the local school district assessment by the department of revenue administration, and special education basic aid, combined, which the school district received in fiscal year 1985 and the amount the school district would receive in 1989 under the provisions of this subdivision.

III. In those cooperative school districts formed by 2 or more pre-existing districts whose boundaries approximate those of a single township in which they are located and which have, prior to 1985, maintained separate tax rates within the pre-existing districts, the foundation aid to which they are entitled under this act shall be allocated to the pre-existing districts in the same proportion as sweepstakes funds, foundation aid, special education basic aid, and business profits tax funds applied to the local school district assessment by the department of revenue administration, were distributed prior to the effective date of this act.

Amend the bill by striking out sections 11, 12, and 13 and renumbering sections 14, 15 and 16 to read as 11, 12, and 13, respectively.

HB 186-FN, relative to the licensing of home health care providers and making an appropriation therefor. Ought to Pass with Amendment.

Testimony indicated that funding for this bill could be reduced. The bill is

amended to provide \$16,000 in FY 86 for steno and equipment. The sum of \$14,500 is appropriated for FY 87. Vote 19-1. Rep. John J. Kane for Appropriations.

Amendment

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Appropriation. There is hereby appropriated to the division of public health services the sum of \$16,000 for the fiscal year ending June 30, 1986, and the sum of \$14,500 for the fiscal year ending June 30, 1987, for the purposes of carrying out the provisions of this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

HB 225-FN, creating the Connecticut River Valley resource authority and making an appropriation therefor. Ought to Pass with Amendment.

The Committee voted unanimously to fund the Connecticut Valley Resource Authority. It was felt that this authority would provide a widely supported mechanism to enhance and protect the recreational potential, tourist economy, agricultural and historical resources of the region. The amendment removes the money for the bonding for easement and developmental rights. Vote 18-0. Rep. Jeffrey Miller for Appropriations.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Sunset. There is hereby created a PAU for the Connecticut River Valley resource authority established by section one of this act which shall expire on the same date as the PAU for the division of parks and recreation, department of resources and economic development, is scheduled for expiration, unless renewed by the general court under RSA 17-G.

Amend the bill by striking out sections 5 and 6 and renumbering the original section 7 to read as 5.

HB 233-FN, to fund the acquisition of agriculture land development rights and making an appropriation therefor. Ought to Pass.

The Appropriations Committee felt that this was an important bill and voted overwhelmingly to support it. Vote 20-0. Rep. Margaret A. Ramsay for Appropriations.

HB 259-FN, providing an evaluation of state route 101A corridor in the Nashua region and making an appropriation therefor. Ought to Pass with Amendment.

This evaluation will focus upon the land use and traffic problems on state route 101A in Nashua including a consideration of alternative corridors and also input from the Regional Planning Commission is required. Vote 20-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Appropriation. The sum of \$100,000 is hereby appropriated to the department of public works and highways, for a comprehensive evaluation of the land use and traffic problems on state Route 101A between the F.E. Everett turnpike and the Route 101 interchange at the Milford bypass. The evaluation shall include input from the regional planning commission to consider a comprehensive improvement program for the highway including a consideration of alternative corridors. The connection of the new Route 101A bypass shall be coterminous with the northern connection of the circumferential highway around the city of Nashua. The department may accept any federal funds that may be available for this project, and this appropriation shall be reduced by the amount of any federal funds made available. The sum hereby appropriated shall be made from the highway fund.

HB 264, relative to improvements to the central New Hampshire turnpike and making an appropriation therefor. Ought to Pass.

This bill corrects an estimate that was too low in the 1983 legislation and allows the project to go forward. Vote 19-0. Rep. Paul I. LaMott for Appropriations.

HB 310, relative to capital improvements to the administrative office building of the department of employment security and making an appropriation therefor. Ought to Pass.

This allows needed expansion and renovation of the Employment Security's Administration Building with funds set aside by the Social Security Act for such purpose. Vote 18-0. Rep. Paul I. LaMott for Appropriations.

HB 327, relative to the Laconia by-pass in the town of Gilford and the by-pass around the town of Conway and making an appropriation therefor. Ought to Pass with Amendment.

This bill would provide a ramp onto Route 11 from the Laconia by-pass which would alleviate traffic backups in the area and make for a smoother flow of traffic. Vote 18-0. Rep. Lee Anne Steiner for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the Laconia by-pass in the town of Gilford and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Appropriation. The sum of \$400,000 is hereby appropriated to the department of public works and highways for the construction of a ramp to directly serve Route 11 easterly from the Laconia by-pass to the town of Gilford. The commissioner of the department of public works and highways is hereby directed to prioritize this project to begin construction within the biennium ending June 30, 1987. Of this appropriation, \$100,000 shall be a charge against the highway fund and \$300,000 shall be federal funds. This appropriation shall be in addition to any other appropriation for the department of public works and highways for the biennium and shall be non-lapsing.

2 Effective Date. This act shall take effect upon its passage.

HB 351, increasing the appropriation for construction and improvements to the central New Hampshire turnpike. Ought to Pass with Amendment.

The amendment allows the design and planning to include exit 1 and improvements to the Massachusetts border. Vote 18-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Authority Granted. Amend RSA 237:2, IV (supp) as inserted by 1983, 427:1 and 1983, 76:1 by striking out said paragraphs and inserting in place thereof the following:

IV. Make improvements to the central New Hampshire turnpike, including, but not limited to:

(a) The design and right of way acquisition for improvements to the central New Hampshire turnpike in Nashua between the Massachusetts line and exit 3 to include improvements to exit 1, a new interchange at exit 2 which connects to a new interchange at the Daniel Webster highway and provisions for additional lanes on the turnpike between the state line and exit 3.

(b) Construction of a new exit 7W in Nashua.

(c) Reconstruction of exit 8 in Merrimack to remove the current toll plaza providing toll collection equipment on the on and off ramps.

(d) Construction of the main line toll plaza in Bedford.

(e) Continue design and engineering of the modernization of the central turnpike.

4 Effective Date. This act shall take effect 60 days after its passage.

HB 353, relative to the rehabilitation of certain rail lines and making an appropriation therefor. Ought to Pass with Amendment.

This bill makes it possible for operating rail lines to have rehabilitation funds and the state to have assurance that the money will be spent properly under supervision. Vote 19-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to rehabilitation of certain rail lines and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Rehabilitation of Certain Branch Lines. The railroad division of the department of public works and highways is hereby authorized to rebuild, modernize and maintain the Portsmouth-Seabrook, Rollingsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord railroad branch lines. The general court recognizes that the continuation of these branch lines depends upon their rebuilding, modernization and maintenance.

2 Appropriation. There is hereby appropriated to the railroad division of the department of public works and highways for the purposes of section one of this act the sum of \$2,515,000 to be used for the purposes of rebuilding, modernization and maintenance of the Portsmouth-Seabrook, Rollingsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord branch lines. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Bonds Authorized. To provide funds for the appropriation made in section 2 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$2,515,000 and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A. Payments of principal and interest of the bonds shall be made from the general funds of the state.

4 Separate Funds. The moneys appropriated by section 2 of this act and the moneys transferred by section 6 of this act shall be placed in separate non-lapsing accounts established as follows:

I. \$460,000 to be used for the rebuilding, modernization and maintenance of the Portsmouth-Seabrook branch line.

II. \$400,000 to be used for the rebuilding, modernization and maintenance of the Rochester-Ossipee branch line.

III. \$485,000 to be used for the rebuilding, modernization and maintenance of the Rollingsford-Rochester branch line.

IV. \$1,170,000 to be used for the rebuilding, modernization and maintenance of the Nashua-Bennington branch line.

V. \$200,000 to be used for the rebuilding, modernization and maintenance of the Claremont-Concord branch line.

5 Procedures and Conditions. All state funds appropriated pursuant to section 2 shall be expended only if the following procedures and conditions are fulfilled and incorporated into binding agreements

executed by and among the state, the owner of the affected branch lines, and shippers or users who utilize said lines and who participate in the performance of said following procedures and conditions:

I. All state funds shall be matched by the shipper, owner or user in cash, or in-kind materials or services of 20 percent of the total amount provided to the branch line on which funds are expended.

II. Shippers or users participating pursuant to paragraph I shall be required to furnish assurance by signed agreement with the state to continue utilization of the line involved on an annual basis at a tonnage level of at least 80 percent of their annual tonnage average over the 3 years preceding the agreement, provided that enforcement of said commitment shall be preceded by a finding by the railroad division that any shipping rate increases during said period are reasonable.

III. Shippers or users shall make commitments to use appropriate volume and usage levels on the said line.

IV. The railroad operator and its successors and assigns shall make commitments to continue service and maintenance on the lines appropriate to the volume and usage levels committed under paragraph II and at the classification level to which it has been rehabilitated by the project, except under conditions which protect the state's remaining interest in the improvements made hereunder during the life of said improvements.

V. If the railroad sells, disposes of, abandons or otherwise alienates the line, a lien on the line property shall be created in favor of the state in an amount which equals the total amount expended by the state on the line project.

6 Transfer of Funds. Notwithstanding any other provision of law to the contrary, \$200,000 shall be transferred from the appropriations division account #99039, Cheshire branch maintenance, to be expended on rail rehabilitation projects pursuant to section 2 of this chapter.

7 Effective Date. This act shall take effect upon its passage.

HB 406-FN, relative to chronic disease prevention, assessment, and control and making an appropriation therefor. Ought to Pass.

This bill provides prevention, assessment, and control activities with respect to chronic diseases. A cancer registry is established. Provisions for protecting identity of individuals are provided. The bill is funded at \$445,000 each year (FY 86 and 87). Vote 20-0. Rep. John J. Kane for Appropriations.

HB 421-FN, appropriating funds for facilities for severely and chronically developmentally disabled and severely emotionally disturbed children. Ought to Pass with Amendment.

This creates the legislative language for new facilities to serve severely, chronically developmentally disabled and severely emotionally disturbed children provided for in PAU 06031106 in HB 400.

The amendment creates legislative language for the development of the Governor's Excellence in Education program provided for in PAU 02030203 in HB 400. Vote 17-2. Rep. Ellen-Ann Robinson for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to facilities for severely and chronically developmentally disabled and severely emotionally disturbed children.

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Governor's Steering Committee.

1. There is hereby established the governor's steering committee consisting of 17 members to direct and develop the excellence in education program. The committee members, shall consist of:

(a) Two members of the senate appointed by the president of the senate;

(b) Two members of the house of representatives appointed by the speaker of the house; and

(c) Six members, one to represent each of the following groups, to be appointed by the group he represents: National Education Association of New Hampshire, New Hampshire Association of School Principals, New Hampshire School Boards Association, New Hampshire Federation of Teachers, New Hampshire School Administrators Association, and New Hampshire Parents and Teachers Association; and

(d) Seven members, to be appointed by the governor who shall have appropriate experience and qualifications and who may represent private or public higher educational facilities.

II. The steering committee shall act through separate action committees in each of the 3 programs outlined in section 6 of this act. These action committees shall initiate and develop the programs described in section 6 under the overall jurisdiction of the steering committee. Each action committee shall include representatives of those affected by each program and individuals who have expertise in those areas.

8 Excellence in Education Program. The steering committee established in section 5 of this act shall study how to best establish the following 3 programs:

I. A program for gifted and talented students that shall include the following:

(a) Development of a model state plan to be implemented in 2 phases for gifted and talented student education.

(b) Training teachers in the planning and development of local school district plans for gifted and talented student education.

(c) Support for selected local school districts in the implementation of their local plan.

(d) Support for the enrichment of on-campus higher education programs for gifted and talented elementary and secondary students.

(e) Evaluation of local school district's phase 1 efforts and the refinement of the model state plan for replication by all of New Hampshire school districts.

(f) Support staff for the governor's steering committee.

II. A program for teacher excellence that shall include the following:

(a) Development of a model state plan to be implemented in 2 phases for enhancement of existing educational resources through use of computer technology.

(b) Local district teacher training in education and computers through higher educational institutions.

(b) Developing transmission facilities for transmission of such curricula via television to voluntary participating districts.

(c) Evaluation to determine future direction of the state telecommunications efforts.

(d) Support staff for the governor's steering committee on excellence in education.

9 Report. The governor's steering committee shall submit a report no later than January 1, 1986, to the senate education committee, the senate finance committee, the house education committee, the house appropriation committee and the governor. The report shall include recommendations on the establishment of the 3 programs described in section 6 of this act.

10 Effective Date. This act shall take effect July 1, 1985.

Amend the bill by striking out sections 4 and 6 and renumbering sections 5, and 7-10 to read as 4, 5, 6, 7, and 8, respectively.

HB 434-FN, relative to missing children and making an appropriation therefor. Ought to Pass.

This bill is a positive response to the problem of missing children. It provides for actions to be taken by the Departments of Education, Safety, and

the Office of the Attorney General. The bill establishes programs for education, identification and a protocol for reporting missing children. There is an appropriation of \$50,000 for the period ending June 30, 1987. Vote 21-0. Rep. John Kane for Appropriations.

HB 436-FN, relative to a study on the construction of a cloverleaf intersection at exit 9 on the Spaulding turnpike and making an appropriation therefor. Ought to Pass with Amendment.

This bill, as amended, addresses a series of problems in proper progression. Vote 19-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Weeks Traffic Circle Study; Transfer of Funds. When the Weeks traffic circle study in the city of Dover is available, the department of public works and highways shall request the governor and council for approval to transfer the necessary funds and such funds are hereby appropriated from the eastern turnpike sinking fund for the purpose of making any necessary study and preparing engineering plans to construct a cloverleaf intersection at exit 9 on the Spaulding turnpike and the connector road from the Spaulding turnpike to the traffic circle.

2 Effective Date. This act shall take effect upon its passage.

HB 442-FN, providing an incentive to attract out-of-state students to New Hampshire and making an appropriation therefor. Ought to Pass.

The Committee felt it was important to aid our private colleges and university system to attract out-of-state students. Economically they bring millions of dollars into our state. In the University System they support the quality of higher education through the additional tuition they pay. Vote 17-0. Rep. Andrea A. Scranton for Appropriations.

HB 444-FN, transferring costs of court facilities to the state and making an appropriation therefor. Ought to Pass with Amendment.

By taking over local and county costs of court facilities, HB 444-FN continues the court reform begun last session. The amendment funds the program with the excess in court revenues from FY 85 and the one time contribution counties will make in July. Local money not required to operate the courts is thus returned to the county and local levels to be used to further reduce costs to the property taxpayer. Vote 19-0. Rep. Caroline L. Gross for Appropriations.

Amendment

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Appropriation.

I. In addition to any other sums appropriated to the supreme court, there is hereby appropriated to the supreme court for the biennium ending June 30, 1987, a sum not to exceed \$3,500,000 for:

(a) Court facility expenses; and

(b) Any expenses of the New Hampshire court accreditation commission relating to the financing of court facilities on or after January 1, 1986.

II. The amount to be paid for each court facility shall be established by the administrative office of the courts and approved by the court accreditation commission. The appropriation made by paragraph I of this section shall lapse on June 30, 1987. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. The funds hereby appropriated result from:

(a) The \$2,750,000 reimbursed to the state by the counties under 1983, 383:65; and

(b) Unrestricted court revenues in excess of \$12,400,000 from fiscal year 1985.

HB 445-FN, relative to local probation services and making an appropriation therefor. Ought to Pass with Amendment.

As part of court reform, the state has an obligation to assume local probation as well as local court costs. The amendment provides for immediate assumption of about 25% of local probation costs using the same source of funds as HB 444-FN. In anticipation of further funding, a study group will report to the Governor and Legislature by the end of this year on how best to fully integrate local probation offices into the state system. Vote 18-0. Rep. Caroline L. Gross for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

appropriating funds for local probation services and relative to the duties of the select commission to study a unified court system.

Amend the bill by striking out all after section one and inserting in place thereof the following:

2 Select Commission Continued; Report Required. Amend 1979, 488:5 as amended by 1983, 382:14 by striking out said section and inserting in place thereof the following:

488:5 Meetings; Report. The commission shall meet as often as it deems necessary at such places as it shall determine. The commission shall complete and shall present a report and proposed legislation concerning a method of organizing local probation services, if it deems such legislation advisable, to the governor and the legislature by December 31, 1985, for consideration during the 1986 or 1987 regular session of the legislature. The commission shall continue in existence until December 31, 1985.

3 Commission to Examine Probation. Amend 1979, 488:1 as amended by 1983, 382:13 by striking out said section and inserting in place thereof the following:

488:1 Select Commission Established; Duties. A select commission is hereby established to examine local probation services and to develop a proposed method of administering and organizing local probation services, considering as possibilities administration by the division of children and youth services in the department of health and human services, the department of corrections, or the judicial branch. The commission shall make specific recommendations as to interdepartmental relationships, staffing, job responsibilities, and relationship to the courts as it deems appropriate.

4 Compensation. Amend 1979, 488:6 as amended by 1983, 382:15 by striking out said section and inserting in place thereof the following:

488:6 Compensation. The members of the commission who are not legislators appointed by the president of the senate or the speaker of the house shall receive mileage at the same rate as state employees for their services as members of the commission. Members of the commission who are legislators and are serving as an appointee of the speaker of the house or the president of the senate also shall receive no compensation but shall receive their normal legislative mileage.

5 Advisory Committee. Amend 1979, 488:2 by striking out said section and inserting in place thereof the following:

488:2 Membership; Advisory Committee. The commission shall consist of 6 members, 3 of whom shall be appointed by the president of the senate and 3 by the speaker of the house, at least one of whom shall be a member of the house judiciary committee. In addition to the commission, there is hereby established an advisory committee which shall work with the commission and assist it in developing a method of administering and organizing local probation services. The advisory committee shall continue in existence until December 31, 1985, and shall be composed of the following members:

(a) The director of the division of children and youth services, department of health and human services.

(b) The commissioner of corrections.

(c) The director of the administrative office of the courts.

(d) The president of the New Hampshire Judges' Association or his designee.

(e) The president of the New Hampshire District Court Probation Officers' Association or his designee.

II. The advisory committee shall submit specific recommendations to the commission for consideration by December 1, 1985.

6 Appropriation. There is hereby appropriated to the department of corrections a sum not to exceed \$250,000 for the biennium ending June 30, 1987. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. The funds hereby appropriated result from unrestricted court revenues from fiscal year 1985 in excess of \$12,400,000, provided that if such unrestricted court revenues in excess of \$12,400,000 are specifically designated as the source of funds for any other purposes, the appropriation made by this section shall take effect only after any other appropriations which designate such unrestricted court revenues as their source of funds have been funded to the extent authorized by the legislature. The appropriation made by this section shall be distributed by the department of corrections on a prorated basis so that each municipality with a local probation department shall receive a fraction of the funds appropriated by this section which is equal to a fraction, the numerator of which is the municipality's probation department budget for fiscal year 1985 and the denominator of which is the total for all local probation department budgets for fiscal year 1985.

7 Repeal. 1979, 488 as amended by 1983, 382:13-16, and sections 2-5 of this act relative to a select commission to examine a unified court system, is hereby repealed.

8 Effective Date.

I. Section 7 of this act shall take effect January 1, 1986.

II. The remainder of this act shall take effect July 1, 1985.

HB 478-FN, establishing fees for the certification or training of certain persons who care for alcohol and drug abuse patients and eliminating authority to create a revolving fund for interest free loans to finance certain expenses. Ought to Pass.

This bill establishes authority for the Commissioner of Health and Human Services to request fees from persons who provide care to alcohol or drug abuse patients. It also establishes a revolving fund which will be used for alcohol and drug abuse related programs. The bill repeals a revolving fund which presented a potential liability for interest free loans to finance expenses for treatment and rehabilitation of certain patients. Vote 20-2. Rep. John Kane for Appropriations.

HB 482-FN, relative to telecommunication services for the deaf, hearing impaired, and speech impaired and making an appropriation therefor. Ought to Pass.

This bill establishes a loan fund for the purpose of distributing a

telecommunications device to hearing impaired persons. The Committee was impressed by the usefulness and the need to help make this equipment more available. Vote 21-1. Rep. Edward D. Densmore for Appropriations.

HB 483-FN, relative to creditable service in the New Hampshire retirement system for currently active teachers who taught prior to but not during the 1949-50 school year. Ought to Pass.

This bill corrects an inequity in the retirement law by providing teachers in group I, active in the years 1984-85 who had service prior to 1949, to receive credit for such service and be eligible for the benefits of the New Hampshire Teachers Retirement System. The Committee approved the appropriation to accomplish this as provided in the bill. Vote 20-0. Rep. Margaret A. Ramsay for Appropriations.

HB 486-FN, authorizing the board of governors to lease certain property owned by Berlin vocational-technical college and continually appropriating the income from such leases, and authorizing the sale of certain materials from New Hampshire technical institute and vocational-technical college properties. Ought to Pass.

This bill grants to the Board of Governors of the Department of Postsecondary Vocational-Technical Education the power to lease land to private parties for the purposes of construction and operating residential facilities for students of Berlin Voc-Tech. Vote 17-3. Rep. Joanne A. O'Rourke for Appropriations.

HB 487-FN, reducing the amount which counties are required to reimburse the state for superior court and probate court costs in fiscal year 1985. Inexpedient to Legislate.

The Committee agreed that these funds should be returned to help property taxpayers. Because the funds are returned in HB 444-FN and HB 445-FN, this bill is no longer needed. Vote 19-0. Rep. Margaret A. Ramsay for Appropriations.

HB 600, making appropriations for capital improvements. Ought to Pass with Amendment.

This bill addresses the capital needs of the state as proposed by the Public Works Committee. The amendment corrects a situation in equipment purchased also to extend lapse dates of Aeronautics appropriation. Vote 20-0. Rep. Paul I. LaMott for Appropriations.

The interest and principal due on the bonds or notes issued under this paragraph shall be a direct charge against the Hampton parking meter revenues. Prior to issuance of the bonds or notes authorized by this paragraph, the treasurer may, for the purpose of this section, borrow money from time to time on short-term loans which may be refunded by the issuance of the bonds or notes hereunder; provided, however, that at no time shall indebtedness on such short-term loans exceed the sum of \$494,500.

III. To provide funds for the purpose of section 6, the design and construction of Skyhaven hangar project, the state treasurer is hereby authorized to borrow upon the credit of the state in the amount of \$140,000 and for said purpose shall issue revenue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A. The interest and principal due on the bonds or notes issued under this paragraph shall be a direct charge against the Skyhaven hangar revenues. Prior to issuance of the bonds or notes authorized by this paragraph, the treasurer may, for the purpose of this section, borrow money from

time to time on short-term loans which may be refunded by the issuance of the bonds or notes hereunder; provided, however, that at no time shall indebtedness on such short-term loans exceed the sum of \$140,000.

IV. To provide funds for the purposes of section 7, the rehabilitation of Barker wharf, the state treasurer is hereby authorized to borrow upon the credit of the state in the amount of \$375,000 and for that purpose shall issue revenue bonds and notes in the name of and in behalf of the state of New Hampshire in accordance with RSA 6-A. The interest and principal due on the bonds or notes issued under this paragraph shall be a direct charge against the New Hampshire port authority revenues. Prior to issuance of the bonds or notes authorized hereunder, the treasurer may, for the purpose of this section, borrow money from time to time on short-term loans which may be refunded by the issuance of the bonds or notes hereunder; provided, however, that at no time shall indebtedness on such short-term loans exceed the sum of \$375,000.

Amend the bill by striking out section 21 and inserting in place thereof the following:

21 Department of Postsecondary Vocational Technical Education.

I. All of the CAD systems authorized in section 1, subparagraphs III, A, 2; B, 2; F, 1; and G, 1 of this act are to be compatible and interchangeable for utilization throughout the entire system as determined by the commissioner and board of governors and as dictated by drafting program enrollments.

II. The appropriation made in section 1, subparagraph III, H, 1 shall be used for the development of a program that will provide computer literacy to every graduate. Based on enrollments and present equipment, the commissioner and governor shall determine the allotment of the resources herein provided. All of the hardware authorized herein shall be compatible and interchangeable throughout the entire system.

III. Notwithstanding any other provision of law, for the purpose of section 1, paragraph III, F-3, of this act, the department of postsecondary vocational technical education shall be exempt from the rules of the department of administrative services, division of plant and property management when purchasing any equipment.

Amend the bill by striking out section 22 and inserting in place thereof the following:

22 Aeronautics Commission Airport Projects; Lapse Dates Extended. The lapse date for the balance of the appropriation on the following project appropriations are hereby extended to June 30, 1987.

I. Manchester Airport. Land acquisition and obstruction removal. (1969, 505:1, III(f) and 1972, 62:5)

II. Nashua Airport. Land acquisition ILS clear zone. (1979, 435:1, III(f), as amended by 1981, 565:14).

III. Lebanon Airport. Runway Extension. (1983, 4:10)

Amend the bill by striking out section 31 and inserting in place thereof the following:

31 New Section; Revenue Bonds. Amend RSA 6-A by inserting after section 10 the following new section:

6-A:11 Revenue Bonds. The governor and council may authorize the state treasurer to issue revenue bonds in accordance with this section. Revenue bonds may be authorized whenever the proceeds of such bonds are to be used for revenue-producing facilities or to refund bonds, the principal of which was used for revenue-producing facilities, and the revenue from such facilities are expected to be sufficient to pay the principal, premium, if any and interest on such bonds. As used in this section, revenue-producing facilities means any facility from the operation of which revenues are to be derived by the state. The proceedings authorizing the issuance of revenue bonds shall contain a description of the facilities financed or to be financed and the revenue generated or expected to be generated by said facility. The principal of, premium, if any, and interest on revenue bonds issued pursuant to this section shall be paid solely from the revenue generated by the facility constructed. In authorizing the issuance of such bonds, the governor and council are hereby empowered to pledge and dedicate the revenue from such facility to be used first to pay the principal of, premium, if any, and interest on said bonds as the same become due and the state treasurer shall keep such revenue in a separate account for such purpose and is hereby authorized to expend the same for such purpose. Revenue bonds issued pursuant to this section shall not be considered a pledge of the faith and credit of the state and shall not be deemed debt of the state in determining its borrowing capacity under any applicable law. All provisions of RSA 6-A not inconsistent with the provision of this section shall be applicable to revenue bonds issued hereunder.

32 Effective Date. This act shall take effect upon its passage.

HB 614-FN, relative to the licensing period for road toll user of fuel licenses, increasing the amount of road toll distributor's bonds, and giving the commissioner of safety authority to transfer highway funds. Ought to Pass.

This will ease the method of collection and reduce the amount of paperwork necessary to collect this tax. Makes sticker fee applicable to both in-state and out-of-state trucks. Vote 18-1. Rep. John E. Burns for Appropriations.

HB 632-FN, establishing a printed materials revolving fund at the department of education. Ought to Pass.

This bill sets up a printed materials revolving loan fund which allows the Department of Education to recover printing costs. Local school districts will not be charged under this section. Vote 21-0. Rep. Ellen-Ann Robinson for Appropriations.

HB 651-FN, relative to screening for long term care. Ought to Pass with Amendment.

This bill develops a pre-admission screening program for all persons who may become eligible for medical assistance within six months following application for admission to an intermediate care facility. The bill prohibits medicaid payments from being made for any person who has not been screened. Vote 19-2. Rep. Roma A. Spaulding for Appropriations.

Amendment

Amend the bill by striking out all after section 2 and inserting in place thereof the following:

3 Implementation. The director of the division of human services shall initiate the rulemaking procedures authorized in RSA 161:2, VI-a(b) as soon as practicable after the passage of this act.

4 Appropriations. The following sums are hereby appropriated to the division of human services for the purposes of carrying out this act:

FY 1986

Federal funds	\$59,592
General fund	\$19,864
Total	\$79,456

FY 1987

Federal funds	\$61,977
General fund	\$20,659
Total	\$82,636

The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Effective Date.

I. Sections 1 and 2 of this act shall take effect 180 days after its passage.

II. The remainder of this act shall take effect upon its passage.

HB 655-FN, authorizing the New Hampshire retirement system board of trustees to purchase fiduciary insurance. Ought to Pass.

This bill authorizes the New Hampshire Retirement System Board of Trustees to purchase fiduciary insurance to protect their members against personal losses. Vote 18-0. Rep. Rowland H. Schmidtchen for Appropriations.

HB 694-FN, relative to welfare changes. Ought to Pass with Amendment.

This bill was requested by the Department of Health and Human Services, and makes some changes in regard to rulemaking authority. Language is added to allow a special needs program subject to available funds. It also extends AFDC coverage to eighteen year olds still in school. Vote 21-0. Rep. Edward D. Densmore for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to welfare changes and making an appropriation therefor.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Rate Setting. Amend RSA 167:3-c, II (supp) as inserted by 1983, 242:6 by striking out said paragraph and inserting in place thereof the following:

II. Consolidated standards of need and standards of need under RSA 167:7, I, I-a, and II.

II-a. Criteria for a special needs and emergency assistance programs under RSA 167:7, V.

2 Federal Changes Regarding Eligibility Incorporated. Amend RSA 167:6, V as inserted by 1969, 451:4 as amended by striking out said paragraph and inserting in place thereof the following:

V. For purposes hereof, a person shall be eligible for aid to families with dependent children who is a needy child 17 years of age or under or 18 years of age, a full-time student in a secondary school as defined by the director of the division of human services, and reasonably expected to complete the program before reaching 19 years of age; who has been deprived of parental support or care by reason of death, continued absence from the home, or physical or mental incapacity of a parent; and who is living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, first cousin, nephew or niece, uncle, or aunt in a place of residence in the state maintained by one or more of such relatives as his or their home. For purposes of this section, a child who meets the above requirements shall

be eligible, even if the child was removed from the home of a relative as a result of a judicial determination and was placed in a foster home and care, when the care and placement of the child are the responsibility of the division of welfare or another public agency which meets federal requirements and the state plan, and when the child received or would have been eligible to receive aid to families with dependent children within 6 months of the month in the month in which court proceedings were initiated except that such a child need not have lived with a specified relative. No person shall be eligible to receive such aid while receiving old age assistance, aid to the needy blind, or aid to the permanently and totally disabled.

3 Consolidation of Standard of Need. Amend RSA 167:7 (supp) as amended by striking out said section and inserting in place thereof the following:

167:7 Amount of Assistance.

I. The director of the division of human services of the department of health and human services may establish consolidated standards of need for the adult programs he administers, subject to appropriated funds and federal regulations.

I-a. The director of the division of human services of the department of health and human services may establish different standards of need in the adult programs he administers for residents of shared homes and community living homes, subject to appropriated funds and federal regulations. Standards of need may differ between the 2 types of homes and with respect to the level of services and care required by and provided to the recipient. The standards shall be rational and reasonably cost related.

II. The director of the division of welfare of the department of health and human services may establish for the aid to families with dependent children consolidated standards of need, or consolidated standards of need except for shelter, subject to appropriated funds and applicable federal regulations.

III. The director of the division of welfare of the department of health and human services shall determine the level of benefits in both programs so that recipients shall be allowed to subsist compatibly with decency and health, subject to the amount of appropriated funds and applicable federal regulations.

IV. In determination of the amount of payments or other assistance under RSA 167 or RSA 161, due regard shall be given to the income and resources of applicants.

V. Subject to applicable federal regulations, the director may establish criteria to operate a special needs program, or to operate an emergency assistance program only for aid to families with dependent children, subject to the amount of funds appropriated specifically for these purposes.

4 Appropriation. The following sums are hereby appropriated to the division of human services, department of health and human services for the purpose of carrying out the provisions of this act:

	FY 1986	FY 1987
Federal funds	\$ 71,702	\$ 71,705
General fund	56,223	58,694
Total	\$126,925	\$130,199

The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Effective Date. This act shall take effect July 1, 1985.

HB 704-FN, relative to early debt redemption and operating deficits. Ought to Pass with Amendment.

The bill would have automatically used certain surpluses to reduce the State debt. The amended version proposed by the Appropriations Committee will require the Treasurer to report "in detail the Bond issues" which might be redeemed. This would allow each legislator to determine the use of any surplus for this purpose or any other. Vote 20-0. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

requiring the state treasurer to report annually to the legislature about early debt redemption.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Debt Redemption; State Treasurer Required to Report. Amend RSA 9 by inserting after section 13-d the following new section:

9:13-e Debt Redemption; State Treasurer Required to Report.

I. The state treasurer shall report annually to the legislature, prior to the beginning of each session, on the state's outstanding bond obligations. The report shall describe in detail the bond issues which, in the state treasurer's judgment, could be redeemed prior to their stated date of maturity; the value of such issues; and the reasons why the state treasurer believes such issues should be redeemed prior to maturity.

II. The state treasurer shall make recommendations for appropriate legislation relative to early redemption of the state's outstanding bond obligations.

III. The legislature, upon receipt of the state treasurer's report, may appropriate a percentage of any budget surplus for the purposes of this section. The percentage of the budget surplus to be applied to early debt redemption shall be determined by the legislature after receipt of the state treasurer's report.

2 Effective Date. This act shall take effect July 1, 1985.

HB 721-FN, permitting group II members who reach age 65 to make an election for retirement benefits. Ought to Pass with Amendment.

This bill will make it possible for any group II member of the New Hampshire retirement system to retire at age 65 and receive prorated retirement allowance even though he may not have the normal 20 years service. The amendment makes specific what is meant by prorated service retirement allowance. Vote 18-1. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Retirement Benefits for Certain Group II Members. Amend RSA 100-A:5, II(a) (supp) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(a) Any group II member in service who has attained age 45 and completed 20 years of creditable service may retire on a service retirement allowance. Any group II member in service who has attained age 65 but who has not completed 20 years of creditable service may elect to retire at age 65 and to receive a prorated service retirement allowance which is based upon the member's average final compensation and creditable service at the time he elects to retire. A member in either one of these categories may retire upon written application to the board of trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the filing thereof, he desires to be retired, notwithstanding that during such period of notification he may have separated from service.

HB 734-FN, relative to child support enforcement. Ought to Pass.

This bill was requested by the Department of Health and Human Services in order to change enforcement laws to meet federal requirements. Sanctions against delinquent payors are strengthened. Vote 21-0. Rep. Edward D. Densmore for Appropriations.

COMMITTEE REPORTS (Regular Calendar)

HB 400, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1986, and June 30, 1987. Ought to Pass with Amendment.

Amendment to HB 400

Amend the bill by striking out section 1.08.

Amend section 19 of the bill by striking out same and inserting in place thereof the following:

19 Personal Services Limitation.

I. Other provisions of law notwithstanding, the total number of permanent classified positions for any department or agency for the biennium ending June 30, 1987, shall be limited to the number of full-time and permanent classified positions authorized as of June 30, 1985, reduced according to paragraph II, plus such new positions as are authorized by the general court.

II. The total number of positions authorized shall be reduced by the number of positions which have been vacant for the entire period of the 60 days immediately preceding:

(a) June 30, 1985, for all agencies and departments except as provided in subparagraph (b); or

(b) May 31, 1985, for instructional personnel at the technical institute and the vocational-technical colleges.

III. For the purposes of this section, the term "vacant" shall not include the position of any person on approved leave, paid or unpaid.

IV. The executive head of the department or agency shall determine which positions shall be filled within the limitations of the appropriations for the department or agency, and the personnel classifications as authorized in this act, and the numerical limitations imposed by this section.

Amendment to HB 400

V. With respect to agencies having an authorized complement of 5 permanent classified positions or less, the authorized number of positions shall not be reduced under this section. The provisions of this section shall not apply to the veterans' home, or to the New Hampshire hospital. (Source. GB20, HB19*, HA19*)

Amend the bill by striking out all after section 39 and inserting in place thereof the following:

40 Appropriation to Water Supply and Pollution Control Commission. There is hereby appropriated to the water supply and pollution control commission the sum of \$200,000 for the biennium ending June 30, 1987, to be used only for laboratory equipment necessary for the proper functioning of the commission's laboratory. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. (Source. HA40)

41 Extend Lapse Date. Amend 1985, 4:1, III by striking out said paragraph and inserting in place thereof the following:

III. Department of resources and economic development-

*This appropriation shall not lapse until June 30, 1987. (Source. HA41)

Amendment to HB 400

42 Contingent Appropriation to Port Authority.

I. Subject to the limitation in paragraph II, the following amounts are hereby appropriated to the New Hampshire port authority for the fiscal years ending June 30, 1986, and June 30, 1987:

	<u>FY 1986</u>	<u>FY 1987</u>
10 Personal services - permanent	\$20,806	\$21,937
20 Current expenses	500	500
60 Benefits	3,953	4,278
70 In-state travel	<u>3,750</u>	<u>3,750</u>
Total	\$29,009	\$30,465

II. The sums appropriated in paragraph I are appropriated only to the extent that federal funds do not continue to be available for the purposes of the port authority as enumerated in paragraph I. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated, subject to the limitation set forth in this paragraph. (Source. HA42)

43 Ratification Required for Fiscal Year 1987. The appropriations and related matters for fiscal year 1987 that appear in section 1 of this act shall take effect only upon the ratification by both the house and the senate through the passage of a separate bill introduced in the 1986 legislative session to make any amendments and to accomplish such ratification. Amendment to HB 400

44 Salary Increase.

I. The sums of \$22,853,879 in general funds, \$7,108,534 in highway funds, \$409,530 in fish and game funds, \$5,648,376 in federal funds, and \$1,528,703 in self-sustaining funds are hereby appropriated in addition to any other sums appropriated for the fiscal years ending June 30, 1986, and June 30, 1987, for salary increases for classified, unclassified, judicial and legislative employees. The governor is authorized to draw his warrant for said sums out of the appropriate funds at the time the certification is made pursuant to paragraph II.

II. The terms of any negotiated agreement between the state negotiating committee and the state employee organization certified as the state employees' representative shall be presented to the comptroller upon the adoption of such an agreement. The appropriation made by this section shall be distributed among all classified, unclassified, judicial and legislative employees in the same manner, as determined by the state negotiating committee, and shall include all additional cost items. The appropriation authorized by this section shall take effect when the comptroller certifies to the governor and council that an agreement has been reached. The comptroller shall certify the terms of the agreement to the director of legislative services. The director of legislative services is hereby directed to change the salary schedules and tables and introductory paragraphs in RSA 94:1-a, RSA 99:1-a and RSA 491-A:1 to reflect the increases provided for in this section, and said schedules and tables and paragraphs are hereby so amended commencing on the appropriate date. (Source. HA44)

Amendment to HB 400

45 Certification of Funds. Whenever the chairman of senate finance and the chairman of house appropriations are required to certify that sufficient funds are available either jointly or separately and such chairmen have not been named, the presiding officers of the senate and house either jointly or separately, as the case may be, shall be authorized to cause payment of expenses incurred until the chairmen of the committees are appointed.

Amendment

Amend section 44 of the bill by striking out same and inserting in place thereof the following:

44 Salary Increase.

I. The sums of \$22,853,879 in general funds, \$7,108,534 in highway funds, \$409,530 in fish and game funds, \$5,648,376 in federal funds, and \$1,528,703 in self-sustaining funds are hereby appropriated in addition to any other sums appropriated for the fiscal years ending June 30, 1986, and June 30, 1987, for salary increases for classified, unclassified, judicial and legislative employees. The governor is authorized to draw his warrant for said sums out of the appropriate funds at the time the certification is made pursuant to paragraph II.

II. The terms of any negotiated agreement between the state negotiating committee and the state employee organization certified as the state employees' representative shall be presented to the comptroller upon the adoption of such an agreement. The appropriation made by this section shall be distributed among all classified, unclassified, judicial and legislative employees in the same manner, as determined by the state negotiating committee, and shall include all additional cost items; provided, however, that no salary increase shall be given under this section for the fiscal year ending June 30, 1986, to any member of the judicial branch whose salary is set by RSA 491-A:1. The appropriation authorized by this section shall take effect when the comptroller certifies to the governor and council that an agreement has been reached. The comptroller shall certify the terms of the agreement to the director of legislative services. The director of legislative services is hereby directed to change the salary schedules and tables and introductory paragraphs in RSA 94:1-a, RSA 99:1-a and RSA 491-A:1 to reflect the increases provided for in this section, and said schedules and tables and paragraphs are hereby so amended

commencing on the appropriate date.

Rep. Ottolini notified the Clerk that she inadvertently voted yea and meant to vote nay.

Reps. Kinhan, Thomas Gage and Woodward notified the Clerk that they wished to be recorded in favor of HB 400 as amended.

Rep. Scamman notified the Clerk that he wished to have the following remarks recorded in the Journal:

If this budget is extended into the next biennium, with no new programs, and no new pay raises, the next Legislature will have to raise 50-60 million dollars of new taxes each year.

Rep. Palumbo notified the Clerk that he wished to have the following remarks recorded in the Journal:

I am against HB 400 for the following reasons:

strongly opposed the BPT level of 8.75% to partially fund the following items: \$23.5 M funding level for HB 4-FN is too much, too fast; a sum between \$12-18 M would be more appropriate;

\$8.5 M further funding for mental health programs again is too much, too fast, considering the generous increase in the total mental health program offered by the Governor;

The additional \$5 M cost to the state as a part of the overall retirement package and the appropriate \$12 M cost to be passed on to cities and towns over the biennium.

HB 352-FN, authorizing the office of state planning to undertake a study of the coastline erosion problems and making an appropriation therefor. Ought to Pass.

The money appropriated in this bill is matched 4 - 1 by the Federal Government. The Committee felt that this was a worthwhile project and voted 16-0. Rep. John E. Burns for Appropriations.

Ordered to third reading.

HB 385, making an additional appropriation for the final plans and construction of the south bound return ramp in Manchester. Ought to Pass.

This bill completes a commitment of the 1983 legislature to construct the on ramp at Granite Street in Manchester. Vote 16-3. Rep. Lee Anne Steiner for Appropriations.

Ordered to third reading.

HB 398-FN, relative to mandatory mediation and making an appropriation therefor. Ought to Pass.

This bill establishes a pilot mediation program in a designated county to be chosen by the Chief Justice of Superior Court. Its objective is to attempt to mediate divorce actions involving custody or visitation of a minor child. A recommendation report is due no later than January 1, 1988. Vote 15-2. Rep. Rowland Schmidtchen for Appropriations.

Ordered to third reading.

HB 416-FN, making an appropriation to increase the amount allocated for shelter costs in the AFDC grant and to allow consolidation to one shelter maximum and one basic maintenance allowance table. Inexpedient to Legislate.

Although in agreement on the difficulties AFDC families have in finding adequate shelter, the Committee was divided on whether HB 416-FN would have an effect justifiable in terms of its \$2,000,000 appropriation. As a Committee priority the bill was voted Inexpedient, 11-10. Rep. John J. Kane for Appropriations.

Rep. Diamant moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Scott Green and Bonnie Packard spoke in favor of the motion.

Rep. Hager spoke in favor of the motion and yielded to questions.

Reps. Kane and Spaulding spoke against the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Diamant requested a division.

134 members having voted in the affirmative and 206 in the negative, the motion lost.

Resolution adopted.

HB 419-FN, clarifying the authority of the water supply and pollution control commission with respect to underground storage facilities; authorizing additional personnel under the oil pollution control

program; relative to rulemaking authority of the office of waste management; and making an appropriation therefor. Ought to Pass with Amendment.

The amendment removes the appropriation but makes no changes in the policy Committee decision. Vote 15-5. Rep. Lee Anne Steiner for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

clarifying the authority of the water supply and pollution control commission with respect to underground storage facilities; authorizing additional personnel under the oil pollution control program.

Amend the bill by striking out section 9 and renumbering sections 10 and 11 to read as follows:

9 and 10, respectively

Amendment adopted.

Ordered to third reading.

HB 446-FN, relative to catastrophic aid to school districts and making an appropriation therefor. Ought to Pass with Amendment.

The amendment reduces the original amount in the bill \$250,000 each year to assist those school districts who may qualify for emergency assistance for special education costs. If these funds are not used for emergency purposes, they may be used to assist school districts in meeting catastrophic cost increases. Vote 14-7. Rep. Andrea A. Scranton for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to catastrophic aid to school districts.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Catastrophic Funds Increased. Amend RSA 186-C:18, III (supp) as inserted by 1981, 352:2 as amended by striking out said paragraph and inserting in place thereof the following:

III. The state shall appropriate not less than \$1,000,000 for each fiscal year to assist school districts in meeting catastrophic cost increases in their special education programs. The state board of education through the commissioner shall distribute aid available under this paragraph to such school districts as have a special education pupil for whose costs they

are responsible, for whom the costs of special education exceed \$9,000 in a fiscal year. The amount to be distributed to a school district under this paragraph shall be determined through the following formulae:

$$(a) \frac{\text{State equalized valuation per pupil}}{\text{District equalized valuation per pupil}} \times 2 \quad X$$

$$\frac{(\text{Cost of catastrophic aid students in district})}{\text{District catastrophic aid factor}} = \frac{\text{District catastrophic aid factor}}{\text{District catastrophic aid factor}}$$

$$(b) \frac{\text{District catastrophic aid factor}}{\text{State catastrophic aid factor}} \times (\text{Catastrophic aid = appropriation})$$

District catastrophic aid share

provided that the amount of catastrophic aid for a district requiring such aid shall be not more than 80 percent of catastrophic costs exceeding \$9,000 per pupil for that district. If there are unexpended funds appropriated under this paragraph at the end of any fiscal year, such funds shall be distributed according to the equalizing formulae established in paragraph II. The "cost of catastrophic aid students in district" as used in this paragraph shall include the total cost, i.e., both the \$9,000 sum which must be exceeded to be eligible for aid under this paragraph and any sums in excess of the \$9,000. The state may designate up to \$250,000 of the funds which are appropriated as required by this paragraph, for each fiscal year to assist those school districts which, under guidelines established by rules of the state board of education, may qualify for emergency assistance for special education costs. Upon application to the commissioner of education, and approval by the commissioner, such funds may be accepted and expended by school districts in accordance with this chapter; provided, however, that if a school district has received emergency assistance funds for certain educationally handicapped children, it shall not receive catastrophic funds for those same educationally handicapped children. If any of the funds designated for emergency assistance under this paragraph are not used for such emergency assistance purposes, the funds shall be used to assist school districts in meeting catastrophic cost increases in their special education programs as provided by this paragraph.

2 Appropriation. In addition to any other sums appropriated for the purposes of RSA 186-C:18, III, there is hereby appropriated to the department of education the sum of \$250,000 for each of the fiscal years ending June 30, 1986, and June 30, 1987, for the purposes of RSA 186-C:18, III. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Ordered to third reading.

HB 456-FN, relative to a forgivable loan program and making an appropriation therefor. Ought to Pass.

A majority of the Committee felt this was one positive way of encouraging talented students to enter the teaching profession. Vote 10-9. Rep. Andrea A. Scranton for Appropriations.

Ordered to third reading.

HB 461-FN, relative to funding the various veterans' programs in the state and making an appropriation therefor. Ought to Pass with Amendment.

The amended bill addresses the main concerns of the select veterans committee. The Committee reduced the funding and it is only for one fiscal year. The two priorities of the select committee which are vitally needed can be carried out to assist in the areas recommended. All veterans of all conflicts are eligible for the programs. Vote 16-3. Rep. William Matson for Appropriations.

Amendment

Amend RSA 115-A:1 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

115-A:1 Purpose. To provide continuing financial aid to address the needs of the veterans and their dependents or survivors in the state and to continue, when required, bonuses previously paid from the Vietnam veterans' bonus fund, the general court deems it in the best interest of the state to establish a program for these causes.

Amend RSA 115-A:4 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

115-A:4 Roster. The adjutant general shall from time to time prepare a roster of the names of residents of the state who have qualified for bonus payments under RSA 115-A:3, and shall certify the same and prepare a manifest to authorize the state treasurer to make payment from funds not otherwise appropriated. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Amend RSA 115-A:8 as inserted by section 1 of the bill by striking out same and renumbering RSA 115-A:9 to read as follows:

115-A:8

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 Veterans Programs. The sum of \$100,000 is hereby appropriated to the legislative fiscal committee for the fiscal year ending June 30, 1986, to fund veterans programs pursuant to RSA 115-A:2, VIII. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

4 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

HB 465-FN, creating a source of funds to provide support for the arts and making an appropriation therefor. Ought to Pass.

This bill allows all interest on late rooms and meals tax payments received during the previous fiscal year to be distributed to the New Hampshire Commission on the Arts to help support the "Grants" program, "Artist in the Schools" program and "Touring" program. The Committee supports the concept that the tourist industry benefits from the efforts and attractions of the arts in New Hampshire, and the economic benefit derived from the arts is substantial. Vote 11-10. Rep. Ellen-Ann Robinson for Appropriations.

Ordered to third reading.

HB 466-FN, relative to highway billboards, off and on premise signs. Ought to Pass.

The financial impact of this bill will add revenue to the general fund. The policy of this legislation was not addressed by the Appropriations Committee. Vote 11-8. Rep. John Burns for Appropriations.

Ordered to third reading.

HB 476-FN, relative to the health services competition law and making an appropriation therefor. Ought to Pass with Amendment.

This bill is a first step in containing health care by consolidating the Health Policy Advisory Committee with the Certificate of Need Review Board, our giving them the data with which health care costs can be contained. The Committee amendment lowers the budgeted amount for initial design work and the cost is incurred by providers. Vote 15-6. Rep. Edward D. Densmore for Appropriations.

Amendment

Amend RSA 151-C:15, I as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

I. In addition to any other fees required of it, each acute care hospital, specialty hospital, and nursing home licensed under RSA 151 shall pay an annual administrative fee of up to 1/10 of one percent of their previous year's revenue minus contractual allowances or, if a new facility, up to 1/10 of one percent of their projected first year revenue minus contractual allowances. The total amount collected shall not exceed \$400,000 per year, to be prorated at the end of each fiscal year among all acute care hospitals, specialty hospitals, and nursing homes licensed under RSA 151.

Amend the bill by striking out section 12 and inserting in place thereof the following:

12 Appropriation. There is hereby appropriated to the division of public health services the sum of \$400,000 for the fiscal year ending June 30, 1986, and the sum of \$400,000 for the fiscal year ending June 30, 1987, for the purpose of carrying out this act. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 477-FN, making an appropriation to and certain other changes in the New Hampshire incentive program. Ought to Pass with Amendment.

This bill appropriates \$500,000 for fiscal year 1986 and \$500,000 for fiscal year 1987 to the New Hampshire Incentive Program for the purposes of awarding grants and loan incentives to New Hampshire students with financial need. Vote 14-7. Rep. Joanne O'Rourke for Appropriations.

Amendment

Amend the bill by striking out section 7, paragraph I and inserting in place thereof the following:

I. The sum of \$500,000 for the fiscal year ending June 30, 1986, and the sum of \$500,000 for the fiscal year ending June 30, 1987, are hereby appropriated to the New Hampshire incentive program for the purposes of awarding grants and loan incentives as authorized in RSA 188-D:10-13-b. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 480-FN, creating the north country development foundation. Ought to Pass with Amendment.

This bill establishes a development foundation to promote economic development of the three northern counties. The Committee felt this is long overdue support for the north country. The amendment reduces the appropriation by \$100,000. Vote 13-6. Rep. Howard C. Townsend for Appropriations.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Appropriation. The sum of \$150,000 is hereby appropriated for the biennium ending June 30, 1987, to the north country development foundation to be allocated for the purposes of this act in the following manner:

Salaries	\$ 30,000
Benefits	6,000
Office expenses	4,000
North country revolving loan fund	87,500
North country marketing program	12,500
Education and training project	5,000
Research and data base development	5,000
Total	\$150,000

The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amendment adopted.

Ordered to third reading.

HB 513-FN, establishing an interdepartmental coordination system between the department of education and the department of health and human services. Ought to Pass.

The majority of the Committee felt this bill was needed to require these two departments to work together to coordinate the delivery of services to emotionally handicapped children. Vote 10-9. Rep. Andrea A. Scranton for Appropriations.

Ordered to third reading.

HB 737-FN, increasing the salaries for certain employees of the department of postsecondary vocational-technical education. Ought to Pass with Amendment.

This bill, as amended, simply inserts the Post-Secondary Vocational-Technical System Deputy Commissioner, Presidents and Deans, into the unclassified system as intended by HB 53 of the 1983 Legislative Session. HB 53 removed these positions from the classified category and they were inadvertently not placed in the unclassified system. Vote 20-2. Rep. Joanne O'Rourke for Appropriations.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Deputy, Presidents, Deans. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as amended by inserting the following:

I. In group Q, the deputy commissioner of postsecondary vocational-technical education.

II. In group P, the president of the technical institute and the presidents of the vocational-technical colleges.

III. In group M, deans of the technical institute and the vocational-technical colleges.

2 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Ordered to third reading.

HB 738-FN, to change the operation and the name of the department of postsecondary vocational-technical education. Ought to Pass with Amendment.

The bill addresses necessary changes previously overlooked in HB 53 of the 1983 Legislative session concerning the Post-Secondary Vocational-Technical System. The amendment removes the sections dealing with budgeting and clarifies the allocation of Federal Funds. Vote 16-5. Rep. Joanne O'Rourke for Appropriations.

Amendment

Amend RSA 188-F:5, II as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

II. The commissioner shall appoint a deputy commissioner with the approval of the board of governors. The deputy commissioner shall serve at the pleasure of the board.

Amend RSA 188-F:8 and 9 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

188-F:8 Presidents of the Institute and Colleges. The commissioner shall, subject to approval by the board of governors, appoint a president of the technical institute and presidents of the 6 technical colleges. Presidents shall be qualified by education and experience and shall serve at the pleasure of the board of governors.

188-F:9 Deans. The president of each institution of the department shall appoint deans, with the approval of the commissioner. The deans shall be reviewed annually by the presidents and shall serve at the pleasure of the presidents.

Amend RSA 188-F:14 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

188-F:14 Budgeting. The department shall submit an operating budget based on

program appropriation units or other budgetary units required by the general court. Each institution of the department and the commissioner's office shall be considered a separate budgetary unit. The department shall submit its budget in the same format and at the same time as other state agencies. However, the board of governors is authorized to transfer funds between line items within any budgetary unit. By October 31 of each fiscal year, the department shall submit a report to the joint fiscal committee detailing all transfers made during the last fiscal year and the reasons for them. Transfers of funds between budgetary units shall be made in accordance with procedures and restrictions applying to all other agencies.

Amend RSA 188-F:20 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:
188-F:20 Federal Funds.

I. The state board of education shall be the primary recipient of federal funds provided under the Vocational Education Act of 1963. The board of education shall each year provide the department of postsecondary technical education with a percentage of the total funds available under that act equal to the percentage of such funds allocated to the division of postsecondary education and its institutions as of January 1, 1985. The commissioner of education and the commissioner of postsecondary technical education shall cooperate in the development of applications for such funds.

II. The state board of education acting as the state board for vocational technical education shall be the primary recipient of federal funds provided under the Carl Perkins vocational education act of 1984. The state board, shall, each year, provide the department of postsecondary technical education with funds available under the Titles I-IV of the act and subsequent amendments to the act. The department of postsecondary technical education shall jointly plan with the department of education for the expenditure of funds in the New Hampshire state plan for vocational education. The commissioner of postsecondary technical education and the commissioner of education shall cooperate in the development of applications for such funds.

Amend the bill by striking out sections 2 and 3 and renumbering sections 4-8 to read as 2, 3, 4, 5 and 6, respectively.

Amendment adopted.

Ordered to third reading.

HB 743, establishing a general fund balance sheet reserve account. Inexpedient to Legislate.

This bill would have established a special non-lapsing general fund balance sheet reserve account of up to 6% of budget surplus of unrestricted revenue in the previous year. The Appropriations Committee felt that passage of HB 743 at this time

complicates several financial issues facing the state. Under consideration for the 1986-1987 budget is adoption of General Accepted Accounting Practices (GAAP); funding for HB 400; funding of HB 4 (Foundation aid); and establishing a final figure on the estimated surplus at the end of fiscal year 1985. The most opportune time to deal with a reserve fund would be after these issues are resolved. Vote 17-5. Rep. Margaret A. Ramsay for Appropriations.

Resolution adopted.

HB 748-FN, increasing the salaries of state employees in academic positions. Ought to Pass.

These salary increases would correct severe inequities in academic employee pay scales which have caused a severe morale problem. Vote 12-10. Rep. Andrea A. Scranton for Appropriations.

Ordered to third reading.

HB 760-FN, relative to retirement benefits for certain group II permanent policemen, the return of the accumulated contributions of group I and group II members of the retirement system, and group II member and employer contributions relative to FICA payments. Ought to Pass with Amendment.

This bill will make it possible for the Director of the Police Standards and Training Council to recruit group II employees. At the present time the position calls for group I status, but requires five years of law enforcement work (group II). There has been difficulty in finding qualified persons willing to move from group II to group I to fill the positions.

The amendment removes the reference to group II status for the Commissioner and Deputy Commissioner of Safety. The Committee felt that any change in this area should be considered in separate legislation. Vote 13-7. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Police Officer Serving as Field Representative of Police Standards and Training Council or as Commissioner of Safety. Amend RSA 100-A:3 by inserting after paragraph VII the following new paragraphs:

VIII. Any permanent policeman who has been so employed continuously for 10 years or more and who has been a group II member of the New Hampshire retirement system for that same period and who becomes a field representative for or the director of the police standards and training council shall continue to be a group II member of the retirement system while so employed. If a permanent policeman remains with the police standards and training council as a field representative or as the director

until he retires, he shall be considered to have retired as a group II member of the New Hampshire retirement system, and he shall receive all the service retirement, disability retirement, or ordinary death benefits to which he or his beneficiary is entitled.

IX. If any current group II member of the retirement system is not exempt from the provisions of the Federal Insurance Contributions Act, then both the member contribution and the employer contribution to the retirement system shall be reduced by the amount of the employee and employer payments, respectively, to FICA. Each year during which both the member contribution and the employer contribution group II payments to the retirement system and payments to FICA are made shall be considered a full year of creditable group II service for the purpose of determining retirement eligibility under the provisions of this chapter, but shall be considered a reduced portion of a creditable year, with the reduction being in the same proportion as the reduction in total member and employer contributions to the retirement system, for the purposes of determining the amount of retirement benefits.

Amendment adopted.

Ordered to third reading.

HB 787-FN, relative to retirement.
Ought to Pass with Amendment.

The amendment to HB 787-FN removed the section from the bill dealing with "... every teacher who retired before July 1, 1985, who was in service prior to July 1, 1950, but who was not in service on July 1, 1950" This section would have given them additional creditable service. However, the testimony from the New Hampshire Retirement System and their actuary indicated that the teachers special account did not contain the necessary \$2.6 M to fund this additional benefit. Vote 15-4 (2 abstentions). Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the bill by striking out all after section 5 and inserting in place thereof the following:

6 Funding. Funding for the purposes of this act shall be as follows:

I. The sum of \$82,100,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 1 of this act.

II. The sum of \$2,821,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 2 of this act.

III. The sum of \$665,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 3 of this act.

IV. The sum of \$2,200,000 for the fiscal year ending June 30, 1986, shall be

available from the special account created by 1983, 469:146 for the purposes of section 4 of this act.

V. The sum of \$6,478,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 5 of this act.

7 Administration; Transition. The board of trustees of the New Hampshire retirement system shall have until January 1, 1986, to make the administrative, record keeping, and bookkeeping changes which shall be necessary in order to administer the provisions of this act.

8 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Ordered to third reading.

HCR 10, expressing the intent of the legislature to enact the state operating budget annually. Ought to Pass.

This concurrent resolution expresses the Legislature's intent to enact the state operating budget annually in conformance with the intention of the 1984 constitutional amendment establishing annual legislative sessions. Vote 12-8. Rep. Margaret A. Ramsay for Appropriations.

Ordered to third reading.

HB 284, relative to the Winnepesaukee river flood protection project and making an appropriation therefor. Inexpedient to Legislate.

This bill addresses the need which requires further study by the Corps of Engineers. It is the intention of the Committee to pass on the floor that the bill be Referred for Interim Study. Vote 19-0. Rep. Lee Anne Steiner for Appropriations.

Rep. James J. White moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Rep. Kidder spoke in favor of the motion.

Motion adopted.

Referred for Interim Study.

HB 391, establishing an east-west toll road from Route I-393 in Concord to the Spaulding Turnpike in Dover and making an appropriation therefor. Ought to Pass with Amendment.

To ensure that the highest level of citizen input is considered this select committee will be formed to review the proposed toll road. Vote 20-0. Rep. Paul I. LaMott for Appropriations.

Rep. LaMott moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Ought to Pass with Amendment, spoke to his motion and yielded to questions.

Motion adopted.

Referred for Interim Study.

HB 532-FN, relative to the judicial retirement system and judicial compensation. Ought to Pass with Amendment.

This bill provides for adjustments of judicial salaries and additional service increments. It allows judges the option of early retirement at reduced compensation. The reduction rate is the same as the rate used for state employees. The judges will also be contributing to the general fund at a rate of 6.1%. These funds will off-set to some extent their new retirement benefits. Vote 21-0. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend RSA 490:2, II-b as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

II-b. A justice of the supreme court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

Amend RSA 491:2, II-b as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

II-b. A justice of the superior court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

Amend RSA 491-A:1, II as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

II. In addition to the base salaries established in paragraph I for justices of the supreme and superior court and justices of the district court prohibited from practice under RSA 502-A:21, there shall be paid to each such justice the sum of \$1,000 on each anniversary date of full-time judicial service commencing upon the fifth anniversary of said service; in no case, however, shall additional service increments exceed \$5,000.

Amend RSA 491-A:1, IV as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

IV. Each justice of the supreme and superior court and each justice of the district court prohibited from practice under RSA 502-A:21 shall contribute for retirement 6.1 percent of his salary to the general fund for the fiscal year commencing July 1, 1985.

Amend RSA 491-A:1, II as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

II. In addition to the base salaries established in paragraph I for justices of the supreme and superior court and justices of the district court

prohibited from practice under RSA 502-A:21, there shall be paid to each such justice the sum of \$1,000 on each anniversary date of full-time judicial service commencing upon the fifth anniversary of said service; in no case, however, shall additional service increments exceed \$5,000.

Amend RSA 491-A:1, IV as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

IV. Each justice of the supreme and superior court and each justice of the district court prohibited from practice under RSA 502-A:21 shall contribute for retirement 6.1 percent of his salary to the general fund for the fiscal year commencing July 1, 1986.

Amend RSA 491-A:1, II as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

II. In addition to the base salaries established in paragraph I for justices of the supreme and superior court and justices of the district court prohibited from practice under RSA 502-A:21, there shall be paid to each such justice the sum of \$1,000 on each anniversary date of full-time judicial service commencing upon the fifth anniversary of said service; in no case, however, shall additional service increments exceed \$5,000.

Amendment adopted.

Ordered to third reading.

HB 517-FN, relative to forfeiture of items used in connection with drug offenses. Ought to Pass with Amendment.

Enactment of this bill will broaden the scope of property which may be seized, if it is involved with a felonious violation of the Controlled Drug Act. It further creates a fund from which government agencies may apply for grants to off set their overtime expenses as a result of drug investigations. Vote 17-0. Rep. Michael B. King for Appropriations.

Amendment

Amend RSA 318-E:17-b, IV as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

IV. The attorney general may petition the superior court in the name of the state in the nature of a proceeding in rem to order forfeiture of items or property interests subject to forfeiture under the provisions of this section. Such petition shall be filed in the court having jurisdiction over any related criminal proceedings which could be brought under this chapter. Such proceedings shall be deemed a civil suit in equity in which the state shall have the burden of proving all material facts by a preponderance of the evidence and in which the owners or other persons claiming an exception pursuant to paragraph III shall have the burden of proving such exception. The court shall issue orders of notice to all persons who may have an equitable interest in said items or property interests seized under this chapter and shall schedule a hearing on the petition to be held within 30 days of the return date on said petition. At the request of any party to the forfeiture proceeding, the court may grant a continuance until the final resolution of any criminal proceedings which were brought against a party under this chapter and which arose from the transaction which gave rise to the forfeiture proceeding. At the hearing the court shall hear evidence and

make findings of fact and conclusions of law and shall, thereupon, make a final order, from which all parties shall have a right of appeal. Such final orders shall provide for disposition of the items or property interests by the state in any manner not prohibited by law, including retention for official use by law enforcement or other public agencies or sale at public auction. The proceeds of any such sale shall be used to pay the reasonable expenses of the forfeiture proceeding, seizure, storage, maintenance of custody, advertising, court costs and notice of sale. All outstanding recorded liens on said items or property interest seized shall be paid in full upon conclusion of the court proceedings. Any balance remaining after the sale of the seized items or property interests, up to an amount not to exceed \$20,000, shall be deposited in a drug forfeiture fund, administered by the office of the attorney general pursuant to RSA 318-B:17-c, and is hereby continually appropriated to the drug forfeiture fund; provided, however, that no more than \$20,000 shall be deposited in the fund in any fiscal year. All sums remaining after deposits in the drug forfeiture fund equal \$20,000 shall be credited to the general fund.

Amend RSA 318-B:17-c, I and II as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

I. There is hereby established within the office of the state treasurer a special fund to be designated as the drug forfeiture fund. This fund shall be administered by the attorney general and may be used to pay in the following order of priority the costs of:

- (a) local drug-related investigations;
- (b) county drug-related investigations;
- (c) state drug-related investigations;
- (d) drug control law enforcement programs within New Hampshire, including those programs administered by the office of alcohol and drug abuse prevention.

II. Law enforcement agencies may apply to the office of the attorney general for grants from the drug forfeiture fund. Such grants shall be limited to reimbursement for overtime expenditures for personnel expenses.

Amendment adopted.

Rep. Sytek offered an amendment.

Amendment

Amend RSA 318-B:17-b, IV as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

The court shall issue orders of notice to all persons who may have an equitable interest in said items or property interests seized under this chapter and shall schedule a hearing on the petition to be held within 30 days of the return date on said petition. At the request of any party to the forfeiture proceeding, the court may grant a continuance until the final resolution of any criminal proceedings which were brought against a party under this chapter and which arose from the transaction which gave rise to the forfeiture proceeding. At the hearing the court shall hear evidence and make findings of fact and conclusions of law and shall, thereupon, make a final order, from which all parties shall have a right of appeal. Such final orders shall provide for disposition of the items or property interests by the state in any manner not prohibited by law, including retention for official use by law enforcement or other public agencies or sale at public auction. The proceeds of any such sale shall be used to pay the reasonable expenses of the forfeiture proceeding, seizure, storage, maintenance of custody, advertising, court costs and notice of sale. All outstanding recorded liens on said items or property interest seized shall be paid in full upon conclusion of the court proceedings. Any balance remaining after the sale of the seized items or property interests, up to an amount not to exceed \$35,000, shall be deposited in a drug forfeiture fund, administered by the office of the attorney general pursuant to RSA 318-B:17-c, and is hereby continually appropriated to the drug forfeiture fund; provided, however, that no more than \$35,000 shall be deposited in the fund in any fiscal year. All sums remaining after deposits in the drug forfeiture fund equal \$35,000 shall be credited to the general fund.

Amend RSA 318-B:17-c, II as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

II. Law enforcement agencies may apply to the office of the attorney general for grants from the drug forfeiture fund. Such grants shall be limited to reimbursement for overtime expenditures for personnel expenses and extraordinary expenses actually associated with drug-related investigations, which have received the approval of the attorney general prior to being incurred.

Hearing no objection the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Sytek explained the amendment.

Rep. Michael King spoke in favor of the amendment.

Amendment adopted.

Ordered to third reading.

COMMITTEE OF CONFERENCE REPORT

HCR 10, expressing the intent of the legislature to enact the state operating budget annually.

INTRODUCTION OF GUESTS

Mary Beth and Daniel Blanchard, guests of Rep. Blanchard.

The Speaker addressed the House briefly.

I'd like to take this opportunity, if I might, to pay tribute to the House Appropriations Committee, to Chairman, Bill Kidder, and all the members who over these last several days have been doing work on behalf of this House, acting not only on the operating budget and presenting it in a most open and full manner, and a very clear manner to the House, but also working on

nearly 100 legislative specials--100 bills that this House had previously acted upon and sent to Appropriations. They've labored night, weekends, and have done the work of this house. And, the House today responded most favorably to the dedication and hard work and the good homework that the Appropriations Committee has done. I think that the whole House owes those 23 people who have been working on our behalf a round of applause. The pay isn't too good, but we think a lot of you.

Rep. Rounds moved that the Speaker's remarks be printed in the Journal.
Adopted.

Rep. Rounds moved that the House stand in recess for the purpose of referrals and Enrolling Reports only.
Adopted.

The House recessed at 3:30 p.m.

HOUSE JOURNAL 20

Tuesday, 30 Apr 85

(Rep. Rounds in the Chair)

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Rep. Rounds.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

We thank You for this day, O God. Forgive us when we allow ourselves to be depressed by many duties or inadequate thoughts. Teach us that we can always rely upon You and Your precious promises. Forgive us when we would rather run away from decisions. You have given us minds and the freedom to use them. Help us today to be about the task of building a state where a high quality of life is available to all. Amen.

Rep. Warburton led the Pledge of Allegiance.

COMMITTEE REPORTS (Consent Calendar)

SB 75, relative to parking spaces for any commercial enterprise. Inexpedient to Legislate.

The Committee felt the problem addressed by this bill was a matter that should be left to home rule. Vote 15-0. Rep. B. P. Smith for Commerce, Small Business and Consumer Affairs.

SB 152, to establish the method of assessing time share interests. Ought to Pass.

This bill provides that time share interests in condominium units and other time share interests shall be assessed

as if each unit were owned by a single taxpayer. The prices paid for each time share interest shall not be a factor in determining the assessed value of the unit. The Department of Revenue Administration is in strong support and all testimony was in favor. This piece of legislation will eliminate confusion under existing law as to whether multiple tax bills must be mailed out to the individual owners of time share interests. Vote 12-0. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

SB 150, relative to the location of polling places in cities. Inexpedient to Legislate.

There were six sponsors of this bill. No one testified at the Committee hearing. The Committee believes that this issue can be best decided at the municipal level. Vote 11-0. Rep. Beverley B. Bryant for Constitutional and Statutory Revision.

SB 101, prohibiting the capturing and releasing of deer in certain areas of the state. Inexpedient to Legislate.

The Fish and Game Department realizes its mistakes and there is no need for this bill. Vote 15-0. Rep. Milton A. Cate for Fish and Game.

SB 137-FN, relative to bear hunting. Inexpedient to Legislate.

Whereas the bill has merit and addresses a problem, the Committee feels this matter should be addressed by the Fish and Game Department at this time, under another bill (HB 422) which was passed earlier in this session. Vote 15-0. Rep. Milton G. Jensen for Fish and Game.

SB 35, relative to medical review committee reports. Ought to Pass with Amendment.

This bill modifies the confidentiality provisions relative to Medical Review Committee proceedings. Furthermore, this bill is the result of a recommendation of the Governor's Blue Ribbon Committee last year. Vote 16-0. Rep. Gladys M. Cox for Health and Human Services.

Amendment

Amend RSA 329:29 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

329:29 Proceedings of Medical Review Committee. All proceedings, records, findings and deliberations of medical review committees of a duly established county or state medical society or of any such committees of the board of registration in medicine are confidential and privileged and shall not be used or available for use or subject to process in any other proceeding. The manner in which a medical review committee and each member thereof deliberates, decides or votes on any matter submitted to it is likewise confidential and

privileged and shall not be the subject of inquiry in any other proceeding. A medical review committee may provide information to a hospital committee organized to evaluate matters relating to the care and treatment of patients or to reduce morbidity and mortality, in accordance with RSA 151:13-a, and subject to the privileges and immunities set forth in that section.

SB 184-FN, establishing a task force to study the problem of indigent care in New Hampshire. Ought to Pass with Amendment.

This is a pro-active bill to deal with a big question in the health care area - what is the extent of the problem of health care for indigent persons? The Committee unanimously agrees that the problem deserves a task force study. Vote 21-0. Rep. Elizabeth S. Hager for Health and Human Services.

Amendment

Amend the bill by striking out paragraphs VII and VIII of section 2 and inserting in place thereof the following:

VII. One member from the business community, to be appointed by the governor and council.

VIII. One member from the labor industry, to be appointed by the governor and council.

SB 110, establishing a committee for judicial excellence. Refer for Interim Study.

The Committee supports the concept of judicial review, but feels that this bill should be broader. It will be considered along with HB 76, dealing with the same subject, which has already been sent to study. Vote 12-0. Rep. Beverly A. Hollingworth for Judiciary.

SB 84, relative to the municipal records board. Ought to Pass.

This bill updates the procedure of the Municipal Records Board, the Board shall meet at the call of the Chairman, but not less than once every 2 calendar years. Vote 18-0. Rep. George M. West for Municipal and County Government.

SB 87, legalizing the agreement establishing the Concord regional solid waste/resource recovery cooperative and the obligations imposed by the agreement. Ought to Pass.

This bill legalizes the Concord regional solid waste resource recovery cooperative agreement and exempts the cooperating municipalities under this agreement from antitrust liability. Vote 16-1. Rep. George M. West for Municipal and County Government.

SB 113, relative to inventory blanks. Ought to Pass with Amendment.

This measure will save some money for those municipalities wishing to employ its provisions. Vote 18-0. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Hand Delivery Permitted. Amend RSA 74:5 as amended by striking out said section and inserting in place thereof the following:

74:5 Distribution. The selectmen or assessors shall cause inventory blanks to be mailed, postage prepaid, to the last known address of all persons and corporations known or believed to own taxable property in their towns and cities or, alternatively, to be hand delivered by such means as the selectmen or assessors shall deem convenient and legally sufficient. Either method of distribution shall occur on or before March 25 of each year.

SB 133, relative to eligibility for financial assistance from towns. Ought to Pass.

The Committee agreed that this bill made legal practices already used by Welfare Directors and the bill was an agreement between Welfare Directors and legal assistance. Vote 19-0. Rep. Robert H. Day for Municipal and County Government.

SB 158-FN, ratifying the town of Derry's vote to incur debt to defray costs of its 18 month transitional accounting period. Ought to Pass.

Consent of full Committee that action on this bill was clear and concise. A necessary housekeeping procedure for the transition of Derry from municipal government to mayor and council. Vote 17-0. Rep. Paul A. Golden for Municipal and County Government.

SB 176, allowing city councils to establish penalties for the violation of municipal codes. Inexpedient to Legislate.

The Committee determined that action on this bill should be handled on a local basis. The vehicle already exists to facilitate enforcement of the existing laws. Vote 17-0. Rep. Robert H. Day for Municipal and County Government.

SB 178-FN, relative to certain fees charged by sheriffs and deputy sheriffs and the paying of sheriffs' and deputy sheriffs' fees by the state for court attendance days. Ought to Pass.

The Committee feels an increase in fees for the counties is necessary because of the increased cost of the services of sheriffs and deputies. Vote 17-0. Rep. Beverly A. Gage for Municipal and County Government.

SB 179, relative to appointed county budget committees. Inexpedient to Legislate. Senate Bill 179 would create a new body to consider county budgets if by referendum the county votes approval. This new board would be less democratic and less representative than the present system. There could be less cooperation between the County Commissioners and the proposed body than now exists. There appears to be, in this legislation, no

call for cooperation with the county legislative body. Vote 17-0. Rep. David M. Perry for Municipal and County Government.

SB 192-FN, relative to collection procedures for municipal utilities. Ought to Pass.

This bill provides three methods of collecting municipal utility bills. Vote 18-2. Rep. George M. West for Municipal and County Government.

SB 210, permitting the use of a separate ballot for proposed zoning amendments. Ought to Pass with Amendment.

This bill provides an option for municipalities to employ a separate ballot for land use questions. The amendment makes the measure compatible with HB 96. Vote 20-0. Rep. Richard A. Grodin for Municipal and County Government.

Amendment

Amend the bill by striking out sections one, 2 and 3 and inserting in place thereof the following:

1 Separate Ballot for Adopting and Amending Zoning Ordinance, Historic District Ordinance, and Building Code. Amend RSA 675:2, I (supp) as inserted by 1983, 447:1 by striking out said paragraph and inserting in place thereof the following:

I. In cities or in towns operating under the town council form of government, the local legislative body shall determine the manner in which a zoning ordinance, historic district ordinance, or a building code is established and amended; provided, however, that any question concerning the establishment and amendment of a zoning ordinance, historic district ordinance, or a building code may be placed on a ballot separate from the ballot used to elect city or town officers.

2 Separate Ballot for Proposed Zoning Ordinance, Historic District Ordinance, and Building Code Amendment. Amend RSA 675:3, VII (supp) as inserted by 1983, 447:1 by striking out said paragraph and inserting in place thereof the following:

VII. If the town or village district has adopted an official ballot for the election of its respective officers, the issue as to the adoption of the proposed ordinance, building code, or amendment shall be presented to the voters of the town or village district by having the town or village district clerk prepare an official ballot separate from the official ballot used to elect town or village district officers which shall include the following question, or by including the following question on the official ballot as prepared by the town or village district clerk:

"Are you in favor of the adoption of the zoning ordinance, historic district ordinance, or building code (or amendment to the existing town (village district) zoning ordinance, historic district ordinance, or building code) as proposed by the planning board?" In the event that there shall be more than a single proposed amendment to be

submitted to the voters at any given meeting, the issue as to the several amendments shall be put in the following manner: "Are you in favor of the adoption of Amendment No. _____ as proposed by the planning board for the town (village district) zoning ordinance (historic district ordinance or building code) as follows: (Here insert topical description of substance of amendment.)?" If such action is to be taken at a meeting other than the one at which officers are to be elected, the clerk shall prepare a special ballot containing the question or questions above stated; and the meeting shall open not later than noon and shall remain open at least 8 hours. If such action is to be taken at a meeting in a town or village district which has not adopted an official ballot, the clerk may likewise prepare a special ballot separate from the ballot used to elect town or village district officers for the use of voters in voting on the question. If a majority of the voters present and voting on any question as herein provided shall vote in the affirmative, the ordinance or amendment thereto shall be declared to have been adopted. When submitting any question to the voters under this section, there shall be 2 squares printed after the question, one with the word "yes" beside it and another with the word "no" beside it.

3 Separate Ballot for Proposed Zoning Ordinance, Historic District Ordinance, and Building Code Amendment. Amend RSA 675:4, III and IV (supp) as inserted by 1983, 447:1 by striking out said paragraphs and inserting in place thereof the following:

III. Each petitioned amendment shall be placed on a ballot which may be separate from the ballot used to elect town or village district officers. A notation on the ballot stating the planning board's approval or disapproval shall immediately follow the question's description. Any petitioned question receiving an affirmative vote of a majority of the legal voters present and voting shall be adopted, except as provided in RSA 675:5.

IV. The town or village district clerk shall include each question on a petitioned amendment on the appropriate official or special ballot, or separate official ballot, in the same manner as provided in paragraph III and in RSA 675:3, VII.

SB 32-FN, an omnibus bill relative to public protection. Ought to Pass with Amendment.

The Department of Safety omnibus bill contains 4 items of a minor housekeeping nature, on which no comment is offered. Those items which are herewith explained: (a) the minimum age for operation of a motor boat on public waters, in excess of 25 horsepower, is raised from 12 to 14 years of age, (b) children 5 years or under shall wear a personal flotation device (PFD) while on public waters, unless the vessel has "continuous side rails, 3 feet or more in height," (c) a waiver of the provisions of RSA 105:10-a, 1, as

pertains to "automatic fire warning devices," is granted, until July 1, 1986, (d) Boats on Spectacle Pond shall be limited to 7.5 horsepower and 10 miles per hour, and the Water Supply and Pollution Control Commission shall conduct tests on the effect of petroleum products on Spectacle Pond, the results of such tests to be furnished this Committee not later than December 1, 1986. (e) Those using "jet skis" on public waters shall be not less than 14 years of age, and shall wear a PFD. Vote 11-0. Rep. David A. Welch for Public Protection and Veterans Affairs.

Amendment

Amend RSA 270:30 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

270:30 Minimum Age for Operation. No person under the age of 14 years shall operate upon the public waters of the state a motor boat or outboard motor having power in excess of 25 horsepower unless he is accompanied by an adult, and such adult shall be liable for personal injury or property damage which may result from such operation.

Amend the bill by striking out all after section 6 and inserting in place thereof the following:

7 Spectacle Pond. Amend RSA 486 by inserting after section 22 the following new section:

486:23 Spectacle Pond. No person shall use or operate any motorboat or any boat equipped with a motor with a manufacturer's rated capacity in excess of 7.5 horsepower, nor shall any person exceed a headway speed of 10 miles per hour with any motorboat upon the waters of Spectacle Pond in the towns of Groton and Hebron. Whoever violates this section shall be guilty of a violation.

8 Water Supply and Pollution Control Commission Testing. The water supply and pollution control commission shall conduct appropriate testing to determine the effects of continued use of petroleum powered boats on Spectacle Pond in the towns of Groton and Hebron. The results of such tests shall be forwarded to the chairman of the house committee on public protection and veteran's affairs by December 1, 1986.

9 Automatic Fire Warning. Amend RSA 153:10-a by inserting after paragraph I the following new paragraph:

I-a. Notwithstanding the provisions of this section, public or private hospitals, residential health care facilities, or county nursing homes shall be exempt from the requirements of this section until July 1, 1986.

10 Jet Skis. Amend RSA 270 by inserting after section 30 the following new section:

270:30-a Jet Skis. No person under 14 years of age shall operate jet skis on any waters of the state; nor shall any person operate or allow another person to operate jet skis within 150 feet of one another,

other boats or the shore. Any person operating jet skis shall wear a personal flotation device which is coast guard approved type 1 or 2. The owner of any jet skis in violation of this section may be subject to loss of the boat registration for the jet skis and the operator in violation of this section shall be guilty of a violation.

11 Effective Date.

I. Sections 3, 4, and 10 of this act shall take effect January 1, 1986.

II. Sections 5, 6, and 7 of this act shall take effect 60 days after its passage.

III. Sections 8 and 9 of this act shall take effect upon its passage.

IV. The remainder of this act shall take effect July 1, 1985.

SB 76, to reclassify certain highways in the town of Sunapee. Ought to Pass.

This bill reclassifies 2 sections of class II highways in the town of Sunapee to class V highways. This reclassification is agreeable to both the town of Sunapee and the State Department of Public Works and Highways. Vote 20-0. Rep. Gene G. Chandler for Public Works.

SB 131-FN, authorizing the installation of vending machines at rest areas on the state highway system. Ought to Pass with Amendment.

The Committee on Public Works felt that this bill would provide a necessary service to the motoring public, upon whom this State is so dependent. The State will also receive income from the sale of merchandise from the vending machines. Vote 18-0. Rep. Gene G. Chandler for Public Works.

Amendment

Amend RSA 230:30-a as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

230:30-a Vending Machines.

I. In consultation with the commissioner of the department of public works and highways, the director of plant and property management shall, when feasible, authorize the installation of vending machines dispensing non-alcoholic beverages and food items in the facilities located in rest areas along the state highway system.

II. The director of plant and property management shall put out bids for the installation and maintenance of the vending machines on a rest area by rest area basis. Notwithstanding the provisions of RSA 186-B:9-15, any bidder shall be eligible to bid for this service and shall be eligible to service more than one rest area.

III. In implementing this section, the director of plant and property management shall not incur any capital expense to the state of New Hampshire.

IV. The state's share of the funds derived from the vending machine revenue shall be deposited as unrestricted revenue in the general fund.

V. The provisions of RSA 230:52 shall not apply to the installation of vending machines under this section.

SB 63, transferring RSA 477:48 relative to security deposits to RSA 540-A relative to practices by landlords and tenants. Ought to Pass.

Senate Bill 63 transfers RSA 477:48 relative to security deposits from RSA chapter 477 to RSA 540-A and changes the title to read "Prohibited Practices and Security Deposits." The new section is subdivided into several new sections and language is updated. Vote 15-0. Rep. Norman R. Brough for State Institutions and Housing.

SB 111, defining presite built housing. Ought to Pass.

This bill defines "manufactured housing" and distinguishes it from "presite built housing." The bill clarifies the difference between these two types of structures. Vote 15-0. Rep. Ralph Parker for State Institutions and Housing.

SB 177-FN, relative to vanity plates for disabled or handicapped persons. Ought to Pass.

This Committee is unanimous in feeling that passage of this bill will serve this group of citizens in several ways physically and emotionally with little or no expense to the state since the plate is already designed. Vote 12-0. Rep. Irvin H. Gordon for Transportation.

COMMITTEE REPORTS (Regular Calendar)

SCR 4, calling upon New Hampshire's congressional delegation to support reinstatement of the Small Business Administration. Ought to Pass.

The Small Business Administration has provided a lot more than money to our great state of small businesses. The overwhelming sentiment of the Committee was for the continuation of the many different programs and services the Small Business Administration provides to New Hampshire. Vote 11-5. Rep. Vincent J. Palumbo for Commerce, Small Business and Consumer Affairs.

Ordered to third reading.

SB 3, relative to expenditures and reporting by political committees.

Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: This bill makes reporting easier by eliminating the need for federal candidates to file a state form. Vote 7-4. Rep. Natalie S. Flanagan for the Majority of Constitutional and Statutory Revision. MINORITY: The passage of this bill will allow national political action committees to finance state candidates without the detailed itemized reporting as now required by present statutes. (Reps. Roger Stewart, Beverley B. Bryant for the Minority of Constitutional and Statutory Revision.)

Rep. Joseph Eaton moved the words, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Motion adopted.
Referred for Interim Study.

SB 39, establishing that human life begins at conception. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: The sponsor of this bill said, "The experts cannot agree when life begins, but it is my opinion it begins at conception." This debate has been going on since the days of Aristotle. The Committee believes it would be arrogant and presumptive for the New Hampshire Legislature to determine an opinion by law in less than five hours. Vote 18-3. Rep. Robert M. Gilbreth for the Majority of Health and Human Services.

MINORITY: It is a biological fact that life begins at conception when the sperm cell unites with the ovum. When this occurs, there is cell division within hours; a heartbeat in 3 weeks, and brain waves recorded in 40 days. If uninterrupted, a human child will be the result in 266 days. (Rep. Margaret Roberts for the Minority of Health and Human Services.)

Rep. Roberts moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to her motion and yielded to questions.

Reps. Joslyn and Walter Robinson spoke against the motion.

Reps. Gilbreth and Scott Green spoke against the motion and yielded to questions.

Rep. Schwaner spoke in favor of the motion.

Rep. Daniel Eaton moved that SB 39 be laid upon the table.

A roll call was requested. Sufficiently seconded.

SB 147, establishing a committee to study a health cost containment measure. Ought to Pass.

A majority of the Committee felt that this bill would provide valuable information on health cost containment. Vote 13-7. Rep. Lawrence A. Chase for Health and Human Services.

Ordered to third reading.

SB 215, relative to a systematic review of health coverage proposals. Majority: Ought to Pass. Minority: Inexpedient to Legislate.

MAJORITY: This legislation addresses a growing concern over the continued expansion of mandated insurance coverages, especially in the area of accident and health, where already costs are out of control. Now, before a person or organization seeking sponsorship of proposed mandated coverage, it must answer a series of questions addressed to the legislative committee of interest dealing with the social and financial impact of such proposed mandated coverage. Vote 17-3. Rep. Leo W. Fraser, Jr. for the Majority of Health and Human Services.

MINORITY: There is no need to put into statute a list of questions the standing committee already has authority to ask. Why should only one group of legislators be subjected to a hurdle, i.e. determining social and economic impact of legislation, when the same requirement is not mandated for all legislation? Furthermore, this same bill, in the form of a resolution, was killed by the Committee that appropriately deals with insurance matters. (Rep. Marion L. Copenhaver for the Minority of Health and Human Services.)

Rep. Copenhagen moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass, and spoke to her motion.

Reps. Fraser, Sara Townsend and Sochalski spoke against the motion and yielded to questions.

Rep. Pantzer spoke in favor of the motion.

Rep. Diamant spoke in favor of the motion and yielded to questions.

Rep. Chardon moved the previous question. Sufficiently seconded. Adopted. A division was requested.

Rep. Roberts abstained from voting under Rule 16.

203 members having voted in the affirmative and 143 in the negative, the motion was adopted.

Resolution adopted.

SCR 5, supporting limited heroin prescriptions for terminal cancer patients. Ought to Pass.

The majority of the Committee felt that this resolution, to be introduced in the United States Congress, would allow terminal cancer patients to remain coherent and as comfortable as possible during their remaining time. Vote 15-6. Rep. Joan A. Wagner for Health and Human Services.

Ordered to third reading.

SB 71, repealing the mini Davis-Bacon act. Ought to Pass.

Senate Bill 71 repeals the New Hampshire "Mini Davis-Bacon Act" allowing the Labor Commissioner to set the "prevailing wage rates to be paid to labor grades on public works projects in excess of \$500,000. Support for the repeal of this measure is not based on union versus nonunion philosophies, but on a law that is archaic and does not deal with the economic factors of the day, and at times spurs artificially inflated wage rates. The measure is supported by the Board of Education and the New Hampshire Association of School Boards, New Hampshire Association of Counties and others, all of whom have stressed that the measure is pro-taxpayer and will save the state counties, cities and towns substantial money whenever structures and roads are built with state or municipal funds. Vote 7-5. Rep. Avis B. Nichols for Labor, Industrial and Rehabilitative Services.

Rep. Chambers offered an amendment.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

amending the mini Davis-Bacon act to apply to contracts over \$1,000,000.

Amend the bill by striking out section one and inserting in place thereof the following:

1 Regulation of Contracts. Amend RSA 280:1 as amended by striking out said section and inserting in place thereof the following:

280:1 Regulation by Labor Commissioner of Contracts of Over \$1,000,000. The advertised specifications for every contract in excess of \$1,000,000 for the construction of public works by the state of New Hampshire, or by a county, municipality or district established by law which requires or involves the employment of mechanics, teamsters, chauffeurs and laborers shall contain a provision stating the minimum wages to be paid various classes of said employees which shall be based upon wages that will be determined by the labor commissioner to be prevailing for the corresponding classes of mechanics, teamsters, chauffeurs and laborers employed on projects of a character similar to the contract work in the city, town, village or other civil subdivision in which the work is to be performed and every contract based upon these specifications shall contain a stipulation that the contractor or his subcontractor shall pay hourly wages which are no less than the various rates so established during the life of the contract. This section shall also apply to regular employees of the state when such employees are employed in the construction, addition to, or alteration of said works for which special appropriations are provided. Payments by employers to health, welfare, pension, or other plans under collective bargaining agreements or understandings between organized labor and employers shall be included for the purpose of establishing prevailing wage rates as prescribed in this section.

Hearing no objection, the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Chambers explained the amendment and yielded to questions.

Reps. Skinner and Dickinson spoke against the amendment.

Rep. Matson spoke in favor of the amendment and yielded to questions.

Amendment lost.

Ordered to third reading.

SB 121, relative to continuity of employment tenure for state employee benefits purposes. Inexpedient to Legislate. The subject of the continuity of employment tenure for state employee benefits is a subject that is considered in the negotiations process and has not received top priority in the contract. This measure would attempt to change RSA 99:5 and 99:6 from 10 years of continuous service to 5 years for allowing an individual to pick up benefits of prior service. Legislation similar to SB 121 has been considered in prior sessions by this and another Committee and has been treated as

Inexpedient to Legislate. Vote 9-3.
Rep. Robert R. Charron for Labor,
Industrial and Rehabilitative Services.

Resolution adopted.

SB 123-FN, relative to an increased
adjusted elderly exemption for the city of
Portsmouth. Ought to Pass.

This bill pertains to only Portsmouth.
The testimony was all in favor of its
passage. Vote 13-4. Rep. Beverly A.
Gage for Municipal and County Government.

Ordered to third reading.

SB 149-FN, eliminating the position of
city sealer of weights and measures in
Manchester and Nashua. Ought to Pass.

The Committee feels that the people of
the cities of Manchester and Nashua
would be better served by having the
State Inspector handle inspections of
weights and measures. Vote 12-5. Rep.
Leona Dykstra for Municipal and County
Government.

Ordered to third reading.

SB 37, relative to the preservation and
disposition of Indian skeletal remains.
Ought to Pass with Amendment.

After considerable testimony by all who
wanted to be heard, and considering the
many diverse and qualified opinions of
various concerned groups and
individuals, the Chairman asked the
Governor's Representative, Mr. John
Gifford, assigned to this bill, to meet
with all concerned and work out an
amendment agreeable to all. The
Committee felt, under these
circumstances, that the best
accommodation of this matter has been
met. Vote 18-2. Rep. Mildred S. Ingram
for Public Works.

Rep. Keans moved that the words, Refer
for Interim Study, be substituted for the
report of the Committee, Ought to Pass with
Amendment, spoke to her motion and yielded
to questions.

Rep. Walter spoke against the motion.

Rep. Hollingworth spoke in favor of the
motion and yielded to questions.

Reps. Felch and Bibbo spoke against the
motion and yielded to questions.

Rep. Sara Townsend moved the previous
question. Sufficiently seconded. Adopted.

A division was requested.

186 members having voted in the
affirmative and 146 in the negative, the
motion was adopted.

SB 37 was referred for Interim Study.

SB 65, proscribing the transportation of
alcohol in open containers. Inexpedient to
Legislate.

While this bill embodies some worthwhile
provisions, the problems outweigh the
values with no provision made for
enforcement. Vote 10-2. Rep. Ralph W.
Pearson for Transportation.

Rep. August moved that the words, Refer
for Interim Study, be substituted for the
report of the Committee, Inexpedient to
Legislate, and spoke to his motion.

Rep. Irvin Gordon spoke in favor of the
motion.

Motion adopted.

SB 65 was referred for Interim Study.

SB 136, relative to the reinstatement
of Sports Programs, Inc. Ought to Pass.

This bill reinstates Sports Programs,
Inc. retroactive to 1980. Vote 10-0.
Rep. Natalie S. Flanagan for
Constitutional and Statutory Revision.

Rep. Walter moved that HB 136 be
recommitted to the Committee on
Constitutional and Statutory Revision and
spoke to her motion.

Rep. Joseph Eaton spoke in favor of the
motion.

Motion adopted.

SB 116, relative to hunting and fishing
resident licenses. Ought to Pass.

This is a very necessary bill which
keeps the resident tax bill as a proof
of residency, but now the Fish and Game
Department and its license agents will
no longer be tax collectors. Vote
13-2. Rep. Gerald R. Smith for Fish and
Game.

Rep. George Gordon moved that the words,
Inexpedient to Legislate, be substituted for
the report of the Committee, Ought to Pass,
spoke to his motion and yielded to questions.

Reps. Powers, Perham and Doris Riley
spoke against the motion and yielded to
questions.

Rep. Daniell spoke to the motion.

Rep. Fried spoke in favor of the motion.

Rep. Sara Townsend moved the previous
question. Sufficiently seconded. Adopted.
Motion lost.

Question now being on the report of the
Committee, Ought to Pass, a roll call was
requested. Sufficiently seconded.

SB 167, permitting the delegation of site plan review powers. Inexpedient to Legislate.

Testimony on this bill indicated a desire to handle site plan reviews in an expeditious manner. The Committee is unanimous in its conclusion that (1) adequate provision already exists for such expeditious handling and (2) the public is best served by decision-making authority and responsibility retained at planning board level. Vote 17-0. Rep. Richard A. Grodin for Municipal and County Government.

INTRODUCTION OF GUEST

Rep. William Boucher introduced Fred Colson, President of the Granite State Independent Living Foundation, who addressed the House briefly.

Reps. Tucker and Wayne King offered the following:

HOUSE RESOLUTION NO. 35

memorializing former New Hampshire State Police Sergeant Francis J. Donahue.

WHEREAS, Francis J. Donahue had a law enforcement career of more than 23 years, serving for five years with the Police Department of Keene, New Hampshire and then for more than eighteen years with the New Hampshire State Police until his retirement in June, 1984, and

WHEREAS, Francis J. Donahue was promoted by the State Police to the rank of Sergeant in March 1978, and was assigned to the Hazardous Materials Unit in March 1982, serving as one of just two State Troopers in charge of hazardous waste enforcement, and

WHEREAS, Francis J. Donahue, during his tenure with the Hazardous Materials Unit, was twice commended by Governor John H. Sununu for efficient, dedicated and courageous work, and

WHEREAS, Francis J. Donahue was a dedicated public servant who believed that being a guardian of the public's trust and safety was the highest calling for any individual, and

WHEREAS, Francis J. Donahue was a humanitarian who cared deeply about those persons he faithfully served, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Sergeant Francis J. Donahue's outstanding record of public service receive highest commendation and public recognition, and be it further

RESOLVED, that a suitable copy of this resolution be prepared for presentation to his family.

Rep. Tucker for the entire membership offered the following:

RESOLUTION NO. 36

honoring former United States Senator Norris Cotton.

WHEREAS, having been born on the eleventh day of May in the Year of Our Lord 1900, Norris Cotton, through his devotion to his state, has become one of New Hampshire's favorite sons and most distinguished public servants, and

WHEREAS, Norris Cotton served three terms in the New Hampshire House of Representatives, being elected by the voters of Grafton County first in 1923, then again in 1943, and in 1945, and

WHEREAS, during his third term as a State Representative in the biennium of 1945-1946, Norris Cotton served as Speaker of the House, and

WHEREAS, having devoted his life to the legislative process, Norris Cotton also faithfully and eloquently served the voters of New Hampshire for six years as a member of the United States Congress and then for twenty consecutive years as a member of the United States Senate, and

WHEREAS, Norris Cotton, recognized by all for his integrity, has served in numerous other public offices including Clerk of the New Hampshire Senate, Grafton County Attorney and Municipal Judge, and

WHEREAS, Norris Cotton is a graduate of Phillips Exeter Academy, Wesleyan University and George Washington University Law School, and in the early stages of his career worked one year as a teacher in Lebanon, Connecticut, the town for which Lebanon, New Hampshire, his hometown, was named, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that on the occasion of his eighty-fifth birthday, Senator Norris Cotton be congratulated publicly and his achievements as a public servant be applauded and given highest recognition, and be it further

RESOLVED, that a suitable copy of this Resolution be prepared for presentation to him.

Unanimously adopted.

HOUSE JOURNAL 21

Tuesday, 14 May 85

The House assembled at 1:00 p.m., and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, we give thanks for this day, for our lives, and for a legislative process that gives us freedom of expression, the right to vote on how we are to live together, and respect for our rules of order.

Save us from using our laws to promote the self-interest of a few. Help us hear even the unspoken voices of need and desire within our districts.

Keep ever before us the virtue of including all our citizens. Keep us faithful in the remaining days of this session to the equality and justice for all. Amen.

Rep. Coulombe led the Pledge of Allegiance.

SB 143 was removed at the request of Rep. Wayne King.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

SB 189-FN, providing cost of living increases to teachers who retired prior to 1957. Ought to Pass.

This bill gives additional funds to supplement their retirement income. The teachers were never a part of the New Hampshire Retirement System. Vote 15-0. Rep. Margaret A. Ramsay for Appropriations.

SB 119-FN, establishing a missing child register. Inexpedient to Legislate.

The Committee finds that HB 434 provides a more effective and economical means of handling and tracking information on missing children. This bill, SB 119-FN, would require the Division of Children and Youth to duplicate facilities already in use for law enforcement. HB 434 will utilize these already existing facilities which are now connected to NCIC. This will provide a more professional approach, prevent duplication and save money. Vote 18-0. Rep. Joe B. Parks for Children, Youth and Elderly Affairs.

SB 195, creating a children's trust fund study committee. Ought to Pass.

This bill creates a committee composed of a member of the House of Representatives, a member of the Senate, and a person appointed by the Governor to study the feasibility of establishing a trust fund to be used for the purposes of preventing child abuse and neglect and improving services to abused and neglected children. Vote 15-0. Rep. Pamela B. Bean for Children, Youth and Elderly Affairs.

SCR 6, relative to supreme court rules and child abuse victims. Ought to Pass. The Committee believes the State Court System should recognize that child abuse victims need protection from emotional trauma during the trial proceedings. This resolution requests the Supreme Court to adopt uniform rules which the Committee believes would benefit these child victims. Vote 14-0. Rep. Rick Newman for Children, Youth and Elderly Affairs.

SB 55, removing the executive director of the water supply and pollution control commission from the plumbers' licensing board. Ought to Pass.

The bill was requested by the Water Supply and Pollution Control Commission and does not diminish any authority in the Commission. The Plumbers' Licensing Board is in agreement. Vote 16-0. Rep. Ann Torr for Executive Departments and Administration.

SB 64, removing the responsibility for the state plumbing code from the water supply and pollution control commission and transferring authority for the code to the plumber's licensing board. Ought to Pass with Amendment.

Senate Bill 64 transfers responsibility for administration of the State Plumbing Code from Water Supply and Pollution Control Commission to the Plumbers' Licensing Board. This bill does not diminish home rule nor impede the authority of the Water Supply and Pollution Control Commission. Vote 13-1, 1 Rule 16. Rep. Ann Torr for Executive Departments and Administration.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Plumbers Board; Water Supply and Pollution Control. Amend RSA 329-A:3 by inserting after paragraph II the following new paragraph:

III. The board shall be an administratively attached agency, under RSA 21-G:10, to the water supply and pollution control commission.

4 Effective Date. This act shall take effect 60 days after its passage.

SB 70, relative to the board of dental examiners. Refer for Interim Study.

This bill deals with issues that are also under study for the Medical Board and are greatly dependent on Right-to-Know Laws. It was felt that this bill also needs to be studied to insure that all boards are in concert. Vote 20-0. Rep. William F. McCain for Executive Departments and Administration.

SB 93-FN, relative to certain withdrawals from the New Hampshire retirement system. Ought to Pass.

This bill reopens a time window during which city and town managers may withdraw accumulated contributions from the Retirement System for the purpose of contributing them instead to the International City Management Retirement Corporation. The withdrawal of funds from the Retirement System is offset by reduced liability of the system. Vote 18-0. Rep. Richard H. Campbell, Jr. for Executive Departments and Administration.

Referred to Appropriations.

SB 138-FN, amending the administrative procedure act. Ought to Pass.

This bill was requested by the Joint Legislative Committee on Administrative Rules. It is a housekeeping bill to enable the Committee to act more effectively and efficiently. Vote 16-0. Rep. Ada L. Mace for Executive Departments and Administration.

SB 141, establishing a committee to study the reduction of benefits provision for group I members of the New Hampshire retirement system. Refer for Interim Study. The Committee feels several areas of the retirement plan should be studied in addition to the area in the proposed bill and that this work should be conducted by the Legislative Committee rather than a special committee. Vote 18-1. Rep. Jack H. Schofield for Executive Departments and Administration.

SB 199, relative to a reorganized department of revenue administration. Ought to Pass.

This legislation provides for an alignment within the existing Department of Revenue Administration which streamlines the operational efficiency

and provides clear lines of accountability for the total structure. Vote 16-1. Rep. William F. McCain for Executive Departments and Administration.

SB 20, adopting the uniform transfers to minors act. Ought to Pass.

This bill would supersede the Uniform Gifts to Minors Law adopted in New Hampshire thirty years ago and brings the old law up-to-date. It broadens the types of transfers to minors to include transfers from trusts, estates and guardianships as well as the gifts covered by the previous law. Older members of the House will be glad to know that this bill will make it more convenient for grandparents to transfer property in trust for their grandchildren. Vote 12-0. Rep. Francis E. Robinson for Judiciary.

SB 52-FN, establishing an advisory committee on rules of evidence. Ought to Pass with Amendment.

This bill creates a committee to study rules of evidence, concentrating in those areas where statutes and rules are redundant. The amendment changes the constitution of the committee to consist of 3 members of the House Judiciary Committee, 2 members of the Senate Judiciary Committee, the Attorney General or his designee, and the President of the New Hampshire Bar Association or his designee. Vote 20-0. Rep. Charles F. Bass for Judiciary.

Amendment

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Committee Established. There is hereby established the advisory committee on rules of evidence. The members of the committee shall be:

I. Three members of the house judiciary committee selected by the speaker of the house.

II. Two members of the senate judiciary committee selected by the president of the senate.

III. The president of the New Hampshire bar association or his designee.

IV. The attorney general or his designee.

SB 54, allowing shareholders to obtain payment for shares upon a lease of corporate property under certain conditions and permitting court ordered corporate liquidation in certain circumstances. Ought to Pass with Amendment.

This bill provides that shareholders have a right to obtain payment in certain circumstances when the assets of a corporation are leased. Current law recognizes this right only when there is sale or exchange of the assets of a corporation. Vote 13-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

allowing shareholders to obtain payment for shares upon a lease of corporate property.

Amend the bill by striking out section 2 and renumbering the original section 3 to read as 2.

SB 67, relative to the execution of wills. Ought to Pass.

This bill changes the number of witnesses required for a valid will from 3 to 2, modifies the affidavit which makes a will self-proving, and validates non self-proving wills made after December 31, 1983. Vote 14-0. Rep. Donna P. Sytek for Judiciary.

SB 96, relative to patient consent. Refer for Interim Study.

This bill attempts to delineate who can or cannot give consent for a person to have medical treatment. The Committee believes that there are serious problems with the bill as currently written. Interim study will allow the Committee enough time to work out an effective solution. Vote 15-2. Rep. Marc Chretien for Judiciary.

SB 105, relative to foreclosure sales of mortgaged premises. Ought to Pass with Amendment.

This bill, as amended, clarifies statutes concerning publication of notice of foreclosure sales of mortgaged premises. Vote 13-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to notice of foreclosure sales of mortgaged premises.

Amend the bill by striking out section one and renumbering the original sections 2 and 3 to read as 1, and 2, respectively.

SB 171, relative to sentencing for driving while intoxicated offenses. Inexpedient to Legislate.

This bill would force those convicted of DWI to go to an alcohol education program regardless of whether or not the person intends to apply for a driver's license. Forced education is only rarely successful, especially when the person has no clear goal in mind. Vote 18-0. Rep. Alf E. Jacobson for Judiciary.

SB 183, relative to delinquents.
Inexpedient to Legislate.

This bill concerns laws relating to juvenile delinquents. The Committee believes that imposing mandatory fines on parents and allowing the publication of names of convicted juveniles would have a detrimental effect on both juvenile offenders and their parents, foster parents or guardians. Vote 13-0. Rep. Marc Chretien for Judiciary.

SB 220, relative to shortening the statute of limitations for personal actions and certain restrictions on medical injury actions. Ought to Pass with Amendment.

The bill, as amended, provides that in personal actions the plaintiff shall not specify in his declaration the amount of damages claimed. This "ad damnum clause" or statement of money loss is often misleadingly used and sometimes causes the defendant undue expense in defending actions that unnecessarily exceed insurance limits. The defendant, judge and jury will still be able to have this information. Vote 14-1. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to eliminating the
ad damnum clause.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Elimination of Ad Damnum. Amend RSA 508 by inserting after section 4-b the following new section:

508:4-c Elimination of Ad Damnum Clause. In any personal action, the declaration or other affirmative pleading shall not specify or allege the amount of damages claimed, but shall, instead, state that the damages claimed are within any minimum or maximum jurisdictional limits of the court to which the pleading is addressed.

2 Effective Date. This act shall take effect January 1, 1986.

SB 97, relative to certain documents required to be kept in the state house visitors' center. Ought to Pass.

This bill assures that our most important documents, the Declaration of Independence and the Bill of Rights, will be displayed in the Visitors' Center, at appropriate times, with the maximum protection of all types. The Secretary of State will be responsible for the documents when they are not in the Visitors' Center. Vote 15-0. Rep. Richardson D. Benton for Legislative Administration.

SB 148-FN, relative to the fee charged by municipalities for uncollectible checks. Inexpedient to Legislate.

The subject matter of this bill is thoroughly covered in HB 333. Vote 16-0. Rep. George M. West for Municipal and County Government.

SB 167, permitting the delegation of site plan review powers. Inexpedient to Legislate.

The testimony by the proponents of this bill indicated that its purpose was to enable expeditious handling of the planning board's site plan review duties. The Committee is unanimous in concluding that (1) present law already provides for efficient and expeditious handling, (2) the rights and interests of the public are best served by retaining present provisions whereby approval authority is vested in a group of citizens appointed or elected for that purpose. Vote 16-0. Rep. Richard A. Grodin for Municipal and County Government.

SB 12, prohibiting the importation and sale of Union of Soviet Socialist Republic manufactured vodka in New Hampshire. Inexpedient to Legislate.

The Committee felt that it was not the place in the New Hampshire Legislature to attempt to regulate commerce. That is the power of the United States Commerce Commission. Testimony from the United States Trade Representative and the New Hampshire Attorney General's Office confirms this decision. It is the responsibility of the Liquor Commission to list and de-list items for sale in the Liquor Stores. It is not the intent of this Committee to be making these policy decisions. Vote 18-0. Rep. James D. Phelps for Regulated Revenues.

SB 154, allowing the liquor commission to impose an administrative fine in addition to revocation and suspension. Inexpedient to Legislate.

The Committee felt that the fines were not adequate to prevent abuses. Other aspects of the bill are being considered in another bill which was sent to interim study. Vote 16-0. Rep. Patti Blanchette for Regulated Revenues.

SB 170, enabling the liquor commission to lease space in its stores for placing automatic teller machines. Ought to Pass with Amendment.

Placement of automated teller machines in high volume liquor stores will reduce credit card sales and therefore Liquor Commission costs to administer those credit card sales. The amendment is a housekeeping measure of the Liquor Commission related to wine pricing. Vote 16-0. Rep. James D. Phelps for Regulated Revenues.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

enabling the liquor commission to lease space in its stores for placing automatic teller machines and establishing the retail price of wines sold by licensees.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Price Restricted. Amend RSA 178-A:4, I (supp) as inserted by 1978, 3:1 by striking out said paragraph and inserting in place thereof the following:

I. Retail prices of wines sold under the provisions of this chapter shall not be less than the selling price of such wines in the state liquor stores as established by the liquor commission.

3 Effective Date.

I. Section one of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect June 1, 1985.

SB 36, relative to the disposal of sewage and the abatement of nuisances. Ought to Pass.

Under this bill, municipalities may make regulations which impose more stringent requirements for disposal of sewage and abatement of nuisances than those enumerated in present law. Vote 19-0. Rep. Mary Ann Lewis for Resources, Recreation and Development.

SB 91, relative to alternate state guarantees for water pollution control projects and alternate state contributions for construction of water pollution abatement facilities. Ought to Pass with Amendment.

This bill, as amended, allows municipalities which have been sited by Water Supply and Pollution Control Commission to construct sewage disposal facilities to utilize state funds without benefit of federal grants. Also, a revolving loan fund study is set up to consider ways that municipalities may be assisted in such construction projects. Vote 14-0. Rep. Howard C. Dickinson for Resources, Recreation and Development.

Amendment

Amend RSA 149-B:1-b as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

149-B:1-b Alternate State Contribution. Any of the municipalities of Derry, Salem, Wolfeboro, Hampton, Sunapee, Rochester, Laconia or any other municipality in receipt of an order issued by the water supply and pollution control commission according to its priority criteria to undertake the construction of sewage disposal facilities in accordance with the provisions of RSA 148 or 149 without the benefit of a federal grant is entitled to an alternate state contribution. This

alternate contribution shall consist of the payment of 20 percent of the annual amortization charges, meaning principal and interest, on the original costs resulting from the acquisition and construction of the sewage disposal facilities. The word "construction" shall include engineering services, in addition to the construction of new sewage treatment plants, pumping stations, and intercepting sewers; and the altering, improving or adding to existing treatment plants, pumping stations and existing intercepting sewers, provided that the construction has been directed by the water supply and pollution control commission or is an undertaking designed to control or reduce pollution in the ground or surface waters of the state, as defined in RSA 149:1, and provided that the plan for the facilities is approved in accordance with RSA 148:25. The term "original costs" as used in this section shall mean the entire cost of the construction as defined above, excluding land acquisition, easements, and rights of way necessary to the project.

Amend RSA 149-B:1-c as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

149-B:1-c Limitation of Guarantee. If any one of the municipalities of Derry, Salem, Wolfeboro, Hampton, Sunapee, Rochester, Laconia or any other municipality in receipt of an order issued by the water supply and pollution control commission according to its priority criteria to undertake the construction of sewer disposal facilities pursuant to RSA 149-B:1-b proceeds with such construction, the state shall limit its guarantee of the construction bonds for said facilities to 25 percent of the total cost for the construction of that municipality's sewage disposal facilities.

Amend 1983, 335:4, II as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

II. If any one of the municipalities of Derry, Salem, Wolfeboro, Hampton, Sunapee, Rochester, Laconia or any other municipality in receipt of an order issued by the water supply and pollution control commission according to its priority criteria desires to proceed with the construction of sewage disposal facilities under the provisions of RSA 149-B:1-b and RSA 149-B:1-c, the water supply and pollution control commission may issue a state order for design and commencement of construction during the biennium ending June 30, 1987.

Amend section 5 of the bill by striking out same and inserting in place thereof the following:

5 Commission Authority to Investigate a Revolving Loan Fund. The water supply and pollution control commission is hereby authorized to investigate, in cooperation with the environmental protection agency,

under such guidelines as may be established under the Federal Clean Water Act, as amended, the feasibility of creating a state revolving loan fund to assist municipalities, as defined in RSA 149-B:1, in defraying the cost of constructing pollution control facilities required under the provisions of RSA 148 and 149. Said investigation shall include, but not be limited to, such matters as capitalization methods for the fund, terms and conditions under which loans may be made available to municipalities, maximum loans to be made available, methods for repayment of loans to the fund, and such other factors as are pertinent to the creation of a revolving loan fund for the purposes stated herein. The commission shall report its findings and proposed recommendations to the general court no later than January 1, 1986.

6 Effective Date. This act shall take effect upon its passage.

Referred to Appropriations.

SB 132, authorizing the water supply and pollution control commission to purchase liability insurance. Ought to Pass with Amendment.

Passage of SB 132, as amended, will make it possible for those small communities which meet the criteria to save money on construction grants projects and take advantage of additional federal funds. It also provides for a study to determine the most beneficial practices regarding chlorination of waste water to be performed by Water Supply and Pollution Control Commission in conjunction with Public Health Services. The study will incorporate both public health and environmental concerns. Vote 13-2. Rep. Elizabeth S. Bardsley for Resources, Recreation and Development.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

authorizing the water supply and pollution control commission to purchase liability insurance and to engage in disinfection research.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Commission Duties. Amend RSA 149:4, IX as inserted by 1965, 267:8 as amended by striking out said paragraph and inserting in place thereof the following:

IX. To set standards of design and construction for sewerage and sewage or waste treatment systems. To reject, if necessary, or modify and approve as deemed necessary for the purposes of the state water pollution control program all engineering or other documents associated with the design and construction of

pollution control projects and perform such other related engineering or inspectional work as will provide for proper design, construction and operation of the facilities involved, and take such other action as the commission deems necessary to maximize the effectiveness of sewerage and other pollution control facilities, both proposed and in construction. The purpose of this paragraph is to ensure the planning, construction and operation of publicly owned pollution control facilities which in the judgment of the commission will produce maximum benefits with the least expenditure of federal, state and local funds. The commission is hereby authorized to purchase professional liability insurance annually in order to provide coverage in connection with resident construction engineering services which may be made available to municipalities by the commission for projects undertaken with benefit of a federal grant under the provisions of this chapter; provided, however, that no construction engineering services shall be provided to any municipality with a population of greater than 3,000 according to the 1985 office of state planning estimates, nor when the estimated project costs exceed \$2,000,000.

2 Research in the Disinfection of Sewage Treatment Plant Effluents. The water supply and pollution control commission, in accordance with the provisions of RSA 149 and in consultation with the division of public health services with regard to appropriate health risk assessment measures, is hereby authorized to perform studies and research to evaluate the feasibility of establishing seasonal water quality standards and requirements for the disinfection of sewage treatment plant effluents. To achieve this objective, the commission may grant municipalities, on a case by case basis, permission to reduce, to suspend, or otherwise to modify the application of disinfection chemicals to treatment plant effluents during the periods of October 30, 1985, to April 1, 1986, and October 30, 1986, to April 1, 1987, provided that downstream water is regularly monitored in each case to assess any potential risk to human health. In the event that an unacceptable health risk should be discovered, appropriate action shall be immediately taken to abate said risk. The commission shall present its findings and recommendations concerning said study and research in the form of a report to the general court not later than September 30, 1986.

3 Effective Date. This act shall take effect 60 days after its passage.

Referred to Appropriations.

SCR 7, urging the United States Internal Revenue Service to repeal its ruling concerning keeping adequate contemporaneous records. Ought to Pass.

This resolution calls on the IRS to repeal its infamous "automobile log book" ruling and additionally urges simplification of the tax code. Vote 12-0. Rep. Donna P. Sytek for State-Federal Relations.

SB 109, relative to appointment of members to the housing finance board. Ought to Pass with Amendment.

This bill makes the following changes to the Housing Finance Board: it establishes a staggered term system for board members, it insures that the composition of the board include both men and women and that one member of the board be in the business of selling or renting real estate. Vote 12-0. Rep. Barbara A. Fried for State Institutions and Housing.

Amendment

Amend RSA 204-C:3 as inserted by section one of the bill by striking out same and inserting in place thereof the following:

204-C:3 Housing Finance Board. The powers of the authority shall be vested in 9 members, comprised of men and women, to be appointed by the governor with the advice and consent of the council. One member of the board shall be a person having experience in the construction of single-family real estate; one member shall be a person having experience with the business of selling or renting real estate; one member shall be a person having experience in residential mortgage banking; and at least 2 members shall be persons representing the general public who are neither bankers, builders, nor in the business of selling or renting real estate. No more than 5 members shall be of the same political party. The governor shall appoint annually a chairman and the members shall elect annually from among their number a vice-chairman and such officers as they may determine. Terms of board members shall be 5 years, except that all vacancies shall be filled for the unexpired term. In 1986, members shall be appointed to the following terms: one member to a one year term, 2 members to a 2 year term, 2 members to a 3 year term, 2 members to a 4 year term, and 2 members for a 5 year term. No member may serve more than 2 full consecutive terms. No member of the board shall serve on any other state board, commission, or in any other state agency during his term of office as a member of the housing finance board. A member shall hold office until his successor has been appointed and qualified. Members shall receive no salary for the performance of their duties under this chapter, but each member shall be reimbursed for reasonable expenses incurred in carrying out his duties under this chapter.

SB 163, increasing the housing finance authority's bonding authority. Ought to Pass.

This bill increases the bonding authority of the New Hampshire Housing Finance Authority from \$100,000,000 to \$600,000,000. This authority in no way obligates the State of New Hampshire to guarantee the bonds issued. The Authority presently enjoys a superior credit rating from Standard and Poore's and Moody's. The loan default rate for mortgages is 1/10 of 1 percent which is

considerably below the national average. General fund revenue increases are expected from business profits taxes, etc. from 3 million in FY 1986 to 9.8 million in FY 1989. Vote 12-0. Rep. Ralph Parker for State Institutions and Housing.

SB 142-FN, relative to immediate administrative license revocation for refusal to submit to a blood alcohol content test, or if the results of such tests show that a DWI offense has been committed. Inexpedient to Legislate.

The Committee felt SB 142-FN needed refinement and the requirement of additional data before final commitment to passage could be made. There was also testimony that the extension of "administrative revocations" authority to police officers would become an "administrative headache" for the Division of Safety services. Vote 10-1. Rep. George N. Katsakiores for Transportation.

SB 156, relative to the definition of a "way." Ought to Pass with Amendment. The amendment to this bill clarifies the definition of "way" as applied to three specific areas, namely-- reckless driving, driving under the influence of drugs or liquor and aggravated driving while intoxicated. The Committee feels that the action will solve the problem which led to the introduction of the bill. Vote 8-1. Rep. Irvin H. Gordon for Transportation.

Amendment

Amend RSA 259:125, II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

II. For the purposes of RSA 265:79, RSA 265:82, and RSA 265:82-a, any public highway, street, avenue, road, alley, park, parking lot or parkway; any private way laid out under authority of statute; ways provided and maintained by public institutions to which state funds are appropriated for public use; any privately owned and maintained way open for public use; and any private parking lots, including parking lots and other out-of-door areas of commercial establishments which are generally maintained for the benefit of the public.

SB 193-FN, relative to parking in cities of over 90,000 persons. Inexpedient to Legislate.

This appears to be a bill aimed at solving a problem that exists for a small area of the state. Information collected prior to executive session indicates that there are ways to deal with the problem or possibly eliminate it. The Committee felt it would be unwise to adopt the specific provisions of the bill, at this time. Vote 13-0. Rep. Irvin H. Gordon for Transportation.

SB 42-FN, to phase out the interest and dividends tax. Inexpedient to Legislate.

It was the consensus of the Committee that it is inappropriate to repeal a present source of revenue with no other source available to replace this revenue. Vote 16-4. Rep. Robert H. Grip for Ways and Means.

SB 85-FN, relative to the sale and distribution of cigarettes. Refer for Interim Study.

The Committee is of the opinion that this bill addresses a growing concern over the sale of cigarettes to individuals less than 18 years of age. However, the Committee believes that there are certain flaws in the bill as presently constructed which should be corrected, for example, there should be a section defining terms, such as, "operators;" the problem of enforcement should be addressed; and the placement of vending machines should be examined. Vote 17-2. Rep. Henry Whitcomb for Ways and Means.

SB 118-FN, relative to timely filing of returns under the meals and rooms tax. Ought to Pass with Amendment.

The Committee agreed to extend the time required to file the rooms and meals taxes from 10 to 15 days, but decided to continue the present methodology of filing tax returns in view of limited time to review the implications involved in any changes. Vote 13-6. Rep. Robert C. Hayes for Ways and Means.

Amendment

Amend RSA 78-A:8, III as inserted by section one of the bill by striking out same and inserting in place thereof the following:

III. Notwithstanding the provisions of any other law, returns and remittances due under this chapter shall be considered timely only if received by the department of revenue administration on or before the fifteenth day of the calendar month in which they were due. If this due date falls on a Saturday, Sunday or legal holiday, then the returns and remittances due under this chapter shall be filed no later than the next business day.

SB 174-FN, exempting transfers of title between nonprofit hospitals from the real estate transfer tax. Refer for Interim Study.

This bill was received very late, so that the Committee had little time to study the bill, particularly the fiscal impact. However, the subject deserves further study. Vote 17-3. Rep. Frederick G. Ahrens for Ways and Means.

SB 181, relative to the collection of the gasoline tax. Inexpedient to Legislate. The Subcommittee felt the present system is working satisfactorily, and the proposed amended version, would raise administrative and auditing problems. Vote 20-0. Rep. Barbara Zeckhausen for Ways and Means.

COMMITTEE REPORTS (Regular Calendar)

SB 1-FN, relative to the settlement laws. Ought to Pass with Amendment.

Senate Bill 1 abolishes settlement and includes the following proposals:

(A) General assistance would become the sole province of cities and towns, eliminating county involvement. (B) The local share of the State administered categorical programs (OAA, APTD, INC) would be paid for by the counties, eliminating city and town involvement. (C) The State would be responsible for 75% of the cost associated with court committed juveniles and the counties 25%, eliminating city and town involvement. Effective date January 1, 1986. Vote 18-1. Rep. Ednappearl F. Parr for Children, Youth and Elderly Affairs.

Amendment

Amend RSA 165:1, I as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

1. Whenever a person in any town is poor and unable to support himself, he shall be relieved and maintained by the overseers of public welfare of such town, whether or not he has residence there. For the purposes of this chapter the term "residence" shall have the same definition as in RSA 21:6-a.

Amend RSA 165:1-b as inserted by section 4 of the bill by striking out same and inserting in place thereof the following:

165:1-b Nonresidents. Any person, poor and unable to support himself, who is temporarily in a town or city which is not his residence, and who does not intend to make it his residence, shall be provided such temporary assistance as is reasonable and necessary by such town or city. Such town or city may, if requested, cause such person to be returned to his residence.

Amend RSA 167:18-a as inserted by section 33 of the bill by striking out same and inserting in place thereof the following:

167:18-a Reimbursement of Funds.

Commencing on January 1, 1974, all expenditures in carrying out the purposes of this chapter or RSA 161, except as provided in RSA 167:18-b relative to old age assistance or aid to the permanently and totally disabled, shall be made in the first instance from the public assistance fund hereby created, but each county shall, make monthly payments to the state for the amounts due under this section within 30 days from notice thereof and shall reimburse said fund for all assistance granted to persons for which such county is liable, to the extent of 50 percent thereof.

Amend RSA 167:18-b as inserted by section 34 of the bill by striking out same and inserting in place thereof the following:

167:18-b Reimbursement of Funds for Recipients in Nursing Homes. Commencing July 1, 1973, all expenditures in carrying out the purposes of this chapter or RSA 161 relative to old age assistance or aid to the permanently and totally disabled recipients

who are in nursing homes shall be made in the first instance from the public assistance fund hereby created, but each county shall, make monthly payments to the state for the amounts due under this section within 30 days from notice thereof and shall reimburse said fund for all assistance granted to persons for which such county is liable, to the extent of 50 percent of the non-federal share.

Amend RSA 169-B:40 as inserted by section 37 of the bill by striking out same and inserting in place thereof the following:

I. Whenever an order creating liability for expenses is issued by the court under this chapter, any expenses incurred shall be payable by the division of children and youth services, department of health and human services. The state shall have a right of action over for such expenses against the parents or the people chargeable by law for the minor's support and necessities. The court shall require the individual chargeable by law for the minor's support and necessities to submit a financial statement to the court upon which the court may make an order as to reimbursement to the state as may be reasonable and just, based on the person's ability to pay.

II. Upon the issuance of the order in paragraph I, the court shall send notice to the state. The state may, within 30 days from the receipt of notice, request a hearing on the issue of recovery. At such hearing, the court shall provide all financial information, including names and addresses of persons chargeable by law for the minor's support and necessities, to the state.

III. The office of institutional collections acting on behalf of Laconia state school and training center and the New Hampshire hospital is authorized to compromise or reduce any expense to be charged to the state.

IV. Notwithstanding paragraph I, the county in which the court is located which issued the order creating liability for expenses for the child shall be responsible for reimbursing the state for up to 25 percent of the costs incurred under this chapter. When determining the amount of reimbursement, all services for which the county would be liable if it were the legally liable unit shall be included, except services which are already the responsibility of the appropriate school district under RSA 186-C.

Amend RSA 169-C:27 as inserted by section 38 of the bill by striking out same and inserting in place thereof the following:

169-C:27 Liability of Expenses and Hearing on Liability.

I. Whenever an order creating liability for expenses is issued by the court under this chapter, any expenses incurred shall be payable by the division of children and youth services, department of health and human services. The state shall have a right of action over for such expenses against the parents or the person chargeable by law for the child's support and necessities. The court shall require the individual chargeable by law for the child's

support and necessities to submit a financial statement to the court upon which the court may make an order as to reimbursement to the state as may be reasonable and just, based on the person's ability to pay.

II. Upon the issuance of the order in paragraph I, the court shall send notice to the state. The state may, within 30 days from receipt of notice, request a hearing on the issue of recovery. At such hearing, the court shall provide all financial information, including names and addresses of persons chargeable by law for the child's support and necessities, to the state.

III. The office of institutional collections acting on behalf of Laconia state school and training center and the New Hampshire hospital is authorized to compromise or reduce any expense to be charged to the state.

IV. Notwithstanding paragraph I, the county in which the court is located which issued the order creating liability for expenses for the child shall be responsible for reimbursing the state for up to 25 percent of the costs incurred under this chapter. When determining the amount of reimbursement, all services liable shall be included except services which are already the responsibility of the appropriate school district under RSA 186-C.

Amend RSA 169-D:29 as inserted by section 39 of the bill by striking out same and inserting in place thereof the following:

169-D:29 Liability of Expenses and Hearing on Liability.

I. Whenever an order creating liability for expenses is issued by the court under this chapter, any expenses incurred shall be payable by the division of children and youth services, department of health and human services. The state shall have a right of action over for such expenses against the parents or the person chargeable by law for the child's support and necessities. The court shall require the individual chargeable by law for the child's support and necessities to submit a financial statement to the court upon which the court may make an order as to reimbursement to the state as may be reasonable and just, based on the person's ability to pay.

II. Upon the issuance of the order in paragraph I, the court shall send notice to the state. The state may, within 30 days from receipt of notice, request a hearing on the issue of recovery. At such hearing, the court shall provide all financial information including names and addresses of persons chargeable by law for the child's support and necessities, to the state.

III. The office of institutional collections acting on behalf of Laconia state school and training center and the New Hampshire hospital is authorized to compromise or reduce any expense to be charged to the state.

IV. Notwithstanding paragraph I, the county in which the court is located which issued the order creating liability for expenses for the child shall be responsible for reimbursing the state for up to 25 percent of the costs incurred under this chapter. When determining the amount

of reimbursement, all services for which the county would be liable if it were the legally liable unit shall be included, except services which are already the responsibility of the appropriate school district under RSA 186-C.

Amend RSA 170-G:4, XIV as inserted by section 43 of the bill by striking out same and inserting in place thereof the following:

XIV. Encourage cities, towns and counties to develop and maintain court diversion programs and alternative dispositions for juveniles other than placements outside of the home through the use of a formula which shall allow for the transfer of funds to cities, towns and counties which have, or are developing, alternatives for juvenile care. The amount to be distributed for this program shall be not less than 5 percent of the amount appropriated to the division for children and youth services in each fiscal year, and the method of distribution shall be based upon rules adopted under RSA 541-A by the director.

Amend section 26 of the bill by striking out same and inserting in place thereof the following:

26 County Reimbursement. Amend RSA 170-G by inserting after section 8 the following new section:

170-G:9 County Reimbursement. County payments due under RSA 169-B:40, 169-C:27 and 169-D:29 shall be paid to the division for children and youth services on a monthly basis within 30 days' notice of the amount due to the state. Delinquent payments due under these chapters, with interest at the rate of 12 percent per annum, may be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or may, at the request of the state agency, be deducted from any other moneys payable to such subdivision by any department or agency of the state.

Amend the bill by striking out section 51 and inserting in place thereof the following:

51 Repeal. The following chapters and sections of RSA are hereby repealed:

- I. RSA 164-A, relative to settlement.
- II. RSA 165:6, relative to limitations on eligibility for assistance.
- III. RSA 165:12, relative to withholding names of certain recipients of aid.
- IV. RSA 165:13, relative to inspection of accounts.
- V. RSA 165:15, relative to the soldiers home.
- VI. RSA 166:6, relative to binding out of assisted persons.
- VII. RSA 167:18, relative to reimbursement of funds.
- VIII. RSA 167:18-c, relative to settlement law and municipal reimbursement.
- IX. RSA 170-F:6, II, relative to the expense for foster children.
- X. RSA 166:13, relative to penalties for bringing indigents into a county.

Amend the bill by striking out section 52 and inserting in place thereof the following:

52 Retroactive Recovery Permitted. In order to assure appropriate recovery for payments made by towns and counties prior to the effective date of this act, any billing issued by the state to a town or county prior to the effective date of this act shall be resolved in accordance with the laws in effect at the time the liability was established.

53 Effective Date. This act shall take effect January 1, 1986.

Amendment Adopted.

Rep. Parks spoke against the Committee report.

Rep. Ahrens spoke in favor of the Committee report.

Referred to Appropriations.

Rep. Welch notified the Clerk that he wished to be recorded against SB 1.

SB 2, relative to child victims and child abuse. Ought to Pass with Amendment. Senate Bill 2 provides for video tape depositions of child victims. The amendment pertains to the age of children who will be video taped. The ages according to the amendment will be 16 years of age and under, children 13 and under will always be video taped unless there is a request not to video tape the child. In cases where there is a request to not video tape, the court will make the decision. The ages of 16 and 13 were decided on after discussions with a child psychiatrist who indicated that by age 14 most children were mature enough to have some input into the decision about being video taped. This bill allows the court to order video tape depositions of 14, 15 and 16 year old children. The amendment also strengthens the penalties to those convicted of sexually assaulting children. Vote 18-0. Rep. Mary Jane Wallner for Children, Youth and Elderly Affairs.

Amendment

Amend RSA 517:13 as inserted by section 1 of the bill by striking out same and inserting in place thereof the following:

517:13 Taking of Depositions. The respondent in a criminal case may take the discovery deposition of any person in his defense, upon giving the same notice of the caption thereof to the prosecutor that is required to be given to the adverse party in a civil case. Any discovery deposition so taken may be used on the trial of the case whenever, in the discretion of the court, the use thereof shall be deemed necessary for the promotion of justice. Notwithstanding this section, no party in a criminal case in which the victim, at the time of the alleged offense, was 16 years of age or under, shall take the discovery deposition of the victim or any witness who was 16 years of age or under at the time of the alleged offense.

Amend RSA 517:13-a as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

517:13-a Video Tape Deposition
Authorized.

I. In any criminal case, any party may move to take a video tape deposition of any witness, including the victim, who was 16 years of age or under at the time of the alleged offense. Any victim who was 16 years of age or under may also move to take a video tape deposition of his testimony. The court shall grant an order authorizing a video tape deposition if it finds by a preponderance of the evidence that:

(a) The child will suffer emotional or mental strain if required to testify in open court; or

(b) Further delay will impair the child's ability to recall and relate the facts of the alleged offense.

II. In any criminal case, if a witness is under 13 years of age, a video tape deposition shall be taken unless the court finds, after a hearing, by the preponderance of the evidence, that it is in the interest of justice to allow testimony in open court.

III. A video tape deposition taken pursuant to this section shall be conducted before the judge or court appointed master, at such a place as ordered by the court, in the presence of the prosecutors, the defendant and his attorneys, and such other persons as the court allows. Examination and cross-examination of the child shall proceed in the same manner as permitted at trial. Such deposition shall be admissible into evidence at trial in lieu of any other testimony by the child.

IV. Unless otherwise ordered by the court for good cause shown, no victim or witness whose deposition is taken pursuant to this section shall be required to appear or testify at trial.

V. Any witness who is 16 years of age or under shall be allowed to have his parent or other appropriate adult present during his testimony.

VI. The supreme court shall make any rules necessary to implement the provisions of this section.

Amend the bill by striking out section 8 and inserting in place thereof the following:

8 Length of Term. Amend RSA 651:6, II(c) as inserted by 1973, 370:3 by striking out said subparagraph and inserting in place thereof the following:

(c) Murder, life imprisonment;

(d) A third offense under RSA

632-A:2 or 632-A:3, life imprisonment; or

(e) A class A felony under RSA 632-A:2, XI and a subsequent separate offense under RSA 632-A:2, XI, a minimum to be fixed by the court of not less than 15 years and a maximum of life imprisonment without parole.

Amendment adopted.

Ordered to third reading.

SB 125-FN, relative to compensation for members of the board of dental examiners. Inexpedient to Legislate.

This bill has two issues: (1) raising the per diem amount of Board members, and (2) to pay the Executive Director of Dental Health for his services. The

majority of the Committee felt that both points were more appropriately handled by the budget process. Vote 14-5. Rep. William F. McCain for Executive Departments and Administration.

Resolution adopted.

SB 214, prohibiting abortions performed on certain minors without parental consent. Majority: Inexpedient to Legislate.

Minority: Ought to Pass.

MAJORITY: This Senate bill, though it references "parental consent," is just another attempt to have the House outlaw abortion. The Committee feels that the bill is unworkable, puts an unnecessary and unfunded burden on the judicial system, and is punitive in nature. Vote 14-7. Rep. Eugene S. Daniell, Jr. for the Majority of Health and Human Services.

MINORITY: The minority felt that parents having the responsibility for the welfare of their minor children in every other respect should not be prevented from a decision as serious as the consideration of abortion. (Rep. Alberta Z. Clay for the Minority of Health and Human Services.)

Rep. Clay moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, and spoke to her motion.

Reps. Daniell, Fraser and Copenhaver spoke against the motion.

Reps. Bolduc, John Burns and Dexter spoke in favor of the motion and yielded to questions.

Reps. Newman and Hager spoke against the motion and yielded to questions.

Rep. Coulombe spoke in favor of the motion.

Rep. Krasker moved that further consideration of SB 214 be laid upon the table.

A roll call was requested. Sufficiently second.

SB 16, relative to the statute of limitations for personal actions. Refer for Interim Study.

After three hearings and an avalanche of material, the Committee is not yet convinced that the statute of limitations in personal actions should be reduced from 6 years to 3. Although the current law has served us well for over 150 years, the problems encountered in the area of medical malpractice and products liability deserve further examination and possible solution. Vote 18-1. Rep. Donna P. Sytek for Judiciary.

Referred for Interim Study.

SB 38, relative to the integrated bar. Majority: Inexpedient to Legislate. Minority: Ought to Pass.

MAJORITY: In 1968, membership in the New Hampshire Bar was made mandatory by order of the New Hampshire Supreme Court. After a three year review period, the integrated bar concept was re-affirmed after the court determined that the unified bar had improved the quality and availability of legal services, provided better protection to consumers and promoted greater continuing legal education to enhance the quality of legal services. Even the supporters of this bill admit that anyone can petition the court to review its decision regarding integration, yet this has not been done. The Majority of the Committee, therefore, felt that it was inappropriate for the legislature to become involved in a question that may be resolved internally. Furthermore, passage of this legislation will almost certainly result in a constitutional conflict between the Legislature and Court over separation of powers. Vote 16-5. Rep. Charles F. Bass for the Majority of Judiciary.

MINORITY: There is no other profession or similar occupation where to perform his or her chosen work a person is compelled to belong to a private association. The Minority feels Lawyers should be no different than Doctors, Realtors, Engineers, Professors, Legislators or any other workers. (Reps. Frank J. Sylvia, Alf E. Jacobson, William Pellow, Peter J. Zis, David E. Cote for the Minority of Judiciary.)

Rep. Sylvia moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Inexpedient to Legislate, spoke to his motion and yielded to questions.

Reps. Sytek, Michael Jones and Chretien spoke against the motion and yielded to questions.

Reps. Alf Jacobson, Zis and Pellow spoke in favor of the motion.

Rep. Mehegan spoke in favor of the motion and yielded to questions.

Reps. Chambers and Bass spoke against the motion.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Sylvia requested a roll call. Sufficiently seconded.

Resolution adopted.

SB 68, relative to comparative contribution. Refer for Interim Study. The effect of this bill, as drafted, is uncertain because it applies language from the Uniform Comparative Fault Act and such uncertainty would produce litigation to determine legislative intent. This is important legislation that is necessary to establishing comparative negligence in New Hampshire, however, further study is necessary to clarify intent. Vote 13-0. Rep. C. William Johnson for Judiciary.

Referred for Interim Study.

SB 72, relative to civil penalties for bad checks. Ought to Pass with Amendment. This bill, requested by the Retail Merchants Association, is intended to expedite recovery on bad checks. As amended, the bill requires that the maker of a bad check who fails, after notice, to make restitution shall upon judgment pay to the holder, in addition to the amount of the check, \$10 per day that the debt is outstanding, up to \$500. The maker will also pay court costs, service costs and collection costs incurred by the holder. Vote 11-1. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Bad Checks, Civil Liability. Amend RSA by inserting after chapter 544-A the following new chapter:

CHAPTER 544-B CIVIL LIABILITY FOR BAD CHECKS

544-B:1 Civil Penalties for Bad Checks.

1. In any action against a person who makes, issues, or draws any check, draft or order for the payment of money which has been dishonored for lack of funds or credit to pay the same, or because the maker, issuer, or drawer has no account with the drawee, the holder may recover from the maker, issuer, or drawer the amount of the check, draft, or order, plus court costs, service costs, and collection costs incurred by the holder. The amount of the check, draft, or order plus the enumerated costs may be recovered only if:

(a) The holder gives notice pursuant to RSA 544-B:2, for payment of the check, draft, or order; and

(b) The maker, issuer, or drawer, fails to tender an amount equal to the amount of the check, draft, or order, plus bank fees and mailing costs, within 10 days of receiving the notice as set forth in RSA 544-B:2.

II. If a judgment is made against a maker, issuer or drawer pursuant to RSA 544-B:1, 1(a) and (b) and he fails to make restitution on the date of judgment, he shall pay to the holder \$10 per business day that the debt remains outstanding from the date of judgment up to a limit of \$500.

III. An action under this section may be brought as a small claims action if the amount claimed does not exceed the jurisdictional limits for small claims action, or may be brought in any other court that has jurisdiction.

544-B:2 Notice of Nonpayment. "Notice" as used in RSA 544-B:1, I (a) means notice given to the maker, drawer, or issuer of the check, draft, or order, either in person or in writing. Such notice in writing shall be conclusively presumed to have been given when properly deposited in the United States mails, postage prepaid, by certified or registered mail, return receipt requested, and addressed to such maker, drawer, or issuer at his address as it appears on the check, draft, or order or at his last known address.

544-B:3 Definition. "Dishonored" means, in addition to the meanings set forth in RSA 544-B:1, I, a stop payment order issued without cause.

2 Repeal. RSA 544-A, relative to civil liability for bad checks, is hereby repealed.

3 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.

Ordered to third reading.

SB 94, relative to criminal mischief. Ought to Pass.

This bill allows the court to consolidate losses caused by separate acts of criminal mischief if these acts were part of a common scheme for purposes of determining pecuniary loss. Criminal mischief is ordinarily a misdemeanor, but under the bill could be a class B felony if the damage was in excess of \$1,000. Vote 9-4. Rep. Donna P. Sytek for Judiciary.

Ordered to third reading.

SB 114, relative to wiretapping and eavesdropping. Ought to Pass with Amendment. This bill, as amended, broadens the category of crimes in which wiretaps can be used and changes slightly the mechanism by which the Attorney General authorizes one party intercepts. Vote 15-6. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Definition of "Electronic Device". Amend RSA 570-A:1, IV(a) (supp) as inserted by 1969, 403:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(a) any telephone or telegraph instrument, equipment, facility or any component thereof:

(1) furnished to the subscriber or used by a communications carrier in the ordinary course of its business and being used by the subscriber or user in the ordinary course of its business;

(2) purchased, rented or used by the subscriber or user; or

(3) being used by a communications common carrier in the ordinary course of its business, or by an investigative or law enforcement officer in the ordinary course of his duties;

2 Authorization of Interception of Oral or Written Communications by the Office of the Attorney General. Amend RSA 570-A:2, II and the concluding unnumbered paragraph (supp) as inserted by 1969, 403:1 as amended by striking out said paragraphs and inserting in place thereof the following:

II. It shall not be unlawful under this chapter for:

(a) Any operator of a switchboard, or an officer, employee, or agent of any communication common carrier, whose facilities are used in the transmission of a wire communication, to intercept, disclose, or use that communication in the normal course of his employment while engaged in any activity which is a necessary incident to the rendition of his service or to the protection of the rights or property of the carrier of such communication; provided, however, that said communication common carriers shall not utilize service observing or random monitoring except for mechanical or service quality control checks.

(b) An officer, employee, or agent of any communication common carrier to provide information, facilities, or technical assistance to an investigative or law enforcement officer who, pursuant to this chapter, is authorized to intercept a wire or oral communication.

(c) Any law enforcement officer, when conducting investigations of or making arrests for offenses enumerated in this chapter, to carry with him on his person an electronic, mechanical or other device which intercepts oral communications and transmits such communications by radio.

(d) An investigative or law enforcement officer in the ordinary course of his duties pertaining to the conducting of investigations of organized crime, offenses enumerated in this chapter, or harassing or obscene telephone calls to intercept a wire or oral communication, when such person is a party to the communication or one of the parties to the communication has given prior consent to such interception; provided, however, that no such interception shall be made unless the attorney general, the deputy attorney general, or an assistant attorney general designated by the attorney general determines that there exists a reasonable

suspicion that evidence of criminal conduct will be derived from such interception.

Oral authorization for the interception may be given and a written memorandum of said determination and its basis shall be made within 72 hours thereafter. The memorandum shall be kept on file in the office of the attorney general.

(e) An officer, employee, or agent of the Federal Communications Commission, in the normal course of his employment and in discharge of the monitoring responsibilities exercised by the commission in the enforcement of chapter 5 of title 47 of the United States Code, to intercept a wire communication, or oral communication transmitted by radio, or to disclose or use the information thereby obtained.

(f) Any law enforcement officer, when conducting investigations of or making arrests for offenses enumerated in this chapter, to carry with him on his person an electronic, mechanical or other device which intercepts oral communications and transmits such communications by radio.

3 Judicial Authorization of Interception of Wire or Oral Communications. Amend RSA 570-A:7 as inserted by 1969, 430:1 by striking out said section and inserting in place thereof the following:

570-A:7 Authorization for Interception of Wire or Oral Communications. The attorney general, deputy attorney general, or a county attorney upon the written approval of the attorney general or deputy attorney general, may apply to a judge of competent jurisdiction for an order authorizing or approving the interception of wire or oral communications, may apply to such judge for, and such judge may grant in conformity with RSA 570-A:9, an order authorizing, or approving the interception of wire or oral communications by law enforcement officers having responsibility for the investigation of the offenses as to which the application is made, when such interception may provide, or has provided, evidence of the commission of organized crime, as defined in RSA 570-A:1, XI, or evidence of the commission of the offenses of homicide, kidnapping, gambling, theft as defined in RSA 637, corrupt practices as defined in RSA 640, robbery as defined in RSA 636, arson as defined in RSA 634:1, hindering apprehension or prosecution as defined in RSA 642:3, escape as defined in RSA 642:6, bail jumping as defined in RSA 642:8 or dealing in narcotic drugs, marijuana or other dangerous drugs or any conspiracy to commit any of the foregoing offenses.

4 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.

Rep. Sytek moved that further consideration of SB 114 be made a Special Order, to be taken up, at the end of the Calendar.

Adopted.

SB 198, relative to the adoption statutes. Ought to Pass with Amendment.

This bill clarifies and enhances various laws regarding adoptions. The Committee believes that this bill represents a very fair method of balancing the sometimes conflicting interests of the natural parents, adoptive parents and adopted children. Vote 12-2. Rep. Marc Chretien for Judiciary.

Amendment

Amend RSA 170-B:5-a, I as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

I. The following persons shall be given notice by the court and shall have the right to request a hearing to prove paternity:

(a) A person named by the natural mother in an affidavit filed with the court;

(b) When the natural mother has relinquished her parental rights under RSA 170-B:8, or her rights have been terminated under RSA 170-C, or if she has executed a consent under RSA 170-B:9, the natural or legal father, if his identity is known by the court; the adoption agency which is legal guardian of the child; or the proposed adoptive parents or their attorney;

(c) A person who claims to be the father and who has filed a notice of his claim of paternity with the office of child support enforcement upon the forms supplied thereby. The notice form shall indicate the claimant's willingness and intent to support the child to the best of his ability. The notice form may be filed prior to the birth of the child but must be filed prior to the mother's rights being voluntarily or involuntarily terminated. Failure to file the notice prior to this time shall bar the alleged father from thereafter bringing an action to establish his paternity of the child, and shall constitute an abandonment of said child and a waiver of any right to a notice of hearing in any adoption proceeding concerning the child.

(d) A person who is openly living with the child or the child's mother and providing financial support to the mother or child at the time any action under this chapter is initiated and who is holding himself out to be the child's father.

Amend RSA 170-B:7, II as inserted by section 5 of the bill by striking out same and inserting in place thereof the following:

II. Any parent wishing to consent to the adoption of a child must be informed by the potential adoptive parents or by their attorney, physician or any intermediary acting in their behalf that child placing agencies licensed under RSA 170-E are available to provide counseling about the parent's decision to place the child for adoption.

Amend RSA 170-B:19, II-a and II-b as inserted by section 9 of the bill by striking out same and inserting in place thereof the following:

II-a. Upon the request of an adoptee over 21 years of age or an adoptive parent, the division or agency involved in the adoption shall release information relating to the health history of the natural parent and blood relatives or, with the consent of the natural parent, the social background of the natural parent and blood relatives on forms approved by the division. The division or the agency shall delete any information from the health history or social background which would tend to identify a natural parent.

II-b. Upon the signing of a relinquishment or consent, or at a later time, a natural parent may sign a release of information, which shall be filed in the records of the licensed child-placing agency conducting the investigation under RSA 170-B:14, authorizing the agency to release identifying information, as specified in RSA 170-B:19-a, II, to an adoptee over 21 years of age who wishes to contact a natural parent. A separate form for the release of identifying information shall be signed by each natural parent. A natural parent may, at any time, revoke or amend his release of information.

Amend the bill by striking out sections 7 and 8 and renumbering sections 9-10 to read as 7 and 8, respectively.

Amendment adopted.

Ordered to third reading.

SB 98, relative to transmission lines in historic districts. Inexpedient to Legislate.

Present RSA 162-F mandates that the Site Evaluation Committee consider, as part of its hearings, the adverse effect such transmission lines would have on any area, such as historic districts, and receive information from municipal officials, planning boards, etc. Ample protection is contained in the present statutes. Vote 13-9. Rep. Roger C. King for Municipal and County Government.

Resolution adopted.

SB 4, relative to funding for the department of public works and highways federal aid construction program. Ought to Pass with Amendment.

Senate Bill 4 transfers a highway surplus of \$2,555,474 to receive an additional \$30,076,009 in federal funds in state matching category for federal aid construction programs. The amendment submitted by the Public Works Committee with 20 to 0 vote has twice been approved by the House. Rep. James J. White for Public Works.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to funding for the department of public works and highways federal aid construction program and replacement of new highway signs.

Amend section 3 of the bill by striking out same and inserting in place thereof the following:

3 New Section. Amend RSA 230 by inserting after section 49 the following new section:

230:49-a Replacement or New Signs.

Whenever the commissioner of public works and highways authorizes the replacement of an existing highway sign or the installation of a new highway sign which designates that a city or town lies ahead, that sign shall also state the distance in miles from the sign to the city or town limits that the motorist will first approach.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Referred to Appropriations.

SB 83, relative to the rehabilitation of certain railroad branch lines and making an appropriation therefor. Ought to Pass.

Believing that New Hampshire must address the problem of railroad lines currently operating today in the state, the House Public Works Committee voted 20 to 0 to a program of rehabilitation of certain branch lines. Rep. James J. White for Public Works.

Rep. Hoar offered an amendment.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Rehabilitation of Certain Branch Lines. The railroad division of the department of public works and highways is hereby authorized to rebuild, modernize and maintain the Portsmouth-Massachusetts state line, Rollinsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord railroad branch lines. The general court recognizes that the continuation of these branch lines depends upon their rebuilding, modernization and maintenance.

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Appropriation. There is hereby appropriated to the railroad division of the department of public works and highways for the purposes of section one of this act the sum of \$2,515,000 to be used for the purposes of rebuilding, modernization and maintenance of the Portsmouth-Massachusetts state line, Rollinsford-Rochester, Rochester-Ossipee, Nashua-Bennington, and Claremont-Concord branch lines. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Separate Funds. The moneys appropriated by section 2 of this act and the moneys transferred by section 6 of this act shall be placed in separate non-lapsing accounts established as follows:

I. \$460,000 to be used for the rebuilding, modernization and maintenance of the Portsmouth-Massachusetts state line branch line.

II. \$400,000 to be used for the rebuilding, modernization and maintenance of the Rochester-Ossipee branch line.

III. \$485,000 to be used for the rebuilding, modernization and maintenance of the Rollinsford-Rochester branch line.

IV. \$1,170,000 to be used for the rebuilding, modernization and maintenance of the Nashua-Bennington branch line.

V. \$200,000 to be used for the rebuilding, modernization and maintenance of the Claremont-Concord branch line.

Rep. Hoar explained the amendment.

Rep. Bibbo spoke in favor of the amendment.

Amendment adopted.

Referred to Appropriations.

SB 134, relative to highways to public waters. Ought to Pass with Amendment.

This bill, as amended, will only change the reference of Chapter Law 343 passed in 1983 to the correct RSA. This would allow the Department of Fish and Game to perform the duties required of them under this Chapter Law. Vote 15-4. Rep. Beverly Hollingworth for Public Works.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Public Access to Certain Waters.

Amend 1983, 343:1 by striking out same and inserting in place thereof the following:

343:1 Public Access to Certain Waters. The state shall obtain public access pursuant to RSA 230:63-71 to the following bodies of water in these general locations:

I. Connecticut River, in the vicinity of the Ascutney bridge, so called, in the city of Claremont.

II. Merrimack River, between the town of Boscawen and the city of Franklin.

III. Big Diamond Pond in the town of Stewartstown.

IV. Any other sites on rivers, lakes or ponds as determined by the department of fish and game to be in the interest of the fishing sportsmen of the state.

2 Contribution by State. Amend 1983, 343:3 by striking out same and inserting in place thereof the following:

343:3 Contribution by State. The state shall pay for the services of the commissioners, such sums shall be a charge upon the highway fund. Sums awarded to owners of land and of costs of construction of the highway as the governor, with the

advice of the council, shall deem just and reasonable, shall be a charge against the appropriation contained in section 2.

3 Effective Date. This act shall take effect 60 days after its passage.

Amendment adopted.

Ordered to third reading.

SB 201, relative to the Maine-New Hampshire Interstate Bridge Authority and the Portsmouth-Kittery Bridge. Ought to Pass with Amendment.

A necessary bill to continue transportation of both vehicular and railroad transportation to and from Maine, based on a fair and equal share of costs for each state, pertaining to operating costs. Vote 16-4. Rep. Norman B. Rogers for Public Works.

Amendment

Amend RSA 234:60, Article I, paragraphs I and II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. "Main river structure" means only that portion of the present Maine-New Hampshire interstate bridge authority facility which spans the Piscataqua river from the New Hampshire bridge abutment to the Maine bridge abutment, inclusive, for a distance of 2,880 feet or 0.5456 mile.

II. "Approach roads" means those roadway portions of the present Maine-New Hampshire interstate bridge authority facility known as the U.S. Route 1 Bypass running from the New Hampshire bridge abutment of the main river structure to the U.S. Route 1 Bypass/U.S. Route 1 junction in Portsmouth, New Hampshire, a distance of approximately 2.79 miles, and running from the Maine bridge abutment of the main river structure to the U.S. Route 1 Bypass/U.S. Route 1 junction to Kittery, Maine, a distance of approximately 1.4 miles.

Amend the bill by striking out section 4 and inserting in place thereof the following:

4 Positions Authorized. The positions of 2 drawbridge operators and 6 gatemen shall be authorized, for the biennium ending June 30, 1987, to be funded from funds available from the highway surplus account under RSA 228:12. The authorization for these positions shall become effective upon the effective date of this act; provided, however, the positions shall be filled only when and as vacancies occur in like positions on the Maine department of transportation Memorial Bridge operation and maintenance crew and after the state of Maine agrees to refund the state of New Hampshire 1/2 of the total operating cost of department of public works and highways expenditures for the operation and maintenance of the Memorial Bridge. The details shall be incorporated in a formal agreement between the Maine department of transportation and the New Hampshire department of public works and highways.

5 Effective Date. This act shall take effect 60 days after its passage, or upon

the effective date of similar legislation in Maine, whichever is the later.

Amendment adopted.

Referred to Appropriations.

SB 27, allowing off-site caterers to sell liquor and beverages to members of a private party. Ought to Pass.

This bill will allow restaurants and hotels to do catering in another building on their property with approval of the Liquor Commission five days prior to the event for a license fee of \$500 in addition to their regular license. Vote 12-5. Rep. Robert P. Mason for Regulated Revenues.

Ordered to third reading.

SCR 1, requesting the institution of a national lottery to reduce the national deficit. Inexpedient to Legislate.

The Committee felt SCR 1 was too vague in substance and too threatening to the revenues from New Hampshire Sweepstakes to warrant encouraging the President and Congress to introduce a national lottery. Some members also felt that lotteries are an irresponsible method to support government. Vote 6-4. Rep. Conrad Quimby for State-Federal Relations.

Report adopted.

SB 81, establishing a probationary license for "at risk" drivers. Ought to Pass with Amendment.

The bill, as amended, provides for issuance of a "probationary driver's license" at the end of the revocation or suspension period for DWI, etc. Said probationary license may be administratively suspended for 90 days if driver has 3/100 percent or more blood alcohol content. Vote 11-1. Rep. Victor E. Emanuelson for Transportation.

Amendment

Amend the bill by striking out all after section one and inserting in place thereof the following:

2 Probationary Licenses. Amend RSA 263 by inserting after section 14 the following new section:

263:14-a Probationary Licenses.

I. Any person who shall apply for reissuance of his driver's license following revocation or suspension for an offense under RSA 265:79, RSA 265:82 or RSA 265:82-a is an "at risk" driver and his driver's license shall be probationary.

II. No holder of a probationary license shall drive or attempt to drive a vehicle upon any way when he is under the influence of intoxicating liquor or any controlled drug or any combination of intoxicating liquor and controlled drug, so that his blood alcohol content is 3/100 percent or more. Driving with a 3/100 percent or more blood alcohol content is a per se violation of a probationary license.

and subjects the probationary license holder to administrative suspension of his driver's license for 90 days.

III. Any probationary license holder whom the police have reasonable cause to believe is driving with 3/100 percent or more blood alcohol content and who refuses to submit to a blood alcohol content test shall have his driver's license administratively suspended for a period of 90 days.

3 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.

Ordered to third reading.

SB 185-FN, relative to the registration of autocycle. Refer for Interim Study. This bill asks that a determination be made as to the classification into which the autocycle should be put for registration purposes since it is neither an automobile nor a motorcycle. Because this vehicle is new to the market and has no experience record, the Committee feels that it must study many phases of it before classifying it. The Committee expects that a cooperative, extensive testing effort with the Department of Safety will be helpful as well as necessary to determine what action to take. Vote 7-5. Rep. Irvin H. Gordon for Transportation.

Referred for Interim Study.

SB 143-FN, relative to mandatory sentences for driving while intoxicated. Ought to Pass with Amendment.

The Committee believes that our current strong DWI law, developed over the last three sessions, has worked well in changing the public's attitude toward drinking and driving. While the Committee acknowledges that there are occasional deficiencies in the enforcement of the current statutes, it was reluctant to support a significant expansion of the offenses for which there is a mandatory penalty, as this bill provides. The amendment strikes out the whole bill and inserts language to correct an anomaly in the present law where it is possible to have a shorter license revocation for aggravated DWI than the "standard" DWI. Vote 18-0. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the penalty for aggravated driving while intoxicated.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Aggravated Driving While Intoxicated Penalty. Amend RSA 265:82-b, II (supp) as inserted by 1983, 373:10 by striking out said paragraph and inserting in place thereof the following:

II. Any person who is convicted of a violation of RSA 265:82-a shall be guilty of a misdemeanor and fined not less than \$350 and not more than \$1,000; and, if a resident of this state, his driver's license or driving privilege or, if he is a nonresident, his privilege as an out of state driver to drive on any ways of this state shall be revoked for a period of not less than one year; and, in either situation, at the discretion of the court, such revocation of a license or resident or nonresident driving privilege may be extended for a period not to exceed 2 years.

2 Effective Date. This act shall take effect January 1, 1986.

Reps. Wayne King and Newman spoke against the amendment.

Reps. Sytek, Raiche and Daniel Eaton spoke in favor of the amendment.

A division was requested.

259 members having voted in the affirmative and 95 in the negative, the amendment was adopted.

Ordered to third reading.

Rep. Ellyson notified the Clerk that he wished to be recorded against SB 143.

The Speaker called for the Special Order.

SB 114, relative to wiretapping and eavesdropping. Ought to Pass with Amendment.

Rep. Sytek explained SB 114 as amended.

Ordered to third reading.

Rep. Rounds offered the following:

HOUSE JOURNAL 22

Thursday, 16 May 85

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the guest Chaplain, Rev. Frank H. Gross.

We give You thanks, O God, that in our need for guidance and authority we may come to You in prayer.

Bless, we pray, the members of this House as they begin the deliberations of this hour.

So fill them with Your Spirit that they may be sensitive to Your intentions for our life together in this Granite State.

So fill them with Your love that they may share Your concern for the disadvantaged persons in our midst.

So fill them with Your wisdom that they may be instruments of Your justice for all our people.

So fill them with Your peace that their discussions may be respectful and their decisions in the best interest of us all. Amen.

Rep. Brough led the Pledge of Allegiance.

ENROLLED BILL AMENDMENT

HB 129-FN, relative to sunset review of division of public health services.

Amendment

Amend the bill by striking out section 107 and inserting same as section 18 of the bill.

Amend section 18 of the bill by striking out lines 1-3 and inserting in place thereof the following:

18 Sale of Domestic Animals for Slaughter; Rules. Amend RSA 436:68 as inserted by 1985, 72:1 by striking out said section and inserting in place thereof the following:

436:68 Sale. If no marked physical indications of tuberculosis have

Amend section 78 of the bill by striking out lines 1-3 and inserting in place thereof the following:

78 Reference Change. Amend RSA 146:8, II as amended by striking out said paragraph and inserting in place thereof the following:

Amend the bill by striking out line 1 in the second section 98 which follows section 102 of the bill and inserting in place thereof the following:

103 Reference Change; Flammability. Amend RSA 339-A:2, IX as inserted by

Amend the bill by striking out section 108 and inserting in place thereof the following:

107 Effective Date.

I. Section 18 of this act shall take effect July 1, 1985 at 12:01 a.m.

II. The remainder of this act shall take effect upon its passage.

When the senate amendment was adopted, section 18 of the bill was stricken and the amendment inadvertently started with section 19, so to fill the void section 107 was transferred to become section 18 of the bill. Moving section 107 of the bill to section 18 of the bill required the renumbering of section 108 to read 107.

The amending language and the RSA cite was changed in section 18, because the recodification of the agriculture laws enacted by HB 25 of the 1985 session recodified RSA 443:69, so that it became RSA 436:68. The effective date of this section was changed to fit in with HB 25.

Corrections were also made in the amending language of section 78, and a typographical error was corrected.

Adopted.

Rep. Rounds moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SCR 3 was removed at the request of Rep. Gross.

SB 144 was removed at the request of Rep. Wayne King.

SB 211 was removed at the request of Rep. Irvin Gordon.

Adopted.

COMMITTEE REPORTS (Consent Calendar)

SB 102, relative to the fiscal committee. Ought to Pass with Amendment. While the Committee amended some sections of the bill to return to present law, several additional amendments were adopted, including an amendment that would provide for the party affiliations of both the house and senate members to reflect, insofar as is possible, the proportion of each party within its respective body. With amendments, SB 102 maintains and strengthens the traditional house position on the organization of the fiscal committee. Vote 17-2. Rep. William F. Kidder for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Fiscal Committee. Amend RSA 14:30-a as inserted by 1965, 239:19 by striking out said section and inserting in place thereof the following:

14:30-a Committee.

I. There is hereby established a fiscal committee of the general court. The

committee shall consist of 8 members; 5 shall be members of the house appropriations committee, whose chairman shall be chairman of the fiscal committee, and the chairman shall appoint the other 4 members; 3 shall be members of the senate finance committee, whose chairman shall be one of the members, and the chairman shall appoint the other 2 members. Appointments shall be made so that the party affiliation of the house members and of the senate members on the committee shall reflect, insofar as is possible, the proportion of each party within its respective body.

II. The fiscal committee shall, while the general court is in session and during the interim, consult with, assist, advise, and supervise the work of the legislative budget assistant and may, at its discretion, investigate and consider any matter relative to the appropriations, expenditures, finances, revenues or any of the fiscal matters of the state.

III. The members shall be paid the regular legislative mileage during the interim while engaged in their work as members of said committee.

SB 196, relative to jointly held safe deposit boxes. Inexpedient to Legislate. The Committee is of the opinion the interests of the state regarding taxes and protection of the survivors of the deceased make this bill Inexpedient to Legislate. Vote 14-1. Rep. George F. Disnard for Commerce, Small Business and Consumer Affairs.

SB 208, relative to labeling of maple syrup. Inexpedient to Legislate. The Committee did not feel a compelling need for this legislation. The testimony by producers was in opposition to this bill. Vote 17-0. Rep. Bonnie B. Packard for Commerce, Small Business and Consumer Affairs.

SB 136, relative to the reinstatement of Sports Programs, Inc. Ought to Pass with Amendment.

This amendment adds the reinstatement of the North Sutton Improvement Society, Inc., and the Piper Motor Company of Laconia. Vote 10-0. Rep. Natalie S. Flanagan for Constitutional and Statutory Revision.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to reinstating certain corporate charters.

Amend the bill by striking out section 2 and inserting in place thereof the following:
2 Reinstatement of North Sutton Improvement Society, Inc. The charter of North Sutton Improvement Society, Inc. (Sutton, 1921), was forfeited on April 26, 1977, under RSA 294:107-a and RSA 294:119.

Upon payment of any fees in arrears and the filing with the secretary of state of any returns required by law, North Sutton Improvement Society, Inc. shall be hereby reinstated for all purposes as a New Hampshire corporation, and this reinstatement shall be retroactive to April 26, 1977.

3 Reinstatement of Piper Motor Company of Laconia, Inc. The charter of Piper Motor Company of Laconia, Inc. (Laconia, 1966), was forfeited on October 31, 1984, under RSA 293-A:95, 1(a). Upon payment of any fees in arrears and the filing with the secretary of state of any returns required by law, Piper Motor Company of Laconia, Inc., shall be hereby reinstated for all purposes as a New Hampshire corporation, and this reinstatement shall be retroactive to October 31, 1984.

4 Effective Date. This act shall take effect 60 days after its passage.

SB 30-FN, relative to regulatory boards and commissions. Ought to Pass with Amendment.

This bill will authorize boards and commissions which administer examinations to establish charges for them and require that those charges be equivalent to 125 percent of the direct expense of the examination to cover administrative costs. Vote 17-1. Rep. William F. McCain for Executive Departments and Administration.

Amendment

Amend RSA 332-G:3 and 4 as inserted by section one of the bill by striking out same.

SB 124-FN, relative to the powers of the governor and council. Inexpedient to Legislate.

The Committee believes that upgrading the current position should be addressed through the budgeting process, rather than by legislation. Vote 14-2. Rep. Harold W. Watson for Executive Departments and Administration.

SB 194, relative to the civil defense agency. Inexpedient to Legislate.

The Committee heard no evidence that the changes which would be brought about by this bill are necessary at this time. Vote 16-2. Rep. William F. McCain for Executive Departments and Administration.

SB 219-FN, relative to handicapped- made products and services. Inexpedient to Legislate.

After thorough deliberation, the Committee felt the bill is already covered in RSA 8:25-a and RSA 622:28. Vote 20-0. Rep. Patricia Russell for Executive Departments and Administration

SB 117, establishing an annual commemorative rifle lottery. Ought to Pass with Amendment.

The majority felt that the bill had potential for raising money for a department which has very little. The fact that this is the first in the

nation of a significant piece of publicity for all the state, particularly with New Hampshire Bicentennial in 1987. Vote 11-5. Rep. Gerard E. Powers, Jr. for Fish and Game.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing an annual commemorative rifle or shotgun lottery.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 206 the following new chapter:

CHAPTER 206-A ANNUAL COMMEMORATIVE RIFLE OR SHOTGUN LOTTERY

206-A:1 Committee Established. There is hereby established a commemorative rifle or shotgun lottery committee. The committee shall be comprised as follows: the executive director of the New Hampshire commission on the arts; the executive director of the fish and game department; 2 members appointed by the executive director of the New Hampshire commission on the arts; and 2 members appointed by the executive director of the fish and game department.

206-A:2 Duties.

I. The committee shall solicit bids to manufacture a commemorative rifle or shotgun annually from firearm manufacturers based in part or in whole in New Hampshire or New England. Bids shall be solicited and submitted in accordance with the following specifications:

(a) Bids shall be made by firearm manufacturers based in part or in whole in New Hampshire or New England;

(b) Any submitted bid shall address only the manufacture of a rifle or shotgun, not a pistol or revolver;

(c) Any submitted bid shall include a design draft and shall not include a completed or prototype rifle or shotgun;

(d) Any submitted bid shall include a design to manufacture a case to house the rifle or shotgun in addition to the design for the rifle or shotgun;

(e) Any submitted bid shall include in the rifle's or shotgun's design a plan to use a wood species native to New Hampshire or New England in the stock work and decorative devices representing the state, person, place, or event to be commemorated, or any combination of them, as determined by the committee;

(f) Any submitted bid may be for the manufacture of one to 3 rifles or shotguns and cases; provided, however, that the total bid shall not exceed \$10,000.

II. The committee shall select a winning bid in the following manner:

(a) Bids shall be submitted by New Hampshire or New England firearms manufacturers 2 months following publication of the committee's solicitation to manufacture a commemorative rifle or shotgun;

(b) Bids shall be judged on the basis of artistic quality and total cost;

(c) The winning bid shall be chosen not more than one month after the closing date on which bids may be accepted, as determined by the committee;

(d) Upon selection of a winning bid, the winning bid shall be announced publicly and the winning manufacturer shall be notified by certified mail.

206-A:3 Contract to Manufacture. The fish and game department and the firearm manufacturer chosen by the committee to manufacture the rifle or shotgun shall enter into a contract describing the terms for production and cost of the rifle or shotgun to the state.

206-A:4 Ticket Sales.

I. The committee shall select the design of the ticket.

II. Lottery tickets shall be made available by the fish and game department or its designee and shall be sold by all fish and game licensing agents and any other persons which may be designated to sell tickets by the executive director of the fish and game department.

III. Tickets may be sold to persons 16 years of age or older for no less than \$5 and no more than \$10, as determined by the executive director of the fish and game department.

206-A:5 Sales Agent Commissions. Any agent selling commemorative rifle or shotgun lottery tickets shall receive no less than \$.50 and no more than \$1 for each ticket he sells.

206-A:6 Ticket Proceeds. Ticket sales agents shall return all proceeds from ticket sales and all unsold tickets to the fish and game department in accordance with rules adopted by the executive director of the fish and game department under RSA 206-A:9.

206-A:7 Rifle Drawing. Commemorative rifle or shotgun lottery winners shall be selected annually at a drawing held by the fish and game department.

I. If more than one rifle or shotgun is to be awarded, an equal number of tickets shall be drawn randomly representing one winner for each rifle or shotgun.

II. If a person wins who is determined by the commission to be ineligible to possess a rifle or shotgun, a cash award equal to \$1,000 shall be made instead of the rifle or shotgun.

III. Persons shall be ineligible to win a commemorative rifle or shotgun for the following reasons:

(a) The person is a minor whose parent or legal guardian does not consent to allow him to possess a rifle or shotgun and who does not sign a release form which absolves the state from liability and in which the parent or guardian agrees to assume liability for any damage caused by the minor in his use of the rifle or shotgun;

(b) The person is, for other reasons, ineligible to possess firearms in

this state, or is determined by the executive director of the fish and game department to be ineligible to possess a firearm in this state.

IV. If a winner is subsequently determined to be ineligible, a second random drawing shall be held to choose another winner.

V. All lottery winners shall sign a release form which absolves the state of New Hampshire, its agents and assigns, the fish and game department, and the manufacturer and its agents and assigns from all liability which arises out of the winner's use or possession of the rifle or shotgun.

206-A:8 Revenues. All revenues generated by the annual commemorative rifle or shotgun lottery, minus administrative expenses of the committee, the cost of the rifle or shotgun, and administrative costs of the lottery, shall be deposited into the fish and game fund.

206-A:9 Rulemaking Authority. The executive director of the fish and game department in conjunction with commissioner of the New Hampshire commission on the arts shall adopt rules, pursuant to RSA 541-A, for purposes of carrying out the provisions of this chapter.

2 Commission on the Arts; Executive Director. Amend RSA 19-A:6 by inserting after paragraph VIII the following new paragraph:

IX. The executive director, in addition to his duties under this chapter shall serve on the commemorative rifle or shotgun lottery committee, RSA 206-A.

3 Fish and Game Commission, Executive Director. Amend RSA 206:8 by inserting after paragraph I the following new paragraph:

I-a. The executive director, in addition to his duties under this chapter shall serve on the commemorative rifle or shotgun lottery committee and shall carry out the provisions of RSA 206-A.

4 Appropriation. The sum of \$10,000 is hereby appropriated for the biennium ending June 30, 1987, to the fish and game department for the purpose of purchasing any rifles or shotguns as authorized by RSA 206-A. The sum of \$15,000 is hereby appropriated for the biennium ending June 30, 1987, to the fish and game department for other costs incurred by the commemorative rifle or shotgun lottery committee or the department in carrying out the provisions of RSA 206-A. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated. Notwithstanding RSA 206-A:8, for the biennium ending June 30, 1987, the first \$25,000 of gross revenues received by the department of fish and game from the sale of lottery tickets shall be deposited into the general fund, provided that all gross revenues in excess of \$25,000 shall be deposited into the fish and game fund.

5 Repeal. RSA 206-A relative to an annual commemorative rifle or shotgun lottery is hereby repealed.

6 Effective Date.

I. Sections one through 4 of this act shall take effect July 1, 1985.

II. Section 5 of this act shall take effect July 1, 1987.

Referred to Appropriations.

SB 126, relative to investing the moneys in the water fowl conservation account by the state treasurer. Ought to Pass with Amendment.

This bill allows up to 25% of the prior years' gross waterfowl receipts to be used by the Fish and Game Department for promotion. Vote 15-0. Rep. David M. Scanlan for Fish and Game.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the expenditure and investing of the moneys in the waterfowl conservation account.

Amend section 2 of the bill by striking out same and inserting in place thereof the following:

2 Expenditures Authorized. Amend RSA 214:1-d, II(c) (supp) as inserted by 1983, 173:1 by striking out said subparagraph and inserting in place thereof the following:

(c) up to 25 percent of the prior year's gross waterfowl receipts shall be expended for the promotion of the state migratory waterfowl stamp and print.

3 Report Required. Amend RSA 214:1-d, VI (supp) as inserted by 1983, 173:1 by striking out said paragraph and inserting in place thereof the following:

VI. The executive director and the commission shall submit to the general court at each regular session a detailed report with sufficient information to be fully understood by the general court and the public summarizing the receipts and disbursements from the waterfowl conservation account and the public benefits derived from the disbursements from it. This report shall also be available to the public after its submission to the general court.

4 Effective Date. This act shall take effect upon its passage.

SB 140-FN, establishing a state wild turkey stamp. Inexpedient to Legislate. The wild turkey stamp is a noble idea to try to generate funds for the Fish and Game Department, however, the logistics of making this a money-making proposition seem insurmountable. Vote 16-0. Rep. David M. Scanlan for Fish and Game.

SB 80, lowering the required level of blood alcohol content from 10/100 to 8/100 as per se evidence of intoxication. Inexpedient to Legislate.

Currently, it is illegal for any person who has a blood alcohol level of .10 percent or more to operate a motor vehicle. This bill changes the law so that any driver whose blood alcohol level is .08 percent or more is considered intoxicated. A driver can be convicted of DWI, at any blood-alcohol level, with other evidence. The Committee feels the current law is working well. Vote 15-2. Rep. Thomas U. Gage for Judiciary.

SB 221, relative to the Upham-Walker house. Ought to Pass with Amendment. The Committee was unanimous (16-0) in support of transferring control of the Upham-Walker House from the Long Range Capital Planning and Utilization Committee to the Joint Committee on Legislative Facilities. Rep. James A. Chandler for Legislative Administration.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

transferring control of the Upham-Walker House to the joint committee on legislative facilities.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Property Controlled by Facilities Committee. Notwithstanding 1983, 428:6, the property known as the Upham-Walker House, located on Park Street in the city of Concord, New Hampshire, shall be under the sole control of the joint committee on legislative facilities established by RSA 127-E.

2 Effective Date. This act shall take effect upon its passage.

SB 66-FN, allowing non-profit charitable organizations, and social and sports clubs to sell lucky 7 tickets. Refer for Interim Study.

There were a lot of questions within the Committee about the definition of social or sports clubs. Concerns about enforcement were also raised. Study will give the Committee more time to review the bill and research the questions. Vote 13-0. Rep James D. Phelps for Regulated Revenues.

SB 209, relative to raffles. Ought to Pass with Amendment.

The Committee simplified the bill to allow smaller Bingo Games to raise extra money by having these raffles. The Committee also strengthened the law as to members of the charitable organizations who run the raffles. Vote 12-0. Rep. Robert R. Blaisdell for Regulated Revenues.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to raffles held in conjunction with bingo games.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Raffles Held in Conjunction with Bingo Games. Amend RSA 287-A by inserting after section 7 the following new subdivision:

Raffles Held in Conjunction with Bingo Games

287-A:8 Tickets; Distribution.

I. All raffle tickets sold in conjunction with bingo games shall be numbered sequentially.

II. No ticket or multiple tickets shall be sold for more than \$1.

III. Notwithstanding RSA 287-A:4, raffle tickets sold in conjunction with bingo games shall be sold only by members of a charitable organization licensed by the sweepstakes commission to conduct bingo and only at bingo games being operated by the charitable organization.

287-A:9 Players. Raffles held in conjunction with bingo games shall be held only at bingo games with 300 or fewer participants.

287-A:10 Prizes. Prizes awarded as any raffle held in conjunction with a bingo game shall not exceed \$100 wholesale cost.

287-A:11 Permit Not Required. The provisions of RSA 287-A:7 shall not apply to raffles held in conjunction with bingo games.

2 Raffles Permitted. Amend RSA 287-E:7, X (supp) as inserted by 1983, 417:1 by striking out said paragraph and inserting in place thereof the following:

X. No raffles or other games of chance permitted under RSA 287-A and RSA 287-D or other games of chance, except as provided in RSA 287-A:9 through RSA 287-A:11 and RSA 287-E:16 through RSA 287-E:24, shall be conducted at the same time and in the same place as a bingo game licensed under this chapter.

3 Effective Date. This act shall take effect upon its passage.

SB 8, clarifying the water supply and pollution control commission's rulemaking and enforcement authority. Ought to Pass with Amendment.

The primary purpose of this bill is to clarify the rulemaking authority of the Water Supply and Pollution Control Commission and bring such rules into conformance with RSA 541-A. Vote 13-0. Rep. Charles H. Dingle for Resources, Recreation and Development.

Amendment

Amend RSA 146-A:4, I and II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. Whenever an oil or petroleum product or by-product discharge or spillage occurs, hereinafter referred to as "oil discharge," which may pollute or which has polluted the public waters of this state, the water supply and pollution control commission shall be notified immediately and shall assume primary jurisdiction of the cleanup operation. In the interim period before the commission has had an opportunity to assume jurisdiction, the person or persons causing the oil discharge shall undertake immediate measures to minimize the extent of pollution and damage which said discharge would otherwise cause. Any unexplained oil discharge shall be removed by or under the direction of the commission.

II. Any person committing or permitting an oil discharge in the manner prohibited by RSA 146-A:3 shall immediately undertake to remove such discharge to the commission's satisfaction.

Amend RSA 146-A:11-a, I as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

I. There is hereby established the New Hampshire oil pollution control fund. This non-lapsing, revolving fund shall pay the salaries and expenses of the persons specified in RSA 146-A:11 as well as the costs to implement RSA 146-A which include but are not limited to the costs of removal or corrective measures deemed necessary by the commission as a result of an actual or potential oil discharge into or onto the surface or groundwaters of the state. Not less than 10 percent of the moneys in the fund shall be allocated annually for research programs dedicated to the development and improvement of preventive and clean-up measures concerning such oil discharges. In the event of an oil discharge, the commission may expend, with the approval of governor and council, such additional sums as are necessary to clean up the discharge except that the total amount expended may not exceed the balance in the New Hampshire oil pollution control fund. Income derived from the oil pollution control fund shall only be used for those administrative costs needed to implement RSA 146-A and any other costs cited in this section.

Amend RSA 146-A:11-c, III and IV, as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

III. Procedures for the prevention of oil discharges into or onto the surface or groundwaters of the state, including rules for expenditures on research programs under RSA 146-A:11-a, I.

IV. Procedures for reporting actual or potential oil discharges under RSA 146-A:5.

Amend RSA 146-A:11-c, IX as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

IX. Matters related to the proper administration of this chapter; provided, however, that authority to adopt rules under this paragraph shall expire on July 1, 1987, at which time this paragraph, unless replaced by a later legislative enactment, shall be deemed repealed. Prior to January 1, 1987, the commission shall present proposed legislation containing a specific delegation of rulemaking authority to replace this paragraph to the chairman of the joint legislative committee on administrative rules established under RSA 541-A and to the senate president and the speaker of the house of representatives, who may refer such proposed legislation to the appropriate standing committees. This proposed legislative delegation of rulemaking authority shall be drafted in as specific a manner as possible, consistent with the need to provide the commission with sufficient authority to fulfill the regulatory role assigned to it under this chapter and other laws of the state.

Amend RSA 148:15 as inserted by section 6 of the bill by striking out same and inserting in place thereof the following:

148:15 Petition to Water Supply and Pollution Control Commission. Whenever any board of water commissioners, local board of health, local health officer or 10 or more citizens of any town or city have reason to believe that a public water or ice supply is being contaminated or is in danger of contamination, and that the local regulations are not sufficient or effective to prevent such pollution, they may petition the water supply and pollution control commission to investigate the case, and to adopt rules under RSA 541-A as the commission may deem necessary for the protection of the said supply against any pollution that in its judgment would endanger the public health. Citizens petitioning under this section shall designate a signatory of the petition as the person to whom the commission shall send its response.

Amend RSA 148:16 as inserted by section 7 of the bill by striking out same and inserting in place thereof the following:

148:16 Investigations; Rules. The water supply and pollution control commission shall respond in writing to a petition filed under RSA 148:15, after due investigation, but not later than 30 days after receipt of the petition, informing the petitioners of the commission's intended action. In response to a petition, or upon its own motion, the commission shall adopt such rules under RSA 541-A as it may deem best to protect the water or ice supply against any dangerous contamination. If requested by the commission, the local board of water commissioners, the local board of health, or the local health officer, shall enforce such rules in cooperation with the

commission. In the case of water supplies any part of which may be outside the town or city concerned, the health officer of such town or city may act as an agent of the commission for the enforcement of these rules when so designated by the commission. The commission may empower the board of water commissioners, local board of health, or local health officer and their agents of the affected municipality to enforce rules adopted under the provisions of this section.

Amend RSA 149-B:1-a as inserted by section 17 of the bill by striking out same and inserting in place thereof the following:

149-B:1-a Regional Treatment Plants. In order to obtain maximum value from state funds invested in pollution control projects and to assure optimum levels of water quality in the surface waters and groundwaters of the state, the commission is hereby authorized and directed to require the installation of regional treatment plants serving 2 or more communities (or subdivisions thereof) when in its judgment such a solution is desirable. In order to implement this objective, the commission shall adopt rules under RSA 541-A to aid municipalities in effectuating regional treatment facilities on an equitable basis.

Amend RSA 149-E:3, I as inserted by section 21 of the bill by striking out same and inserting in place thereof the following:

I. Any person proposing either to subdivide land or to construct a sewage or waste disposal system shall submit 2 copies of locally approved plans for any such subdivision of land and 2 copies of plans and specifications for any sewage or waste disposal systems which will be constructed on any subdivision or lot for approval in accordance with the requirements of the water supply and pollution control commission as provided in this paragraph. The water supply and pollution control commission shall adopt rules, pursuant to RSA 541-A, relative to the submission of plans and specifications as necessary to effect the purposes of this chapter. The rules shall specify when and where the plans and specifications are to be submitted, what details, data and information are to be contained in the plans and specifications, what tests are to be required, what standards, procedures and criteria are to be applied and followed in constructing any sewage or waste disposal system, and other related matters. For any part or parts of the subdivisions where construction or waste disposal is not contemplated, only the lot lines, property boundaries drawn to scale, and general soil and related data shall be required. The constructed sewage or waste disposal systems shall be in strict accordance with approved plans, and the facilities shall not be covered or placed in operation without final inspection and approval by an authorized agent of the commission. All inspections by the commission shall be accomplished within 7 business days after receipt of written notification from the builder that the

system is ready for inspection. Plans and specifications need not be submitted for subdivision approval for subdivisions consisting of the division of a tract or parcel of land exclusively in lots of 5 or more acres in area. This exemption in no way relieves any person from responsibility for obtaining approval under this chapter for construction of individual or other sewage or waste disposal systems or both in any exempted lots. In such cases, it shall be the responsibility of the subdivider to provide to the lot purchasers satisfactory assurance as the purchasers may require at the time of sale that lots sold shall be adequate to support individual sewage or waste disposal systems or both in accordance with rules adopted by the commission and the requirements of this chapter.

Amend RSA 149-E:3, X(a) as inserted by section 22 of the bill by striking out same and inserting in place thereof the following:

X. (a) All applications, plans, and specifications submitted in accordance with this chapter for subsurface sewage or waste disposal systems shall be prepared and signed by the person who is directly responsible for the design and who has a permit issued by the commission. The commission shall issue a permit to any person who applies to the commission, and pays a fee of \$15 and who has demonstrated a sound working knowledge of the procedures and practices required in the site evaluation, design, and operation of subsurface sewage or waste disposal systems. The commission shall require an oral or written examination or both to determine who may qualify for a permit. Permits shall be issued from January 1 and shall expire December 31 of each year. Permits shall be renewable upon proper application and payment of an annual fee of \$10. A permit issued to any person may be suspended, revoked or not renewed only for just cause and after the permit holder has had a full opportunity to be heard by the commission. An appeal from a decision to revoke, suspend or not renew a permit may be taken pursuant to RSA 541.

Amend RSA 149-E:5, III and IV as inserted by section 24 of the bill by striking out same and inserting in place thereof the following:

III. Prohibit construction of systems which would pollute the surface waters or groundwaters of the state, until an acceptable and practicable method exists which will prevent the pollution.

IV. Adopt rules, pursuant to RSA 541-A and after public hearing, relative to the implementation of this chapter. The commission shall adopt rules relative to the circumstances under which it may grant a waiver of any rule. A waiver must be consistent with the intent of RSA 149-E and have a just result.

COMMITTEE REPORTS
(Regular Calendar)

SB 197-FN, making appropriations to the sire stakes program. Inexpedient to Legislate.

The Committee felt that there were more pressing needs for the dollars available. Vote 9-8. Rep. Laurent J. Boucher for Appropriations.

Rep. LaMott moved that SB 197 be recommitted to the Committee on Appropriations and spoke to his motion. Motion adopted.

SB 10, relative to small loans. Majority: Ought to Pass. Minority: Refer for Interim Study.

MAJORITY: The majority of the Committee felt that SB 10 will provide the consumers of New Hampshire with another option for obtaining a line of credit. Currently, consumers can obtain open-ended loans (line of credit, bank cards, overdraft credit, etc.) from banks and credit unions. SB 10 simply allows consumers to also obtain open-ended loans from companies licensed and regulated under RSA 339-A. An open line of credit is not only a marketing tool, it also provides a great deal of convenience to both the borrower and the lender by eliminating the need for renegotiation of loans, origination fees, etc. at these companies' offices in the same manner as banks operate. There is very adequate consumer protection at the state and federal level that ensure proper disclosure of charges and interest rates. The New Hampshire Banking Department closely oversees all of their activities and the Bank Commissioner is in favor of this legislation. Vote 11-6. Rep. Vincent J. Palumbo for the Majority of Commerce, Small Business and Consumer Affairs. MINORITY: Finance companies are regulated under New Hampshire statute 399-A to ensure persons obtaining loans from finance companies have certain protections from continuous borrowing at the highest rates charged in New Hampshire. Finance companies may now offer (closed-end) loans for 24-36 months from \$1,500 to \$10,000 at whatever rate is agreed to by the customer and the company. RSA 399-A states that if a customer has a balance due at the maturity date, the finance company must charge reduced interest of 12% until the balance is gone. SB 10 creates open-end loans with no maturity date, encourages continuous borrowing, and discourages good credit management. Only one finance company testified for this bill at the House hearing and no customers presented compelling reasons for open-end loans. New Hampshire finance companies in the past two years charged 5% to 8% higher for the same class of loans as New Hampshire banks. The Consumer Protection Division of the Attorney General's Office expressed reservations about regulating these

open-end loans. (Reps. Elizabeth L. Crory, Tom Longworth, George F. Disnard, William Sullivan, Patricia H. Foss for the Minority of Commerce, Small Business and Consumer Affairs.)

Rep. Disnard moved that the report of the Minority, Refer for Interim Study, be substituted for the report of the Majority, Ought to Pass, and spoke to his motion.

Reps. Harold Burns and Quimby spoke against the motion and yielded to questions.

Rep. Diamant spoke in favor of the motion.

Rep. Crory spoke in favor of the motion and yielded to questions.

Rep. Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Crory requested a roll call. Sufficiently seconded.

COMMITTEE REPORTS (cont.)

SB 139, relative to industrial development revenue bonds. Ought to Pass with Amendment.

Senate Bill 139 will allow financing with industrial development bonds of eligible water facilities for collecting, purifying, storing, or distributing water available to members of the general public. It will also allow industrial development bonds to be used for financing construction of commercial fishing vessels and related shoreside facilities. Vote 12-4. Rep. Elizabeth L. Crory for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to industrial development bond financing of eligible water facilities and commercial fishing vessels.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Purpose. Amend RSA 162-I:1 by inserting after paragraph V the following new paragraphs:

VI. It is hereby declared that there is a need for the development, acquisition, construction, expansion, and replacement of water facilities in the state in order to maintain and improve the supply of water for domestic, industrial, agricultural or other uses by the public, preserve or increase the social or economic prosperity of the state and its political subdivisions, and promote the general welfare of the state's citizens.

VII. It is hereby declared that there is a need for the acquisition, construction and reconstruction of commercial fishing vessels and the development of related shoreside facilities in order to promote the growth of the fishing industry in the state, create or preserve employment opportunities, preserve or increase the social or economic prosperity of the state and its political subdivisions, and promote the general welfare of the state's citizens.

2 Definitions. Amend RSA 162-I:2 by inserting after paragraph XII the following new paragraphs:

XIII. "Water facility" shall be an eligible facility and means any facility suitable for collecting, purifying, storing, or distributing water for domestic, industrial, agricultural, or other uses, if the water for such uses is to be available on reasonable demand to members of the general public.

XIV. "Commercial fishing facility" shall be an eligible facility and means any commercial fishing vessel documented or to be documented as such under the laws of the United States and any commercial fishing vessel registered or to be registered as such under the laws of the state, which is designed to be used for the catching, packaging, processing, storing or shipping of fish; and any shoreside facility which is functionally related and subordinate to the operation of such commercial fishing vessel.

3 Special Findings. Amend RSA 162-I:9 by inserting after subparagraph II(a)(8) the following new subparagraphs:

(9) If the facility is a water facility, the governor and council shall find that the establishment and operation of the facility will expand or maintain and improve the collection, purification, storage or distribution of water for domestic, industrial, agricultural, or other uses, and that the

water for such uses is to be available on reasonable demand to members of the general public.

(10) If the facility is a commercial fishing facility, the governor and council shall find that the establishment and operation of the facility will either create or preserve employment opportunities directly or indirectly within the state, will help to promote the growth of the fishing industry in the state and will likely preserve or increase the economic prosperity of the state and its political subdivisions.

4 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Ordered to third reading.

SB 145, relative to the regulation of mortgage companies. Ought to Pass with Amendment.

This bill provides the Attorney General and the Bank Commissioner with the capacity to license and oversee the operations of mortgage loan companies. This to provide protection for the consumer. Vote 16-0. Rep. Eric N. Lindblade for Commerce, Small Business and Consumer Affairs.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Mortgage Home Loans. Amend RSA by inserting after chapter 398-A the following new chapter:

CHAPTER 398-B
MORTGAGE HOME LOANS

398-B:1 Definitions. In this chapter:

I. "Loan" means any loan or money or goods or forbearance of money and goods or choses in action.

II. "Note" means the instrument, other than the mortgage, evidencing or containing the debt secured by the mortgage, or any extension or renewal of such instrument.

III. "Lender" means any person making a loan secured by a mortgage as described in this chapter and shall include any legal successor to the rights of the lender.

IV. "Borrower" shall include any legal successor to the borrower's rights or obligations.

V. "Mortgage home loan" means a loan which is secured in whole or in part by a mortgage upon any interest in real property used as a dwelling with accommodations for not more than 4 families, which property is subject to the lien of one or more mortgages and is or will be the home of the borrower.

VI. "Default" means 6 or more continuous months of no interest or principal payments.

398-B:2 License Required.

1. No person shall engage in the business of mortgage home loans unless he or his broker, agent or other representative first obtains a license as provided herein, except when the person lending money is the seller of the real estate upon which the mortgage is to be taken as security. A person shall not be deemed to be in the business of mortgage home loans if he makes or negotiates not more than 4 mortgage loans in a calendar year.

II. The application for such license shall be in writing, under oath and in the form prescribed by the bank commissioner. Any application for an initial license but not a license renewal shall include, but is not limited to, the following required information:

(a) the name, address, and the name of an authorized contact official of the applicant, and corresponding information for any parent company of the applicant.

(b) the applicant's proposed plans for serving New Hampshire consumers, including:

- (1) the types of mortgage loans to be offered;
- (2) the proposed markets to be served; and
- (3) plans for responding to consumer concerns and inquiries.

(c) a list of states in which the applicant is presently licensed to operate or operating.

(d) a statement of the lender's current escrow policy for New Hampshire mortgage loans.

(e) a statement of the lender's policy for requiring insurance.

(f) a personal disclosure statement on the top company officer.

III. The license fee for each calendar year or part thereof shall be \$250.

IV. Upon the filing of such application and the payment of said fee, the commissioner shall investigate the facts, including, but not limited to, a comparison of the amount of interest, as that term is used in RSA 398-B:7 and RSA 398-B:8, and points to be imposed by the applicant with those generally charged by other lenders in the community in which the business of the applicant is to be conducted, and if he shall find that: (a) the financial responsibility, experience, character and general fitness of the applicant are such as to command the confidence of the public and to warrant the belief that the business will be operated lawfully, honestly and fairly within the purposes of this chapter; and (b) the applicant has available for use in such business at the location specified in the application at least \$25,000, or, has such amount available or actually invested in loans made under this chapter; and (c) allowing the applicant to engage in business will promote the convenience and advantage of the community in which the business of the applicant is to be conducted, he shall enter an order approving such application and deliver a license to the applicant for a period which shall expire the December 31 following the date of its issuance. Each

license shall state the name and address of the licensee and shall be posted in the licensee's place of business. Such license shall not be transferable or assignable. No licensee shall transact any business provided for by this chapter under any other trade name unless he shall have a separate license therefor. If the commissioner shall not so find, he shall enter an order denying such application and immediately notify the applicant of the denial, returning the license fee. Before the corporate or trade name under which the licensed business is conducted is changed, the licensee shall give notice to the commissioner who shall amend the license accordingly without cost.

V. The applicant shall also, at the same time file with the commissioner a surety company bond to the state, in the sum of \$5000 to be approved by the commissioner, for the use of the state and of any person who may have a cause of action against the principal in said bond under the provisions of this chapter and conditioned that he shall conform to and abide by each provision of this chapter and shall pay to the state and to any such person any sum that may become due or owing to the state or to such person from said principal under and by virtue of the provisions hereof.

398-B:3 Revocation and Suspension of License. The commissioner may, upon notice and hearing, revoke or suspend a license if satisfied that the licensee has violated any provisions of this chapter, or that the licensee does not meet the standards established in RSA 398-B:2, IV.

398-B:4 Examinations. For the purpose of discovering violations of this chapter the commissioner may, either personally or by any person designated by him, at any time, investigate the loans and business of any licensee and of any person, partnership, or corporation by whom any such loan shall be made, whether such person, partnership, or corporation shall act, or claim to act, as principal, agent, or broker, or under or without the authority of this chapter; and for that purpose he shall have free access to the books, papers, records, and vaults of all such persons, partnerships and corporations. He shall also have authority to examine, under oath, all persons whose testimony he may require, relative to such loans or business. Records of such investigations and examinations shall be kept by the commissioner for at least 2 years after he initiates the investigation or examination.

398-B:5 Cost. The commissioner may make an examination as provided in RSA 398-B:4 of the affairs, business, office and records of each licensee. For each such examination, the licensee shall pay a sum equal to the product of the average daily rate of pay of all bank examining personnel, multiplied by the number of working days, or portion thereof, devoted to the examination of the particular licensee. Sums collected under this chapter shall be credited to the small loan license fund as provided for in RSA 399-A:13.

398-B:6 Report. Each licensee shall file with the commissioner on or before February 1 of each year a report under oath

concerning the business and operations for the preceding year ending December 31 in the form prescribed by the commissioner, which shall show the annual volume and outstanding amounts of mortgage loans, the classification of such loans made by size and by security, and the gross income from, and expenses properly chargeable to, such loans. Whenever a licensee operates 2 or more licensed offices or whenever 2 or more affiliated licensees operate licensed offices, then a composite report of such group of licensed offices may be filed in lieu of individual reports. The commissioner shall publish an analysis of the information required under this section as a part of his annual report. Any licensee failing to file the report required by this section within the time prescribed shall pay to the commissioner the sum of \$25 for each day said report is overdue. If a licensee elects to file a composite report and such composite report is not filed on or before February 1 as required in this section, the penalty prescribed in this section shall apply separately for each licensee held.

398-B:7 Interest and Interest Rates on First Mortgages. The allowable rate of interest on any first mortgage made under this chapter shall be at the rate and terms agreed upon in the note between the borrower and the lender. Variable rate mortgages, reverse mortgages, points, prepayment penalties, open-end mortgages and balloon payments are permitted.

398-B:8 Interest on Mortgages Other than First Mortgages.

I. The allowable rate of interest on any mortgage other than a first mortgage shall be computed on the unpaid balance that any person may directly or indirectly charge, take or receive for a mortgage home loan secured by property which is occupied in whole or in part at the time said loan is made as a home by any obligor on the mortgage debt or by any person granting or releasing any interest under said mortgage shall be the rate agreed upon in the note between borrower and lender, and following the sixth month of any period in which a loan has been in continuous default not more than 1-1/2 percent per month on any unpaid balances.

II. Notwithstanding any other provisions of this chapter, the charges which may be collected on any loan made under this chapter for the period beginning 6 months after the originally scheduled final installment date of a loan other than an open-end loan, or for the period beginning 6 months after the final due date of an open-end loan as established by the term applicable to the loan from time to time in accordance with the open-end note or loan agreement and ending with date of payment of the loan in full shall not exceed 18 percent per year simple interest on the balances outstanding from time to time during said period. If the loan is an open-end loan the borrower's privilege for further loans shall not be reinstated by the licensee where the rate has been reduced under the preceding sentence unless the borrower executes a new open-end loan agreement.

III. The borrower shall have the right to anticipate his debt in whole or in part at any time without being required to pay a penalty to the lender therefor. When an open-end loan agreement providing for advances from time to time by the licensee exists between the borrower and the licensee, monthly loan payments shall be selected by the borrower as stated in the note or open-end agreement.

IV. The aggregate of the amount of money or value actually received or held at the time of the loan, plus the sum of all existing indebtedness of the borrower to the lender shall for the purposes of this chapter be deemed the amount of the loan. Except where the borrower agrees in writing to a different application of his payments, in cases where partial payments are made, the interest shall be calculated to the time of payment, and such payment shall first be applied to interest, and the balance thereafter remaining, if any, shall be applied to principal. The maximum interest shall include all sums paid, directly or indirectly by or on behalf of the borrower to the lender for interest, brokerage, commissions, services, extension or loan, forbearance to enforce payment or otherwise for making or securing the loan, not including, however, sums the lender may require the borrower to pay or reimburse the lender for actual recording, insurance and foreclosure costs, for actual charges incurred for the examination of the title and the marketability and appraisal of the security for the loan, for the drafting of the security instruments or documents, and, when such services are utilized, reasonable attorney fees not paid to a salaried employee for collecting the debt or realizing upon the security.

V. A licensee may retain any security interest in real property on an open-end loan until the open-end account is terminated, provided that if there is no outstanding balance in the account and there is no commitment by the licensee to make advances, the licensee shall within 10 days following written demand by the borrower deliver to the borrower a release of the mortgage or a request for reconveyance of the deed of trust on the real property taken as security.

VI. A lender may charge a prepaid finance charge or points. Variable rate second mortgages are permitted.

398-B:9 Effect of Failure to Specify Interest Rate. If any note secured by a mortgage, in the case of loans other than open-end loans, does not, among its provisions, specify as separate items the principal sums, the rate of interest, the period of the loan and the periodic due dates, if any, of principal and interest or, in the case of open-end loans, if such mortgage does not, among its provisions, specify as separate items the maximum amount or credit available, the rate of interest, the selected payment, or its manner of determination, and the related period or periods of repayment and the monthly or periodic due dates, then the lender shall have no right to collect interest.

398-B:10 Prerequisites to Foreclosure. If the borrower or his authorized representative requests, by certified mail, the lender to furnish him with a copy of the note, the lender shall, within 15 days after receipt of said request, send by certified mail a true copy of said note to the person requesting the same at the address specified in such request. At least 15 days prior to the commencement of any foreclosure proceedings the lender shall send to the borrower by certified mail a statement of his intention to foreclose which shall specify the amount of principal, interest and other indebtedness, if any, owing and accruing under the note and mortgage. Failure of the lender to comply with the provisions of this section shall suspend his rights until such time as he complies with said provisions.

398-B:11 Receipt for Payment. Upon payment of any money by the borrower, the lender shall at the request of the borrower give him a receipt stating the date of payment, the amount paid, the amount applicable to interest on the loan and the amount applicable to the principal. Such receipt shall be signed by the lender or his duly authorized representative.

398-B:12 Penalty for Failure to Give. If a lender refuses, on written demand sent by certified mail, to give such receipt, he shall forfeit all interest on the principal sum.

398-B:13 Illegal Loans. Any loan made in violation of RSA 398-B:7 or RSA 398-B:8 by any person shall be discharged upon payment or tender by the debtor or any person succeeding to his interest in such real estate of the principal sum actually borrowed. Any agreement whereby the borrower waives the benefits of RSA 398-B:8 or releases any rights he may have acquired by virtue thereof shall be deemed against public policy and void. The superior court shall have jurisdiction of all suits arising under RSA 398-B:8 and if a finding is made that such loan secured by any such mortgage violates RSA 398-B:8 such borrower shall be entitled as a part of his costs to a reasonable fee for the services of his attorney in such suit.

398-B:14 Penalty.

I. Any person who wilfully violates any provision of this chapter shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person, for each such violation.

II. The bank commissioner shall levy a fine of \$100 a day on any lender who makes mortgage home loans in this state without holding a valid license in its name.

398-B:15 Advertising. No licensee or other person shall advertise, print, display, publish, distribute or broadcast or permit to be advertised, printed, displayed, published, distributed, or broadcast in any manner whatsoever any statement or representation with regard to the rates, terms, or conditions for the lending of money under the provisions of this chapter which is false, misleading or deceptive. Any reference to the amount of a loan shall refer to the original principal amount. Any statement so made of the amount of an

installment or the rate or amount of interest charges required for any loan shall also indicate the original principal amount of such loan, the number of installments required to pay such loan, and the interval between each installment.

398-B:16 Exemptions.

I. Nothing contained in this chapter shall be deemed to have any effect whatever upon the existing powers of any banking institution, savings bank, federal savings and loan association, or insurance company or other financial institution which is subject to any other law of this state or of the United States regulating the power of such institution to engage in mortgage loan transactions, or upon the conditions and limitations imposed by any such law upon the exercise of such powers.

II. Nothing in this chapter shall be deemed to limit any type of mortgage or repayment plan, except as they may conflict with the provisions of this chapter.

398-B:17 Commissioner Their Attorney. Any out-of-state mortgage broker or agent shall be deemed to have appointed the bank commissioner or his successor in office, his true and lawful attorney upon whom may be served all lawful process in any action or proceeding against him growing out of the provisions of this chapter. Any process against such person so served shall be of the same legal force and validity as if served on him personally.

398-B:18 Service of Process. Service of such process shall be made by leaving a copy thereof with a fee of \$3 in the hands of the bank commissioner or in his office, and such service shall be sufficient, provided that notice thereof and a copy of the process are forthwith sent by certified mail by the plaintiff or his attorney to the defendant, and the defendant's return receipt and the affidavit of the plaintiff or his attorney of compliance therewith are appended to the writ and entered therewith. In the event that the notice and copy of the process are not delivered to the defendant, the superior court may order such additional notice, if any, as justice may require.

398-B:19 Rulemaking Authority. The bank commissioner shall adopt rules pursuant to RSA 541-A consistent with the provisions of this chapter. Such rules shall include, but shall not be limited to:

I. Procedures for responding to consumer concerns and inquiries.

II. Escrow policy for New Hampshire mortgage loans.

398-B:20 Insurance.

I. Credit life insurance and credit accident and health insurance may be issued in connection with a loan or other credit transaction authorized by this chapter in compliance with the provisions of RSA 408:15, II and the cost of such insurance and any commission, benefit or return to the licensee therefrom shall not be deemed a violation of any provision of this chapter; provided, however, that if there is more than one borrower or obligor on any such loan or credit transaction, credit life insurance providing a single benefit may cover both borrowers or obligors.

II. The licensee may require a borrower to insure real property given to

secure the loan against any substantial risk of loss, damage, or destruction for an amount not to exceed the reasonable destructible value of the property insured. The borrower shall not be required to insure against unusual or exceptional risks not ordinarily insured against in policies issued to non-borrowers. The premium for such insurance may be included in the principal amount of the loan. Such insurance shall name the borrower as insured but may include the licensee as co-insured or protect the interest of the licensee under a loss-payable clause. No licensee shall require a borrower to duplicate or cancel existing insurance or to purchase insurance from a licensee or any employee, affiliate or associate of the licensee or from any agent, broker or insurance company designated by the licensee, as a condition precedent to the making of the loan.

2 Repeal. RSA 398-A, relative to mortgage home loans, is hereby repealed.

3 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.

Ordered to third reading.

SB 206-FN, relative to school building aid for the Conway school district. Ought to Pass.

The Committee, as a majority, believes that SB 206 answers the problems that were raised by House Bill 198 which was sent for Interim Study. The bill allows Conway School District to receive school building aid as an AREA school when and if they bring their existing contracts into compliance with existing state statute with regards to AREA schools. Vote 22-0. Rep. William J. Hounsell for Education.

Ordered to third reading.

SB 108-FN, relative to administrative attachment of occupational and professional licensing boards. Ought to Pass with Amendment.

Seven health-related boards are presently located in the Department of Health and Human Services. This bill will locate the Board of Chiropractic, Optometry and Psychology there also. Other occupational licensing boards are located in the departments they indicated a desire to be with or are with now. All are given until July 1, 1987 to receive support services from the departments. Vote 18-0. Rep. Ada L. Mace for Executive Departments and Administration.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Barbering and Cosmetologists; Health and Human Services. Amend RSA 313-A:2 by inserting after paragraph V the following new paragraph:

VI. The board shall be an administratively attached agency, under RSA

21-G:10, to the department of health and human services.

2 Podiatry; Health and Human Services. Amend RSA 315 by inserting after section 1 the following new section:

315:1-a Administratively Attached. The board of podiatry shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

3 Chiropractic; Department of Health and Human Services. Amend RSA 316:2 by inserting after paragraph III the following new paragraph:

IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

4 Dentists and Dentistry; Health and Human Services. Amend RSA 317-A:2 by inserting after paragraph III the following new paragraph:

IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

5 Pharmacy Board. Amend RSA 318 by inserting after section 2 the following new section:

318:2-a Administrative Attachment. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

6 Electricians; Department of Safety. Amend RSA 319-C:4 by inserting after paragraph III the following new paragraph:

IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of safety.

7 Embalmers and Funeral Directors; Health and Human Services. Amend RSA 325:2 by inserting after paragraph III the following new paragraph:

IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

8 Nurses. Amend the introductory paragraph of RSA 326-B:4 as inserted by 1975, 281:1 by striking out said paragraph and inserting in place thereof the following:

The board shall be an administratively attached agency, under RSA 21-G:10, to the department of education. The board is authorized to:

9 Board of Registration in Optometry; Department of Health and Human Services. Amend RSA 327:2 by inserting after paragraph III the following new paragraph:

IV. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

10 Board of Registration in Medicine; Health and Human Services. Amend RSA 329:2 by inserting after paragraph II the following new paragraph:

III. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

11 Plumbers Board; Water Supply and Pollution Control Commission. Amend RSA 329-A:3 by inserting after paragraph II the following new paragraph:

Question now being on the report of the Committee, Ought to Pass.

Ordered to third reading.

SB 200, establishing a department of transportation. Ought to Pass with Amendment.

This bill renames the present Public Works and Highways Department to the Department of Transportation and further brings the Aeronautics Department in to become a Division under the Department of Transportation. The railroad function as well as public works remain where they are now (Public Works and Highways to become Department of Transportation). All dedicated funds, including the highway fund and the aeronautics users fund, remain as at present. The amendment makes some minor changes in the composition of the Aeronautics Users Advisory Board and also structures the appeals' board to be more responsive to the specialized needs of aeronautics and railroads.

The existing positions of associate commissioner and deputy commissioner will both be eliminated with the pending retirements of Reuel Webb and Walter Mead, as of 1 January 1986.

The amendment also provides that the directors of: operations, project development, and public works, must qualify as registered professional engineers to insure that only highly qualified persons are appointed to these positions. Vote 13-3. Rep. Harold W. Watson for Executive Departments and Administration.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 New Chapter. Amend RSA by inserting after chapter 21-I the following new chapter:

CHAPTER 21-J DEPARTMENT OF TRANSPORTATION

21-J:1 Findings; Intent.

I. The general court finds that the efficient administration of transportation functions is best achieved by the consolidation and unified direction of transportation procedures, programs, and

related functions. The general court declares that the economic well-being and physical safety of the citizens of New Hampshire are best secured by establishing a single department responsible for transportation functions.

II. This act shall not be construed in any way to affect dedications of revenue provided for in the constitution or laws of the state, including the dedicated highway fund provided for by part 2, article 6-a of the New Hampshire constitution, or the dedicated aeronautical fund established by RSA 422:42.

21-J:2 Establishment; General Functions.

I. There is established the department of transportation, an agency of the state under the executive direction of a commissioner of transportation.

II. The department of transportation, through its officials, shall be responsible for the following general functions:

(a) Planning, developing, and maintaining a state transportation network which will provide for safe and convenient movement of people and goods throughout the state by means of a system of highways, railroads, air service, mass transit, and other practicable modes of transportation, in order to support state growth and economic development and promote the general welfare of the citizens of the state.

(b) Except as otherwise provided by law, developing and maintaining state owned and supported land and buildings, and cooperating with the department of administrative services in preparing a long range state capital improvements plan.

(c) Performing any regulation of transportation activities required by law which is not within the jurisdiction of another state agency.

21-J:3 Commissioner; Directors; Compensation.

I. The commissioner of the department shall be appointed by the governor, with the consent of the council, and shall serve a term of 4 years. The commissioner shall be qualified to hold that position by reason of education and experience.

II. The commissioner shall nominate each division director for appointment by the governor, with the consent of the council. Division directors shall serve a term of 4 years. Directors shall be qualified to hold their respective positions by reason of education and experience.

III. The salary of the commissioner and each division director shall be as specified in RSA 94:1-a.

21-G:4 Duties of Commissioner. In addition to the powers, duties, and functions otherwise vested by law in the commissioner of the department of transportation, he shall:

I. Represent the public interest in the administration of the functions of the department and be responsible to the governor, the general court, and the public for such administration.

II. Consult regularly with regional planning commissions established

pursuant to RSA 36:45-53 with regard to department planning activities.

III. Provide for a support unit within his office which shall include the function of monitoring projects and conducting audits of department activities to insure compliance with state and federal contracts, laws, and program objectives.

IV. Require the director of the division of administration, in consultation with the comptroller and the state treasurer, to provide for a system of accounts and reports which will insure the integrity and lawful use of all revenues collected by the department, the use of which is restricted by state or federal law.

V. Adopt rules, under RSA 541-A, necessary to assure the continuation or granting of federal funds or other assistance not otherwise provided for by law.

21-J:5 Assistant Commissioner.

I. The commissioner of transportation shall nominate an assistant commissioner for appointment by the governor, with the consent of the council. The assistant commissioner shall serve a term of 4 years. The assistant commissioner shall be a registered professional engineer and shall be otherwise qualified to hold that position by reason of education and experience. The assistant commissioner shall also be known as the chief engineer of the department.

II. The assistant commissioner shall perform such duties as are assigned by the commissioner. The assistant commissioner shall assume the duties of the commissioner in the event that the commissioner is unable for any reason to perform such duties.

III. The salary of the assistant commissioner shall be as specified in RSA 94:1-a.

Internal Organization

21-J:6 Division of Administration.

There is established within the department the division of administration, under the supervision of an unclassified director of administration, who shall, in accordance with applicable laws, be responsible for the following functions:

I. Accounting, purchasing, and budget control.

II. Personnel management.

III. Property, contracts, and grants management.

IV. Data processing.

V. Assistance to the commissioner with short and long range department level planning activities.

VI. Control of department inventory.

VII. Department printing.

VIII. Issuing of all permits, registrations, and licenses for which the department is responsible.

21-J:7 Division of Aeronautics. There is established within the department the division of aeronautics, under the supervision of an unclassified director of aeronautics, who shall be responsible for the following functions:

I. Locating, constructing, and maintaining all air navigation facilities

within the state which are built or maintained either in whole or in part with state funds.

II. Coordinating all agencies and persons participating in aircraft search and rescue missions within the state.

III. Investigating all civil aircraft accidents occurring within the state.

IV. Otherwise administering the provisions of RSA title XXXIX, relative to aeronautics.

V. Investigating all aircraft-related complaints and accidents.

21-J:8 Aviation Users Advisory Board.

I. There shall be an aviation users advisory board consisting of 7 members. All members, except the members set forth in subparagraphs (d) and (g), shall hold a valid pilot's certificate at the time of appointment. The members shall be appointed by the governor, with the consent of the council, and shall include the following:

(a) One member representing an airline.

(b) One member representing corporate aviation.

(c) One member who shall be an airport manager.

(d) One member who shall be a member of an airport authority or of the governing body of a municipality maintaining a municipal airport.

(e) One member representing general aviation who shall be chosen from a list of at least 4 and not more than 6 names submitted to the governor by the Aviation Association of New Hampshire.

(f) One member representing general aviation.

(g) The assistant commissioner who shall serve as an ex officio voting member of the board.

II. Except for the assistant commissioner, board members shall serve for a term of 4 years. Board members shall not serve more than 2 consecutive terms. The board shall annually elect from among its members a chairman.

III. Board members shall serve without compensation, except that they shall receive reimbursement for their reasonable and necessary expenses in the performance of their duties. This reimbursement shall be a charge against the appropriation for the aeronautics division.

IV. The board shall meet at least 4 times per year at a time and place to be fixed by the chairman, either upon his own motion or at the request of 3 or more board members.

V. The aviation users advisory board shall regularly advise the director of the division of aeronautics on all matters relative to the operation of the division. The director shall consult the board on all matters relative to the operation of airports and licensing of pilots and other aviation personnel.

VI. The aviation users advisory board shall act as the board of appeal for aeronautical matters. Appeals from the decisions of the director of aviation may be taken to the commissioner. Decisions of the

commissioner may be appealed to the board, and such appeal shall be a condition precedent to any appeal to any court, contrary provisions of RSA 541-A notwithstanding. The board shall adopt rules of procedure for its appeals process.

21-J:9 Division of Project Development. There is established within the department the division of project development, under the supervision of an unclassified director of project development, who shall be a registered professional engineer and shall be responsible for the following functions, in accordance with applicable laws:

I. Transportation engineering, including planning and design for state highway, rail, and other forms of transportation.

II. Materials research and testing.

III. Acquisition of all real property rights necessary to carry out department responsibilities.

IV. Field supervision of all transportation construction for which the department is responsible, except air navigation facilities.

21-J:10 Division of Operations. There is established within the department the division of operations, under the supervision of an unclassified director of operations, who shall be a registered professional engineer and shall be responsible for the following functions, in accordance with applicable law:

I. Maintenance and supervision of the state transportation network.

II. Maintenance of department equipment.

21-J:11 Division of Public Works. There is established within the department the division of public works, under the supervision of an unclassified director of public works, who shall be a registered professional engineer or a registered architect and shall be responsible for the following functions, in accordance with applicable laws:

I. Public works engineering, including planning and design for all public works projects.

II. Field supervision of all public works construction.

III. Maintenance, supervision, and coordination of all state-owned and supported land and buildings, including, but not limited to, those functions specified in RSA 228:6, I.

IV. Operation of all public works not otherwise assigned.

21-J:12 Rulemaking. The commissioner of transportation shall adopt rules, under RSA 541-A, relative to:

I. Bidding for major capital projects, as authorized by RSA 228:4, I, 228:4-a and 228:5.

II. Supervising standards of operation and maintenance of state-owned buildings and equipment, as authorized by RSA 228:6, I.

III. Locating, routing, altering, constructing, reconstructing, maintaining or discontinuing highways constructed or maintained wholly or in part by state funds, as authorized by RSA 228:21, I.

IV. Establishing standards for water supplies affected by highway construction or reconstruction, in accordance with water quality standards as set forth by the water supply and pollution control commission or its successor agency, as authorized by RSA 228:34, III.

V. Closing, regulating, or restricting traffic on certain highways, as authorized by RSA 228:37 and RSA 236:1.

VI. Reimbursement for special repairs, as authorized by RSA 228:50.

VII. Using delinquent railroad taxes, as authorized by RSA 228:64.

Appeals

21-J:13 Definition. For purposes of this subdivision, "department decision" means the final action on an application,

petition, or request taken by the commissioner or any department official to whom the commissioner has properly delegated the authority to take such final action. "Department decision" does not mean rulemaking or an agency declaratory ruling as provided for in RSA 541-A.

21-J:14 Appeals Board; Composition; Compensation; Removal.

I. There is established an appeals board consisting of 3 members. One member shall be a registered professional engineer, one member shall be a person admitted to the practice of law in this state, and one member shall be a person skilled in the field of public works and construction who shall represent the general public. There shall be 2 alternate board members, who shall meet at least one of the qualification categories set forth for board members. Each board member and alternate board member shall be appointed by the governor with the consent of the council to a term of 3 years, provided that of the initial members appointed under this section one member shall be appointed to a term of one year, one member to a term of 2 years, and one member to a term of 3 years. Vacancies shall be filled in a like manner for the unexpired term. The governor shall designate one member to serve as board chairman, and the board shall elect one member to serve as vice-chairman. In the event of illness or disqualification of a member as set forth in RSA 673:14, the chairman shall designate an alternate member to act in his place.

II. Members of the board shall each receive a per diem, set by the governor and council out of any available funds of the department, for each day devoted to the work of the board and shall be reimbursed for necessary travel expenses.

III. Members of the board shall be removed only as set forth in RSA 4:1.

21-J:15 Powers and Duties.

I. The board shall hear and decide appeals from decisions of the commissioner relative to contract interpretation or other decisions affecting persons not employed by the department, municipalities, or private property, except condemnations of property for public purposes, and the assessment of damages therefor. Decisions of division directors shall be appealed to the commissioner. Decisions of the commissioner may be appealed to the appeals board, except decisions relative to aeronautical matters, which may be appealed to the aviation users advisory board established under RSA 21-J:8, and decisions relative to common carriers by mail, which may be appealed to the railroad appeals board established under RSA 21-J:16.

II. Decisions by the appeals board under paragraph I shall be made within a reasonable time. An appeal to the board shall be a condition precedent to any appeal to any court.

21-J:16 Railroad Appeals Board; Composition; Compensation; Removal; Powers and Duties.

I. There is established a railroad appeals board of 3 members which shall hear all appeals of decisions of the commissioner relative to common carriers by rail. One member shall be a recognized expert on

railroad matters, one member shall be admitted to the practice of law in this state, and one member shall be a person knowledgeable about railroad matters who shall represent the general public. There shall also be 2 alternate board members who shall be similarly qualified. Each board member and alternate board member shall be appointed by the governor with the consent of the council to a term of 3 years, except that of the initial appointments under this section one member shall be appointed to a term of one year, one member to a term of 2 years, and one member to a term of 3 years. Vacancies shall be filled in a like manner for the unexpired term. The governor shall designate one member to serve as board chairman, and the board shall elect a member to serve as vice-chairman. In the event of illness or disqualification of a member as set forth in RSA 673:14, the chairman shall designate one of the alternate board members to act in the absent member's place.

II. Members shall be paid a per diem set by the governor and council out of any available department funds for each day devoted to the work of the board and shall be reimbursed for necessary travel and expenses.

III. Members of the board shall be removed only as provided in RSA 4:1.

IV. The board shall hear and decide appeals from any decision of the commissioner relating to any matters concerning common carriers by rail.

21-J:17 Administrative Support. The commissioner shall provide all necessary and reasonable clerical support requested by the appeals board. At a minimum the commissioner shall:

I. Provide all necessary clerical and support personnel and services in order to:

(a) Prepare notices and other documents required under RSA 541-A as directed by the appeals board and distribute such notices and documents upon the approval of the appeals board;

(b) Schedule the conduct of all appeals board proceedings, with the approval of the appeals board, so as to insure timely and efficient conduct of such proceedings;

(c) Prepare and maintain the record, required by RSA 541-A, of all adjudicative proceedings conducted by the appeals board.

II. Provide comfortable and adequate space for the use of the appeals board in performing its official duties.

III. Prepare, maintain as a public record, and continuously update a document which shall summarize the findings and decisions of the appeals board.

21-J:18 Status as Rehearing. An appeal under this section shall be considered a rehearing for purposes of RSA 541 and any other provision of law requiring a rehearing in the department prior to taking an appeal to any court.

Amend RSA 228:72 as inserted by section 13 of the bill by striking out same and inserting in place thereof the following:

228:72 Discontinuances of Service.

Whenever any operator of a public mass transportation system shall file with the department a petition requesting authorization to discontinue service, it shall be the duty of the commissioner, after hearing, to determine if it is in the public interest to discontinue such service, and if it shall be found that it is not in the public interest that such service be discontinued, the commissioner shall so order and prepare a plan for the continued operation or acquisition of such system. If it is found to be in the public interest for such service to be discontinued, the commissioner may so order.

Amend RSA 228:73 as inserted by section 14 of the bill by striking out same and inserting in place thereof the following:

228:73 Statutes Not Applicable. Any regular route passenger transportation operation conducted directly by the department or by contract with the department shall not be subject to procurement of any regular agent's operating authority from the department; provided, however, that such operations shall be subject to all safety and insurance standards as set forth by the department for similar operations.

Amend RSA 228:76-92 as inserted by section 15 of the bill by striking out same and inserting in place thereof the following:

Stocks and Other Securities of Common Carriers by Rail

228:76 Authority to Issue Securities. A common carrier by rail lawfully engaged in business in this state may, with the approval of the department, but not otherwise, issue and sell its stock, bonds, notes and other evidences of indebtedness payable more than 12 months after the date thereof for lawful corporate purposes. The proposed issue and sale of securities shall be approved by the department when it finds that the same is consistent with the public good. Such approval shall extend to the amount of the issue authorized and the purpose or purposes to which the securities or the proceeds thereof are to be applied, and shall be subject to such reasonable terms and conditions as the department may find to be necessary in the public interest; provided, however, that the provisions of RSA 293-A shall be observed by corporations organized under the laws of this state in respect of the corporate authorization required and of other formalities to be observed.

228:77 Mortgages. A common carrier by rail may, with the approval of the department but not otherwise, mortgage its present and future property, tangible and intangible, including franchises, to secure the payment of its bonds or notes, including any bonds or notes to be thereafter issued under the provisions of such mortgage; provided, however, that no such approval shall be required for any mortgage of property pursuant to after-acquired clauses

of mortgages securing the payment of bonds or notes issued prior to September 1, 1951.

228:78 Application for Leave To Issue. Any such common carrier by rail which may apply to the department for authority to issue such securities shall file with its application a statement in reasonable detail, showing the actual cost already incurred and the estimated cost to be incurred for any of the purposes for which such securities are to be issued and the actual cost already incurred and the estimated cost to be incurred for such purposes.

228:79 Authorization. The department, after such hearing or investigation as it may deem proper, shall determine the actual or probable cost incurred or to be incurred; and, if in its judgment the issue of such securities upon the terms proposed is consistent with the public good, it shall authorize the same to an amount sufficient, at the price fixed in accordance with the laws applicable thereto, to provide funds for defraying the cost as so determined.

228:80 Certificate. Within 30 days after a final order authorizing an issue of securities, the department shall file in the office of the secretary of state a certificate setting out the amount of the securities which it has authorized and the purposes for which the proceeds thereof may be used.

228:81 Depreciation. Upon any application for authority to issue securities for the purpose of providing funds for discharging any indebtedness incurred by a common carrier by rail in good faith prior to July 1, 1914, in acquiring property, or for other lawful corporate purpose, no deduction shall be made from the cost thereof, as determined by the department, on account of any estimated depreciation of plant and properties beyond the portion, if any, of such cost which it may appear has been paid out of the depreciation reserve of said common carrier by rail, if any, or out of earnings, to make good depreciation.

228:82 Short Term Notes.

I. No common carrier by rail engaged in business within this state shall issue or renew any notes, bonds, or other evidences of indebtedness payable less than 12 months after the date thereof, except as provided in this section, by rules adopted by the department, or by specific order of the department in an individual case.

II. The department may adopt rules under RSA 541-A relative to a reasonable amount of the notes, bonds, or other evidences of indebtedness based on the amount of their respective plant investment which each carrier shall not exceed without first obtaining the approval of the department. In establishing the amounts of the notes, bonds, and other evidences of indebtedness which the carrier is permitted to issue or renew without prior department approval, the department shall consider the size, circumstances, and other characteristics of each carrier, the aggregate term of the renewals of such notes, bonds, and other evidences of indebtedness, and the time period and manner

for reporting such renewals to the department.

228:83 Foreign Business. Common carriers by rail carrying on business both within and without this state shall not be subject to the provisions of RSA 228:76-82 when the stock or obligations are to be issued for the acquisition of property, the construction, completion, extension or improvement of their facilities, or the improvement or maintenance of their service entirely without this state, or the discharge or refunding of their obligations or reimbursement of money actually expended for such purposes.

228:84 Capitalization of Franchises. The department shall have no power to authorize the capitalization, directly or indirectly, of any franchise to be a corporation, or of any franchise or any right to own, operate or enjoy any franchise whatever in excess of the amount (exclusive of any tax or annual charge) actually paid to the state or to a political subdivision thereof as a consideration for the grant of such franchise or right, all such franchises, rights and privileges being granted in the public interest only, and not justly subject to capitalization against the public.

228:85 Unincorporated Utilities. No unincorporated person or partnership acting as a common carrier by rail shall be required to apply to the department for authority to issue notes or bonds unless the same are to be secured by mortgage of property devoted to public use.

228:86 Application of Proceeds. No common carrier by rail shall apply the proceeds of any stock, bonds or notes to any other purpose than those specified in the order of the department authorizing the issue of the same.

228:87 Account. Every common carrier by rail issuing stocks, bonds or other evidence of indebtedness subject to the provisions hereof shall file with the department an account showing, in such detail as the department shall require, the disposition of the proceeds of such issue.

228:88 Foreign Corporations. Any foreign corporation which shall engage in intrastate business as a common carrier by rail within this state after May 1, 1919, shall be subject to the provisions of RSA 228:76-92, and, by applying for authority to begin or by continuing to engage in such intrastate business after said date, shall be deemed to have consented to said provisions as a condition precedent to its right to engage in such intrastate business.

228:89 Common Carriers. A common carrier by rail for any corporate purpose approved by the department, upon petition of the corporation, may, from time to time, with the authority of the department as provided in RSA 228:76-92, increase its capital stock or bonds beyond the amounts fixed and limited by its articles of association or its charter or by any act of the general court.

228:90 Stockholders. Whenever a common carrier by rail organized under the laws of this state shall issue (1) additional

shares of its capital stock having unconditionally the general right to vote or (2) securities convertible into shares of such capital stock, it shall, except as hereinafter provided, first offer such shares or convertible securities proportionately to holders of its stock having such voting right in such manner as shall have been determined by its directors; provided, however, that if the charter, articles of agreement or stockholder votes authorizing the outstanding stock have limited or eliminated the rights of holders of such outstanding stock to subscribe to such shares or convertible securities, such offer need not be made, except to the extent, if any, required by said charter, articles of agreement or votes.

228:91 Stockholders' Liability. Whenever a common carrier by rail incorporated under the laws of this state shall apply to the department for authority to issue any stock requiring the approval of the department, the stockholders shall not become individually liable for debts and contracts of the corporation under RSA 296:30, if the amount of stock which the department authorized the corporation to issue upon any such application is paid in and a certificate of the treasurer and a majority of the directors to that effect is executed, filed and recorded in the manner provided by RSA 296:30 within 90 days after the filing in the office of the secretary of state of the order of the department authorizing the issue of such stock; provided that, in cases where such stock is an increase of prior capital, the whole amount of the prior capital as theretofore fixed and limited by the corporation, or so much thereof as the stockholders have voted to issue, or as the department has authorized to be issued, has also been paid in and that the certificate so filed by the treasurer and directors shows that fact.

228:92 Exclusions.

I. Any common carrier by rail which is subject to the provisions of 49 U.S.C. section 11301 shall be subject to the provisions of RSA 228:82 but shall not be subject to any of the other provisions of this subdivision.

II. Any common carrier which is subject to RSA 375-A, RSA 375-B, or RSA 376 shall not be subject to the provisions of this subdivision.

Amend the bill by striking out section 16 and inserting in place thereof the following:

16 Public Utility; New Definition. Amend RSA 363:2 and 3 by striking out said sections and inserting in place thereof the following:

362:2 Public Utility. The term "public utility" shall include every corporation, company, association, joint stock association, partnership and person, their lessees, trustees or receivers appointed by any court, except municipal corporations operating within their corporate limits, owning, operating or managing any plant or equipment or any part of the same for the conveyance of telephone or telegraph

messages or for the manufacture or furnishing of light, heat, power or water for the public, or in the generation, transmission or sale of electricity ultimately sold to the public, or owning or operating any pipeline, including pumping stations, storage depots and other facilities, for the transportation, distribution or sale of gas, crude petroleum, refined petroleum products, or combinations of petroleum products, cooperative marketing associations organized for purposes of rural electrification, any other business, except as hereinafter exempted, over which on September 1, 1951, the public utilities commission exercised jurisdiction.

362:3 Common Carrier by Rail. The term common carrier by rail shall include every corporation, company association, joint stock association, partnership and person, their lessees, trustees, or receivers appointed by any court, owning or operating any railroad for common carriage of passengers or freight or carrying on a public express business for compensation over the line of any railroad. It shall also include all bridges and other structures owned, leased or used.

Amend the bill by striking out section 19 and inserting in place thereof the following:

19 Railroad Service. Amend RSA 367 by inserting after section 46 the following new section:

367:46-a Railroad Service.

I. No railroad shall tear up and remove or discontinue the use of any portion of its tracks other than spur, industrial or storage tracks, or curtail any part of its service to the public without notice to the department and such notice to the public as the department may direct. Upon complaint or upon its own motion, the department may investigate the reasonableness of the proposed action. Whenever a railroad has been authorized by proper authority to abandon a line, the department, after hearing, may issue an order requiring the removal of rails, ties and structures, at public highway crossings and the removal of piles, bents or piers in rivers and streams that may contribute to holding debris, and require the filling and repaving of the highway. The cost of such removal, fill and repaving shall be apportioned between the railroad, town, city and state as the department shall direct.

II. Any person who violates the provisions of this section or any order of the department issued pursuant to this section shall be guilty of a class B felony if a natural person or guilty of a felony in any other person.

Amend RSA 367:51, I(a) as inserted by section 20 of the bill by striking out same and inserting in place thereof the following:

(a) Annual reports from all railroads. The commissioner shall require that the reports be made under oath;

Amend RSA 367:55-60 as inserted by section 20 of the bill by striking out same and inserting in place thereof the following:

367:55 Complaints; Hearings.

I. The commissioner may investigate, upon complaint or on his own initiative, or hold a hearing, after notice, to determine the appropriateness for any railroad transporting persons or freight between points in this state of:

(a) Any filed or proposed rate, fare or charge; or

(b) Any railroad rule or practice affecting a rate, fare or charge.

II. If the commissioner finds that any rate, fare or charge is unjust, unreasonable, unlawful or unjustly discriminatory or unduly preferential or prejudicial, the commissioner may order:

(a) A new rate, fare or charge, including maximum or minimum amounts; or

(b) A new rule or practice to be followed by the railroad.

367:56 Accidents. The commissioner shall require reports of all accidents involving derailments or personal injury, or both, including loss of life, and investigate all such accidents.

367:57 Lights on Railroad Track Motor Cars. Every person, firm or corporation operating or controlling any railroad running through or within the state shall equip each of its track motor cars or similar vehicles used during the period from 30 minutes before sunset to 30 minutes after sunrise with an electric headlight of such construction and with sufficient candlepower to render plainly visible at a distance of not less than 300 feet in advance of such track motor car any track obstruction, landmark, warning sign or grade crossing, and further shall equip such track motor car with a red rear electric light of such construction and with sufficient candlepower as to be plainly visible at a distance of 300 feet.

Amend RSA 422:9 as inserted by section 28 of the bill by striking out same and inserting in place thereof the following:

422:9 Investigations. The director, division of aeronautics shall have the power to hold investigations, inquiries and hearings concerning aircraft accidents and violations or in connection with any matter relating to aeronautics and is authorized to do so jointly with any agency of the United States.

Amend the bill by striking out section 29 and inserting in place thereof the following:

29 Hazards; Purchases. Amend RSA 422:10-11 by striking out said sections and inserting in place thereof the following:

422:10 Purchase and Operation of Aircraft. The commissioner, after consultation with the director of aeronautics, is hereby authorized to lease, and to maintain and operate such aircraft as may be approved by the governor and council,

and to provide for the use of such aircraft by other departments and agencies of the state. The commissioner is further authorized to adopt rules under RSA 541-A relative to the use of such aircraft and to establish fees for the use thereof. All fees collected from state departments and agencies under this section shall be credited to a special fund to be used to pay costs of maintenance and operation of said aircraft. Funds in said special fund shall not lapse but may be used as a revolving fund for the purposes of this section.

422:11 Hazards to Air Navigation. The commissioner shall adopt rules, under RSA 541-A, requiring all persons to give adequate public notice, in the form and manner prescribed by the commissioner, of the construction or alteration or the proposed construction or alteration of any structure where such notice will promote safety in air navigation.

Amend the bill by striking out sections 37-40 and inserting in place thereof the following:

37 Incumbent Assistant Commissioner. The position of assistant commissioner of the department of public works and highways shall be abolished on January 1, 1986. If the effective date for the department of transportation, as provided in section 2 of this act, occurs before January 1, 1986, then the incumbent assistant commissioner shall serve within the department of transportation until January 1, 1986, and at the same salary he is receiving on the effective date for the department of transportation.

38 Incumbent Deputy Commissioner. The position of deputy commissioner of the department of public works and highways shall be abolished on January 1, 1986. If the effective date for the department of transportation, as provided in section 2 of this act, occurs before January 1, 1986, then the incumbent deputy commissioner shall serve within the department of transportation until January 1, 1986, and at the same salary he is receiving on the effective date for the department of transportation.

39 Incumbent Administrators. The incumbent classified administrators of the divisions of administration, project development, operations, and public works, and transportation within the department of public works and highways shall become the initial directors of the divisions of administration, project development, operations, and public works, respectively. They shall remain classified employees for as long as they serve. When a vacancy occurs in any one of those positions, the positions shall become unclassified and they shall be appointed as set forth in RSA 21-J:3, II.

40 Repeals. The following are repealed:

I. RSA 228:2; 228:3; 228:16; 228:17; 228:18; 228:19; and 228:54, III-IV, relative to the department of public works and highways.

II. RSA 369:17, relative to exclusions from public utility securities regulation.

III. RSA 370:10, relative to railroad car equipment.

IV. RSA 371:8, relative to railroad condemnation proceedings.

V. RSA 374:16; 374:20; 374:21; 374:29; and 374:37, relative to railroad regulation by the public utilities commission.

VI. RSA 378:12; 378:13; and 378:25, relative to railroad regulation by the public utilities commission.

VII. RSA 422:4; 422:5; 422:6; 422:7; and 422:8, relative to the state aeronautics commission.

VIII. RSA 422:12 and 422:13, relative to the director of aeronautics.

IX. RSA 422-B:16, relative to rules and regulations.

41 Effective Date.

I. Sections 1, 2, 3, 4, 5, 34, 35, II(a), 36, 37, 38, and 40 of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect when the department of transportation becomes operational on the date set according to 1983, 372:5, II.

Amend the bill by striking out section 9 and renumbering sections 10-41 as 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, and 40.

Amendment adopted.

Rep. Labombarde spoke against the Committee report.

Reps. Harold Watson and Bibbo spoke in favor of the Committee report and yielded to questions.

Rep. Hoar requested a quorum count.

The Speaker declared a quorum present.

Rep. Hoar spoke against the Committee report and yielded to questions.

Rep. Ward spoke in favor of the Committee report and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Labombarde requested a division.

215 members having voted in the affirmative and 108 in the negative, SB 200 was ordered to third reading.

Rep. Welch notified the Clerk that he wished to be recorded against SB 200.

SB 130-FN, providing for a moose hunting season. Majority: Ought to Pass with Amendment. Minority: Inexpedient to Legislate.

MAJORITY: This bill implements a comprehensive moose management program allowing the Fish and Game Department to better control and balance the moose herd. Vote 18-2. Rep. Laura Pantelakos for the Majority of Fish and Game.

MINORITY: Although looking from a Fish and Game Department standpoint, that there is enough biological data to warrant a moose management plan and subsequent hunt, the moose is a multiple use resource which must be shared, not only with tourists, photographers, nature lovers, etc. This bill does not address the social, economic, and political aspects of managing our moose population. (Reps. David M. Scanlan, Colon Chappell for the Minority of Fish and Game.)

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

implementing a comprehensive moose management program.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Season Provided. Amend RSA 208:1-a as inserted by 1965, 83:1 as amended by striking out said section and inserting in place thereof the following:

208:1-a Moose.

I. No person shall hunt, take, or have in his possession any moose or any part of the carcass of a moose taken in this state without first obtaining a valid license for such activities from the department of fish and game. The executive director of fish and game, with the consent of the commission, may establish, by rules adopted under RSA 541-A, a hunting season of up to 3 consecutive days for moose in any county of the state, or any portion thereof. Such rules shall include, but not be limited to, the mode by which moose may be taken; the length of the season; requirements for reporting by hunters; sex limitations; and total take in any one year, which may not exceed 75 the first season.

II. The executive director, with the consent of the commission, may also adopt rules under RSA 541-A regulating the issuance of licenses or permits.

III. The state treasurer shall establish a separate nonlapsing account within the fish and game fund, to be known as the moose management fund, to which all fees collected by the fish and game department from the moose licenses and applications shall be applied. The moneys in this account shall be used exclusively for the implementation of a comprehensive moose management program, including education, research, protection and management, and are hereby appropriated for said purposes.

IV. Prior to the establishment of any hunting season for moose, the executive director shall implement a comprehensive moose management program that shall include, but not be limited to: education of the public as to the biological status and management needs of the moose; research to determine the population, distribution, and future trends and needs of the New Hampshire moose herd; and management measures, which may include hunting, as well as habitat enhancement, to promote the maintenance of a healthy moose population. Every 2 years, the executive director shall report in writing to the legislature the status of the moose in New Hampshire, and the performance of the moose management program.

2 Possession of Carcass. Amend RSA 208:9 as amended by striking out said section and inserting in place thereof the following:

208:9 Possession of Deer and Moose. Wild deer or moose, or any part of the

carcass of wild deer or moose, lawfully taken, may be possessed until February 1 next following the date when taken, and not otherwise, except as provided in this section for frozen meat and as otherwise permitted by the executive director. Any part of the carcass of wild deer or moose solidly frozen may be possessed in a freezer during the closed season on deer or moose. The deer or moose tag shall be with the deer or moose or any part of its carcass at all times. Possession of wild deer or moose or any part of its carcass without the deer tag and registration seal or the moose tag and registration seal being attached or as otherwise permitted by this section or by special permission of the executive director or his agent shall be prima facie evidence that such deer or moose was unlawfully taken. A person may bring into this state and possess a deer or moose lawfully taken in another state or Canada if such person obtains from the executive director within 10 days after bringing such deer or moose into the state a permit to possess such deer or moose. Any person who violates this section or any rule authorized by this section, and adopted under RSA 541-A by the executive director, shall be guilty of a misdemeanor.

3 Penalties. Amend RSA 208:21, II (supp) as amended by striking out said paragraph and inserting in place thereof the following:

II. RSA 208:3, 3-a, 3-b, 3-c, 4, 5, 5-a, 6-a, 10 and 12-17 inclusive shall be guilty of a violation if a natural person or guilty of a misdemeanor if any other person.

4 Effective Date. This act shall take effect upon its passage.

Rep. Scanlan moved that the report of the Minority, Inexpedient to Legislate, be substituted for the report of the Majority, Ought to Pass with Amendment, spoke to his motion and yielded to questions.

Reps. Perham and Dickinson spoke against the motion.

Reps. Chappell and Pantzer spoke in favor of the motion.

Reps. Felch, Powers and Doris Riley spoke against the motion and yielded to questions.

Reps. Rehlander and Schotanus spoke in favor of the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Doris Riley requested a roll call. Sufficiently seconded.

Amendment adopted.

Referred to Appropriations.

SB 128-FN, relative to public assistance. Ought to Pass.

This bill was amended in the Senate to delete the funding and to restrict the coverage to medically handicapped children under 18 years of age. There are presently 250 children who are severely handicapped who are ineligible for any medical assistance. The Committee felt that this bill should be enacted into law to be ready in the event funds become available. Vote 14-2. Rep. Marion L. Copenhaver for Health and Human Services.

Referred to Appropriations.

SB 14, to allow the annulment of a record of an arrest which results in a not guilty finding. Ought to Pass with Amendment.

This bill, as amended, provides for annulment of certain arrest records and makes it clear that inmates in penal institutions who perform labor or services are excluded from collecting workers' compensation. Additionally, the bill makes a number of modifications to the parole and probation chapter. These include a provision for house arrest, establishment of a supervision fee to be paid by probationers and parolees unless indigent, limitations on bail for probationers and parolees who commit new crimes, and warrantless arrest for violation of conditions of probation and parole. Vote 13-3. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to annulments of arrest records, the exclusion of certain criminal offenders from workers' compensation, and supervision and control of probationers and parolees.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Annulment of Arrest Records. Amend RSA 651:5 by inserting after paragraph X the following new paragraph:

XI. A person whose arrest results in a finding of not guilty may, upon that finding, apply to the court in which the not guilty finding was entered for an order to annul his record of arrest. Procedures governing application for an entry of an order annulling an arrest record shall be established by rule of court. The court shall enter the order of annulment if the court finds that such an order is consistent with the public welfare. Paragraphs VIII and X of this section shall apply to persons whose arrest records are annulled under this paragraph. Whenever an arrest record has been annulled by the court, a copy of the annulment order shall be immediately forwarded to the division of state police and any other law enforcement agency which made the arrest or filed the original charge.

2 Disclosure of Annulled Records. Amend RSA 651:5, X as inserted by 1971, 518:1 by striking out said paragraph and inserting in place thereof the following:

X. A person is guilty of a misdemeanor if, during the life of another who has had a record of conviction or arrest annulled pursuant to this section, he knowingly discloses or communicates the existence of such record.

3 Criminal Offenders Excluded From Workers' Compensation. Amend RSA 281:2 as amended by inserting after paragraph IV-b the following new paragraph:

IV-c. Employee, with respect to private and public employment, shall not include any person who has been sentenced to the state prison or a county house of correction and who performs labor or services with or without remuneration for the corrections facility. Employee, with respect to private and public employment, shall not include any offender whom a court has sentenced, as a condition of discharge or probation, to community service or public work projects.

4 New Chapter; Probation. Amend RSA by inserting after chapter 504 the following new chapter:

CHAPTER 504-A PROBATIONERS AND PAROLEES

504-A:1 Definitions. In this chapter:

- I. "Commissioner" means the commissioner of corrections.
- II. "Officer" means any probation or parole officer under the supervision of the commissioner.
- III. "Parole board" means the adult parole board established under RSA 651-A:3.

IV. "Parole conditions" means the restrictions and limitations established by the adult parole board for the conduct and behavior of a parolee.

V. "Parolee" means a prisoner who has been paroled by the adult parole board under the provisions of RSA 651-A.

VI. "Probation conditions" means the restrictions and limitations established by the court for the conduct and behavior of a probationer.

VII. "Probationer" means a person, as defined in RSA 625:11, 11, who has been sentenced under RSA 651:2, V to a term of probation.

504-A:2 Probationers and Parolees in or of Other Jurisdictions. Under RSA 651-A:25, probationers or parolees may be transferred for supervision and control between states which are signatories to a compact entered into under that section. New Hampshire probationers and parolees whose supervision has been transferred to other states are subject to the rules, regulations, policies, and procedures in effect in the state to which they are transferred. Probationers and parolees transferred to New Hampshire for supervision shall be held accountable and be supervised and controlled under the same rules, policies, and procedures as apply to New Hampshire probationers and parolees.

504-A:3 Termination of Probation or Parole. The authority that placed a person on probation or parole may terminate the probation or parole at any time.

504-A:4 Violation of the Terms of Probation or Parole. Any probationer or parolee may be arrested without warrant at any time by any probation or parole officer, or any other officer authorized to arrest upon request of a probation or parole officer, when the probation or parole officer has reason to believe that the probationer or parolee has violated the conditions of his probation or parole.

504-A:5 Detention of Violators. Any probationer or parolee who is arrested under the authority of RSA 504-A:4 shall be detained at the county jail closest to the location where he was arrested or any other suitable confinement facility in reasonable proximity to the location where he was arrested. He shall be detained there pending a preliminary hearing. No sheriff or county correctional administrator shall refuse to accept a probationer or parolee committed to his facility for detention by or under the authority of a probation or parole officer.

504-A:6 Preliminary Hearing. The facts and circumstances surrounding the arrest and detention of any probationer or parolee shall be expeditiously reviewed at a preliminary hearing meeting the due process requirements of federal law.

504-A:7 Transfer of Supervision. The department of corrections may transfer supervision of a probationer or parolee from one probation or parole officer to another at any time.

504-A:8 Appointment of State Officers. State probation and parole officers shall be appointed by the commissioner under the rules of the department of personnel,

consistent with the funding provided for full and part-time probation and parole officers.

504-A:9 Supervision by Commissioner. The commissioner shall exercise technical supervision over all probation and parole officers in the state, except those assigned to the division of children and youth services, no matter by whom employed or appointed.

504-A:10 Local Probation Officers. Counties, cities, and towns may employ local probation officers who have been certified as having met minimum qualifications established by the commissioner in rules adopted under RSA 541-A. No person shall serve as a probation officer without current certification, and certification may be withdrawn by the commissioner for cause. All such officers shall be subject to supervision by the commissioner, pursuant to rules adopted by the commissioner.

504-A:11 Assignment and Removal. Probation and parole officers shall be assigned or reassigned to geographical regions within the state in consonance with the duties to be accomplished. They may be assigned any duties determined appropriate by the commissioner, except that locally funded officers shall not be assigned duties outside of the jurisdiction which compensates them without approval of the court they service and the jurisdiction which provides compensation.

504-A:12 Powers and Duties of Probation or Parole Officers. The powers and duties of probation or parole officers shall be:

I. To serve as officers of the court and to investigate at the request of any court, the parole board, or the commissioner any case, matter, or question, whether pending or not, and to report the results of such investigation with recommendations to the authority which ordered the investigation.

II. To take charge of and to provide supervision to persons placed on probation or parole, attempting to assist them in establishing law-abiding lives while monitoring their behavior through office, home, work, and other contacts to insure that they comply with their probation or parole conditions.

III. To report promptly to the appropriate court or the parole board violations of probation or parole conditions which are required by statute, the parole board, or the court or which, in the opinion of the officer, are serious enough to warrant consideration by the authority authorizing probation or parole. Such reports shall include recommendations as to any actions which the officer believes to be appropriate.

IV. To expeditiously arrest or cause to be arrested any probationer or parolee against whom any arrest warrant or capias has been issued by any authority.

V. To expeditiously arrest or cause to be arrested any probationer or parolee in accordance with RSA 504-A:4-6.

VI. To collect or to supervise the collection of any fees, fines, or restitution payments ordered and to administratively process these funds under

rules adopted under RSA 541-A by the commissioner.

VII. To discharge any other duties or responsibilities assigned by the commissioner or his designated representative or the courts.

504-A:13 Supervision and Service Charges. The court or the parole board shall establish a supervision fee for probationers and parolees. The fee shall not be less than \$10 a month, unless waived by the court or board, and may be any greater amount as established by the court or board. The board shall adopt rules under RSA 541-A relative to a fee schedule. This fee shall be considered a condition of release, and failure to satisfy this obligation shall be grounds for a violation hearing, unless the probationer or parolee is indigent and, for that reason, unable to pay the fee. Service charges for collection of fees, fines, and restitution shall be established at 10 percent of the funds collected.

5 Bail for Persons on Probation or Parole who are Arrested. Amend RSA 597 by inserting after section 1-a the following new section:

597:1-b Probationers and Parolees Excepted. Notwithstanding the provisions of RSA 597:1 and 597:1-a, a person serving a sentence of probation under RSA 651:2, V or a term of parole under RSA 651-A who is arrested on a new misdemeanor or felony charge shall not be eligible for bail until the supervising probation or parole officer or his designee has been notified and has caused a preliminary hearing to be conducted under the provisions of RSA 504-A:6.

6 Confinement to Place of Residence as Condition of Probation. Amend RSA 651:2, V as inserted by 1971, 518:1 by striking out said paragraph and inserting in place thereof the following:

V. A person may be placed on probation if the court finds he is in need of the supervision and guidance that the probation service can provide under such conditions as the court may impose, including confinement to the person's place of residence for specified periods of time. The period of probation shall be for a period to be fixed by the court not to exceed 5 years for a felony, 2 years for a misdemeanor, and one year for a violation. Upon petition of the probation officer or the probationer, the period may be terminated sooner by the court if the conduct of the probationer warrants it.

7 Public Service Work; Protection for Employer. Amend RSA 651 by inserting after section 64 the following new section:

651:64-a Public Service Work; Protection for Employer. Public service work for the benefit of a public employer, as defined in RSA 273-A:1, X, or a bona fide charitable institution may be ordered. However, no person who performs services for the benefit of a public employer or charitable trust under this section shall receive any benefits that such employer gives to its other employees, including, but not limited to, workers' compensation and unemployment benefits. No such employer shall be liable for any damages sustained by

a person while performing services for the benefit of the employer or any damages caused by that person, unless the employer is guilty of gross negligence.

8 Arrest of Parolees. Amend RSA 651-A by inserting after section 15 the following new section:

651-A:15-a Arrest of Parolees. Any parolee may be arrested and detained by a probation or parole officer in accordance with RSA 504-A:4-6.

9 Revocation Hearing. Amend RSA 651-A:17 (supp) as inserted by 1983, 461:16 by striking out said section and inserting in place thereof the following:

651-A:17 Parole Revocation. Any parolee arrested under RSA 651-A:15-a shall be entitled to a hearing before the board within 30 days, in addition to any preliminary hearing which is required under RSA 504-A:6. The parolee shall have the right to appear and be heard at the revocation hearing. If the board, after a hearing, finds that the parolee has violated the conditions of his parole, violated the law, or associated with criminal companions and in their judgment should be returned to the custody of the commissioner of corrections, the board shall revoke his parole. A prisoner whose parole is revoked shall be recommitted to the custody of the commissioner of corrections.

10 Cross Reference. Amend RSA 651-A:21, I (supp) as inserted by 1983, 461:16 by striking out said paragraph and inserting in place thereof the following:

I. Upon the expiration of the term of his maximum sentence as provided in RSA 651-A:18 and 19, a paroled prisoner shall be entitled to receive a final discharge, provided that at the time of such expiration no proceedings are pending for his recommitment. Such proceedings shall be deemed to be pending when a warrant has been issued or an arrest has been made under RSA 651-A:15-a.

11 Repeal. The following are hereby repealed:

I. RSA 504, relative to probation.

II. RSA 651-A:15, relative to a complaint for violation of parole.

12 Effective Date. This act shall take effect January 1, 1986.

Amendment adopted.

SB 135, extending the due process rights of certain teachers. Majority: Refer for Interim Study. Minority: Ought to Pass.

MAJORITY: The Committee could not reach an agreement on several votes, therefore felt the matter should be studied further to see if any workable legislation, to satisfy those involved, could be written. Vote 13-9. Rep. Frank J. Sylvia for the Majority of Judiciary.

MINORITY: Senate Bill 135 would extend the right to reasons and school board hearings, under New Hampshire's Fair Dismissal Law for public school teachers, for experienced New Hampshire teachers who transfer to another New Hampshire school district. These

experienced teachers would gain access to fair due process after 2 years instead of another 3 years. The bill will update this provision to prevent arbitrary dismissals and recognize the need for fair treatment of teachers who change schools. The issue was studied last year and is a compromise and an improvement in the law. (Reps. Maureen Raiche, Peter Zis, DonnaLee Lozeau, David E. Cote, Marc Chretien, Beverly Hollingworth, Daniel Healy, Michael Jones for the Minority of Judiciary.)

Rep. Raiche moved that the report of the Minority, Ought to Pass, be substituted for the report of the Majority, Refer for Interim Study, spoke to her motion and yielded to questions.

Reps. Sylvia, Thomas Gage, Taffe and Sytek spoke against the motion.

Reps. Bryant and Hawkins spoke in favor of the motion.

Rep. James Chandler spoke in favor of the motion and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

Rep. Raiche requested a roll call. Sufficiently seconded.

SB 204, establishing a New Hampshire public employee safety act. Ought to Pass. The Committee felt that public employees should be protected from unsafe working conditions in their workplace. This bill establishes a limited occupational safety statute for a public employee working for the State or its political subdivision by amending provisions of RSA 277 - Safety and health of employees. This bill would direct the Commissioner of Labor to adopt rules establishing the rights of employees based on existing statutory and regulatory rights; and give the employee certain procedures to follow if an employer retaliated against the employee who refused to work under unsafe conditions. Under these rules the Commissioner shall authorize a stop work order when an imminent danger exists in the place of employment. The rule making authority given to the Commissioner of Labor in this bill is repealed on July 1, 1987 unless extended by the 1987 Legislature thus giving all concerned time to evaluate this issue. Vote 8-6. Rep. Robert S. Hawkins for Labor, Industrial and Rehabilitative Services.

Ordered to third reading.

SB 115, relative to financial disclosure by elected officials. Refer for Interim Study.

By a vote of 16-1, the Committee added SB 115 to another ethics bill (HB 773) already sent to study. Though different in application and income received, both concern ethics and should be studied in concert. Rep. James A. Chandler for Legislative Administration.

Referred for Interim Study.

SB 103, authorizing a special town meeting for Pittsfield and legalizing certain town meeting actions. Ought to Pass with Amendment.

This bill, as amended, legalizes the town meetings of several towns, school districts and a fire district. These are due to minor errors relating to the actions taken at the 1985 town meetings. Vote 14-0. Rep. David M. Perry for Municipal and County Government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to town meetings, school district meetings, and fire district meetings.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Town of Pittsfield.

I. The board of selectmen of the town of Pittsfield is hereby authorized to hold a special town meeting. The purpose of this special town meeting shall be to discuss and possibly determine the following:

(a) The alternatives of rebuilding or relocating the fire-damaged town hall; and the issues of appropriating funds for rebuilding the damaged town hall or purchasing a new building to serve as the town hall or purchasing land on which to build a new town hall.

(b) Adoption of amendments to the Pittsfield housing ordinance.

2 Town of Stratford. All actions, votes and proceedings whereby the town of Stratford acted at its March 13, 1984, town meeting to appropriate \$1,650,000 for the construction of wastewater and sewerage treatment facilities, to authorize borrowing \$294,360 to finance a portion of such construction and to authorize its board of selectmen to expend federal grants for such construction are hereby legalized, ratified and confirmed.

3 Town of Wakefield. All actions, votes and proceedings of the Wakefield annual town meeting held on March 12, 1985, are hereby legalized, ratified and confirmed.

4 Wakefield School District. All actions, votes and proceedings of the Wakefield school district meeting held on March 19, 1985, are hereby legalized, ratified and confirmed.

5 Town of Nelson. Notwithstanding that the warrant for its 1985 annual town meeting stated that such meeting was for 1984 rather than 1985, all actions, votes and proceedings of the Nelson annual town meeting held on March 12, 1985, with the exception of the voice vote to issue a \$27,500 "long term bond or note" as partial payment on a new fire truck, are hereby legalized, ratified and confirmed. The town of Nelson is hereby authorized to hold a special town meeting to vote on a method to raise \$27,500 as partial payment on a new fire truck.

6 Town of Alexandria. All actions, votes and proceedings of the Alexandria annual town meeting held on March 12, 1985, including the vote to appropriate \$130,000 for the purchase of a new road grader, are hereby legalized, ratified and confirmed.

7 Conway Village Fire District. All actions, votes and proceedings of the annual meeting of the Conway village fire district held on March 25, 1985, authorizing the borrowing of \$125,000 for the purchase of a new fire truck, are hereby legalized, ratified and confirmed, and the commissioners of the district are authorized to borrow \$125,000 under RSA 33.

8 Town of Alton. All acts, votes and proceedings of the Alton regular town meeting, including the announcement and posting of the filing of zoning protest petitions, held on March 12 and 13, 1985, are hereby legalized, ratified and confirmed.

9 Effective Date. This act shall take effect upon its passage.

Amendment adopted.
Ordered to third reading.

SCR 3, urging the reestablishment of salmon and shad in the Merrimack River. Ought to Pass.

This resolution re-affirms fish and game, agriculture, etc. positions that anadromous fish, farming, etc. have an equal right to the use of river resources and advises the Federal Energy Regulatory Commission that our rivers have many concerns to the public use, safety, and welfare and the Committee wishes to emphasize that anadromous fish, etc. have equal right to use. Vote 17-2. Rep. Gerard E. Powers for Fish and Game.

Rep. Doris Riley moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Ought to Pass, and spoke to her motion.

Referred for Interim Study.

SB 144-FN, establishing a victims' assistance program and a STOP-DWI program, funded through \$100 reinstatement fees to be paid by certain persons who have had their drivers' licenses revoked. Refer for Interim Study.

This is a good bill whose time is long overdue. However, in testimony several areas emerged which need more work. When the changes are ironed out, this bill will provide for assistance to victims and a DWI prevention program. Vote 12-0. Rep. Stephen Sloan for Transportation.

Referred for Interim Study.

SB 211-FN, relative to the road toll statute. Inexpedient to Legislate.

Even though the passage of this bill would extend reciprocity to all out-of-state trucks, New Hampshire truck owners would still have to pay the fee levied in other states in which they travel. A lawsuit is pending against New Hampshire questioning the authority of New Hampshire to impose retaliatory taxes, but no decision has been reached at this time. Until then any intelligent decision of SB 211 is not possible. Vote 10-1. Rep. Donald F. Lamontagne for Transportation.

Rep. Irvin Gordon moved that the words, Ought to Pass, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Krasker and Rounds spoke in favor of the motion.

Motion adopted.

Rep. Irvin Gordon offered an amendment.

Amendment

Amend RSA 260:52, V as inserted by section one of the bill by striking out same and inserting in place thereof the following:

V. Every user shall procure a user's license for each motor vehicle propelled by such fuel, which will expire on January 1 of each year, on such forms as the department may prescribe at a fee of \$20. However, the director shall waive the fee if the vehicle is registered in this state. It shall be unlawful for any owner or driver to drive or cause to be driven any motor vehicle propelled by such fuel over the ways of this state unless he is the holder of a valid user's license or has been granted authority to drive on a temporary basis as provided in RSA 260:52, VI. Notwithstanding this provision, all pleasure-type vehicles registered exclusively in another state shall be exempted from the requirements of a user's license. For the purposes of this section, pleasure-type vehicles shall be limited to passenger vehicles not used for the common or contract carriage of passengers, pickup trucks having not more than 2 axles, vans with a registered gross weight of 7,000 pounds or less, and buses which have been structurally altered for use as campers which are not common or contract carriers of passengers and do not have a seating capacity of more than 12 passengers.

Amend RSA 260:52, V as inserted by section 2 of the bill by striking out same and inserting in place thereof the following:

V. Every user shall procure a user's license for each motor vehicle propelled by such fuel, which will expire on July 1 of each year, on such forms as the department may prescribe at a fee of \$20. However, the director shall waive the fee if the vehicle is registered in this state. Hearing no objection, the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Irvin Gordon explained the amendment.

Amendment adopted.

Ordered to third reading.

OPINION OF THE JUSTICES

The following resolution, House Resolution No. 28, requesting an opinion of the justices, was adopted by the House of

Representatives on April 2, 1985, and filed with the Supreme Court on April 8, 1985:

"WHEREAS, there is pending before the house of representatives HB 413, 'An Act transferring the town of Barnstead from the Laconia district court to the Pittsfield district court;' and

"WHEREAS, this bill would redraw the Pittsfield judicial district so that the district included the towns of Pittsfield, Chichester and Epsom in Merrimack county and the town of Barnstead in Belknap county, thus creating the first judicial district to cross county lines; and

"WHEREAS, part one, article 17 of the New Hampshire constitution was amended in 1978 by adding the words 'or judicial district' so as to guarantee, in criminal prosecutions, the right to trial in the county or judicial district in which the crime was committed; and

"WHEREAS, the supreme court of the state of New Hampshire interpreted part one, article 17, of the New Hampshire constitution to require a defendant seeking a change of venue to prove that he cannot obtain a fair and impartial trial in the county in question, *State v. Sullivan*, 121 N.H. 301, 303, 428, A.2d 1247 (1981); now, therefore, be it

"RESOLVED by the House of Representatives:

"That the justices of the supreme court be respectfully requested to give their opinion upon the following question:

"Does part one, article 17 of the New Hampshire constitution permit the creation of judicial districts that are comprised of contiguous municipalities located in different counties?

"That the house clerk transmit 7 copies of this resolution to the justices of the supreme court along with an equal number of copies of HB 413."

The following reply was returned:

To the House of Representatives:

The undersigned justices of the supreme court reply as follows to the question contained in your resolution of April 2, 1985, filed in this court on April 8, 1985. Interested parties were permitted to file memoranda with the Court until April 19, 1985.

In the 1974 Constitutional Convention two resolutions were introduced to amend part I, article 17 of the New Hampshire Constitution relating to venue. Delegate Hess of Hooksett introduced resolution 19, which provided that a trial may be held in the county or judicial district where the crime is committed and deleted the "general insurrection" provision required for a change of venue. Resolution 47 introduced by Delegate Hatfield of Hillsborough would have changed references to "counties" in article 17 to "judicial districts." This would enable closely linked communities like Tilton-Northfield or Henniker-Hillsborough to have trials in a district court that had jurisdiction in more than one county.

Both resolutions were referred to the judicial department of the convention. Journal of Constitutional Convention 23, 27 (May 8, 1974). On June 13, 1974, the following report on resolution 19 was approved by the convention:

"Resolution No. 19, relating to venue of criminal prosecutions. Providing that a trial may be held in the county or judicial district where the crime is committed and deleting the 'general insurrection' provision for a change of venue. Resolution as amended be adopted. Del. Nighswander for Judicial Department.

Article 17 as presently worded provides procedure for change of venue only in cases of general insurrection and refers only to 'counties.' Resolution eliminates provision as to 'general insurrection,' broadens 'counties' to include 'judicial districts' and provides for change of venue on motion of defendant when fair and impartial trial cannot be had . . .
." Journal of Constitutional Convention 232 (June 13, 1974).

At the same time the convention acted on resolution 47, as follows:

"Resolution No. 47, relating to venue of criminal prosecutions. Providing that references to county be changed to judicial districts. Inexpedient to amend the Constitution. Del. Nighswander for Judicial Department.

Concept is substantially embodied in Resolution No. 19 which we recommended.

The report was accepted.

On a voice vote the resolution was adopted."

Id. at 234.

After approval by the voters on November 7, 1978, by the requisite two-thirds vote, article 17 now reads:

"In criminal prosecutions, the trial of facts, in the vicinity where they happened, is so essential to the security of the life, liberty and estate of the citizen, that no crime or offense ought to be tried in any other county or judicial district than that in which it is committed; except in any case in any particular county or judicial district, upon motion by the defendant, and after a finding by the court that a fair and impartial trial cannot be had where the offense may be committed, the court shall direct the trial to a county or judicial district in which a fair and impartial trial can be obtained."

House bill 413 would redraw the Pittsfield judicial district so that the district would consist of the towns of

Pittsfield, Chichester and Epsom in Merrimack County and the town of Barnstead in Belknap County, thus creating the first judicial district which would cross county lines. The legislative purpose in adding the term "judicial district" to article 17 of the State Constitution was to "broaden" the venue in a criminal case beyond the county to the judicial district. The possibility of creating judicial districts comprised of contiguous municipalities in different counties was, therefore, intended. Creation of such districts accomplishes this legislative purpose to expand venue and is, therefore, permissible under part 1, article 17 of the New Hampshire Constitution.

While it is correct that in *State v. Sullivan*, 121 N.H. 301, 303, 428 A.2d 1247, 1249 (1981) the court spoke on fair trial "in the county in question," the court was speaking in the context of a superior court jury trial in which the judicial district and county are the same.

SUSPENSION OF RULES

Reps. Rounds and Krasker moved that the rules be so far suspended as to permit consideration of HB 413, transferring the town of Barnstead from the Laconia district court to the Pittsfield district court, without the required notice in the Calendar.

Rep. Sytek spoke in favor of the motion. Adopted by the necessary two-thirds.

COMMITTEE REPORT (cont.)

HB 413, transferring the town of Barnstead from the Laconia district court to the Pittsfield district court. Ought to Pass.

This bill adds Barnstead to the jurisdiction of Pittsfield district court. Currently, Barnstead is in the Laconia judicial district. Since the New Hampshire Constitution requires that trials be held in the county of judicial district where a crime occurred, there was some question whether the proposed district, composed of towns in two counties, was permissible. The New Hampshire Supreme Court, in its opinion issued last week, has found that the bill does not violate the Constitution. Vote 15-0. Rep. Donna P. Sytek for Judiciary.

Ordered to third reading.

Rep. Rounds moved that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills

be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Monday, May 20 at 1:00 p.m.

Adopted.

COMMITTEE REPORTS
(Consent Calendar)

SB 83, relative to the rehabilitation of certain railroad branch lines and making an appropriation therefor. Ought to Pass.

This bill is the same as HB 353 and provides funding for rehabilitation of operating rail lines in New Hampshire which have dependent industries. Vote 18-1. Rep. Paul I. LaMott for Appropriations.

SB 132-FN, authorizing the water supply and pollution control commission to purchase liability insurance and to engage in disinfection research. Ought to Pass with Amendment.

This bill has been amended by striking out the title and sections 1, 2 and 3. The language of HB 738 has replaced the original language in SB 132-FN. HB 738 was a policy bill which amends RSA 188-F concerning the operation and name of the Department of Postsecondary Vocational-Technical Education. HB 738 was passed by the House twice and once by the Senate. It is purely a policy bill which was supported by the House and Senate Education Committees. The section of SB 132-FN which deals with liability insurance for the Water Supply and Pollution Control Commission has been added to SB 91. Vote 15-2. Rep. Ellen-Ann Robinson for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

to change the operation and the name of the department of postsecondary vocational-technical education.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Postsecondary Technical Education. Amend RSA 188-F (supp) as inserted by 1983, 379:2 by striking out said chapter and inserting in place thereof the following:

CHAPTER 188-F
POSTSECONDARY TECHNICAL EDUCATION

188-F:1 Declaration of Purpose. It is hereby declared to be the policy of the state of New Hampshire to provide for, within its ability to finance facilities, the preparation of youths and adults for productive employment as technicians and skilled workers to the mutual benefit of those persons, business and industry, and the general economy of the state.

188-F:2 Department Established. There shall be a department of postsecondary technical educational which shall be governed by a board of governors. The department shall be a state agency and shall consist of the office of the commissioner,

the New Hampshire technical institute and the 6 technical colleges.

188-F:3 Board of Governors. The board of governors shall consist of 7 members, 3 from the field of business and industry, 2 from the field of education, one from the field of health service and one from the field of labor, appointed by the governor and council for staggered 4-year terms. Members shall serve without compensation but may be reimbursed for their expenses. No classified or unclassified employee of the state or person who holds elected state office shall serve on the board. The board shall annually elect one of its members to serve as chairman. Vacancies on the board of governors shall be filled by appointment by the governor and council within 90 days for the unexpired term only. If the vacancy is not filled within 90 days, the board of governors shall have the authority to appoint a new member to fill the vacancy.

188-F:4 Duties. The duties of the board of governors shall be to:

I. Develop and adopt policy for the department and its institutions.

II. Oversee the administration of the department and its institutions.

III. Apply for and receive, in the same manner as other state agencies, federal or other funds for the operation of the department and its institutions. The board may accept gifts of money and property, other than real property, for use in institutional programs on its own authority. Upon acceptance of these gifts, the board shall establish one or more trust funds at the applicable institution of the department or at the department office and the trust funds shall be used as specified by the donor.

IV. Adopt rules, under RSA 541-A, regulating the operations of the department and its institutions, including the rights and responsibilities of students.

188-F:5 Department Office.

I. The governor and council shall appoint a commissioner of postsecondary technical education, who shall be the chief executive officer of the department. The commissioner shall be qualified by education and experience and shall have a 4-year term. The salary of the commissioner shall be that established in RSA 94. If there is a vacancy in the position of the commissioner, a new commissioner shall be appointed for a term of 4 years, within 90 days of the effective date of the vacancy. Removal of the commissioner other than at the expiration of his term shall be done in accordance with RSA 4:1.

II. The commissioner shall appoint a deputy commissioner with the approval of the board of governors. The deputy commissioner shall serve at the pleasure of the board.

188-F:6 Cooperation with Other Agencies.

I. The commissioner shall be responsible for promoting cooperation and communication between the department of postsecondary technical education and the board and the department of education and between the department of postsecondary

technical education and the university system of New Hampshire.

11. The commissioner of postsecondary technical education and one president from either the technical institute or a technical college, who shall be chosen by the board of governors, shall be members of the postsecondary education commission.

188-F:7 Administrative Board. The commissioner shall establish an administrative board composed of the president of the technical institute and the presidents of the 6 technical colleges. The commissioner shall serve as chairman of the administrative board which shall advise and assist him in the performance of his duties under this chapter.

188-F:8 Presidents of the Institute and Colleges. The commissioner shall, subject to approval by the board of governors, appoint a president of the technical institute and presidents of the 6 technical colleges. Presidents shall be qualified by education and experience and shall serve at the pleasure of the board of governors.

188-F:9 Deans. The president of each institution of the department shall appoint deans, with the approval of the commissioner. The deans shall be reviewed annually by the presidents and shall serve at the pleasure of the presidents.

188-F:10 Name and Program of the Technical Institute. The program of the technical institute shall be designed to prepare qualified high school graduates or the equivalent as technicians. The name of the technical institute shall be: New Hampshire technical institute at Concord.

188-F:11 Name and Program of the Technical Colleges. The program of the technical colleges shall be designed to prepare qualified high school graduates or the equivalent as technicians and skilled workers. The names of the technical colleges shall be:

I. New Hampshire technical college at Berlin.

II. New Hampshire technical college at Claremont.

III. New Hampshire technical college at Laconia.

IV. New Hampshire technical college at Manchester.

V. New Hampshire technical college at Nashua.

VI. New Hampshire technical college at Stratham.

188-F:12 Accreditation. The technical institute and technical colleges are authorized to seek accreditation and maintain membership in the regional accrediting association, to satisfy the requirements necessary to achieve and maintain regional accreditation as a technical institute or as technical colleges only, and in order to meet the requirements necessary for federal aid. Each individual program of study offered shall be such as to meet all of the requirements for professional accreditation or licensing or both of the particular specialty as a technical institute or a technical college.

188-F:13 Personnel. The commissioner, after consultation with the institute or college president, shall have authority to designate the number of hours in the workweek that full time faculty must spend on the campus of the college to which assigned.

188-F:14 Budgeting. The department shall submit an operating budget based on program appropriation units or other budgetary units required by the general court. Each institution of the department and the commissioner's office shall be considered a separate budgetary unit. The department shall submit its budget in the same format and at the same time as other state agencies. However, the board of governors is authorized to transfer funds between line items within any budgetary unit. By October 31 of each fiscal year, the department shall submit a report to the joint fiscal committee detailing all transfers made during the last fiscal year and the reasons for them. Transfers of funds between budgetary units shall be made in accordance with procedures and restrictions applying to all other agencies.

188-F:15 Tuition. The board of governors shall, by rules adopted in accordance with RSA 541-A, establish tuition rates at the technical institute and the 6 technical colleges for both resident and nonresident students. Tuition received from the technical institute and the technical colleges shall be paid to the state treasurer who shall keep it in a separate account. If, in the opinion of the governor and council, additional funds are necessary to carry out the purposes of this chapter, such tuition funds may be used for that purpose; and the state treasurer is authorized to pay out the same on the governor's warrant. Any balance in the fund at the close of each fiscal year shall be transferred to the general funds of the state, and the appropriations made for postsecondary technical education shall be reduced by such amount.

188-F:16 Tuition Waived.

I. If a person is domiciled in this state while serving in or with the armed forces of the United States and is, after February 28, 1961, reported or listed as missing, or missing in action, or interned in a neutral country, or beleaguered, besieged or captured by the enemy during the Southeast Asian conflict, any child of such person, enrolled after March 23, 1972, in a technical institute or a technical college shall, so long as said person is so reported, listed, interned, beleaguered, besieged or captured, not be required to pay tuition for attendance at such school. Any person entitled to free tuition under this section shall apply to the commissioner who may require such proof as he deems necessary in order for a person to qualify for free tuition under this section.

II. The board of governors shall have the authority to grant tuition adjustments for employees of the New Hampshire technical institute, technical colleges, and the department of postsecondary technical education, and their

immediate families, for the 7 institutions of the department.

188-F:17 Loan Fund Revolving Accounts. The board of governors is authorized, within the limits of federal grants and the appropriations made, to establish and administer such loan fund revolving accounts as may be approved by the governor and council to completely comply with all federal regulations and to effectively and efficiently operate the loan programs within the technical institute and technical colleges. The board shall adopt rules pursuant to RSA 541-A for the giving of loans and other requirements relative to the loans. Each loan fund revolving account authorized and the specific funds associated with it shall be kept in a separate special account by the state treasurer, and any repayment of loans made from one of these separate special accounts shall be credited to that separate special account for continued use as a loan fund.

188-F:18 Building Projects Revolving Fund. The state department of postsecondary technical education shall administer a building projects revolving fund to aid instruction in the building construction trades at state technical colleges. The fund shall be used to pay necessary costs of construction projects which are carried out as part of the instructional program, including the purchase of real estate. No project shall be undertaken unless the fund contains enough money to cover the proposed budget. When a building is completed, it shall be sold by the commissioner of postsecondary technical education by means of sealed bids or at auction. The money received shall be put into the fund, shall be continually appropriated for use in another construction project, and shall not lapse. However, the total money in the fund shall not exceed \$150,000 in fiscal year 1985. Thereafter, the limit on the money in the fund for each fiscal year shall fluctuate at the same rate as the annual average percentage increase or decrease in the consumer price index as published by the United States bureau of labor statistics. For the calendar year which ended on December 31 prior to the beginning of that fiscal year. Any excess shall be paid into the general funds of the state.

188-F:19 Bookstore Operation.

I. The board of governors may operate bookstores at department institutions directly or through use of contracts with private vendors. Any such contracts shall be subject to review under normal state procedures and shall be approved by the governor and council.

II. The commissioner of postsecondary technical education may purchase such merchandise for resale in bookstores at the technical institute and technical colleges as may be necessary for the efficient operation of the postsecondary technical education programs. The purchases shall be for instructional books, supplies and materials. The department shall establish a bookstore account and purchases under this section shall be a charge upon that account. The price to be charged for instructional books, supplies and materials

shall be sufficient to pay for the cost of the items purchased plus an additional service charge.

III. Net revenue derived from bookstore operations shall be paid into the student activity fund at that institution.

188-F:20 Federal Funds.

I. The state board of education shall be the primary recipient of federal funds provided under the Vocational Education Act of 1963. The board of education shall each year provide the department of postsecondary technical education with a percentage of the total funds available under that act equal to the percentage of such funds allocated to the division of postsecondary education and its institutions as of January 1, 1985. The commissioner of education and the commissioner of postsecondary technical education shall cooperate in the development of applications for such funds.

II. The state board of education acting as the state board for vocational technical education shall be the primary recipient of federal funds provided under the Carl Perkins vocational education act of 1984. The state board, shall, each year, provide the department of postsecondary technical education with funds available under the Titles I-IV of the act and subsequent amendments to the act. The department of postsecondary technical education shall jointly plan with the department of education for the expenditure of funds in the New Hampshire state plan for vocational education. The commissioner of postsecondary technical education and the commissioner of education shall cooperate in the development of applications for such funds.

188-F:21 Advisory Committees.

I. The board of governors may appoint a technical committee to advise the board and, with the recommendations of the presidents, advisory committees at each college and the institute to advise the presidents, the commissioner and the board of governors on the operation of the technical institute and the technical colleges.

II. Each of the presidents may appoint ad hoc advisory committees to advise them on the development and operation of specific academic programs.

2 Reports.

I. The board of governors of the department of postsecondary technical education and the commission of postsecondary technical education shall conduct an examination of existing state personnel policies, rules, and laws and how they apply to the instructional personnel of the department. The board of governors shall submit to the general court by January 1, 1986, a report of requested changes in personnel policies, rules and procedures in order to permit flexibility within the department of postsecondary technical education. The report shall include a detailed outline for the creation of a separate departmental personnel system, if applicable. In its examination the board shall seek the assistance of the department of personnel and of instructional personnel

from the postsecondary technical institutions.

II. The commissioner shall submit a report to the general court by January 1, 1986, in which the commissioner shall comment on how successfully the division of plant and property management serves the department of postsecondary technical education. The report shall include suggestions for improvements in the present system.

3 Effective Date. This act shall take effect July 1, 1985.

SB 197-FN, making appropriations to the sire stakes program. Ought to Pass with Amendment.

The amendment strikes the appropriation for fiscal '85 and reduces the original appropriation for fiscal '86 by \$10,000 and the same for fiscal '87. The Committee felt that the non-lapsing monies in the present fund were sufficient for this fiscal year and that the \$50,000 in each fiscal year, '86 and '87, would be enough to continue the program. Vote 16-2. Rep. Howard C. Townsend for Appropriations.

Amendment

Amend the bill by striking out section one and inserting in place thereof the following:

1 Appropriation. The sum of \$50,000 is hereby appropriated to the department of agriculture for the purposes of the sire stakes program for fiscal year ending June 30, 1986, and \$50,000 is appropriated to the department for said purposes for the fiscal year ending June 30, 1987. The governor is authorized to draw his warrant for said sums out of any money in the treasury not otherwise appropriated. The appropriations made in this section for fiscal years 1986 and 1987 shall be reduced by any money appropriated to the department of agriculture for the purposes of the sire stakes program in the operating budget for said fiscal years.

2 Effective Date. This act shall take effect upon its passage.

SB 201-FN, relative to the Maine-New Hampshire Interstate Bridge Authority and the Portsmouth-Kittery Bridge. Inexpedient to Legislate.

This bill creates some significant future problems with respect to state responsibilities for road and bridge maintenance. The Committee agrees that the state should not make the costly commitment called for in this bill. A motion to place this subject into interim study will be made from the floor. Vote 19-0. Rep. John J. Kane for Appropriations.

COMMITTEE REPORTS (Regular Calendar)

SB 1-FN, relative to the settlement laws. Ought to Pass with Amendment.

This bill, as amended, now contains the seventeen sections that the court said were inappropriately placed in HB 400.

The Appropriations Committee has reviewed these sections and recommends that they are necessary to support the budget bill (HB 400). SB 1 was further amended to provide reimbursements to the counties for the costs of the operation for Superior and Probate Courts. Vote 13-3. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to the settlement laws and other matter affecting the operating budget.

Amend the bill by striking out section 53 and inserting in place thereof the following:

53 Reimbursement Requirement Eliminated. Amend 1983, 383:65 by striking out in lines 3-7 the words "; provided, however, that the counties shall reimburse the state, up to a total amount of \$2,750,000, for superior court and probate court costs on a pro rata basis according to population figures in the most recently published statistical abstract of the United States. Such reimbursement shall occur on or before July 31, 1985" so that said section as amended shall read as follows:

383:65 Special Provision for Fiscal Year 1985. For the fiscal year ending June 30, 1985, the state shall pay all costs of operation for the superior and probate courts.

54 Suspension of Millage Formula. For the fiscal years ending June 30, 1986, and June 30, 1987, the millage formula provided by RSA 187-A:7 is hereby suspended; and the sums hereby appropriated shall be the total appropriations for the university of New Hampshire, Plymouth state college, Keene state college and Merrimack Valley college and shall be in lieu of the requirements for appropriation under RSA 187-A:7. Out-of-state tuition shall be set annually by the board of trustees at a figure which reflects actual cost of per capita operating costs, including instructional expenses, overhead and bond retirement (excluding self-liquidating bonds) as determined by the costs in the fiscal year just preceding the first of January for the fiscal year in which the tuition is to be charged.

55 Distribution of Racing Funds. Notwithstanding the provisions of RSA 284:2 and RSA 284:23, all revenues restricted for the purpose of making payments to the agricultural fairs shall be deposited with and by the state treasurer as unrestricted revenue. For the fiscal years ending June 30, 1986, and June 30, 1987, the distribution formula for payments to agricultural fairs provided by RSA 284:23, 284:25, and 284:25-a is hereby suspended.

56 Equipment Fund.

I. Notwithstanding any other provision of law, any department as defined in RSA 9:1 proposing to purchase any new equipment or to replace any existing equipment except motor vehicles with new equipment shall submit a request to a committee composed of the budget officer, the director of the division of plant and property management and a person designated by the governor. The committee may approve or disapprove any such requests, provided that it shall notify each department of the reason for its disapproval of any application. No such department may purchase equipment if the committee established herein disapproves. If the committee finds that failure of the department to purchase equipment or to replace equipment would result in a severe hardship to the department and that the department would be unable to perform its normal functions, the committee may authorize the department to purchase the equipment. If the department is so authorized, it shall make such transfers within its budget as may be possible for the purchase of the equipment. If no transfer of funds is available, the chief executive of the department shall submit a request to the fiscal committee for approval to expend a portion of the appropriation in paragraph 11 of this section for the purchase of the equipment. If the fiscal committee approves the request, the chief executive of the department shall request the governor and council for the authority to expend a portion of the appropriation in paragraph 11 for the purchase of the equipment as requested by the department.

II. There is hereby appropriated for the biennium ending June 30, 1987, the sum of \$200,000 to be expended by the governor and council for the purchase of equipment approved pursuant to paragraph I of this section. The sum hereby appropriated shall not be transferred or expended for any other purpose. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated. In addition, there is hereby appropriated for the purchase of equipment approved pursuant to paragraph I of this section by non-general fund departments such sums as may be necessary. The governor is authorized to draw his warrant for said sums which shall be a charge against the fish and game fund, the highway fund, or other appropriate special fund.

57 Park Vending Facilities. RSA 186-B:9-15 shall not apply to facilities at Franconia Notch state park, Mount Sunapee state park and Mount Washington during the biennium ending June 30, 1987. Vending facilities at the above locations may be operated by the department of resources and economic development in accordance with RSA 8:25, VI; provided that the operating costs shall be a direct charge against gross sales receipts; or the department of resources and economic development may contract for the operation of said facilities with the blind services or any other party to insure maximum benefits and revenues to the state of New Hampshire.

58 Tuition at Technical Institute and Voc-Tech Colleges. Notwithstanding the provisions of RSA 188-F:15, the tuition to be charged at the technical institute shall be \$1,500 for in-state students and \$3,900 for out-of-state students for the school year ending June 30, 1986, and \$1,550 for in-state students and \$4,000 for out-of-state students for the school year ending June 30, 1987. The tuition to be charged at the vocational-technical colleges shall be \$1,400 for in-state students and \$3,750 for out-of-state students for the school year ending June 30, 1986, and \$1,450 for in-state students and \$3,850 for out-of-state students for the school year ending June 30, 1987.

59 Out-of-state Trips. For the biennium ending June 30, 1987, the provisions of RSA 9:25 are hereby suspended.

60 Purchase of Table Wines; Discount. Notwithstanding the provisions of RSA 178-A:21, II, for the biennium ending June 30, 1987, the discount price for table wines purchased for resale by holders of retail wine licenses shall be 15 percent less than the regular retail price in the liquor stores and 20 percent less the regular retail price F.O.B. the warehouse.

61 Distribution of Sweepstakes Fund. I. The state treasurer shall credit all moneys received from the sweepstakes commission, and interest received on such moneys, to a special fund from which he shall pay all expenses of the commission incident to the administration of RSA 284:21-a through 21-s and RSA 287-E on a quarterly basis.

II. Notwithstanding any other provision of law, the state treasurer shall transfer, after the payment of administrative expenses through September 30, December 31, March 31, and June 30 of each fiscal year of the biennium ending June 30, 1987, all moneys deposited into the sweepstakes fund and interest received on such moneys to the department of education PAU 06,03,02,01, educational financial aid to districts-state.

III. The sum of \$4,700,000 for fiscal year 1986 and the sum of \$4,700,000 for fiscal year 1987 covering expenditures in PAU 06,03,02,01 represents estimated revenue from sweepstakes operations. In the event that actual sweepstakes revenue is less than estimated, the line item entitled sweepstakes distribution shall be reduced by the amount of the shortfall in the ensuing year and the distribution prorated. In the event that audited revenue exceeds the estimate, such excess shall be distributed on the same formula as the distribution of the original appropriation.

62 State Agency Planning and Design Costs. The division of public works of the department of public works and highways shall not perform any design and planning work for any non-general fund state agency unless the division is reimbursed for such work by the agency pursuant to a written agreement.

63 Proceeds of Sales. Notwithstanding the provisions of RSA 4:40 and RSA 10:4 or any other provision of law, all funds received during the fiscal biennium ending

June 30, 1987, from the sale of real property, the acquisition of which was funded by general fund appropriation, by the state shall be deposited by the state treasurer in the general fund as unrestricted funds.

64 Reimbursement of Funds for Recipients in Nursing Homes. Notwithstanding the provisions of RSA 167:18-b or of any other law, for the biennium ending June 30, 1987, nursing home payments to all nursing homes except state institutions made by the division of human services for old age assistance recipients and aid to the permanently and totally disabled recipients shall be charged back to the legally liable county or town at the rate of 61.5 percent of the non-federal share in fiscal year 1986 and 61.25 percent of the non-federal share in fiscal year 1987.

65 Amount of Assistance.

I. RSA 167:7 shall be suspended for the biennium ending June 30, 1987, and the provisions of this section shall apply.

II. The director of the division of human services may establish consolidated standards of need for the adult programs it administers, subject to appropriated funds and subject to applicable federal regulations.

III. The director of the division of human services may establish for the aid to families with dependent children program a consolidated standard of need, or a consolidated standard of need except for shelter, subject to the amount of appropriated funds and subject to applicable federal regulations.

IV. The director of the division of human services shall determine the level of benefits in both programs so that the recipients shall be allowed to subsist compatibly with decency and health, subject to the amount of appropriated funds and subject to applicable federal regulations.

V. In determination of the amount of payments or other assistance under RSA 167 or RSA 161, due regard shall be given to the income and resources of recipients. The director shall give notice to and, in appropriate cases, consult with the proper officials of counties, cities, and towns required by RSA 167 to contribute to the cost of such assistance.

66 Application for Assistance. Notwithstanding the provisions of RSA 167:8 or of any other law, for the biennium ending June 30, 1987, application for assistance under RSA 167 or RSA 161 shall be made in the first instance to the director of the division of human services or his duly authorized agent. The application shall be in writing and upon a form prescribed by the division of human services, subject to applicable federal regulations. The provisions of RSA 167:8 are hereby suspended for the biennium.

67 Designation of Medical Assistance Suspended. Notwithstanding the provisions of any other law, the designation of medical assistance provided in RSA 167:5 is hereby suspended for the biennium ending June 30, 1987. For the biennium, medical care and services provided individuals who receive or are otherwise eligible to receive financial

assistance under the categories of old age assistance, aid to the needy blind, aid to families with dependent children, or aid to the permanently and totally disabled but do not receive such assistance shall be designated as categorically needy. Such medical assistance and services provided to individuals who would be categorically needy, except for the fact that the individuals have income or assets or both, shall be designated as medically needy.

68 Exemption Authorized: Health and Human Services. For the fiscal biennium ending June 30, 1987, the provisions of RSA 124:14 may be waived for the department of health and human services by the governor and council, with prior approval of the fiscal committee, in order to transfer funds pursuant to RSA 126-A:2, III.

69 Authority to Transfer. Notwithstanding the provisions of RSA 99:4 and RSA 9:17-a through 17-c, the commissioner of health and human services is hereby authorized, with the prior approval of the fiscal committee and the approval of the governor and council, to make such transfers within the department's program appropriation unit including its components, subcomponents, and classes within its unit numbered 05-02-05, including division of mental health and developmental services central office, Laconia state school and training center, New Hampshire hospital, and Glencliff home for the elderly, as he shall deem necessary or appropriate to most effectively meet the priorities and goals of the mental health and developmental services system.

70 Certification of Funds. Whenever the chairman of senate finance and the chairman of house appropriations are required to certify that sufficient funds are available either jointly or separately and such chairmen have not been named, the presiding officers of the senate and house either jointly or separately, as the case may be, shall be authorized to cause payment of expenses incurred until the chairmen of the committees are appointed.

71 Effective Date.

I. Section 53 of this act shall take effect upon its passage.

II. Sections 1-52 of this act shall take effect January 1, 1986.

III. Sections 54-70 of this act shall take effect July 1, 1985.

Rep. Ramsay explained the amendment.

Reps. Scamman and Newman spoke against the amendment and yielded to questions.

Ordered to third reading.

SB 93-FN, relative to certain withdrawals from the New Hampshire retirement system. Ought to Pass with Amendment.

This bill, as amended, now contains the contents of HB 787, relative to retirement. Due to the recent decision by the courts limiting the use of sections, amendments, and footnotes in the operating budget (HB 400) and due to the fact that there is no other vehicle available to deal with a cost of living adjustment for state, municipal and teacher retirees, the Appropriations Committee felt it was necessary to make this proposal at this time. If nothing is proposed, the retirees would go three years without an adjustment to their benefits relative to the cost of living. Vote 11-5. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

(b) Benefits for any beneficiary who has retired prior to July 1, 1984, shall be increased by 3.03 percent per year in fiscal years 1986 and 1987. Such increases shall become a permanent part of each beneficiary's base retirement allowance.

(c) In addition to the benefits provided in subparagraphs (a) and (b), the benefits for any beneficiary who has retired prior to July 1, 1985, shall be increased by 2 percent annually. Such increase shall be paid each year for the life of the beneficiary.

3 Full Credit for All Years of Service. Amend RSA 100-A:5, II(b)(2) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(2) A state annuity which, together with his member annuity, shall be equal to 2-1/2 percent of his average final compensation multiplied by the number of years of his creditable service; provided, however, that such allowance shall not exceed 75 percent of the member's average final compensation at the time of his service retirement; and provided further, that the provisions of this subparagraph shall only apply to group II members who retire after June 30, 1985.

4 Full Credit. Amend RSA 100-A:5, I (b) (supp) as inserted by 1967, 134:1 as amended by striking out said subparagraph and inserting in place thereof the following:

(b) Upon service retirement, an employee member of group I shall receive a service retirement allowance which shall consist of: (1) a member annuity which shall be the actuarial equivalent of his accumulated contributions at the time of retirement; and (2) a state annuity payable prior to his attainment of age 65 which, together with his member annuity, shall be equal to (i) 1/60 of his average final compensation multiplied by the number of years of his creditable service rendered prior to July 1, 1977, plus (ii) 1/60 of such compensation multiplied by the number of years of his creditable service rendered from July 1, 1977, to July 1, 1979, and prior to age 62, plus (iii) 1/80 of such compensation multiplied by the number of years of his creditable service rendered after July 1, 1979. After his attainment of age 65, his state annuity shall be reduced by the sum of (i) 1/120 of his average final compensation not in excess of the applicable Social Security breakpoint for each year of his creditable service rendered prior to July 1, 1977, plus (ii) 1/120 of such compensation for each year of his creditable service rendered from July 1, 1977, and prior to age 62, plus (iii) 1/160 of such compensation for each year of creditable service rendered from July 1, 1977, to July 1, 1979, and after age 62, plus (IV) 1/120 for each year of creditable service rendered after July 1, 1979; provided that such reduced retirement allowance, together with his primary insurance amount, shall not be less than the service retirement allowance

the member was receiving prior to his attainment of age 65. For the purpose of the above, Social Security breakpoint shall mean \$4,200 with respect to each year of prior service and shall mean the maximum amount of taxable wages under the Federal Insurance Contributions Act as from time to time in effect with respect to each year of membership service. The provisions of this subparagraph shall apply prospectively to those group I employee members currently retired as of July 1, 1985.

5 Two Person Rate. Amend RSA 8 by inserting after section 75 the following new section:

8:75-a Two Person Health Insurance Premium Rate. Notwithstanding any other provisions of this chapter to the contrary, the retirement system shall provide 2 person health insurance to retired group II persons under age 65, retired before July 1, 1985, covering group hospitalization, hospital medical care, surgical care, and other medical benefits. This coverage shall provide the same benefits at the same levels that each state employee receives.

6 Actuarial Reduction; Teachers. Amend RSA 100-A:5, I by inserting after subparagraph (e) the following new subparagraph:

(f) Notwithstanding the provisions of subparagraph (d), any teacher member of group I who meets the requirements of RSA 100-A:10, I(a), and who has attained the age of 50, but not the age of 60, may elect to retire and have his benefits commence immediately as a reduced service retirement allowance upon written application to the board of trustees setting forth the time, not less than 30 days nor more than 90 days subsequent to the filing thereof, at which he desires to have his benefits commence. The service retirement allowance shall be determined in accordance with RSA 100-A:5, I(c) and shall be reduced by 5 percent per year for each year from age 50 to 55, and by 4 percent per year for each year from age 55 to 60.

7 Funding. Funding for the purposes of this act shall be as follows:

I. The sum of \$82,100,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 2 of this act.

II. The sum of \$2,821,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 3 of this act.

III. The sum of \$665,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 4 of this act.

IV. The sum of \$1,200,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 5 of this act.

V. The sum of \$1,800,000 for the fiscal year ending June 30, 1986, shall be available from the special account created by 1983, 469:146 for the purposes of section 6 of this act.

8 Administration; Transition. The board of trustees of the New Hampshire retirement system shall have until January 1, 1986, to make the administrative, record keeping, and bookkeeping changes which shall be necessary in order to administer the provisions of this act.

9 Effective Date. This act shall take effect July 1, 1985.

Amendment adopted.

Ordered to third reading.

SB 117, establishing an annual commemorative rifle or shotgun lottery. Ought to Pass.

This bill will allow a study by a commemorative rifle or shotgun committee to solicit bids to manufacture a firearm which will be awarded by a lottery. Monies over expense shall go to the Fish and Game Fund. Vote 12-4. Rep. Lee Anne Steiner for Appropriations.

Ordered to third reading.

SB 130-FN, implementing a comprehensive moose management program. Ought to Pass. This bill allows a study of a moose management program. Further public hearings will be held should the study committee decide that a moose hunt is feasible. Vote 11-5. Rep. Paul I. LaMott for Appropriations.

Question being on the adoption of SB 130, on a voice vote the Chair was in doubt and requested a division.

186 members having voted in the affirmative and 138 in the negative, SB 130 was ordered to third reading.

SJR 1, relative to the sweepstakes commission fund. Ought to Pass.

The Committee felt that it was important to pass this resolution. Vote 14-5. Rep. Andrea A. Scranton for Appropriations.

Rep. Michael King offered an amendment.

Amendment

Amend the resolution by striking out all after the resolving clause and inserting in place thereof the following:

That the sums of money appropriated by this resolution represent the amounts of excess sweepstakes revenues received by the state in fiscal years 1984 and 1985, which were diverted to the general fund and not appropriated by the legislature for distribution to the school districts, as confirmed by the New Hampshire supreme court in its March 27, 1985, decision on docket number "Merrimack No. 84-557";

That the sums appropriated by this resolution shall be paid out to the school districts on a per resident pupil basis similar to the traditional distribution formula of RSA 284:21-j;

That the sum of \$957,567 is hereby appropriated, to be paid out to the school districts for educational purposes based on

average daily membership in residence during the 1981-1982 school year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated;

That the state treasurer shall transfer to the general fund as unrestricted revenue the sum of \$530,368.83 from moneys deposited and interest received on such moneys in the sweepstake fund in the department of education, PAU 06 03 03, educational financial aid to districts;

That there is hereby appropriated, for the fiscal year ending June 30, 1986, an amount equal to all moneys received by the state treasurer from the sweepstakes commission, and interest received on such moneys, during fiscal year 1985, less the expenses of the sweepstakes commission incident to the administration of RSA 284:21-a through 21-s and RSA 287-E, less any sweepstakes moneys already dedicated for fiscal year 1985 for the purposes of educational financial aid to districts. This sum shall be paid out to the school districts on September 15, 1985, for educational purposes based on average daily membership in residence during the 1982-1983 school year. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated; and

That a school district may, after public hearing, exceed its annual budget to the extent of funds which the district received or expects to receive from the state as a result of the passage of this resolution.

Hearing no objection, the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Michael King explained the amendment.

Reps. Ellen-Ann Robinson, Krasker and Scranton spoke in favor of the amendment.

Amendment adopted.

Ordered to third reading.

SB 4, relative to funding for the department of public works and highways federal aid construction program and replacement of new highway signs. Ought to Pass with Amendment.

The amendment to SB 4 changes the date of Capital Budget submission by the Governor and also allows for equal treatment of construction vehicles hauling loads to and through construction zones. Vote 16-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to funding for the department of public works and highways federal aid construction program; the replacement of highway signs; the governor's capital budget; and an exception for highway building equipment.

Amend the bill by striking out all after section 2 and inserting in place thereof the following:

3 Bonds Authorized. To provide funds for the transfer made in section 2, paragraph I(a)(1) of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$2,555,475 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

4 Payments. The payment of principal and interest on the \$2,555,475 of the bonds and notes issued for the funds transferred pursuant to section 2, paragraph I(a)(1) of this act, shall be made when due from the highway fund.

5 New Section. Amend RSA 230 by inserting after section 49 the following new section:

230:49-a Replacement or New Signs. Whenever the commissioner of public works and highways authorizes the replacement of an existing highway sign or the installation of a new highway sign which designates that a city or town lies ahead, that sign shall also state the distance in miles from the sign to the city or town limits that the motorist will first approach.

6 Change of Date. Amend RSA 9:3-a, VII (supp) as inserted by 1981, 540:1 by striking out said paragraph and inserting in place thereof the following:

VII. The governor shall submit the capital budget to the general court no later than February 15 of each odd numbered year.

7 Exception for Highway Equipment. Amend RSA 266:20 as inserted by 1981, 146:1 by inserting after the word "highways," the following (The provisions of this section shall apply equally to all vehicles used for transporting distributable loads of construction materials to and through such zones.) so that said section as amended shall read as follows:

266:20 Exception for Highway Building Equipment. The provisions of RSA 266:18 shall not prohibit the driving of highway building equipment and motor vehicles used in the construction or maintenance of highways, provided that such equipment is used within a highway construction zone as prescribed by the commissioner of public works and highways; and further provided, that the provisions of this section shall apply equally to all vehicles used for transporting distributable loads of construction materials to and through such zones.

8 Effective Date. This act shall take effect upon its passage.

Amendment adopted.

Rep. James J. White offered an amendment.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to funding for the department of public works and highways federal aid construction program and replacement of new highway signs and making an appropriation to replace a railroad bridge on the Northfield-Tilton town line.

Amend the bill by striking out all after section 3 and inserting in place thereof the following:

4 Appropriation. The sum of \$400,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the replacement of the railroad bridge located on the Northfield-Tilton town line on the state owned Concord to Lincoln rail line. This appropriation shall be nonlapsing.

5 Bonds. To provide funds for the appropriation made in section 4 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state a sum not exceeding \$400,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

6 Effective Date.

I. Sections 1-3 of this act shall take effect upon passage.

II. The remainder of this act shall take effect 60 days after its passage.

Hearing no objection, the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. James J. White explained the amendment.

Amendment adopted.

Ordered to third reading.

SB 5-FN, relative to judicial retirement. Ought to Pass with Amendment. This bill, as amended, now contains the state employees pay package. Due to the recent court decision dealing with the limited use of sections, amendments and footnotes in HB 400, relative to the state operating budget, the pay package has been removed. In order to assure the commitment to support the good faith efforts of the negotiating teams, the Appropriations Committee has amended SB 5 to include the State Employees contract. This bill also contains the judges compensation and retirement benefits. The Committee felt it was important to have a single vehicle containing the compensation for all state employees. The wording is identical to the proposal adopted on the floor on April 1985. A great deal of work went into this proposal and this recommendation is necessary in order to fulfill our commitment to the full-time Unified Court System adopted last session. There is no money in this bill for the section dealing with the judges' compensation and retirement benefits. Vote 18-0. Rep. Margaret A. Ramsay for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to state employee salaries and making an appropriation therefor and relative to judicial retirement.

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

6 Longevity Retirement. Amend RSA 490:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II. As additional compensation for services rendered and to be rendered, any justice of the supreme court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid. A justice of the supreme court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

7 Vesting; Reduced Compensation. Amend RSA 490:2 by inserting after paragraph II the following new paragraphs:

II-a. Rights of a justice of the supreme court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of

service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 33-1/3 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 50 percent of the currently effective annual salary of the office from which he retired.

II-b. A justice of the supreme court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

8 Longevity Retirement. Amend RSA 491:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II. As additional compensation for services rendered and to be rendered, any justice of the superior court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and after having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid. A justice of the superior court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

9 Vesting; Reduced Compensation. Amend RSA 491:2 by inserting after paragraph II the following new paragraphs:

II-a. Rights of a justice of the superior court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 33-1/3 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 50 percent of the currently effective annual salary of the office from which he retired.

II-b. A justice of the superior court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

Rep. Champagne abstained from voting under Rule 16.

209 members having voted in the affirmative and 114 in the negative, the amendment was adopted.

Rep. Hyman offered an amendment.

Amendment

Amend the bill by striking out all after section 5 and inserting in place thereof the following:

6 Longevity Retirement. Amend RSA 490:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II.(a) For justices of the supreme court appointed prior to July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the supreme court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid.

(b) For justices of the supreme court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the supreme court who retires:

(1) Upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years shall receive annually during the remainder of his life an amount equal to 33-1/3 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an amount equal to 45 percent of the currently effective annual salary of the office from which he is retired;

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to 66-2/3 percent of the currently effective annual salary of the office from which he is retired.

These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

(c) A justice of the supreme court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

7 Vesting; Reduced Compensation. Amend RSA 490:2 by inserting after paragraph II the following new paragraphs:

II-a. Rights of a justice of the supreme court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 25 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 35 percent of the currently effective annual salary of the office from which he retired.

II-b. A justice of the supreme court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

8 Longevity Retirement. Amend RSA 491:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II.(a) For justices of the superior court appointed prior to July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the superior court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid.

(b) For justices of the superior court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the superior court who retires:

(1) Upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years shall receive annually during the remainder of his life an amount equal to 33-1/3 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an amount equal to 45 percent of the currently effective annual salary of the office from which he is retired; or

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to 66-2/3 percent of the currently effective annual salary of the office from which he is retired.

These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

(c) A justice of the superior court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

9 Vesting; Reduced Compensation. Amend RSA 491:2 by inserting after paragraph II the following new paragraphs:

II-a. Rights of a justice of the superior court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 25 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 35 percent of the currently effective annual salary of the office from which he retired.

II-b. A justice of the superior court whose rights have vested under paragraph II-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

10 New Chapter Title. Amend the chapter title of RSA 491-A as inserted by 1981, 568:136, IV by striking out said title and inserting in place thereof the following:

CHAPTER 491-A
JUDICIAL COMPENSATION AND
RETIREMENT CONTRIBUTION

11 New Judicial Salary Schedule; Retirement Contribution Required. Amend RSA 491-A:1 as inserted by 1981, 568:136, IV as amended by striking out said section and inserting in place thereof the following:

491-A:1 Salaries and Retirement Contribution.

I. The salaries for the positions set forth below shall be as follows:

	Appointed before July 1, 1985	Appointed on or after July 1, 1985
Chief justice, supreme court	\$62,381	\$62,387
Associate justices, supreme court	\$60,953	\$57,143
Chief justice, superior court	\$60,477	\$60,477
Associate justices, superior court	\$59,048	\$55,715
District court justices prohibited from practice pursuant to RSA 502-A:21	\$59,048	\$55,715
Probate judges	\$17,325	\$17,325

II. Beginning June 7, 1985, the salaries listed in paragraph I shall be adjusted to reflect any salary increases given to judicial employees.

III. Commencing July 1, 1985, each justice of the supreme and superior court and each justice of the district court prohibited from practice under RSA 502-A:21 shall contribute for retirement 6.1 percent of his salary to the general fund each fiscal year.

12 Longevity Retirement. Amend RSA 502-A:6-a, III (supp) as inserted by 1977, 454:1 as amended by striking out said paragraph and inserting in place thereof the following:

III.(a) For justices of the district court appointed prior July 1, 1985, as additional compensation for services rendered and to be rendered, a justice of the district court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective

annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of the court are paid. Any justice who is a member of the state or local retirement system on January 1, 1984, shall forthwith cease to be a member of that system. The accumulated contributions made by such justices shall be paid out of the retirement trust fund to the justice. Notwithstanding the limitations set forth herein regarding minimum years of service at time of retirement, any person who, on January 2, 1982, was a justice of a district court shall be entitled to the retirement benefits set forth herein upon his retirement at age 70.

(b) For full-time justices of the district court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the district court who retires:

(1) Upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years shall receive annually during the remainder of his life an amount equal to 33-1/3 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an

amount equal to 45 percent of the currently effective annual salary of the office from which he is retired; or

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to $66\frac{2}{3}$ percent of the currently effective annual salary of the office from which he is retired. These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

(c) A justice of the district court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by $\frac{5}{9}$ of one percent for each such earlier month.

13 Vesting; Reduced Compensation. Amend RSA 502-A:6-a by inserting after paragraph III the following new paragraphs:

III-a. Rights of a justice to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 25 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 35 percent of the currently effective annual salary of the office from which he retired.

III-b. A justice whose rights have vested under paragraph III-a and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

14 Benefits for Surviving Spouses of Justices. Amend RSA 490:2, III and IV as amended by striking out said paragraphs and inserting in place thereof the following:

III.(a) If a justice appointed prior to July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to $\frac{1}{2}$ of the currently effective annual salary payable for the office last held by such deceased justice, as additional compensation for the services of said justice. In case there is more than one child, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 50 percent of a retirement benefit for which he is eligible at the time of death, or if not eligible, 50 percent of the benefit to which he would have been entitled had he remained in service until age 70.

IV.(a) If a justice appointed prior to July 1, 1985, dies having terminated his service as such and having become entitled to compensation as provided in this section, or after having become a judicial referee, or having been retired because of disability, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to $\frac{1}{2}$ of the currently effective annual salary payable for the office last held by such deceased justice, as additional compensation for the services of said justice. In case there is more than one child, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies having terminated his service, and having become entitled to compensation as provided in this section, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to receive 50 percent of the retirement benefit to which the justice is entitled.

15 Benefits for Surviving Spouses of Justices. Amend RSA 491:2, III and IV as amended by striking out said paragraphs and inserting in place thereof the following:

III.(a) If a justice appointed prior to July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to $\frac{1}{2}$ of the currently effective annual salary payable for the office last held by such deceased justice, as additional compensation for the services of said justice. In case there is more than one child, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 50 percent of a retirement benefit for which he is eligible at the time of death, or if not eligible, 50 percent of the benefit to which he would have been entitled had he remained in service until age 70.

IV.(a) If a justice appointed prior to July 1, 1985, dies having terminated his service as such and having become entitled to compensation as provided in this section, or after having become a judicial referee, or having been retired because of disability, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death

or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 1/2 of the currently effective annual salary payable for the office last held by such deceased justice, as additional compensation for the services of said justice. In case there is more than one child, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies having terminated his service, and having become entitled to compensation as provided in this section, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to receive 50 percent of the retirement benefit to which the justice is entitled.

16 Benefits for Surviving Spouses of Justices. Amend RSA 502-A:6-a, IV and V (supp) as inserted by 1977, 454:1 as amended by striking out said paragraphs and inserting in place thereof the following:

IV.(a) If a justice appointed prior to July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his children under the age of 18 years, shall annually be entitled to 1/2 of the currently effective annual salary payable for the office last held by the deceased justice as additional compensation for the services of the justice. If there is more than one child under the age of 18 years, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies in office, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 50 percent of a retirement benefit for which he is eligible at the time of death, or if not eligible, 50 percent of the benefit to which he would have been entitled had he remained in service until age 70.

V.(a) If a justice appointed prior to July 1, 1985, dies after having terminated his service and after becoming entitled to compensation under this section, or after having been retired because of permanent disability, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his children under the age of 18 years, shall annually be entitled to 1/2 of the currently effective annual salary payable for the office last held by the deceased justice as additional compensation for the services of the justice. If there is more than one child under the age of 18 years, the compensation shall be divided equally among them.

(b) If a justice appointed on or after July 1, 1985, dies having

terminated his service, and having become entitled to compensation as provided in this section, his surviving spouse, as long as she remains unmarried, or, if he leaves no surviving spouse, or at her death or remarriage, then his child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to receive 50 percent of the retirement benefit to which the justice is entitled.

SB 91-FN, relative to alternate state guarantees for water pollution control projects and alternate state contributions for construction of water pollution abatement facilities. Ought to Pass with Amendment.

The amendment provides for the Water Supply and Pollution Control Commission to purchase liability insurance to cover engineers on projects in towns of up to 5,000 population. Vote 15-0. Rep. Paul I. LaMott for Appropriations.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to alternate state guarantees for water pollution control projects and alternate state contributions for construction of water pollution abatement facilities and authorizing the water supply and pollution control commission to purchase liability insurance.

Amend section 5 of the bill by striking out same and inserting in place thereof the following:

5 Commission Duties. Amend RSA 149:4, IX as inserted by 1965, 267:8 as amended by striking out said paragraph and inserting in place thereof the following:

IX. To set standards of design and construction for sewerage and sewage or waste treatment systems. To reject, if necessary, or modify and approve as deemed necessary for the purposes of the state water pollution control program all engineering or other documents associated with the design and construction of pollution control projects and perform such other related engineering or inspectional work as will provide for proper design, construction and operation of the facilities involved, and take such other action as the commission deems necessary to maximize the effectiveness of sewerage and other pollution control facilities, both proposed and in construction. The purpose of this paragraph is to ensure the planning, construction and operation of publicly owned pollution control facilities which in the judgment of the commission will produce maximum benefits with the least expenditure of federal, state and local funds. The commission is hereby authorized to purchase professional liability insurance annually in order to provide coverage in connection with resident construction engineering services which may be made available to municipalities by the commission for projects undertaken with benefit of a federal grant under the provisions of this chapter; provided, however, that no construction engineering services shall be provided to any municipality with a population of greater than 5,000 according to the 1985 office of state planning estimates, nor when the estimated project costs exceed \$2,000,000.

Amendment adopted.

Rep. Dickinson offered an amendment.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

relative to alternate state guarantees for water pollution control projects and alternate state contributions for construction of water pollution abatement facilities, authorizing the water supply and pollution control commission to purchase liability insurance, and authorizing the water supply and pollution control commission to conduct sewage plan effluent research and investigate a revolving loan fund.

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Commission Authority to Investigate a Revolving Loan Fund. The water supply and pollution control commission is hereby authorized to investigate, in cooperation with the environmental protection agency, under such guidelines as may be established under the Federal Clean Water Act, as amended, the feasibility of creating a state revolving loan fund to assist municipalities, as defined in RSA 149-B:1, in defraying the cost of constructing pollution control facilities required under the provisions of RSA 148 and 149. Said investigation shall include, but not be limited to, such matters as capitalization methods for the fund, terms and conditions under which loans may be made available to municipalities, maximum loans to be made available, methods for repayment of loans to the fund, and such other factors as are pertinent to the creation of a revolving loan fund for the purposes stated herein. The commission shall report its findings and proposed recommendations to the general court no later than January 1, 1986.

7 Research in the Disinfection of Sewage Treatment Plant Effluents. The water supply and pollution control commission, in accordance with the provisions of RSA 149 and in consultation with the division of public health services with regard to appropriate health risk assessment measures, is hereby authorized to perform studies and research to evaluate the feasibility of establishing seasonal water quality standards and requirements for the disinfection of sewage treatment plant effluents. To achieve this objective, the commission may grant municipalities, on a case by case basis, permission to reduce, to suspend, or otherwise to modify the application of disinfection chemicals to treatment plant effluents during the periods of October 30, 1985, to April 1, 1986, and October 30, 1986, to April 1, 1987, provided that downstream water is regularly monitored in each case to assess any potential risk to human health. In the event that an unacceptable health risk should be discovered, appropriate action shall be immediately taken to abate said risk. The commission shall present its findings and recommendations concerning said study and research in the form of a report to the general court not later than September 30, 1986.

8 Effective Date. This act shall take effect upon its passage.

Hearing no objection, the Chair advised the Clerk to dispense with the reading of the amendment.

Rep. Dickinson explained the amendment. Amendment adopted. Ordered to third reading.

SB 128-FN, relative to public assistance. Inexpedient to Legislate. The Committee recommended Inexpedient to Legislate as there aren't any funds available and it was felt the Committee should not pass bills unfunded. PERSONAL PRIVILEGE

Rep. LaMott addressed the House under Personal Privilege.

PERSONAL PRIVILEGE

Rep. Blair addressed the House under Personal Privilege.

Thank you, Mr. Speaker. May I respectfully suggest that by a standing vote this body compliment and express its appreciation for the groundskeepers for so well managing the grounds of the State House and the LOB.

Rep. Meader moved that Rep. Blair's remarks be printed in the Journal.
Adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Scamman moved that the House reconsider its action whereby it passed SB 1, relative to the settlement laws.

Reps. Sara Townsend and Chambers spoke in favor of the motion.

Reps. Newman and Scamman spoke against the motion.

On a voice vote the Chair was in doubt and requested a division.

A roll call was requested. Sufficiently seconded.

HOUSE JOURNAL 24

Tuesday, 21 May 85

The House assembled at 2:00 p.m. the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

From the ocean beaches to the Old Man's mountain perch, You, dear God, have given us an inspiring land. Pleasing also are many buildings of beauty and history. Particularly thankfully we remember the many caring persons of our State.

Help us to be good stewards of all these gifts, that no soil, structure or mind will be lost due to our neglect, but that with Your guidance we will do our best to preserve the natural and human resources given our State. Amen.

House Section No. 1 led the Pledge of Allegiance.

INTRODUCTION OF GUESTS

Dorothy and Leo Jensen, guests of Rep. Olimpio; Mrs. Norman Rogers, wife of Rep. Norman Rogers; Mary Brown, wife of Rep. Brown; Nathalie Sullivan, wife of Rep. Henry Sullivan; Mrs. Ted Daley and Mrs. Carl Plasch, guests of Rep. Lawrence Chase.

Rep. James J. White yielded to a question from Rep. James Chandler.

Rep. James Chandler: Thank you, Mr. Speaker. Rep. White, yesterday the House considered SB 4 to which there was a committee amendment and then you offered a further amendment which was adopted. So that we can clarify this matter, because of the technicality of the amending language, was it your intention to only add material and not delete anything from (sic) the committee amendment off from the bill. Is that correct?

Rep. White: That is correct, Rep. Chandler. Since you have asked me that question I have checked with Legislative Services and they said that I am accurate. All we did was add to the existing bill.

Rep. Chandler: Thank you very much.

OPINION OF THE JUSTICES

The following resolution, House Resolution Number 30, requesting an opinion of the justices, was adopted by the House of Representatives on April 18, 1985, and filed with the Supreme Court on April 19, 1985:

"WHEREAS, the House of Representatives has before it HB 400, An Act making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1986, and June 30, 1987; and

"WHEREAS, questions have been raised as to the constitutionality of certain provisions of HB 400 in light of the recent adoption of Article 18-a of Part II of the New Hampshire Constitution which prohibits certain types of provisions in any budget bill; and

"WHEREAS, the House of Representatives is scheduled to act on HB 400 in the near future, but will have an opportunity to act again on HB 400 after HB 400 has gone through the legislative process in the Senate; and

"WHEREAS, there is an urgent need to resolve the questions concerning the constitutionality of HB 400 in the most expeditious manner possible; now, therefore, be it

"RESOLVED by the House of Representatives: "That the Supreme Court is respectfully requested to give their opinion upon and answer the following questions as soon as it may be possible:

"1. Do any of the provisions after section one of HB 400 violate Article 18-a, Part II or any other provision of the New Hampshire Constitution?

"2. If the answer to question 1 is in the affirmative, which provisions do violate the Constitution?

"That the clerk of the House transmit copies of this resolution and HB 400 to the Justices of the New Hampshire Supreme Court."

The following answer was returned:

To the House of Representatives

The undersigned justices of the supreme court reply as follows to the questions contained in your resolution of April 18, 1985, filed with this court on April 19, 1985. Interested parties were permitted to submit memoranda to the Court until April 30, 1985.

A chart prepared by the Research Division of the Office of Legislative Services illustrates the increasing use of budget sections and appears as an Appendix to this opinion.

As one memorandum submitted to us observed:

"The practice of adding footnotes really began in the early 1970's. Then Governor Thomson exercised the gubernatorial veto much more frequently than previous chief executives, and threatened its use even more often. The result was that legislators who wanted to avoid that veto began attaching their bills as amendments or footnotes to the operating budget. By attaching some that the Governor wanted along with others the Governor did not want and probably would have vetoed, the Governor was forced to accept the whole package or nothing. By adding the footnotes the legislature gave themselves bargaining chips with which to negotiate with the Governor. Because the leadership in the House and Senate controlled the Committee of Conference on the budget, the negotiating was done behind closed doors without the input of the non-leadership representatives or the public. The representatives also faced an all or nothing choice when the Conference Committee report came back to the floor at the end of the legislative session."

Memorandum of Common Cause/New Hampshire at 4.

Resolution 60, introduced in the 1984 Constitutional Convention, sought to address dissatisfaction with this practice of effectuating changes to general statutory law in budget footnotes. On June 26, 1984, the Legislative Department Committee reported the resolution out by a 12 to 8 vote, recommending that it was inexpedient to amend the constitution as proposed. Journal of Constitutional Convention 299 (1984). The minority report offered an amended version of Resolution 60 with the following comment:

"This resolution would prevent infamous footnotes which have appeared in increasing numbers in recent years. These footnotes have enacted midnight department head pay raises, unconstitutional minimum business profits taxes, Sunday dog racing in Seabrook contrary to the town's wishes and other such legislation." Id.

Delegate Jacobson, in support of the minority report, stated:

First of all, I think it is important to remember that there are two kinds of footnotes or sections. One kind is fiscal in character. It is financial management of the budget entries. That kind, which constitutes the majority of the sections, is not touched in this proposal. The footnotes that are touched are those that amend, repeal or enact statutory law."

Id. at 302. Delegate Tamposi, also a legislator, observed:

"Unless we address and stop these abuses today, they will never be addressed by the Legislature, because as a legislator, I can tell you that they are tooled to our advantage. They are something that expedites the process, and we will never, never, I submit to you, we will never close those loopholes, and we will never reform ourselves, because they are used to our advantage."

Id. at 304.

By a vote of 301 to 34, the Constitutional Convention voted to submit part II, article 18-a to the voters. Journal of Constitutional Convention 310 (1984). By a vote of 262, 408 to 62,030, on November 6, 1984, an 80.8% popular approval, the voters approved article 18-a in the following form:

"(Budget Bills.) All sections of all budget bills before the general court shall contain only the operating and capital expenses for the executive, legislative and judicial branches of government. No section or footnote of any such budget bill shall contain any provision which establishes, amends or repeals statutory law, other than provisions establishing, amending or repealing operating and capital expenses for the executive, legislative and judicial branches of government."

The House of Representatives now asks us whether, in light of article 18-a, any provisions of House Bill 400, the budget act, after section 1, are in contravention of the "no footnote" amendment to the constitution. We answer in the affirmative. To avoid an excessively long opinion, we will not quote, verbatim, the 26 pages of footnotes or sections appearing in House Bill 400 and the 6 pages of amended sections, as filed with this court.

Many of the items in House Bill 400 are unobjectionable under article 18-a in that they are "provisions establishing, amending or repealing operating and capital expenses" for the three branches of government. In other words, they "explain the text of the appropriations and operating expenses" or constitute "financial management of budget entries," without effectuating any changes to general statutory law. See Journal of Constitutional Convention 302 (Comments of Del. Jacobson) (financial management of budget entries not touched by the proposal) (1984); id. at 303 (comments of Del. Chase) (any addition to the budget which explains the budget and describes the use of the money, the controls of the money and things of that sort is permitted); id. at 354 (comments of Del. Hall) (footnotes that explain the text of the appropriations and operating expenses are permitted). For example, section 2 explains the funding of a certain Program Appropriation Unit; section 18 abolishes a number of budgeted positions in the classified service; and section 38 permits the transfer of unappropriated general fund surplus to the unappropriated fish and game fund surplus.

In addition, article 18-a is not offended by the use of budget sections to attach certain conditions to expenditures or to make fiscal events contingent upon certain happenings, so long as those sections do not effectuate a change in general statutory law. For instance, section 8 provides for emergency appropriations in the event that the replacement of a motor vehicle becomes necessary. And, in section 36, a number of guard positions at the State prison are made contingent upon the inmate population. Different spending levels are authorized if the inmate count rises from 575 to 600.

Although the above sections are clearly permitted by article 18-a, there are a number of sections that are prohibited by that provision. Before addressing those sections, however, we must decide, as a preliminary matter, whether the convention delegates and voters of this State, in using the phrase "establish, repeal or amend," intended that certain sections or footnotes escape the mandates of article 18-a by effectuating changes to general statutory law by the use of language such as "waives," "suspends" and "notwithstanding any other provisions of law."

As more fully discussed below, a review of House Bill 400 reveals that although a number of its sections displace or make changes to existing laws, virtually no section makes such a change by providing for the express "establishment," "repeal" or "amendment" of general statutory law. Rather, many of the sections provide for the suspension of certain revised statutes, or premise their contents with the phrase, "notwithstanding any other provisions of law." Hence, we must determine whether article 18-a encompasses those sections.

"In construing the Constitution, as in the case of any other writing, 'it is the duty of the court to place itself as nearly as possible in the situation of the parties at the time the instrument was made, that it may gather their intention from the language used, viewed in the light of the surrounding circumstances.'" Attorney-General v. Morin, 93 N.H. 40, 43, 35 A.2d 513, 514 (1943) (quoting Weed v. Woods, 71 N.H. 581, 583, 53 A. 1024, 1025-26 (1902) (emphasis added)). We often have referred to the history of a constitutional amendment in interpreting its meaning. See Opinion of the Justices, 121, N.H. 429, 432, 430 A.2d 188, 190 (1981); see also Appeal of Omni Communications, Inc., 122 N.H. 860, 861-62, 451 A.2d 1289, 1290 (1982). In construing the constitutional amendment at issue, we will look to its purpose and intent, bearing in mind that we will give the words in question the meaning they must be presumed to have had to the electorate when the vote was cast. See Opinion of the Justices, 101 N.H. 541, 542, 133 A.2d 790, 792 (1957); see also Smith v. State, 118 N.H. 764, 768, 394 A.2d 834, 838 (1978).

A review of the history of article 18-a makes clear that the constitutional amendment was proposed to prohibit footnotes

or sections altering general statutory law from being inserted into budget bills. See, e.g., Journal of Constitutional Convention 299-300 (comments of Del. Phelps) (footnotes which "change" general statutory law have no place in the budget bill; items that "alter" statutory law have to go through the legislative process) (1984); id. at 303 (comments of Del. Chase) (method of attaching footnotes that "change" statutes, "make" new departments or do things of this kind, sidesteps legislative review); id. at 354 (comments of Del. Hall) (amendment will prevent footnotes that "change" statutory law). It is clear that the delegates and the voters of this State intended to prohibit amendments or enactments of general statutory law by means of footnotes or sections in the budget bill. Hence, to the extent that the content of a budget section or footnote effectuates a change in general statutory law, that section or footnote would appear to violate article 18-a.

Although the terms "suspend" and "repeal" are not synonymous, see King v. Sununu, 126 N.H. _____, A.2d _____, _____ (decided March 27, 1985), as noted by Delegate LaMott, a suspension is, in essence, the repeal of a law for a time certain. Journal of Constitutional Convention 308 (1984). In fact, when asked, specifically, whether article 18-a would permit changes to statutory law by use of the terms "suspension" or "notwithstanding any other provision of law," Delegate LaMott answered in the negative. See id. We conclude that when a budget footnote or section alters the normal effect of a general statute, regardless of whether the section expressly "establishes," "amends" or "repeals" a statute, the section or footnote will be deemed to have effectuated a change in general statutory law within the meaning of article 18-a. Consequently, such a change will be deemed to have no legal effect. However, such a change may be effected by legislation separate from the budget bill.

With respect to the use of the phrase "notwithstanding any other provision of law," it is clear that the use of such a phrase, in and of itself, does not render a section or footnote violative of article 18-a. To the extent that a footnote or section containing this phrase relates solely to an expenditure or fiscal matter, it will be valid. However, the result must be otherwise if there is a conflicting provision of general statutory law, whether or not that provision is identified, or if there is no current statute, but the section or footnote would establish new general statutory law. In these cases, the section or footnote will either establish, amend or repeal general statutory law, in violation of article 18-a.

To illustrate the problem, section 17, II states, in pertinent part: "Notwithstanding any other provision of law, the state treasurer shall transfer . . . all moneys deposited into the sweepstakes fund . . . to the department of education PAU 06,03,02,01 . . ." Although that section makes no specific reference to RSA 284:21-j

(Supp. 1983), it is clear that the section suspends, for the biennium, the distribution of sweepstakes revenues in the manner provided by RSA 284:21-j (Supp. 1983). See King v. Sununu, 126 N.H. ___, ___, A.2d ___, (decided March 27, 1985). Accordingly, section 17, II violates the provisions of article 18-a.

To the extent that certain other sections enact, modify, suspend or displace a general statutory provision, they too are violative of article 18-a. Section 3 of House Bill 400 suspends the millage formula provided by RSA 187-A:7 (Supp. 1983). This constitutes a constructive repeal of the statute for the biennium and therefore violates article 18-a. A similar result occurs with the provisions of section 6 (RSA 282:2; RSA 284:23 (1977 & Supp. 1983); RSA 284:25 and RSA 284:25-a suspended for the biennium).

Succeeding sections present further problems: section 7 (appearing to enact a general statute as well as to amend RSA 21-I:11, II (Supp. 1983)); section 9 (RSA 186-B:9 to :15 (1977 & Supp. 1983) limited in application for the biennium); section 12 (RSA 188-F:15 (Supp. 1983) procedure altered for setting tuition); section 15 (RSA 9:25 suspended for the biennium); section 25 (notwithstanding provisions of RSA 178-A:21, II (Supp. 1983)); section 27 (notwithstanding RSA 4:40 (Supp. 1983) and RSA 10:4 (Supp. 1983)); section 29 (notwithstanding RSA 167:18-b); section 30 (RSA 167:7 (Supp. 1983) suspended for the biennium); section 31 (RSA 167:8 suspended for the biennium); section 32 (RSA 167:5 suspended for the biennium); section 33 (waives provisions of RSA 124:14 (Supp. 1983)); section 35 (notwithstanding RSA 99:4 and RSA 9:17-a to :17-c (1970 & Supp. 1983)); and section 45 (changes RSA 14:27-b).

There are two other areas worth noting. Sections 26 and 37 authorize bond issues. These sections do not conflict with article 18-a. As for section 21, this is duplicative of standing statutory law and need not be re-enacted with every budget. See RSA 490:2, VI; RSA 491:2, VI and RSA 502-A:6-a, VI (Supp. 1983).

Thorough research and more time would be necessary to clarify whether a statute conflicts with the provisions of sections 20 and 28, although they appear to be in accord with article 18-a. Section 23, however, appears to establish a new general rule that would otherwise be a statute and thus is prohibited by article 18-a.

With regard to the amendments to House Bill 400 contained in the House Record for April 19, 1985, we see no problem with section 19 as amended, but whether it conflicts with any statute is not self-evident. Sections 42 and 43 are appropriation items keyed to a possible loss of federal funding and are permitted.

The State employees' pay raise contained in section 44 of House Bill 400 as amended requires the amendment of tables in RSA 94:1-a (Supp. 1983), RSA 99:1-a (Supp. 1983) and RSA 491-A:1. This provision conflicts with article 18-a because it "amends . . . statutory law," and, therefore, cannot be part of the budget bill. Sections 40-41 and

46-47 are in accord with article 18-a as are any provisions of House Bill 400 which are not otherwise dealt with above.

Before concluding we wish to note that your questions are broad enough to seek our opinion on the applicability of every provision of the Constitution to every budget footnote or section. To give such a comprehensive opinion would be impossible within the time that any answer would be helpful to you. Since we understand from your questions that your primary concern is with the applicability of article 18-a, we have confined our opinion to the effect of that article. We therefore respectfully request to be excused from commenting on the possible applicability of other constitutional provisions as a part of this opinion. We must also note that within reasonable time limits there is no practical method to review the provisions of every general statute for possible conflict with proposed footnotes or sections. Our preceding opinion therefore reflects the best review of the general law that we have been able to make in the time available to us. We cannot, however, guarantee that we have been able to address every possible issue that may be raised under article 18-a.

ENROLLED BILL AMENDMENT

HB 208, relative to penalties for violations of the planning and zoning statutes.

Amendment

Amend RSA 676:17, I(b)(1) as inserted by section 4 of the bill by striking out line 2 and inserting in place thereof the following:

person; or

Amend section 5 of the bill by striking out line one and inserting in place thereof the following:

5 Effective Date. This act shall take effect January 1, 1986, at 12:01 a.m.

This amendment corrects a grammatical error in the bill which would make a certain criminal penalty both a misdemeanor and a felony. The amendment also changes the time of the effective date from January 1, 1986, to January 1, 1986, 12:01 a.m., because HB

96 (Chapter 103) also amends RSA 676:17 effective January 1, 1986.

Adopted.

VETO MESSAGE ON HB 47

To all members of the General Court

I cannot support HB 47 as currently written. As we all know, a great deal of debate over this legislation has occurred in the past few months. During that period I have tried to indicate my concern that legislation as important as this must create significantly more benefits than the difficulties or problems it could cause.

In my veto of similar legislation two years ago, I outlined some of my concerns. I have tried to clarify my concerns in numerous discussions with many of the House and Senate members who support this legislation. I am very appreciative of the time that those members gave in trying to develop an understanding of the difficulties involved. Unfortunately, this bill retains the basic structure of previous legislation, and the changes it includes are clarifications, but not fundamental improvements.

I realize how important such legislation is to many of you, and to many of our citizens. However, because it is important it ought to be right. Therefore, I must veto this present bill.

I realize an issue such as this should be as free from politics as possible and that for many of you this is a crucial and personal decision. Therefore, as I have understood the votes you have cast in sending this legislation to my desk and I will understand any votes to override, I hope you will appreciate and understand the consideration and thought I have given this issue prior to vetoing this bill.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 47 pass.

Rep. Daniell spoke in favor of overriding the veto.

Rep. Roberts spoke against overriding the veto.

Rep. Guay spoke against overriding the veto and yielded to questions.

Rep. Francis Robinson spoke in favor of overriding the veto and yielded to questions.

Rep. Sara Townsend moved the previous question. Sufficiently seconded. Adopted.

HOUSE RESOLUTION NO. 40

honoring the University of New Hampshire's
1985 Women's Lacrosse National
Championship Team.

WHEREAS, the 1985 Women's Lacrosse Team of the University of New Hampshire, on May 19, defeated the University of Maryland,

6-5, to win the National Collegiate Athletic Association Championship, the most prestigious of titles in American women's college lacrosse, and

WHEREAS, the victory marked the first time in the University of New Hampshire's long and distinguished athletics history that any varsity team in any sport, be it women's or men's, has ever been crowned a national champion, and

WHEREAS, the team, coached by Marisa Didio and her assistants Heidi Pike and Lynne Viscio, posted an impressive won-loss record during the 1985 championship season, winning eleven games and losing but three, and

WHEREAS, team members, throughout their championship season, displayed unity of spirit that was marked by unselfishness and a strong desire to succeed as they outscored their opponents by the wide margin of 165 to 75, and

WHEREAS, the University of New Hampshire's Women's Lacrosse Team, before winning the national title, won for the second consecutive year the Eastern College Athletic Conference regional title, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that the University of New Hampshire's 1985 Women's Lacrosse Team be recognized and publicly lauded for earning the School's first national title, and be it further

RESOLVED, that the coaches and athletes be applauded for the dedication and hard work that made them champions, and that a suitable copy of this Resolution be prepared for presentation to the University of New Hampshire Athletic Department.

Adopted unanimously.

VETO MESSAGE ON HB 4

To all members of the General Court

I have vetoed HB 4-FN. Enclosed, however, is a revised version of the bill which does implement the Augenblick distribution formula for foundation aid and other education funds. It is my hope that you might reintroduce, pass and return to me legislation for my signature which reflects that specific resolution.

House Bill 4-FN, as sent to me, did contain a positive step forward in the delivery of educational funds to the cities and towns. However, it also contains sections, which are not a basic part of the change in formula, which create major policy changes beyond the distribution of foundation aid or supplementary educational funds. The impact on the New Hampshire fiscal policy would be devastating.

Over the years, in discussing foundation aid for our school districts, I have consistently emphasized that a fairer and more equitable formula should be developed. I support replacing the equalization formula that has been applied in the past. In fact, I believe it was my recommendations which served as the basic structure for including per capita income and tax effort as the basis for a more equitable formulation.

The formula which has been developed and has become known as the "Augenblick formula" is a fine step toward that equity, and as I have noted over the past few months, I endorse the adoption of the formula.

However, I have always emphasized that the process of refining the formula should not--and must not--be used as a mechanism for setting a new funding level or an imperative for future funding. I will not permit the bill implementing the Augenblick formula to be misused as a vehicle or stimulus for runaway spending.

Furthermore, I think it should be clear that legislation for implementing a fairer formula should not be the mechanism for changing the tax structure of the State of New Hampshire. It is clear that this bill, in its present form, is a legislative vehicle to bring about a broad based tax in New Hampshire. This would result in spite of the fact that the citizens of this state have consistently rejected such a tax.

House Bill 4-FN, as passed, includes a significant number of defects, which are inconsistent with the specified goal of simply improving the distribution formula. Perhaps the most onerous defect is the fact that the statement of policy contained in HB 4-FN drastically alters the existing legislatively enacted educational policy of this state. This new policy would create both a legal and financial dilemma for the state. It would, in fact, severely prejudice the position of the state in a major pending lawsuit. As noted earlier, I am convinced that this section is a clear imperative to push our state into a sales tax or income tax by incurring a state obligation and liability significantly different than our current, very successful and effective position.

This basic policy change alone is sufficient reason for my veto, for it goes well beyond the original intent to implement a fairer formula. However, the bill also contains numerous provisions which establish additional commitments, obligations and imperatives for spending which should not have been included. In fact, it is a common perception drawn from the legislative debate that these provisions had been removed. Yet, these additional commitments for spending are still contained in the legislation and are among the reasons for my veto.

I must also call your attention to the section of HB 4-FN which authorizes expenditure of these funds without authorization by a school district at the school district's annual meeting. This, too, is a dangerous policy and precedent for a distribution of this nature.

The problems associated with phasing-in the change in formula have been recognized. However, I think a more appropriate way to deal with that issue and other complicated and related problems is to limit the applicability of the new formula to foundation aid funds, sweepstakes funds, and special education basic aid funds.

Since I have been clear in my support for fundamental legislation addressing the improvement of the formula, I felt it was incumbent upon me as Governor to provide the

redrafted version of HB 4-FN, which retains the Augenblick formula as a mechanism for fairer distribution of some of our education funds. This draft has also removed or amended the language which altered our current policy in the State of New Hampshire, and removed those sections which created an imperative for funding or which permitted any of the funds to be spent without approval of the school district meeting.

I believe there is still an opportunity to develop legislation to meet our original goal--improving the distribution of funds for education without creating an impossible spending imperative--a goal which I support and which I believe is supported by the members of the House and Senate. I, therefore, respectfully urge the members of the General Court to reject this bill and support this veto.

I will be happy to assist in effects to reintroduce and pass the amended version submitted here.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 4-FN pass.

Adopted.

HB 547, extending the time within which pari-mutuel pools may be sold.

Amendment

Amend section 1 of the bill by striking out line 2 and inserting in place thereof the following:
introductory paragraph of RSA 284:22 (supp) as inserted by 1957, 122:1, as amended

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Contingency. If the amendment to the introductory paragraph of RSA 284:22 made by 1985, 58:8, deleting references to simulcast races, takes effect July 1, 1987, section 1 of this act shall take effect July 1, 1987, at 12:01 a.m. Otherwise, section 1 of this act shall not take effect.

3 Wagering on Simulcast Races. Amend the introductory paragraph of RSA 284:22 as inserted by 1957, 122:1 as amended by striking out said paragraph and inserting in place thereof the following:

During the calendar years of 1941 - 1999, a licensee under this chapter may sell pari-mutuel pools in accordance with rules adopted by the commission. Pari-mutuel pools shall be sold within the enclosure of the race track where a licensed race or race meet is held, and not elsewhere, except as provided in this paragraph. Pari-Mutuel pools may also be sold by licensees on races held at other appropriately licensed racetracks, outside the state of New Hampshire, if such sales are within the enclosure of a race track which holds a license for the current year to conduct racing within this state, and if wagers are made on races which are exhibited by television or other means of electronic reproduction at the licensee's track simultaneously with the conduct of each such race at its point of origin. Racing officials, as defined in rules adopted by the commission; any employee or owner of the entity supplying the track's totalizators; and any person responsible for the operation of the electronic reproduction equipment

which receives the simulcast shall be prohibited from participating in wagering, directly or indirectly, on simulcast races exhibited at the licensee's track. The restrictions of RSA 284:17-c shall not apply to pari-mutuel wagering on races which are simulcast by television or other means of electronic reproduction under this section. A licensee may simulcast different types of races than those which are actually conducted live at the licensee's track, provided that the licensee shall have received city or town approval under RSA 284:17 to conduct the type of racing which is to be simulcast. A licensee may simulcast races only on days on which live racing is conducted at the licensee's race track. RSA 284:23 shall apply according to the type of race on which the wagers are made, whether live or simulcast. The provision for purses made in paragraph I of this section shall not apply to simulcast races. The commission on simulcast race pools shall be available to the simulcasting licensee to satisfy obligations to the racing association originating such simulcast races or to the horsemen's group of such association.

4 Effective Date.

I. Section 1 of this act shall take effect as provided in section 2 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

This enrolled bill amendment combines the changes made to the introductory paragraph of RSA 284:22 by this bill with the changes made in HB 441 (chapter 58), permitting wagering on simulcast races until July 1, 1987, and corrects the amending language in section 1 to reflect the earlier amendments.

Adopted.

HB 778-FN, authorizing cities and towns to borrow for certain planning costs.

Amendment

Amend RSA 33:3-c as inserted by section one of the bill by striking out line 6 and inserting in place thereof the following: reconstruction, alteration or enlargement of a public building; or consisting of the

This amendment corrects a grammatical error in RSA 33:3-c as inserted by section one of the bill.

HOUSE JOURNAL 26

Tuesday, 28 May 85

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by guest Chaplain, Rev. Philip Allen Crane, Southern District Superintendent of the New Hampshire Conference of the United Methodist Church.

O God, Father and Creator of us all, You have told us through Your Holy Scriptures that "we are created in Your image." Help us, O God, to be more like You in our relationships with one another, and in our dealings with the family of humankind as our neighbors. We are a nation and a people that desire peace, and as we pause this week to remember, to memorialize, and to honor persons who have sought to give us that peace, may we also pray that our own actions will encourage peace-seeking among all peoples of Your world.

You know our prayers even before we utter them, O Lord, but in our mortal way we try so hard to be profound in our prayers when all You ask is for us to have faith and to trust in You. Help us to be more trusting and loving not only of You, but of one another. Grant us wisdom to make careful decisions, and courage to demand of ourselves our best at all time. Help us to rid our lives of our false gods, and to give You the rightful place in our hearts that You so richly deserve. Thank You, God, for loving us and giving us the gift of life. Thank You, God, for giving us so many blessings of nature in this beautiful State of New Hampshire. Thank You God, for everything. Amen.

Rep. Kenneth Wheeler led the Pledge of Allegiance.

VETO MESSAGE ON HB 392

To All Members of the General Court

I regret that I must veto HB 392-FN, which exempts former prisoners of war from the municipal permit fee for registration of a motor vehicle.

Although the bill is clearly well intended and the former prisoners of war certainly merit our expression of gratitude and appreciation, there are a number of significant problems presented by this legislation which force me to exercise this veto.

My first concern involves the basic issue of the State exempting one class of individuals from a local permit fee. By doing so a number of fundamental problems are created. First is the issue of the State reducing a fee that is currently tendered to our communities. This has Constitutional implications under the recently enacted Constitutional amendment concerning State mandates to local governments that should be addressed more directly. It also has Constitutional implications because it may discriminate against all other citizens who will still continue to pay the fee.

It may have been preferable if this legislation had been constrained to enable each municipality to exempt, on a community-by-community basis, its own collection of fees from those former prisoners of war who wish to exercise such an exemption. However, even that construction would have been subject to Constitutional concern as an exemption for too narrow a class.

I want to acknowledge and applaud the intent to honor former prisoners of war and remain amenable to other appropriate means of recognizing the significant service provided by those patriotic men and women. However, it is my fear that if this bill is permitted to become law, the esteem for former prisoners of war would be diluted in the legal maze created by the potential Constitutional challenges to this law. I do not believe that in the long run this law will be deemed to have served the public good, and I have therefore regretfully been forced to veto this bill.

VETO MESSAGE ON HB 592

To All Members of the General Court

I have vetoed HB 592, relative to methods of funding and the catastrophic costs of special education.

Although I will agree that the topic merits serious consideration, I believe that a legislative study committee, which consists only of legislative members and reports only to the legislature, should be appointed by the Speaker of the House and the Senate President without the formality of specific legislation.

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 146-A:4, I and II as inserted by section one of the bill by striking out same and inserting in place thereof the following:

I. Whenever an oil or petroleum product or by-product discharge or spillage occurs, hereinafter referred to as "oil discharge," which may pollute or which has polluted the public waters of this state, the water supply and pollution control commission shall be notified immediately and shall assume primary jurisdiction of the cleanup operation. In the interim period before the commission has had an opportunity to assume jurisdiction, the person or persons strictly liable for an oil discharge shall undertake immediate measures to minimize the extent of pollution and damage which said discharge would otherwise cause. Any unexplained oil discharge shall be removed by or under the direction of the commission.

II. Any person strictly liable for an oil discharge in the manner prohibited by RSA 146-A:3 shall immediately undertake to remove such discharge to the commission's satisfaction.

Amend RSA 146-A:11-a, I as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

I. There is hereby established the New Hampshire oil pollution control fund. This nonlapsing, revolving fund shall pay the salaries and expenses of the persons specified in RSA 146-A:11, except for the

civil engineer IV and one environmentalist III, as well as the costs to implement RSA 146-A which include but are not limited to the costs of removal or corrective measures deemed necessary by the commission as a result of an actual or potential oil discharge into or onto the surface or groundwaters of the state. Not less than 10 percent of the moneys in the fund shall be allocated annually for research programs dedicated to the development and improvement of preventive and clean-up measures concerning such oil discharges. In the event of an oil discharge, the commission may expend, with the approval of governor and council, such additional sums as are necessary to clean up the discharge except that the total amount expended may not exceed the balance in the New Hampshire oil pollution control fund. Income derived from the oil pollution control fund shall only be used for those administrative costs needed to implement RSA 146-A and any other costs cited in this section.

Amend RSA 146-A:11-c, III as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

III. Methods for the prevention of oil discharges into or onto the surface or groundwaters of the state, including rules for expenditures on research programs under RSA 146-A:11-a, I.

Amend the bill by striking out section 28 and inserting in place thereof the following:

28 Pretreatment Standards; Governmental Entity. Amend RSA 149:4, XVI as inserted by 1973, 590:6 by striking out said paragraph and inserting in place thereof the following:

XVI. To establish and prescribe physical, chemical and biological pretreatment standards to which waste must conform before discharge into the collection system or the sewage treatment facility of a municipality or other governmental entity being served by or under order to construct a public sewage treatment facility. In establishing and prescribing pretreatment standards, the commission shall give consideration to the following:

(a) The treatment capabilities and operating efficiency of the facilities to which they apply.

(b) The discharge criteria applicable to the facility in order for it to conform to established water quality standards for the receiving water, as expressed in the discharge permit or compliance order issued to the municipality.

(c) Toxic effluent standards.

(d) Such standards as will prevent the discharge of any pollutant through the facility that interferes with, passes through without being rendered innocuous or is otherwise incompatible with the effective operation of the facility.

29 Pretreatment Standards; Governmental Entity. Amend RSA 149:4-a, I as inserted by 1973, 590:7 by striking out said paragraph and inserting in place thereof the following:

I. After the effective date of any pretreatment standards established and

prescribed by the commission pursuant to RSA 149:4, XVI, no person shall discharge into the collection system or the sewage treatment facility of any municipality or other governmental entity being served by or under orders to construct a public sewage treatment facility, nor discharge to the surface waters of the state if such person will be served by the public sewage treatment facility upon construction thereof, any waste that does not comply with the aforesaid pretreatment standards.

30 Compliance Schedule. Amend RSA 149:8, III(a) as inserted by 1973, 590:8 by striking out said subparagraph and inserting in place thereof the following:

III.(a) It shall be unlawful for any person or persons to discharge or dispose of any sewage or waste to the surface water or ground water of the state without first obtaining a written permit from the commission. Applications for permits shall be made upon forms prescribed by the commission and shall contain such relevant information as the commission may require. The commission shall include in such permits effluent limitations, which may be based upon economic and technological factors, upon the classification enacted by the legislature, upon the projected best use of the surface water downstream or upon the requirements of the Federal Water Pollution Control Act as amended from time to time, and all regulations, guidelines and standards promulgated thereunder, whichever provides the most effective means to abate pollution. The commission may also prescribe such other reasonable conditions as may be necessary or desirable in order to fulfill the purposes of this chapter or applicable federal law. Such permits may contain, in the case of sources not in compliance with such effluent limitations at the time the permit is issued, compliance schedules, including interim requirements necessary or desirable in order to fulfill the purposes or requirements of this chapter or applicable federal law, and any such compliance schedules may be imposed without regard to the time limits for abatement of pollution referred to in paragraph II of this section. The commission may prescribe a monitoring program to be performed by the applicant with periodic reports to the commission, including, where appropriate in terms of the nature of the effluent, continuous monitoring. Permits shall be issued for a fixed term, not to exceed 5 years. The commission may revise, modify or suspend in whole or in part or terminate any permit, following hearing, upon a finding that just cause exists for such action. Further, whenever in its judgment the purposes of this chapter will be best served, the commission may require as a condition to the granting of such permits that either the ownership and operation of the collection and treatment facilities involved be vested in the municipality or any subdivision thereof in which the system is located, if said municipality by legal action agrees thereto, or such other reasonable conditions as will ensure continuous and continuing operation and maintenance of the facilities. No permit

shall be granted to utilize the entire assets of the surface water, or in any other case in which the commission determines that the grant of a permit would be inconsistent with the purposes of this chapter. Any determination by the commission under this paragraph shall be subject to appeal as provided for in RSA 149:14.

31 Insert Cross Reference; Certain Information not Confidential. Amend RSA 149:13, II and III as inserted by 1973, 590:9 by striking out said paragraphs and inserting in place thereof the following:

II. The commission, its employees and authorized agents shall at reasonable times have access to any records and monitoring equipment and shall have the authority to sample effluents of any person subject to RSA 149:8, III and RSA 149:4-a. Upon written request of the commission, such person shall provide to the commission such information pertaining to any activities of such person to which this chapter applies as the commission may reasonably require. Any information obtained pursuant to this section or under this chapter shall be available to the public at the offices of the commission, subject to paragraph III.

III. Any other provisions of law notwithstanding, upon a showing satisfactory to the commission by any person that any record, report, or information or any particular part thereof, to which the commission has access, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the commission shall consider such record, report, information or particular part thereof confidential, and it shall thereafter not be disclosed to the public. All financial information shall be considered confidential for purposes of this chapter. Nothing in this section shall preclude the commission from transmitting any such confidential information to any agency of the United States having jurisdiction over water pollution, provided that such agency is authorized by law to maintain the confidentiality of such information and agrees to maintain the confidentiality of any such information. In no case, however, shall effluent data, standards or limitations, names or addresses of permit applicants or permittees, nor permit applications or permits be considered confidential information.

32 Testimonial Privilege. Amend RSA 149:17 by striking out said section and inserting in place thereof the following:

149:17 Testimonial Privilege. No witness shall be excused from testifying or from producing any book or paper in any investigation or inquiry by or upon any hearing before the commission, when ordered to do so by the commission, upon the ground that the testimony or evidence, book or document required of him may tend to incriminate him; but no witness shall be prosecuted in a criminal proceeding for or on account of any act, transaction, matter or thing concerning which under oath, after claiming his privilege, he shall by order of the commission have testified or produced documentary evidence. If it can be shown that the testimony or evidence required may

be harmful to any person or may be used by his competitors, the commission by request shall conduct its hearing in a secret or confidential manner.

33 Penalty. Amend RSA 149:19, I as inserted by 1973, 590:10 as amended by striking out said paragraph and inserting in place thereof the following:

I. Any person who willfully or negligently violates any provision of this chapter; or any rule of the commission adopted pursuant to this chapter; or any condition or limitation in a permit issued under this chapter; or who knowingly makes any material false statement, representation or certification in any application, record, report, plan or other document required to be filed or maintained pursuant to this chapter or pursuant to a rule adopted by the commission under this chapter or who knowingly makes any such statement, representation or certification in connection with any permit issued under this chapter; or who knowingly renders inaccurate, falsifies or tampers with any monitoring device or method required under this chapter or rule of the commission adopted under it or required in connection with any permit issued under this chapter; or who knowingly fails, neglects or refuses to obey any lawful order of the commission, shall, notwithstanding the provisions of RSA title LXII, be punished by a fine of not more than \$25,000 for each day of such violation or imprisoned for not more than 6 months or both.

34 Purpose. Amend RSA 149-E:1 as inserted by 1967, 147:13 as amended by striking out said section and inserting in place thereof the following:

149-E:1 Declaration of Purpose. The purpose of this chapter is to protect water supplies, to prevent pollution in the surface and ground waters of the state as defined in RSA 149 and to prevent nuisances and potential health hazards due to failed individual sewage or waste disposal systems. In exercising any and all powers conferred upon the water supply and pollution control commission under this chapter, the commission shall be governed solely by criteria relevant to the declaration of purpose set forth in this section.

35 Definitions. Amend RSA 149-E:2 by inserting after paragraph XII the following new paragraph:

XIII. "Failure" means the condition produced when a subsurface sewage or waste disposal system does not properly contain or treat sewage or causes or threatens to cause the discharge of sewage on the ground surface or into adjacent surface or ground waters.

36 Maintenance and Operation of Subsurface Septic Systems. Amend RSA 149-E by inserting after section 3-a the following new section:

149-E:3-b Maintenance and Operation of Subsurface Septic Systems. Any person who has installed or otherwise acquired a subsurface sewage or waste disposal system installed in accordance with the provisions of this chapter is required to operate and maintain said system in such a manner as to

prevent a nuisance or potential health hazard due to failure of the system. Failure to so operate and maintain shall be considered a violation of this chapter and shall be subject to the penalty as provided in RSA 149-E:7, IV. The commission or its duly authorized agents are hereby authorized to enter any and all premises at all reasonable hours for the purpose of inspecting and evaluating the maintenance and operating conditions of subsurface sewage or waste disposal facilities. As circumstances warrant, the commission or its duly authorized agents are hereby empowered to issue compliance orders in writing under the provisions of this section. Nothing in this section shall be construed to limit or modify the authority conferred upon the commission or local health officers under the provisions of RSA 147 or upon local officials certified by the commission under the provisions of RSA 149-E:6.

37 Penalties. Amend RSA 149-E:7 by inserting after paragraph III the following new paragraph:

IV. Any person neglecting or refusing to comply with the provisions of RSA 149-E:3-b shall be subject to a civil forfeiture not to exceed \$1,000 for each day of neglect or refusal after notice as provided in RSA 149-E:3-b.

38 Duties of Health Officer of a Town. Amend RSA 128:5 as amended by striking out said section and inserting in place thereof the following:

128:5 Duties; Compensation. The town health officer:

I. Shall enforce the public health laws and rules.

II. Shall make such sanitary investigations as may be directed by the local board of health, or as may be required by the division of public health services.

III. May, upon reasonable information, personal knowledge or belief, in order to safeguard public health or to prevent pollution of any aquifer or body of water, enter upon private property, but not into any living quarters, to investigate and, if necessary, take appropriate action to prevent further pollution.

IV. Shall receive for his services the compensation fixed by the selectmen or the town, except as otherwise provided.

39 Authorized Entry. Amend RSA 128 by inserting after section 5 the following new section:

128:5-a Entry Authorized for Investigation.

I. A health officer of a town or his agent shall not be guilty of criminal trespass pursuant to RSA 635:2 when conducting an investigation of sanitary conditions on private property without the consent of the owner, regardless of whether or not the property is designated a secured premises.

II. The authority to enter private property without the consent of the owner for investigation of sanitary conditions does not include the right to enter into any living quarters situated on private property.

40 Effective Date.

I. Sections 28, 29, 30, 31, 32 and 33 of this act shall take effect January 1, 1986.

II. The remainder of this act shall take effect 60 days after its passage.

The Speaker appointed Reps. Rounds, Arthur Locke, Beverly Gage and Clancy.

COMMITTEE OF CONFERENCE REPORT

The committee of conference to which was referred Senate Bill 32-FN, An Act an omnibus bill relative to public protection having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 270:30 as inserted by section 3 of the bill by striking out same and inserting in place thereof the following:

270:30 Minimum Age for Operation. No person under the age of 15 years shall operate upon the public waters of the state a motorboat or outboard motor having power in excess of 25 horsepower unless he is accompanied by an adult, and such adult shall be liable for personal injury or property damage which may result from such operation. Whoever violates this section shall be guilty of a violation.

Amend the bill by striking out all after section 6 and inserting in place thereof the following:

7 Spectacle Pond. Amend RSA 486 by inserting after section 22 the following new section:

486:23 Spectacle Pond. No person shall use or operate any motorboat or any boat equipped with an outboard motor with a

manufacturer's rated capacity in excess of 7.5 horsepower, nor shall any person exceed a headway speed of 10 miles per hour with any motorcraft upon the waters of Spectacle Pond in the towns of Groton and Hebron. No person shall use or operate jet skis upon the waters of Spectacle Pond in the towns of Groton and Hebron. Whoever violates the provisions of this section shall be guilty of a violation. The department of safety shall post this section at the public landing.

8 Water Supply and Pollution Control Commission Testing.

I. The water supply and pollution control commission shall conduct appropriate testing to determine the effects of continued use of petroleum powered boats on Spectacle Pond in the towns of Groton and Hebron.

II. The water supply and pollution control commission shall commence with the testing on June 17, 1985, and at that time shall post the pond declaring it to be a test pond until September 16, 1985. The department of safety is authorized to prohibit all petroleum powered motorcraft from Spectacle Pond from June 17, 1985, until September 16, 1985. In the event of such a ban the department of safety may, upon application, issue hardship permits to persons physically handicapped as defined in RSA 275-B:10, III and to landowners whose property abuts Spectacle Pond and is not served by an access road.

III. Any person who is issued a hardship permit shall only be allowed to travel by petroleum power directly to and from the public landing to his property or to contiguous property. The operator of the exempted boat shall present such a permit to anyone who requests to inspect it.

IV. The department of safety shall enforce the ban of petroleum powered motorcrafts on Spectacle Pond in the towns of Groton and Hebron during the time of the test. Whoever violates any provisions of this section shall be guilty of a violation.

V. The results of such tests under paragraph II shall be forwarded to the chairman of the senate committee on development, recreation and environment, to the governor and council, and to the chairman of the house committee on public protection and veterans affairs.

9 Automatic Fire Warning. Amend RSA 153:10-a by inserting after paragraph I the following new paragraph:

I-a. Notwithstanding the provisions of this section, public or private hospitals, residential health care facilities, or county nursing homes shall be exempt from the requirements of this section until March 1, 1986.

10 Jet Skis. Amend RSA 270 by inserting after section 30 the following new section:

270:30-a Jet Skis. No person under 15 years of age shall operate jet skis on any waters of the state; nor shall any person operate or allow another person to operate jet skis within 150 feet of one another, other boats or the shore. Any person operating jet skis shall wear a personal flotation device which is Coast Guard

approved type 1 or 2. The owner of any jet ski in violation of this section may be subject to loss of the boat registration for the jet skis and the operator in violation of this section shall be guilty of a violation.

11 Effective Date.

I. Sections 3, 4, 5 and 6 of this act shall take effect 60 days after its passage.

II. Sections 8, 9 and 10 of this act shall take effect upon its passage.

III. Section 7 of this act shall take effect September 17, 1985.

IV. The remainder of this act shall take effect July 1, 1985.

ENROLLED BILLS AMENDMENT

SB 64, removing the responsibility for the state plumbing code from the water supply and pollution control commission and transferring authority for the code to the plumber's licensing board.

Amendment

Amend the bill by striking out all after the section 3 entitled "Plumbers Board; Water Supply and Pollution Control" and inserting in place thereof the following:

4 Repeal. The following are hereby repealed:

I. RSA 329-A:14-a, relative to plumbing inspectors.

II. RSA 330:7, relative to rules and regulations.

III. RSA 330:10, relative to penalties.

IV. RSA 330:11-15, relative to the state plumbing code.

5 Effective Date. This act shall take effect 60 days after its passage.

This amendment renumbers the sections of the bill to correct a numbering error and deletes a duplicate effective date section.

Adopted.

(AFTER RECESS)

VETO MESSAGE ON HB 573

To All Members of the General Court

I regret that I must veto HB 573, relative to Class II highways. Subsequent to my review, and consistent with the revised position of the prime sponsor of the bill, it is clear that the ramifications of the legislation do more than simplify the statutes as was the stated intent.

I believe, as does the sponsor, that this matter warrants further review for consideration in the next session. Therefore, as requested by the sponsor, I vetoed this legislation.

It is unfortunate that the dedication of a bridge in Hopkinton for Leroy R. Kimball,

the naming of a portion of Route 16 for Senator Laurier Lamontagne, and the naming of a bridge in Newton on behalf of Captain John F. Rowe, of the United States Navy, were included in this particular bill. Each of these provisions has significant merit. It is my hope and understanding that these measures will be implemented in legislation to follow.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 573 pass.

Reps. Bibbo, Rounds and Chambers spoke against.

RECESS

(Speaker in the Chair)

Rep. Rounds moved that the House adjourn.
Adopted.

HOUSE JOURNAL 27

Wednesday, 29 May 85

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Heavenly Father, who forgets not a one of us, amidst the confusion of when to observe Memorial Day, help us be resolved to keep a time of remembering our loved ones and all those who have served our State. Especially today we remember with thanksgiving the past members of this House who for 166 years have filled this room with their concerns for our State. Guide us in remembering that we will not have to make the same mistakes again but may build on the wisdom of those we pause to honor. Let our work today be recorded as a positive addition to their sacred memory. Amen.

Rep. Felch led the Pledge of Allegiance.

Rep. Mary Chambers provided an organ accompaniment for the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Kohl, Howard Townsend, Mann and Anderson, the day, illness.

Reps. Frink, Cote, Secord, Zeckhausen, Gerald Smith, Clay, Millard, Allgeyer, Nagel, Hardy, Wallner, Dwyer, Pellow, Reardon, Lionel Boucher, Burton, Mayhew, Michael Jones and Donovan, the day, important business.

Rep. Nichols, the day, death in the family.

Rep. Joseph MacDonald, the day, illness in the family.

INTRODUCTION OF A GUEST

The Speaker introduced David Courson, National Director of the Christian Fellowship.

INTRODUCTION OF FURTHER GUESTS

Kris Courson, wife of David Courson, guests of House Chaplain, David W. Bell; Jack Heeneey and his mother Carol, guests of Rep. Sochalski; students from the Pittsfield Elementary School with their teacher, Miss Haden; Dr. Richard Lalley, guest of Reps. Lown and Holden; Harriette and Joy Hendrickson, guests of Reps. Easton and Holden; William Silverstein, guest of Rep. Tamposi.

SENATE MESSAGE ADOPTION OF COMMITTEE OF CONFERENCE REPORTS

HB 39, providing for the reconstruction of a section of Prescott Road in the town of Raymond and making an appropriation therefor.

HB 64, limiting the liability of persons aiding crime victims.

HB 124, relative to sunset review of aeronautics commission administration and support.

HB 126, relative to sunset review of state office administration.

HB 148-FN, relative to sunset review of industrial development authority.

HB 186, relative to the licensing of home health care providers and making an appropriation therefor.

HB 288, relative to the duties and responsibilities of the department of administrative services.

HB 318, relative to mortgage escrow accounts and jointly held safe deposit boxes.

HB 283, continuing nursing home cost incentive programs.

SB 8, clarifying the water supply and pollution control commission's rulemaking enforcement authority.

SB 61, eliminating the requirement of countersignature by 2 trustees or directors when state banks or trust companies borrow money.

SB 103, authorizing a special town meeting for Pittsfield and legalizing certain town meeting actions.

SB 170, enabling the liquor commission to lease space in its stores for placing automatic teller machines.

SB 220, relative to shortening the statute of limitations for personal actions and certain restrictions on medical injury actions.

SB 32, an omnibus bill relative to public protection.

SB 118-FN, relative to timely filing of returns under the meals and rooms tax.

SB 134, relative to highways to public waters.

OPINION OF THE JUSTICES

The following resolution (HR 29) adopted by the House of Representatives on March 30, 1985, was filed in this court on April 8, 1985:

WHEREAS, in 1983 the New Hampshire Supreme Court stated that it should be reluctant to reconsider the validity of the doctrine of sovereign immunity 'until the legislature has been given an opportunity to correct the present procedural and financial inadequacies of statutes relating to sovereign immunity,' State v. Brosseau, 124 N.H. 184, 192 (1983); and

WHEREAS, HB 440 has been introduced and amended by the judiciary committee of the house of representatives and is now pending before the house of representatives; and

WHEREAS, HB 440, as amended, waives the immunity of the state with respect to claims against the state and its employees to a

maximum recovery of \$250,000 per claimant and \$2,000,000 per incident with certain specified exceptions; and

WHEREAS, the intention of HB 440, as amended, is to provide a comprehensive procedure for bringing claims against the state and its employees and to address the procedural and financial inadequacies of existing legislation; RSA 541-B; and

WHEREAS, in the view of the house of representatives HB 440, as amended, provides a reasonable system of compensation to satisfy the claims of persons injured by the negligent acts of state officers or employees while preserving the integrity of necessary governmental functions and decision-making; and

WHEREAS, questions have been raised concerning the constitutionality of this legislation; be it

RESOLVED by the House of Representatives: That the justices of the Supreme Court are respectfully requested to give their opinion upon the following questions of law:

1. Is it permissible under Part I, Article 14 of the New Hampshire Constitution for the state to impose limitations on recovery by a person injured by the negligent acts of a state official or employee?

2. If the answer to question one is in the affirmative, are the limitations on recovery set forth in HB 440, as amended, permissible under the New Hampshire Constitution?

"That the clerk of the house of representatives transmit copies of this resolution to the justices of the New Hampshire Supreme Court."

The following answer was returned:

To the House of Representatives:

The undersigned Justices of the Supreme Court submit the following reply to your request for an opinion as to the constitutionality of the provisions of House Bill No. 440 (HB 440), as amended. Interested parties were permitted to file memoranda with the court until April 19, 1985.

I. Introduction

"The doctrine of sovereign immunity is deeply entrenched in this jurisdiction." *Krzyształowski v. Fortin*, 108 N.H. 187, 188, 230 A.2d 750, 751 (1967). ("The State is . . . immune from suit in its courts (unless it) consent(s)" *Sousa v. State*, 115 N.H. 340, 342, 341 A.2d 282, 283 (1975). Hence, absent consent, the State is not subject to suit for the tortious conduct of its agents. See, e.g., *Dunaitsky v. State*, 122 N.H. 280, 282, 444 A.2d 532, 534 (1982) (negligence claim of police officer against State hospital for injuries inflicted by escapee of hospital barred); *Niles v. Healy*, 115 N.H. 370, 371-72, 343 A.2d 226, 227-28 (1975) (negligence claim of State liquor store patron for injuries arising from slip on ice outside store

barred): *Sousa v. State*, supra at 345, 341 A.2d at 285-86 (negligence claim for injuries resulting from collapse of State owned and maintained bridge barred). At common law, "municipal corporations (were similarly) immune from liability for torts arising out of negligence in the performance of governmental functions," *Opinion of the Justices*, 101 N.H. 546, 548, 134 A.2d 279, 280 (1957), but not of proprietary functions, *Merrill v. Manchester*, 114 N.H. 722, 726, 332 A.2d 378, 381 (1974).

Despite the firmly established position of the sovereign immunity doctrine, this court increasingly has criticized and expressed doubts as to the validity of its various aspects. Chief Justice Kenison writing for the court in *Krzyształowski v. Fortin*, supra at 189, 230 A.2d at 752, stated, "the writer of this opinion . . . takes a dim view of governmental immunity." In *Merrill v. Manchester*, supra at 729, 332 A.2d at 383, this court significantly altered the common law immunity of municipalities by abolishing the governmental-proprietary function distinction. Most recently, in *State v. Brosseau*, 124 N.H. 184, 193-203, 470 A.2d 869, 875-81 (1983), Justices Douglas and Batchelder in a special concurrence urged the court to hold unconstitutional the statutes conferring immunity on the State.

In *State v. Brosseau* supra, the opinion of the court stated that judicial action on the validity of the doctrine of sovereign immunity should be deferred "until the legislature has been given an opportunity to correct the present procedural and financial inadequacies of statutes relating to sovereign immunity." *State v. Brosseau*, supra at 192, 470 A.2d at 874. Similarly, in *Tilton v. Dougherty*, 126 N.H. , , A.2d , , (decided March 27, 1985), Justice Brock, writing for the court, stated, "whatever future the [sovereign immunity] doctrine may have depends on the merits of the legislative response to the widespread dissatisfaction with it."

As the resolution certifying the bill to our consideration makes clear, HB 440 is a legislative response to the increasing criticism of the sovereign immunity doctrine. HB 440 addresses this criticism by, among other things: (1) preserving the sovereign immunity of the State and the official immunity of its officials and employees except where the bill or other legislation waives the immunities; (2) waiving these immunities for claims by persons injured by negligent acts of State employees, subject to certain exceptions and restrictions; (3) establishing procedures for the adjudication of such claims; and (4) limiting the damages recoverable against the State to a maximum of \$250,000 per claimant and \$2,000,000 per incident.

In certifying HB 440 for our opinion, the House of Representatives asks us the following two questions:

"1. Is it permissible under Part I, Article 14 of the New Hampshire Constitution

for the state to impose limitations on recovery by a person injured by the negligent acts of a state official or employee?

"2. If the answer to question one is in the affirmative, are the limitations on recovery set forth in HB 440, as amended, permissible under the New Hampshire Constitution?"

In presenting our opinion, we address, first, the constitutional principles at issue, and, second, the specific provisions of HB 440.

II. The Constitution

Part I, article 14 of the State Constitution provides:

"Every subject of this state is entitled to a certain remedy, by having recourse to the laws, for all injuries he may receive in his person, property, or character; to obtain right and justice freely, without being obliged to purchase it; completely, and without any denial; promptly, and without delay; conformably to the laws."

"The purpose of (this provision) is to make civil remedies readily available, and to guard against arbitrary and discriminatory infringements on access to courts." Estate of Cargill v. City of Rochester, 119 N.H. 661, 665, 406 A.2d 704, 706 (1979).

Our constitution guarantees State citizens equal protection under the law. N.H. CONST. pt. I, arts. 2 and 12. Principles of equal protection are intended to ensure that persons similarly situated are similarly treated by government. See Gazzola v. Clements, 120 N.H. 25, 29, 411 A.2d 147, 151 (1980). Under the equal protection provisions, "the right to recover for personal injuries is . . . an important substantive right." Carson v. Maurer, 120 N.H. 925, 931-32, 424 A.2d 825, 830 (1980). Accordingly, legislative classifications of that right "must be reasonable, not arbitrary, and must rest upon some ground of difference having a fair and substantial relation to the object of the legislation" in order to satisfy State equal protection guarantees." Id. at 932, 424 A.2d at 830-31 (quoting State v. Scoville, 113 N.H. 161, 163, 304 A.2d 366, 369 (1973) (citations omitted)).

"The continued existence of any application of the doctrine of sovereign immunity depends upon whether the restrictions it places on an injured person's right to recovery be not so serious that (they) outweigh() the benefits sought to be conferred upon the general public." State v. Brosseau, 124 N.H. 184, 197, 470 A.2d 869, 878 (1983) (Douglas and Batchelder, JJ., concurring specially). We therefore identify the policy considerations that support and those that oppose the continuation of the immunity doctrine.

Four considerations support continuation of the immunity doctrine. First, exposure to liability would force the State to obtain funds to satisfy, process, and insure against claims against the State by either increasing revenues or diverting funds from other uses. See State v. Brosseau, *supra* at 197-98, 470 A.2d at 878 (Douglas and Batchelder, JJ., concurring specially); W. Prosser, Handbook of the Law of Torts 131, at 975 (4th ed. 1971). If the State incurred significant liability, the payment of these costs could impair the financial ability of the State to render governmental services. Second, exposure to liability for the State's tortious performance of functions that it alone can perform, such as law enforcement, in a sense, would penalize the State for undertaking these obligations. See State v. Brosseau, 124 N.H. at 200-02, 470 A.2d at 880-81 (Douglas and Batchelder, JJ., concurring specially). Unlike an individual or private entity, which can select its activities to minimize its liability exposure, the State may not eschew certain functions, even if the attendant liability exposure is onerous. Third, exposure to liability could inhibit the ability of the legislature and the executive to exercise effectively their discretion. See *id.*; Lipman v. Brisbane Elementary Sch. Dist., 55 Cal.2d 224, 229-30, 11 Cal. Rptr. 97, 99, 359 P.2d 465, 467 (1961); DuBREE v. Commonwealth, 393 A.2d 293, 295, (Pa. 1978). To allow persons to challenge a governmental policy on the ground that it was negligently developed would force courts to re-evaluate the policy's wisdom and thus to invade the prerogatives of the legislature and the executive. See N.H. CONST. pt. I, art. 37 (separation of powers). Finally, exposure to liability for the judiciary's negligent disposition of suits would greatly impair the ability of the courts to render final judgments and could undermine the confidence in the court system that is essential to its effective operation. See K. Davis, Administrative Law Treatise 25.13, 25.16 (1958).

Against these four considerations must be weighed the constitutional principle "that all citizens have a right to the redress of their actionable injuries" and the policy that a person or entity that "unreasonably interferes with the interests of another should be liable for the resulting injury." Gould v. Concord Hospital, 126 N.H. _____, _____ A.2d _____, _____ (decided April 18, 1985); N.H. CONST. pt. I, art. 14. Also supporting abrogation of the immunity doctrine is the fact that its historical justifications are no longer sound. See Merrill v. Manchester, 114 N.H. 722, 724-26, 332 A.2d 378, 380-81 (1974).

The scope of the legislature's authority to immunize the State from tort liability depends on a balancing of the considerations supporting and opposing continuation of the immunity doctrine. In Merrill v. Manchester, *supra*, this court abolished the rule that a municipality is immune from liability for torts arising from its performance of

governmental, but not proprietary, functions. The court stated that the availability of insurance, the likelihood that liability exposure would encourage responsible government, and the principle that a party should be liable for the injuries it causes others militate against governmental immunity. *Id.* at 728-29, 332, A.2d at 383. The court measured these considerations against the need to foster effective operation of the judicial, legislative, and policy-making functions of municipal governments. The court established a balance between these two sets of considerations by extending a municipality's potential liability to include liability for its torts not arising from "acts or omissions constituting (a) the exercise of a legislative or judicial function, (or) (b) the exercise of an executive or planning function involving the making of a basic policy decision which is characterized by the exercise of a high degree of official judgment or discretion." *Id.* at 729, 332 A.2d at 383. We find the analysis of *Merrill* helpful.

As the opinions in *State v. Brousseau*, 124 N.H. 184, 470 A.2d 869 (1983), and *Tilton v. Dougherty*, 126 N.H. ___, A.2d ___ (decided March 27, 1985), reveal, this court is not unanimous in assigning relative weight to the considerations urged in support of and in opposition to the doctrines of sovereign and official immunity. Some members of the court would rest the constitutional analysis in this case on the ground that any assertion of sovereign or official immunity is presumptively unconstitutional, but nonetheless justifiable within certain limits. For these members of the court, immunity would be justifiable with respect to claims arising from "acts or omissions constituting (a) the exercise of a legislative or judicial function, (or) (b) the exercise of an executive or planning function involving the making of a basic policy decision which is characterized by the exercise of a high degree of official judgment or discretion." *Merrill v. Manchester*, 114 N.H. at 779, 332 A.2d at 383. All but one of these members of the court would also recognize the possibility of an assertion of immunity in certain other cases in the form of reasonable limits on recovery.

Other members of the court would assign a greater relative weight to the considerations favoring immunity, and would decline to begin the analysis by recognizing any broad presumption against the constitutionality of the immunity doctrines. These members of the court would agree that immunity should be recognized in the instances described in the foregoing quotation from *Merrill*, and would likewise recognize that reasonable dollar limitations on recovery are constitutional.

Thus despite different starting points, the court is unanimous in its judgments concerning all but one of the basic features of the amended bill. Moreover, the court is unanimous in finding that the bill would create certain equal protection problems by its proposed demarcation between protected

and unprotected activities. The practical result is either a majority or unanimity within the court on the results of applying constitutional analyses to the bill. With this background, we turn to consider the provisions of the bill in detail.

III. House Bill 440

In reviewing the bill, we confine our attention to three of its aspects: A. the substantive scope of liability imposed on the State; B. the notice required to be given the State before a claim against the State may be filed; and C. the limits set on damages recoverable against the State.

A. Substantive Scope of Liability

HB 440 proposes to withdraw the shield of sovereign immunity to allow against the State actions alleging a "request for monetary relief for bodily injury, death or property damages caused by the failure of the state or state officers, trustees, officials, employees, or members of the general court to follow the appropriate standard of care when that duty was owed to the person making the claim." (Proposed RSA 541-B:1, II-a.) The bill thus allows negligence actions to be maintained against the State for the above-specified types of injuries. Complementing and qualifying this allowance of negligence claims are six provisions retaining the State's immunity under certain circumstances. To determine whether the substantive scope of liability imposed on the State is constitutionally sufficient, we consider, first, the constitutionality of limiting actionable injuries to "bodily injury, death or property damages," and, second, the constitutionality of the six provisions detailing the circumstances under which the immunity of the State is retained.

By authorizing recovery only for "bodily injury, death or property damages," the bill denies recovery for otherwise actionable injuries, including emotional distress, loss of consortium, interference with economic relations, and invasion of privacy. We see no basis for excluding recovery for these injuries, while allowing recovery for the specified injuries. The State's interest in minimizing its liability does not depend on the nature of the injury inflicted; nor does the plaintiff's interest in obtaining recovery necessarily depend on the nature of the injury suffered. A plaintiff whose car has been damaged due to the negligence of a State employee cannot rationally be said to be more entitled to relief than a plaintiff who has suffered the emotional trauma of witnessing a loved one negligently injured or killed at the hands of that same employee. We therefore find that the State may not authorize recovery for certain injuries, to the exclusion of others.

We next address the six provisions in HB 440 that specify the circumstances under which the State retains its immunity. To opine on their constitutionality, we address the provisions in turn.

1. Proposed RSA 541-B:19, I(a)
 "Any claim which is based upon the exercise of a legislative or judicial function."

The effective exercise of legislative discretion and the ability of the courts to render final judgments and to maintain confidence in the judiciary would be greatly impaired by exposure to liability for the tortious exercise of legislative or judicial functions. Continuing the immunity in these areas is therefore permissible.

2. Proposed RSA 541-B:19, I

"Any claim based upon the exercise or performance or the failure to exercise or perform a discretionary function or duty on the part of the state or any state agency or a state officer, employee, or official acting within the scope of his office or employment."

In the broad spectrum of official actions that can be called discretionary, there is a point at which the exercise of discretion is no longer characterized by a choice of policy and becomes simply a choice of means to implement policy. As to the former type of actions, the members of this court are not prepared to state the extent to which the legislature may immunize the State and its officials from tort liability. We recognize, however, that under the constitutional principle of separation of powers, N.H. CONST. pt. I, art. 37, certain actions of the executive are clearly immune. For these actions, we adopt the following test:

"When the particular conduct which caused the injury is one characterized by the high degree of discretion and judgment involved in weighing alternatives and making choices with respect to public policy and planning, governmental entities should remain immune from liability. . . .

Whitney v. Worcester, 373 Mass. 208, 217-19, 366 N.E. 2d 1210, 1216 (1977). We therefore would uphold this provision to the extent that it immunizes the State in its exercise of an executive or planning function involving the making of a basic policy decision that is characterized by a high degree of official judgment or discretion. We render no opinion on the constitutionality of this provision to the extent that it confers immunity broader than that contemplated in the standard recited above.

3. Proposed RSA 541-B:19, I(d)

"Any claim arising out of an intentional tort, including assault, battery, false imprisonment, false arrest, intentional mental distress, malicious prosecution, malicious abuse of process, libel, slander, misrepresentation, deceit, invasion of privacy, interference with advantageous relations, or interference with contractual relations."

Among HB 440's limitations on the tort liability of the State, this provision's conference of intentional tort immunity is the most sweeping. Although we would uphold the constitutionality of this provision if its application were narrower, we find the present version overly broad.

In balancing the citizen's constitutional right to the redress of his actionable injuries against the State's interest in limiting its tort liability, we believe that the State may immunize itself and its officials from intentional tort liability whenever the offending State employee acted under a reasonable belief that his conduct was authorized by law. Liability should arise only if the employee did not reasonably believe in the lawfulness of his conduct. As is more fully discussed below, we would so circumscribe the potential liability of the State because unbundled liability exposure in our view would discourage diligent service on the part of State personnel and thus would impair the functioning of State government.

The functioning of government necessarily entails certain personally intrusive actions by the State, such as the making of arrests, the condemnation of property, or the garnishment of wages. Because these intrusions are almost always intentional, such an intrusion, if not authorized by law, may well constitute an intentional tort.

Although we fully expect government personnel to be familiar with and to conform their conduct to the law, we recognize that unfamiliarity with the subtler nuances of the law may occasionally lead State personnel to overstep its bounds and thereby to injure unlawfully the interests of a third party.

To hold the State liable when the employee or official reasonable believes that his conduct conforms to the law would in our opinion have a chilling effect on the morale and motivation of government personnel. Given the societal importance of maintaining vigilant government personnel, we believe that the State is not constitutionally compelled to expose itself to liability for intentional torts committed by government officials or employees who act under a reasonable belief in the lawfulness of their conduct.

We do not find a similarly compelling rationale for insulating the State from liability for intentional torts not grounded on a reasonable belief in the lawfulness of the disputed act. We therefore conclude that, in such instances, the citizen's constitutional right to the redress of injuries prevails.

We recognize that exposing the State to even this limited liability for its intentional torts sharply breaks with precedent. We note, however, that the window of liability opened by our construction of HB 440 is small. The State's liability in tort is vicarious. To establish the State's intentional tort liability, a plaintiff thus must prove that the offending State employee not only lacked a reasonable belief in the lawfulness of his conduct, but also acted within the scope of

his employment. See Chalmers v. Harris Motors, 104 N.H. 111, 116, 179 A.2d 447, 451 (1962). Establishing both of these elements in most instances should prove a difficult task. If both elements can be proved, imposition of liability on the State, however, is the only just recourse.

4. Proposed RSA 541-B:19, I(b)

"Any claim based upon an act or omission of a state officer, employee, or official when such officer, employee, or official is exercising due care in the execution of any statute or any rule of a state agency."

This provision's retention of sovereign immunity in instances where State employees or officials act with reasonable care does not affect the State's exposure to liability. As we have previously discussed, liability for negligence will arise only on the failure of an employee to exercise reasonable care and for an intentional tort only on the failure of an employee to act under a reasonable belief in the lawfulness of his conduct. We can imagine no circumstances under which an employee's exercise of reasonable care would create tort liability on the part of the State. This provision therefore raises no apparent constitutional problems.

5. Proposed RSA 541-B:19, I(e) and (f)

"Any claim arising in respect to the assessment or collection of any tax, or the lawful detention of any goods or merchandise by any law enforcement officers."

"Any claim arising out of the ownership, occupation, maintenance, or operation of public sidewalks, streets, highways, or publicly owned airport runways or taxiways."

The sweeping immunity conferred by these provisions is not constitutionally justifiable. We believe that the State's interest in minimizing its liability exposure is adequately served by retention of the State's immunity for injuries caused in the exercise of a legislative, judicial, or planning function, and for intentional torts based on a reasonable belief in the lawfulness of the offensive act. If the legislature wishes to further insulate the State from the consequences of its tortious conduct, it must employ measures that do not purport to reduce the substantive scope of the State's liability. We therefore believe that the constitution prohibits retention of the immunity recited in the provisions above.

B. Statute of Limitation and Notice of Claim Requirement

HB 440 proposes to amend RSA 541-B:14, 1V to provide:

"Any claim submitted under this chapter shall be brought within 6 years of the date of the alleged bodily injury or property damage or the wrongful death

resulting from bodily injury; provided, however, that the agency is notified by mail within 180 days of the alleged bodily injury or property damage sustained by the claimant. Such notification may be made either by the claimant or an appropriate representative of the claimant."

The bill thus establishes a six-year limitations period and a six-month notice of claim period. We address these two provisions in turn.

Because "(i)t is manifestly unfair to foreclose an injured person's cause of action before he has had a reasonable chance to discover its existence," French v. R. S. Audley, Inc., 123 N.H. 476, 479, 464 A.2d 279, 282 (1983), we have construed various limitations statutes to begin to run when the plaintiff knows, or, in the exercise of reasonable care, should know, that he has suffered an injury and that it may have been caused by the defendant. Id. at 480, 464 A.2d at 282 (tortious property damage); Carson v. Maurer, 120 N.H. 925, 936, 424 A.2d 825, 833 (1980) (medical malpractice); Raymond v. Eli Lilly & Co. 117 N.H. 164, 174-75, 371 A.2d 170, 176-77 (1977) (drug products liability); McKee v. Riordan, 116 N.H. 729, 730-31, 366 A.2d 472, 473 (1976) (legal malpractice). We see no reason justifiable, under an equal protection analysis, for denying persons injured by the State this rule's protection. We therefore find that the "discovery rule" governs the accrual of causes of action under this limitations provision. Since the limitations period is otherwise equivalent to the period accorded personal injury actions against private tortfeasors, RSA 508:4, it raises no other constitutional issues.

The notice of claim provision has two purposes: to allow the State to investigate claims promptly after an injury, and to permit the State to pursue settlement negotiations prior to the institution of suit. See Johnson v. City of Fairbanks, 583 P.2d 181, 187 n.19 (Alaska 1978). Although these are permissible objectives, the loss of rights of action for failure to satisfy the notice requirement is a penalty grossly disproportionate to these intended benefits. We therefore uphold the provision to the extent that noncompliance does not result in forfeiture of any rights of action against the State. Viewed in this light, the provision's language is directory, not mandatory or jurisdictional. Only by thus reading the statute are the interests of the plaintiff, as well as those of the State protected. Cf. Reich v. State Highway Dep't, 386 Mich. 617, 623-24, 194 N.W.2d 700, 702 (1972) (sixty-day notice provision violated federal and state constitutions); Turner v. Staggs, 89 Nev. 230, 235, 510 P.2d 879, 882-83 (six-month notice provision violated federal constitution), cert. denied, 414 U.S. 1079 (1973).

The same reasoning that we have applied to the six-month notice provision requires us to strike down the bill's provision limiting interest on judgments against the

State to the period following judgment. (Proposed RSA 541-B:14, III) RSA 524:1-b provides generally that interest shall run from the date of the writ. We see no basis for distinguishing between the State or its officials and other defendants on this matter.

C. Damage Limits

HB 440 proposes to amend RSA 541-B:14, I to provide:

"All claims arising out of any single incident against any agency for damages in tort actions shall be limited to an award not to exceed \$250,000 per claimant and \$2,000,000 per any single incident, or the proceeds from any insurance policy procured pursuant to RSA 412:3, whichever amount is greater"

The bill thus establishes two damage ceilings: \$250,000 per claimant and \$2,000,000 per incident. The constitutionality of these limitations turns on whether "the restrictions . . . place(d) on an injured person's right to recovery" by these limitations "be not so serious that (they) outweigh () the benefits sought to be conferred upon the general public." *State v. Brosseau*, 124 N.H. 184, 197, 470 A.2d 869, 878, (1983) (Douglas and Batchelder, JJ., concurring specially). We find that this test is satisfied and therefore uphold the per claimant and the per incident damage ceilings.

The authority of the legislature to set reasonable limits on damages recoverable against governmental entities is well established. See *Estate of Cargill v. City of Rochester*, 119 N.H. 661, 669, 406, A.2d 704, 708-09 (1979); *Merrill v. Manchester*, 114 N.H. 722, 730, 332 A.2d 378, 384 (1974). In *Estate of Cargill* we upheld the constitutionality of RSA 507-B:4 (1977) which limited tort damages recoverable from political subdivisions of the State to \$50,000 per person for bodily injuries. *Estate of Cargill v. City of Rochester*, 119 N.H. at 669, 406 A.2d at 709. We found that the relationship between tort plaintiffs and governmental units was distinguishable from the relationship between plaintiffs and nongovernmental tortfeasors, and therefore held that the two classes of plaintiffs, in this respect, are not similarly situated. Among these distinguishing features is the fact that citizens have a legal right to influence the policies of their government, including its decisions on safety precautions, employee conduct, and the acquisition of liability insurance. *Id.* at 666-67, 406, A.2d at 706-07; cf. *Park v. Rockwell Int'l Corp.*, 121 N.H. 894, 898-99, 436 A.2d 1136, 1138-39 (1981) (\$1,200 limit on damages for funeral expenses of decedents without dependents in workers' compensation cases invalid); *Carson v. Maurer*, 120 N.H. 925, 941-44, 424 A.2d 825, 836-38 (1980) (\$250,000 limit on damages for noneconomic losses in medical malpractice cases invalid). We note that this special characteristic of the government-tortfeasor

citizen-plaintiff relationship is present where the tortfeasor is the State and therefore find this aspect of the *Cargill* analysis persuasive.

We earlier noted that the State had an interest in minimizing its liability exposure because if the State incurred significant liability, the payment of claims could impair the financial ability of the State to render governmental services. Recognizing the risk posed by unlimited liability exposure, as well as the unique characteristics of the State-tortfeasor citizen-plaintiff relationship, we hold that reasonable recovery limits are constitutionally permissible.

The \$250,000 per claimant limitation distinguishes between persons injured by the State and persons injured by other tortfeasors. Although a plaintiff's legitimate damages may exceed this ceiling, we find that, even "(g)iven the soaring costs of medical services, legal expenses, and other damages likely to be sustained by tort victims," this limit adequately balances the competing interests of the State and of the personal injury plaintiff at this time. *Estate of Cargill v. City of Rochester*, 119 N.H. at 668-69, 406 A.2d at 708 (1979). We therefore uphold its constitutionality.

The \$2,000,000 per incident limitation will apply only in certain instances where there are more than eight persons claiming damages from the State for the same incident. (\$250,000 per person limit X 8 plaintiffs = \$2,000,000 per incident limit.) In such an instance, the hardship occasioned by application of this provision could be severe. If, for example, a fire attributable to the negligence of the State causes injuries to 100 people, the average amount of damages that could be recovered by each individual would be at most \$20,000. Given the fact that this figure would likely have to be further reduced by the payment of attorney's fees and court costs, the final amount obtained by an individual plaintiff might compensate him for only a fraction of his injuries.

Although we recognize the potential hardship posed by this provision, we also recognize that any similar restriction will pose the same problems. Since we have determined that the legislature may constitutionally limit the damages recoverable from the State, the only issue before us is whether the \$2,000,000 limit is a reasonable exercise of the legislature's authority. "We are not prepared to say . . . that (the limit) is so severe as to be 'very wide of any reasonable line of demarcation.'" *Estate of Cargill v. City of Rochester*, 119 N.H. at 669, 406 A.2d at 708 (1979) (quoting *Opinion of the Justices*, 113 N.H. 205, 213, 304 A.2d 881, 887 (1973)). It is therefore constitutional.

DOUGLAS, J. I fully agree with this opinion with the exception of section III C, upholding dollar limits on recovery, for the

reasons stated in my dissent in *Estate of Cargill v. City of Rochester*, 119 N.H. 661, 670, 406 A.2d 704, 709 (1979)

SUSPENSION OF RULES

Reps. Rounds and Chambers moved that the Rules be so far suspended as to permit consideration of HB 440, relative to sovereign immunity, at the present time, without required notice in the Calendar and after the deadlines.

Adopted by the necessary two-thirds.

COMMITTEE REPORT

HB 440, relative to sovereign immunity. Ought to Pass with Amendment.

This bill establishes a procedure for those who suffer injury or property damage through the negligent acts of state employees to bring claims against the state. Immunity from suit is retained for judicial and legislative functions as well as for certain executive branch functions. Recovery is limited to \$250,000 per claimant or \$2 million per incident.

The bill, as amended, is intended to remedy the procedural and financial inadequacies of the current law and reflects changes suggested in the opinion of the Justices on this bill. Vote 11-2. Rep. Donna P. Sytek for Judiciary.

Amendment

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Policy. Amend RSA 99-D:1 (supp) as inserted by 1978, 43:1 by striking out said section and inserting in place thereof the following:

99-D:1 Statement of Policy. It is the intent of this chapter to protect state officers, trustees, officials, employees, and members of the general court who are subject to claims and civil actions arising from acts committed within the scope of their official duty while in the course of their employment for the state and not in a wanton or reckless manner. It is not intended to create a new remedy for injured persons or to waive the state's sovereign immunity which is extended by law to state officers, trustees, officials, and employees. The doctrine of sovereign immunity of the state, and by the extension of that doctrine, the official immunity of

officers, trustees, officials, or employees of the state or any agency thereof acting within the scope of official duty and not in a wanton or reckless manner, except as otherwise expressly provided by statute, is hereby adopted as the law of the state. The immunity of the state's officers, trustees, officials, and employees as set forth herein shall be applicable to all claims and civil actions, which claims or actions arise against such officers, trustees, officials, and employees in their personal capacity or official capacity, or both such capacities, from acts or omissions within the scope of their official duty while in the course of their employment for the state and not in a wanton or reckless manner.

2 Defenses. Amend RSA 99-D:6 (supp) as inserted by 1978, 43:1 by striking out said section and inserting in place thereof the following:

99-D:6 Defenses not Waived. Nothing contained in this chapter shall be construed or held to constitute a waiver of any defense otherwise available against the claim.

3 Chapter Heading. Amend the chapter heading of RSA 541-B by striking out said heading and inserting in place thereof the following:

CLAIMS AGAINST THE STATE

4 Definition. Amend RSA 541-B:1, I (supp) as inserted by 1977, 595:2 by striking out said paragraph and inserting in place thereof the following:

1. "Agency" means all departments, boards, offices, commissions, institutions, other instrumentalities of state government, and the general court, including any official or employee of same when acting in the scope of his elected or appointed capacity, but excluding political subdivisions of the state.

5 Definition. Amend RSA 541-B:1 by inserting after paragraph II the following new paragraph:

II-a. "Claim" means any request for monetary relief for bodily injury, personal injury, death or property damages caused by the failure of the state or state officers, trustees, officials, employees, or members of the general court to follow the appropriate standard of care when that duty was owed to the person making the claim. As used in this section, "claim" shall include any right of action for money damages which either expressly or by implication arises from any law, unless another remedy for such claim is expressly provided by law.

6 Jurisdiction for Claims. Amend RSA 541-B:9 (supp) as inserted by 1977, 595:2 by striking out said section and inserting in place thereof the following:

541-B:9 Jurisdiction.

1. Claims under this chapter shall be brought solely in accordance with the provisions of this chapter.

II. The board shall have original and exclusive jurisdiction to investigate, conduct hearings and make decisions, and render or deny awards on all claims under this chapter not exceeding \$5,000 against any agency, except those claims arising

under workers' compensation, unemployment compensation, eminent domain proceedings, RSA 110-B:73, RSA 207:22-25, RSA 228:29, and RSA 491:8.

III. The board shall have concurrent jurisdiction to investigate, conduct hearings and make decisions, and render or deny awards, except those claims arising under workers' compensation, unemployment compensation, eminent domain proceedings, RSA 110-B:73, RSA 207:22-25, RSA 228:29 and RSA 491:8, with the superior court on all claims in excess of \$5,000, but not exceeding \$50,000, against any agency.

IV. Except as otherwise provided, the superior court shall have original and exclusive jurisdiction of all claims in excess of \$50,000 against any agency.

7 Powers and Duties of Board. Amend RSA 541-B:10, IV (supp) as inserted by 1977, 595:2 by striking out in line 8 the words "or submitted a recommendation and proposed bill to the committee" so that said paragraph as amended shall read as follows:

IV. The findings and recommendations of the board or any payment of a claim authorized by said board shall only be subject to a judicial appeal by the petitioner in accordance with RSA 541. The board may by unanimous action order a rehearing on any matter before it, if in its opinion there are sufficient equitable reasons on behalf of any party to the proceedings so that a rehearing should be granted; provided, however, no rehearing on any matter shall be permitted after the board has authorized a payment of a claim.

8 Procedure for Board Claims. Amend RSA 541-B:11 (supp) as inserted by 1977, 595:2 by striking out said section and inserting in place thereof the following:

541-B:11 Procedure. The procedure for the filing and adjudication of claims is as follows:

I. The claimant shall first file the claim in writing with the agency involved.

II. When a claim has been filed with any agency, the head of the agency shall make or cause to be made a preliminary investigation and provide the attorney general with the results of such investigation.

III. Any person initiating a claim with the board under the provisions of RSA 541-B:9, II or III shall file the claim with the secretary of state, who shall forward the claim to the board.

IV. The secretary of state shall notify the agency, the attorney general, and the claimant of the next scheduled quarterly meeting of the board and of the pertinent information as to when the claim has been scheduled for a hearing. The claimant, attorney general, and agency shall have at least 10 days' written notice of the date, time and place of the hearing.

V. When a claim is forwarded to the board by the secretary of state, the board shall schedule such claim for a hearing no later than the next succeeding quarterly meeting of the board, if the board has met in the current quarter or not enough time is left within said quarter to comply with the notice required pursuant to

paragraph IV. Upon the request of any party, the board may continue any claim until a succeeding quarterly meeting in order that the party may perform necessary and adequate discovery.

VI. The claimant may represent himself or he may be represented by an attorney. The claimant may subpoena witnesses and compel their attendance, and also may require the production of books, papers and documents. The attorney general shall represent the agency.

VII. All hearings before the board shall be subject to the provisions of RSA 91-A.

9 Payment of Claims. Amend RSA 541-B:13 (supp) as inserted by 1977, 595:2 by striking out said section and inserting in place thereof the following:

541-B:13 Payment of Claims. Whenever the board by majority vote finds that payment to a claimant is justified, or a judgment by the superior court becomes final, the governor shall draw his warrant for said payment out of any money in the treasury not otherwise appropriated, and said sums are hereby appropriated.

10 Recovery Limited. Amend RSA 541-B:14, I (supp) as inserted by 1977, 595:2 by striking out said paragraph and inserting in place thereof the following:

541-B:14 Limitation on Action and Claims.

I. All claims arising out of any single incident against any agency for damages in tort actions shall be limited to an award not to exceed \$250,000 per claimant and \$2,000,000 per any single incident, or the proceeds from any insurance policy procured pursuant to RSA 412:3, whichever amount is greater; except that no claim for punitive damages may be awarded under this chapter.

11 Interest. Amend RSA 541-B:14, III and IV (supp) as inserted by 1977, 595:2 by striking out said paragraphs and inserting in place thereof the following:

III. The payment of interest shall be granted on any award authorized under this chapter at the rate provided in RSA 336:1 in the same manner as is provided for in civil actions generally.

IV. Any claim submitted under this chapter shall be brought within 6 years of the date of the alleged bodily injury, personal injury, or property damage or the wrongful death resulting from bodily injury; provided, however, that the agency is notified by mail within 180 days of the alleged injury or property damage sustained by the claimant. Such notification may be made either by the claimant or an appropriate representative of the claimant. Failure to give notice to the agency as required by this section shall not bar the commencement of any action within the applicable limitation period.

12 Rights Against Others. Amend RSA 541-B:15 (supp) as inserted by 1977, 595:2 by striking out said section and inserting in place thereof the following:

541-B:15 Claimants' Rights Against Others. The adjudication by the board or the superior court on any claim before it shall not deprive the claimant of any other

legal rights he may have against another party.

13 Attorneys' Fees; Limited Sovereign Immunity. Amend RSA 541-B by inserting after section 17 the following new sections:

541-B:18 Attorneys' Fees. No attorney representing a claimant shall charge or collect fees for legal services rendered to the claimant unless the fees have been approved by the board or the superior court, as the case may be. In determining the amount of allowable fees, the board or the superior court shall consider, among other things, the nature, length, and complexity of the services performed, the usual and customary charge for work of like kind, and the benefits resulting to the claimant as a result of the legal services performed.

541-B:19 Exceptions.

I. Without otherwise limiting or defining the sovereign immunity of the state and its agencies, the provisions of this chapter shall not apply to:

(a) Any claim which is based upon the exercise of a legislative or judicial function.

(b) Any claim based upon an act or omission of a state officer, employee, or official when such officer, employee, or official is exercising due care in the execution of any statute or any rule of a state agency.

(c) Any claim based upon the exercise or performance or the failure to exercise or perform a discretionary, executive or planning function or duty on the part of the state or any state agency or a state officer, employee, or official acting within the scope of his office or employment.

(d) Any claim arising out of an intentional tort, including assault, battery, false imprisonment, false arrest, intentional mental distress, malicious prosecution, malicious abuse of process, libel, slander, misrepresentation, deceit, invasion of privacy, interference with advantageous relations, or interference with contractual relations, provided that the employee whose conduct gives rise to the claim reasonably believes, at the time of the acts or omissions complained of, that his conduct was lawful, and provided further that the acts complained of were within the scope of official duties of the employee for the state.

541-B:20 Right to Jury Trial. In any action in the superior court pursuant to this chapter there shall be a right to a jury trial and the action shall be tried to a justice of the superior court in the ordinary course.

14 Insurance. Amend RSA 9:27 (supp) as amended by striking out said section and inserting in place thereof the following:

9:27 Insurance. Any agency or department of the state may, with the approval of the governor and council and within the limits of its appropriation, secure casualty or liability insurance on any property owned by the state or in connection with any program or activity of the state; provided, however, that any insurance specifically required by law shall be carried.

15 Repeal. The following are hereby repealed:

I. RSA 541-B:1, IV, relative to the definition of "committee."

II. RSA 541-B:12, relative to recommendations to the general court.

16 Application. The provisions of this act shall apply only to claims arising out of incidents occurring on or after the effective date of this act.

17 Effective Date. This act shall take effect upon its passage.

RECESS

VETO MESSAGE ON HB 78

To All Members of the General Court

I have vetoed HB 78. The bill has provisions establishing a New Hampshire-Maine Marine Boundary Commission which appear to be inconsistent with the governing law concerning the identification of the lateral marine boundary between New Hampshire and the State of Maine.

The Commission created in HB 78 is empowered to enter into an agreement "defining and ascertaining the common, lateral marine boundary of the two states" from a point in Gosport Harbor in the Isles of Shoals seaward. The bill also provides that such an agreement, if approved by the respective legislatures of Maine and New Hampshire, is to be submitted as a "compact" to the Congress of the United States for approval under Article 1, Section 10, Clause 3 of the United States Constitution.

The United States Supreme Court has already held that an agreement defining the existing boundary between Maine and New Hampshire, as opposed to adjusting the boundary, is not a compact requiring the approval of Congress under the federal Constitution. New Hampshire v. Maine, 426 U.S. 363, 370 (1976), see Opinion of the Justices, 117 N.H. 393, 396 (1977).

Because HB 78 improperly assumes that an agreement defining and ascertaining the

common lateral marine boundary between Maine and New Hampshire is a compact requiring Federal Congressional approval, the bill should not become law. I am further concerned with the procedure for approval that is incorporated within this bill. I feel that a determination of such import should not be left solely to the discretion of a commission and that such is not consistent with the requirements for approval that have arisen in the past.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 78 pass.

Reps. Pantelakos, Felch and Doris Riley spoke in favor.

Rep. Albert Dionne spoke in favor and yielded to questions.

COMMUNICATION

John B. Tucker
Speaker of the House

Dear Mr. Speaker:

Much has been said regarding the importance of the override of Governor Sununu's veto on HB-47, with respect to the Senate and very little regarding the importance of the House members.

Please accept a most sincere "thank you" from the many people our Society represents for ensuring the passage of the LIVING WILL into law. One of your representatives said it much better, "the House of Representatives have an advantage over the Senate, the House members are greater in volume making it more possible for them to really speak for the people."

Would you, if possible, please read this letter of appreciation to your assembly? Please express to each and everyone the Peace instilled in our hearts ONLY BECAUSE THEY LISTENED TO THE CITIZENS OF NEW HAMPSHIRE!!

Enclosed is the living will declaration published and printed by our Society, mailed upon request. You will notice we have tried to take all precautions and safeguards to avoid abuse.

With respect and admiration.

Sincerely yours,
Sarah L. Caldwell,
President, LWS

COMMITTEE OF CONFERENCE REPORT

The committee of conference to which was referred Senate Bill 52-FN, An Act establishing an advisory committee on rules of evidence having considered the same, report the same with the following recommendations:

1 Purpose. The intent of this legislation is to acquire an additional \$30,076,009 in federal funds by authorizing transfers of previously appropriated state-matching funds among federal aid highway appropriation accounts and a transfer from highway surplus to provide additional state matching funds.

2 Transfer of Funds.

I. The following transfers of state-matching funds between federal aid highway appropriation accounts and a transfer from the highway fund to provide additional state matching funds are hereby authorized:

(a) Funds transferred from:

(1) Highway Surplus	000000	\$2,555,475
(2) Federal Aid Secondary	305500	350,687
(3) Federal Aid Urban	305800	229,669
(4) Federal Aid High Hazard	307200	272,090

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Committee Established. There is hereby established the advisory committee on rules of evidence. The members of the committee shall be:

I. The chairman of the house judiciary committee.

II. A member of the house appointed by the speaker of the house.

III. The chairman of the senate judiciary committee.

IV. A member of the senate appointed by the president of the senate.

V. A member of the New Hampshire bar association appointed by the governor.

VI. A police prosecutor appointed by the governor.

Conferees on the Part of the House:

Rep. Robinson, Straf. 4, Rep. Sylvia, Hills. 1, Rep. Sytek, Rock. 20 and Rep. Eaton, Ches. 4

Report adopted.

COMMITTEE OF CONFERENCE REPORT

The committee of conference to which was referred Senate Bill 4, An Act relative to funding for the department of public works and highways federal aid construction program having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

(5) Federal Aid Interstate 4R	302320	811,760
(6) Federal Aid Safer Off System	307500	106,806
(7) Federal Aid Economic Growth Center	307900	41,601

Total		<u>\$4,450,854</u>

II. The commissioner of administrative services is directed to transfer the above state-matching funds and the additional \$2,555,475 which transfer is hereby authorized from the highway fund, for the purpose of providing additional state-matching funds for federal aid construction programs. The commissioner of public works and highways may accept such additional federal funds to provide a matching federal share and such federal funds are hereby appropriated. Further, prior to June 30, 1985, the commissioner of public works and highways shall provide to the commissioner of administrative services the combined applicable estimated federal fund transfers associated with prior appropriations and the allocation of the additional estimated federal funds between the respective federal aid appropriation accounts. The commissioner of administrative services shall process the appropriate transfers and the governor's warrant in fiscal 1985.

3 New Section. Amend RSA 230 by inserting after section 49 the following new section:

230:49-a Replacement or New Signs.

Whenever the commissioner of public works and highways authorizes the replacement of an existing highway sign or the installation of a new highway sign which designates that a city or town lies ahead, that sign shall also state the distance in miles from the sign to the city or town limits that the motorist will first approach.

4 Bonds Authorized. To provide funds for the transfer made in section 2, paragraph I(a)(1) of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of \$2,555,475 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

5 Payments. The payment of principal and interest on the \$2,555,475 of the bonds and notes issued for the funds transferred pursuant to section 2, paragraph I(a)(1) of this act, shall be made when due from the highway fund.

6 New Section. Amend RSA 230 by inserting after section 49 the following new section:

230:49-a Replacement or New Signs.

Whenever the commissioner of public works and highways authorizes the replacement of an existing highway sign or the installation of a new highway sign which designates that a city or town lies ahead, that sign shall also state the distance in miles from the sign to the city or town limits that the motorist will first approach.

7 Change of Date. Amend RSA 9:3-a, VII (supp) as inserted by 1981, 540:1 by striking out said paragraph and inserting in place thereof the following:

VII. The governor shall submit the capital budget to the general court no later than February 15 of each odd numbered year.

8 Exception for Highway Equipment. Amend RSA 266:20 as inserted by 1981, 146:1 by inserting after the word "highways," the following (The provisions of this section shall apply equally to all vehicles used for transporting distributable loads of construction materials to and through such zones.) so that said section as amended shall read as follows:

266:20 Exception for Highway Building Equipment. The provisions of RSA 266:18 shall not prohibit the driving of highway building equipment and motor vehicles used in the construction or maintenance of highways, provided that such equipment is used within a highway construction zone as prescribed by the commissioner of public works and highways; and further provided, that the provisions of this section shall apply equally to all vehicles used for transporting distributable loads of construction materials to and through such zones.

9 Appropriation. The sum of \$400,000 is hereby appropriated to the department of public works and highways for the biennium ending June 30, 1987, for the replacement of the railroad bridge located on the Northfield-Tilton town line on the state owned Concord to Lincoln rail line. This appropriation shall be nonlapsing.

10 Bonds. To provide funds for the appropriation made in section 9 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state a sum not exceeding \$400,000 and for said purpose may issue bonds and notes in the name and on behalf of the state of New Hampshire in accordance with the provisions of RSA 6-A.

11 Compact Amendment. Amend RSA 234 by inserting after section 59 the following new sections:

234:60 Compact Amendment. The governor, with the advice and consent of the council, shall enter into, with the state of Maine, by and through the governor of the state of Maine, an agreement or compact substantially in the following form:

COMPACT AMENDMENT

Whereas, the states of Maine and New Hampshire, with the express consent of the United States Congress, have entered into a compact creating the Maine-New Hampshire Interstate Bridge Authority, which has resulted in the construction, operation, and maintenance of a bridge across the Piscataqua River between Kittery, Maine, and Portsmouth, New Hampshire, and its approach roads; and

Whereas, the United States Congress expressly reserved the right to alter or amend the provisions of this compact; and

Whereas, the condition of the Maine-New Hampshire Interstate Bridge Authority highway and railroad bridge now serving vehicular and rail traffic over and across the Piscataqua River between the state of New Hampshire and the state of Maine and the approaches to it have been deteriorating at an accelerated rate due to facility age, inflation, and effective declining revenues; and

Whereas, the present financial obligations of Maine-New Hampshire Interstate Bridge Authority for maintenance, operation, and repair of the bridge and its approaches have expanded to the extent that the Authority's financial resources face rapid depletion in the near future; and

Whereas, the states of Maine and New Hampshire do not have the financial resources to undertake the costs for proper maintenance, operations, and repair on the bridge and its approaches without cooperation with the Maine-New Hampshire Interstate Bridge Authority; and

Whereas, the Maine-New Hampshire Interstate Bridge Authority's bridge and road facilities remain critical for national defense and interstate rail and highway transportation and commerce; and

Whereas, the realignment of various responsibilities between the Maine-New Hampshire Interstate Bridge Authority and the states of New Hampshire and Maine will allow the Authority to continue to provide adequate highway and rail service for the citizens of both states while providing for the least burdensome financial impact upon the states; and

Whereas, the best remedy for the conditions now existing which would have the least long-term financial impact on the states of New Hampshire and Maine is to transfer some of the responsibility of the Maine-New Hampshire Interstate Bridge Authority to the states; and

Whereas, such a result can best be accomplished through the joint cooperation of the Maine-New Hampshire Interstate Bridge Authority and the states of Maine and New Hampshire to effectuate such a transfer;

Now, therefore, the Maine-New Hampshire Interstate Bridge Authority and the states of New Hampshire and Maine do hereby agree and pledge each to the other as follows:

ARTICLE I

In this compact:

I. "Main river structure" means only that portion of the present Maine-New Hampshire interstate bridge authority facility which spans the Piscataqua river from the New Hampshire bridge abutment to the Maine bridge abutment, inclusive, for a distance of 2,880 feet or 0.5456 mile.

II. "Approach roads" means those roadway portions of the present Maine-New Hampshire interstate bridge authority facility known as the U.S. Route 1 Bypass running from the New Hampshire bridge abutment of the main river structure to the U.S. Route 1 Bypass/U.S. Route 1 junction in Portsmouth, New Hampshire, a distance of approximately 2.79 miles, and running from the Maine bridge abutment of the main river structure to the U.S. Route 1 Bypass/U.S. Route 1 junction to Kittery, Maine, a distance of approximately 1.4 miles.

III. "Grade separation structures" means 10 structures on the present Maine-New Hampshire Interstate Bridge Authority facility which allow the approach roads to pass either over or under predecessor facilities, namely, at Stark Street, U.S. Route 1, Maplewood Avenue, Middle Road, Hodgson Brook, Islington Street, and at the B and M Railroad, all located in Portsmouth, New Hampshire, and at Route 236, Eliot Road, and an abandoned railroad tunnel, located in Kittery, Maine.

IV. "Authority" means the Maine-New Hampshire Interstate Bridge Authority.

V. "Compact" means the compact set forth in Maine Private and Special Laws, Ch. 18, Session of 1937 and New Hampshire RSA 234:43.

ARTICLE II

The authority shall transfer the approach roads to the main river structure, all grade separation structures on the approach roads, and any of its real property incidental to present or future highway use to the respective states of Maine and New Hampshire. The respective state transportation agencies shall thereafter assume the responsibility for the maintenance, operation, and repair of those grade separation structures and that segment of the approach roads which lie within the territorial limits of each state, except as set forth in Article III herein. The Authority shall retain all responsibilities and obligations for the main river structure from the New Hampshire abutment to the Maine abutment, inclusive.

ARTICLE III

The Authority shall be responsible for providing Authority funds to be used in possible combination with federal aid funds through the states of New Hampshire and

Maine for capital improvements to the main river structure as well as the transferred approach roads and grade separation structures. The Authority's responsibility for capital improvements on the transferred approach roads and grade separation structures shall be limited to one major capital improvement for each grade separation structure and approach road segment. The specific type of capital improvement and the timing for the performance of each improvement shall be determined by the Authority in conjunction with the joint findings of an annual inspection performed by engineering representatives of each state.

ARTICLE IV

Authority employees and their positions of employment shall be transferred to the Maine department of transportation and the New Hampshire department of public works and highways. In effecting the transfer, the respective state transportation agencies shall endeavor to provide each transferred employee with comparable wages and benefits afforded similarly situated state employees. For retirement benefit purposes, creditable service rendered by the employees shall be the same as if the employment had been rendered as a state employee. If, after review by the board of trustees of the New Hampshire retirement system, it is determined that additional funds are required to finance in full the accrued retirement benefits for present and retired employees of the Authority, the Authority shall provide the funds necessary to fulfill this obligation within a period of time mutually agreeable to the Authority and board of trustees of the New Hampshire retirement system.

ARTICLE V

The Interstate Bridge Authority shall transfer its equipment necessary for the operation, maintenance, and repair of the transferred approach roads and grade separation structures to the New Hampshire department of public works and highways and the Maine department of transportation by mutual agreement. The Authority shall contract with the states of Maine and New Hampshire for performance of necessary services on the roadway portion of the main river structure.

ARTICLE VI

The respective states and the Authority agree to and pledge, each to the other, continued faithful cooperation in both the implementation and execution of the provisions of this compact amendment in addition to the faithful cooperation for the operation, maintenance, and repair of the facility in the future.

ARTICLE VII

The provisions of the compact creating the Maine-New Hampshire Interstate Bridge Authority shall remain in full force and

effect except for those provisions inconsistent with the provisions of this compact amendment.

234:61 Additional Legislation. The state of New Hampshire contemplates that corresponding and concurrent legislation will be enacted by the legislature of the state of Maine. Thereafter, the respective state enactments contemplate an act by the United States Congress to ratify the provisions of the state enactments. Only when both congressional ratification occurs and the respective state enactments are effective shall the enactments by Maine and New Hampshire become binding upon the respective states.

234:62 Filing of Compact. This compact amendment, when signed and sealed by the governors and attorneys general of each state and ratified by the United States Congress shall be filed in the offices of the secretaries of state for each state.

234:63. Implementation. The states of Maine and New Hampshire shall make every reasonable effort to implement the provisions of this compact amendment as expeditiously as possible, to prevent any undue hardship to or burden upon authority employees or the transportation agencies of the respective states. The states shall endeavor to implement the provisions of this compact amendment within 6 months of the binding date as specified in RSA 234:61.

234:64 Severability Clause. If any provision of this compact amendment is held invalid for any reason, the remainder of the amendment shall not be affected by such invalidity. This compact amendment shall be liberally construed to effectuate its purposes.

234:65 Former Authority Employee Retirement Benefit Obligations. The board of trustees of the New Hampshire Retirement System shall accept as members of the system, pursuant to RSA 100-A:3, all Maine-New Hampshire Interstate Bridge Authority employees who, pursuant to Article IV of this compact amendment, transfer to the department of public works and highways, whether or not the employees are currently members of the New Hampshire retirement system. Acceptance shall be with full credit for service rendered by the employees while employees of the authority and shall be conditional only upon the payment, within a period of time agreeable to the board of trustees of the New Hampshire retirement system, of any funds required to finance in full the accrued retirement benefits of the employees.

12 Interim Funding. The funding required to effectuate the purposes of the compact amendment set forth in section 11 of this act, including the funding necessary for the transfer of employees and their positions of employment pursuant to Article IV of the compact amendment and of equipment pursuant to Article V of the compact amendment to the department of public works and highways, in the interim between the binding date of the compact amendment and the effective date of the appropriation to the department of public works and highways for fiscal year 1988, shall be supplied by the highway surplus account, as provided in RSA 228:12.

13 New Members. Amend RSA 100-A:3 by inserting after paragraph VII the following new paragraph:

VIII. The board of trustees of the New Hampshire retirement system shall accept as members of the system all Maine-New Hampshire Interstate Bridge Authority employees, who, pursuant to RSA 234:65, are transferred to the department of public works and highways, whether or not the employees are currently members of the New Hampshire retirement system. Acceptance shall be with full credit for service while employees of the Authority, and shall be conditional only upon the payment, within a period of time agreeable to the board of trustees of the New Hampshire retirement system, of any funds required to finance in full the accrued retirement benefits of the employees.

14 Positions Authorized. The positions of 2 drawbridge operators and 6 gatemen shall be authorized, for the biennium ending June 30, 1987, to be funded from funds available from the highway surplus account under RSA 228:12. The authorization for these positions shall become effective upon the effective date of this act; provided, however, the positions shall be filled only when and as vacancies occur in like positions on the Maine department of transportation Memorial Bridge operation and maintenance crew and after the state of Maine agrees to refund the state of New Hampshire 1/2 of the total operating cost of department of public works and highways expenditures for the operation and maintenance of the Memorial Bridge. The details shall be incorporated in a formal agreement between the Maine department of transportation and the New Hampshire department of public works and highways.

15 Effective Dates.

I. Sections 1-8 and 15 of this act shall take effect upon its passage.

II. Sections 9 and 10 of this act shall take effect 60 days after its passage.

III. Sections 11-14 of this act shall take effect 60 days after its passage, or upon the effective date of similar legislation in Maine, whichever is later.

VETO MESSAGE ON HB 534

To All Members of the General Court

I have vetoed HB 534. The bill directed that the provisions of RSA 9, Budget and Appropriations, and RSA 21-1, Department of Administrative Services, would no longer apply to appropriations to the Department of Employment Security for the administration of RSA 282-A, unemployment compensation.

The above statutes now in effect outline a budgetary process and administration of the process which provide an effective means for both Executive and Legislative overview of the Department of Employment Security. I do not feel that I should allow this state review of the budget and operation of DES to be substantially impaired.

I would note also that under the Reagan Administration there have been proposals to turn control of the respective Department of Employment Security Offices around the country back to the states. Thus, this bill is inconsistent with this potential federal "devolving" process. I feel that this change is unnecessary and inappropriate at this time.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 534 pass.

Reps. Skinner, Romoli, Hawkins and David Young spoke in favor.

Rep. Scamman spoke against.

Adopted.

LATE SESSION

UNANIMOUS CONSENT

Rep. Pannell addressed the House by Unanimous Consent.

Thank you, Mr. Speaker, fellow members. It seems appropriate at this stage in the

1985 legislative session, as we come into the home stretch, to pay tribute to those responsible for guiding this sometimes fractious body through increasingly tumultuous times. While a few dark clouds remain on the horizon, it is gratifying to be able to look back on the successful enactment of a number of really significant pieces of legislation, e.g. the living will law and the new foundation aid formula, to name but two. Passage of these and other bills has required exemplary cooperation, occasionally some sacrifice for the general good, respect for the views of others. Clearly, nothing would ever be accomplished if each of 400 independent persons held stubbornly to his or her individual views. Consequently, it is absolutely essential that we develop and foster an esprit de corps to permit achievement of the best possible result for the people of New Hampshire.

Throughout the legislative process, the man we chose to be Speaker has ensured that the will of the House of Representatives was carried out and not thwarted by external political forces.

Therefore, I would like, at this time, to call for a show of support and admiration for the Honorable John B. Tucker.

Rep. Burdick moved that Rep. Pannell's remarks be printed in the Journal.

Adopted.

Rep. Rounds moved that the House stand in recess for the purpose of Enrolled Bills and Enrolled Amendments.

Adopted.

The House recessed at 2:47 p.m.

RECESS

(Rep. Rounds in the Chair)

ENROLLED BILLS AMENDMENTS

SB 211-FN, relative to the road toll statute.

Amendment

Amend the bill by striking out all after section one and inserting in place thereof the following:

2 Repeal. RSA 260:53, relative to fees levied by other states, is hereby repealed.

3 Effective Date.

1. Section 1 of this act shall take effect on July 1, 1985, at 12:01 a.m.

11. The remainder of this act shall take effect on July 1, 1985.

This amendment eliminates the contingent amendment of RSA 260:52, V in section 2 of the bill due to the passage of HB 614, chapter 236 of the laws of the 1985 regular session.

Adopted.

HB 184-FN, relative to the disposition of moneys to be derived from the sale of

property at the site of the burned out department of fish and game headquarters.

Amendment

Amend paragraph II of section 1 of the bill by striking out line 4 and inserting in place thereof the following:

property is excluded from the provisions of 1983, 469:86.

This amendment deletes the word "the" which was erroneously inserted in one line of the bill.

Adopted.

HB 740, recodifying the historic preservation statutes.

Amendment

Amend RSA 227-C:5 as inserted by section one of the bill by striking out line 2 and inserting in place thereof the following:

rules, under RSA 541-A, relative to:

Amend section 4 of the bill by inserting after paragraph II the following new paragraph:

III. If HB 26 of the 1985 regular session of the general court becomes law, then sections 6, I(d) and (e), 33-40 and 43, III of HB 26 shall not take effect.

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Technical Corrections. Amend RSA 21-K:8, IV as inserted by section 1 of HB 26 of the 1985 regular session of the general court by striking out said paragraph and inserting in place thereof the following:

IV. Historic preservation activities, as authorized by RSA 227-C:5, provided that the rules shall be subject to ratification by the state historic resources council established by RSA 227-C:13.

7 Contingency. Section 6 of this act shall take effect on the date the department of libraries, arts and historical resources becomes operational and only if HB 26 of the 1985 regular legislative session becomes law.

8 Effective Date.

I. Sections 4, 5, 7 and 8 of this act shall take effect upon its passage.

II. Sections 1, 2 and 3 of this act shall take effect as set forth in section 4 of this act.

III. Section 6 of this act shall take effect as set forth in section 7 of this act.

This amendment corrects a grammatical error in the bill. This amendment also provides for certain contingent technical corrections if HB 26 becomes law. The amendment voids some provisions of HB 26 which are incorporated in this bill in a recodified version.

Adopted.

HB 434-FN, relative to missing children and making an appropriation therefor.

Amendment

Amend section 7 of the bill by striking out lines 3 and 4 and inserting in place thereof the following:

XIII-a. To prepare and distribute the informational bulletin and materials as required under RSA 170-G:8-a.

Amend section 8 of the bill by striking out line 3 and inserting in place thereof the following:

170-G:8-a Informational Materials.

Amend paragraph II of section 10 of the bill by striking out line 4 and inserting in place thereof the following:

materials required by RSA 170-G:8-a. The governor is authorized to

Amend the bill by striking out section 12 and inserting in place thereof the following:

12 Duties; Informational Materials.

Amend RSA 170-G:4 by inserting after paragraph XIII the following new paragraph:

XIII-a. To prepare and distribute the informational bulletin and materials as required under RSA 170-G:8-b.

13 Informational Materials. Amend RSA 170-G by inserting after section 8-a the following new section:

170-G:8-b Informational Materials.

1. The division shall acquire or prepare informational materials relating to missing children issues and matters. These issues and matters include, but are not limited to, the following:

(a) Offenses under federal law that could relate to missing children and other provisions of federal law that focus on missing children.

(b) Statutory offenses that could relate to missing children, including, but not limited to, kidnapping, unlawful restraint, child stealing, interference with custody, endangering the welfare of a child, domestic violence, abuse of a child, neglect, delinquency of a child, sexual offenses, drug offenses, prostitution offenses, obscenity offenses, and other provision of law that could relate to missing children.

(c) Legislation being considered by the general court, legislatures of other states, the Congress of the United States, and political subdivisions in this and other states to address missing children issues.

(d) Sources of information on missing children issues.

(e) State, local, federal, and private systems for locating and identifying missing children.

(f) Law enforcement agency programs, responsibilities, and investigative techniques in missing children matters.

(g) Efforts on the community level in this and other states, concerning missing children issues and matters, by governmental entities and private organizations.

(h) The identification of private organizations that, among their primary objectives, address missing children issues and matters, and any toll free numbers offered by these organizations.

II. The division shall provide, upon request and subject to paragraph IV, a copy of any informational material to another person or entity.

III. The director shall by rule establish a reasonable fee for a copy of any informational material acquired or prepared pursuant to paragraph I, to be provided to a person or entity other than a law enforcement agency in this or other states or of the federal government, a board of education of a school district in this state, a nonpublic school in this state, a governmental entity in this state, or a library in this state. The fee shall be collected by the division prior to sending or giving any informational material to such a person or entity. Fees collected pursuant to this paragraph shall be deposited monthly in the general fund.

IV. Each year the division shall issue a report describing its performance of the functions specified in this section and shall provide a copy of the report to the speaker of the house of representatives, the president of the senate, the governor, the attorney general, and the commissioner of education.

14 Appropriation.

I. The sum of \$20,000 is hereby appropriated for the biennium ending June 30, 1987, to the department of education for the purposes of funding the missing child education program as established by this act. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The sum of \$30,000 is hereby appropriated for the biennium ending June 30, 1987, to the division for children and youth services for the purposes of preparing and distributing the informational bulletin and materials required by RSA 170-G:8-b. The governor is authorized to draw his warrant for said sum out of any money in the treasury not otherwise appropriated.

15 Contingency.

I. If HB 557 of the 1985 regular session becomes law, sections 12, 13, and 14 of this act shall take effect July 1, 1985, and sections 7, 8, and 10 of this act shall not take effect.

II. If HB 557 does not become law, sections 7, 8, and 10 of this act shall take effect July 1, 1985, and sections 12, 13, and 14 of this act shall not take effect.

16 Effective Dates.

I. Sections 7, 8, 10, 12, 13, and 14 of this act shall take effect as provided in section 15 of this act.

II. The remainder of this act shall take effect July 1, 1985.

This amendment renumbers certain provisions within RSA 170-G to avoid

duplicating the numbering of provisions inserted by HB 557, HB 766, HB 776, and SB 1.

The amendment also inserts a contingent provision to avoid duplicating the numbering of a section inserted by HB 557.

Adopted.

HB 239, relative to the commissioner of public works and highways regulating the use of certain rights-of-way and the relocation of certain public utility property.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Regulation. Amend RSA 236:1 as inserted by 1981, 87:1 as amended by striking out said section and inserting in place thereof the following:

236:1 Regulation. The commissioner may regulate the use of class I, class II and class III highways in towns or cities without compact sections and in other towns and cities outside the compact portion thereof as determined by him, including the use of rights-of-way. He may establish stop intersections, erect stop signs, yield right-of-way signs, or other traffic devices or signals thereon or upon any way entering thereon.

4 Contingency Provision.

I. If HB 556 becomes law, section 3 of this act shall take effect one day after HB 556 becomes law, and section 1 shall not take effect.

II. If HB 556 does not become law, section 1 of this act shall take effect 60 days after its passage, and section 3 of this act shall not take effect.

5 Effective Date.

I. Sections 1 and 3 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect 60 days after its passage.

This amendment makes conditional changes in the wording of RSA 236:1 to incorporate changes to the same section by HB 556 if HB 556 becomes law.

Adopted.

HB 579, relative to regulation of manufactured housing parks.

Amendment

Amend section one of the bill by striking out line 2 and inserting in place thereof the following:

amended by striking out said section and inserting in place thereof:

This amendment corrects an error in the amending language in section one of the bill.

Adopted.

HB 666, relative to school district budgets and municipal accounts.

Amendment

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Special Education Liability;
Exceeding Annual Budget. Amend RSA 186-C:13 (supp) as inserted by 1981, 352:2 as amended by striking out said section and inserting in place thereof the following:

186-C:13 Liability for Expenses.

I. All expenses incurred by a school district in administering the law in relation to education for educationally handicapped children shall be paid by the school district where the child resides, except as follows:

(a) When an educationally handicapped child is placed in a home for children or health care facility as defined in RSA 193:27, the liability for expenses for such child shall be determined in accordance with RSA 193:29.

(b) When an educationally handicapped child is placed in a state institution, the liability for expenses for such child shall be determined in accordance with RSA 186-C:19.

II. For the purposes of meeting the financial obligation for expenses incurred during this chapter, a school district may exceed its annual budget to the extent of additional special education aid which the district has actually received from the state after the annual school district budget was approved.

III. No school district shall be required to pay the expenses of the education program of a child adjudicated under RSA 169-B, 169-C, or 169-D except as provided by RSA 186-C.

4 Budgeting Teachers' Salaries; Fiscal-Year Communities. Amend RSA 21-J:17 as inserted by 1985, 204:1 by striking out said section and inserting in place thereof the following:

21-J:17 Uniformity of Municipal Accounts. The accounting officers of the several counties, cities, towns, school and village districts, and their departments, shall keep uniform accounts; provided, however, that any community that budgets on a July 1 to June 30 basis shall be permitted to budget teacher salaries on the same basis.

5 Contingency Provision.

I. If HB 349 of the 1985 regular legislative session does not become law, section 1 of this act shall take effect 60 days after its passage, and section 3 of this act shall not take effect.

II. If HB 349 becomes law, section 3 of this act shall take effect 60 days after its passage, and section 1 of this act shall not take effect.

6 Effective Date.

I. Section 1 and 3 of this act shall take effect as provided in section 5 of this act.

II. Section 4 of this act shall take effect on the date that 1985, 204:23 takes effect.

III. The remainder of this act shall take effect 60 days after its passage.

This amendment provides a contingent amendment to RSA 186-C:13, so that if HB 349

and this bill become law, their respective provisions are retained. The amendment also inserts a section to fit the amendment to RSA 71-A:17 into the reorganized revenue administration law (Chapter 204).

Adopted.

HB 45, relative to licenses issued by the department of fish and game.

Amendment

Amend section 24 of the bill by striking out line one and inserting in place thereof the following:

24 Exception for Aged Persons. Amend RSA 211:62-aa (supp) as inserted by

Amend section 32 of the bill by striking out lines 2 and 3 and inserting in place thereof the following:

section 9-d the following new section:
214:9-e Stamps or Permits May be Authorized.

This amendment corrects the amending language in sections 24 and 32 of the bill.

Adopted.

HB 461-FN, relative to funding the various veterans' programs in the state and making an appropriation therefor.

Amendment

Amend RSA 115-A:2, IV as inserted by section one of the bill by striking out lines 1-3 and inserting in place thereof the following:

IV. "Parent" includes natural mother or father, stepmother or stepfather, mother or father through legal adoption, or any person who stood in loco parentis.

Amend RSA 115-A:6 as inserted by section one of the bill by striking out line 10 and inserting in place thereof the following:

This amendment corrects 3 typographical errors in the bill.

Adopted.

HB 692-FN, relative to contribution rates for unemployment compensation.

Amendment

Amend section 11 of the bill by striking out line 3 and inserting in place thereof the following:

282-A:87 Contribution Rates.

This amendment corrects a typographical error in the bill.

Adopted.

HB 589-FN, relative to agricultural activities and municipal planning and zoning powers and relative to division of public works planning and design costs.

Amendment

Amend RSA 672:1, III-a as inserted by section 1 of the bill by striking out line 11 and inserting in place thereof the following:

interpretation of such powers;

Amend the bill by striking out section 3 and inserting in place thereof the following:

3 Agricultural Activities. Amend RSA 672:1 by inserting after paragraph III-a the following new paragraph:

III-b. Agriculture makes vital and significant contributions to the food supply, the economy, the environment and the aesthetic features of the state of New Hampshire, and the tradition of using the land resource for agricultural production is an essential factor in providing for the favorable quality of life in the state. Natural features, terrain and the pattern of geography of the state frequently place agricultural land in close proximity to other forms of development and commonly in small parcels. Agricultural activities are a beneficial and worthwhile feature of the New Hampshire landscape and should not be discouraged or eliminated by use of municipal planning and zoning powers or the unreasonable interpretation of such powers;

4 Contingency Provision. Section 3 of the act shall take effect 60 days after its passage only if HB 769 of the 1985 regular session becomes law; if HB 769 becomes law, section 1 of this act shall not take effect. If HB 769 does not become law, section 1 of this act shall take effect 60 days after its passage.

5 Effective Date.

I. Sections 1 and 3 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect July 1, 1985.

This amendment corrects a grammatical error and inserts a conditional section which will implement a numbering change if HB 769 becomes law.

Adopted.

HB 557, relative to the division for children and youth services and an adoption assistance compact.

Amendment

Amend section 10 of the bill by striking out line 3 and inserting in place thereof the following:

170-C:8-a Confidentiality of Records. The contents of the records of the

This amendment renumbers an RSA section to avoid duplicating the numbering of a section inserted by HB 776.

Adopted.

HB 490, relative to the pharmacy board and amending the controlled drug act.

Amendment

Amend RSA 318-B:24 as inserted by section 23 of the bill by striking out lines 1-9 and inserting in place thereof the following:

318-B:24 Rulemaking.

I. The director, division of public health services, in conjunction with the pharmacy board, shall adopt rules, pursuant to RSA 541-A, relative to:

(a) Investigations and hearings on controlled drugs under RSA 318-B:1, VI.

services, department of health and human services.

This amendment corrects a reference in section 2 of the bill.

Adopted.

HB 233-FN, to fund the acquisition of agriculture land development rights and making an appropriation therefor.

Amendment

Amend section 3 of the bill by striking out lines 1-3 and inserting in place thereof the following:

3 Governor and Council Approval. Amend RSA 432 by inserting after section 31 the following new section:

432:31-a Governor and Council Approval. The purchase of any

Amend section 3 of the bill by striking out line 6 and inserting in place thereof the following:

by the state pursuant to the provisions of this subdivision shall be approved.

This amendment makes changes in section 3 of the bill to reflect the recodification of the agricultural laws in HB 25.

Adopted.

HB 634-FN, establishing the secure psychiatric unit at the New Hampshire state prison.

Amendment

Amend section 11 of the bill by striking out line one and inserting in place thereof the following:

11 Salaries. Amend RSA 94:1-a, I (supp) as inserted by 1975, 505:28 as

This amendment corrects an error in the RSA citation in the amending language.

Adopted.

HB 485-FN, relative to the number plate fund.

Amendment

Amend section 3 of the bill by striking out line one and inserting in place thereof the following:

3 Inventory Fund. Amend RSA 228:24 as inserted by 1981, 87:1 by striking

This amendment corrects a punctuation error and a citation error on the bill.

Adopted.

HB 444-FN, transferring costs of court facilities to the state and making an appropriation therefor.

Amendment

Amend RSA 28:7 as inserted by section 3 of the bill by striking out line 4 and inserting in place thereof the following:

county buildings at a cost exceeding \$5,000; and, with like authority, they

This amendment reflects the amendment to RSA 28:7 made in Chapter 60 (HB 243) which allowed county commissioners, when authorized by the county convention, to enlarge or erect county buildings at a cost exceeding \$5,000.

Adopted.

SB 1-FN, relative to the settlement laws.

Amendment

Amend section 4 of the bill by striking out lines 1-3 and inserting in place thereof the following:

4 Nonresidents. Amend RSA 165 by inserting after section 1-b the following new section:

165:1-c Nonresidents. Any person, poor and unable to support himself,

Amend section 26 of the bill by striking out lines 1-3 and inserting in place thereof the following:

26 County Reimbursement. Amend RSA 170-G by inserting after section 5 the following new section:

170-G:5-a County Reimbursement. County payments due under RSA 169-B:40,

Amend section 49 of the bill by striking out line 1 and inserting in place thereof the following:

49 Recovery by Towns. Nothing in this act shall affect the right of

Amend the bill by striking out section 53 and inserting in place thereof the following:

53 Distribution of Funds. Amend RSA 170-G:4 by inserting after paragraph XV the following new paragraphs:

XVI. Encourage cities, towns and counties to develop and maintain court diversion programs and alternative dispositions for juveniles other than placements outside of the home through the use of a formula which shall allow for the transfer of funds to cities, towns and

counties which have, or are developing, alternatives for juvenile care. The amount to be distributed for this program shall be not less than 5 percent of the amount appropriated to the division for children and youth services in each fiscal year, and the method of distribution shall be based upon rules adopted under RSA 541-A by the director.

XVII. Establish rates for licensed child care facilities after consultation with the advisory board created by RSA 170-G:6.

54 Distribution of Funds. Amend RSA 170-G:4 by inserting after paragraph XIV the following new paragraphs:

XV. Encourage cities, towns and counties to develop and maintain court diversion programs and alternative dispositions for juveniles other than placements outside of the home through the use of a formula which shall allow for the transfer of funds to cities, towns and counties which have, or are developing, alternatives for juvenile care. The amount to be distributed for this program shall be not less than 5 percent of the amount appropriated to the division for children and youth services in each fiscal year, and the method of distribution shall be based upon rules adopted under RSA 541-A by the director.

XVI. Establish rates for licensed child care facilities after consultation with the advisory board created by RSA 170-G:6.

55 Contingent Provision.

I. Section 43 of this act shall not take effect if either HB 557 or HB 766 of the 1985 regular session becomes law, or if both HB 557 and HB 766 become law. Section 43 of this act shall take effect January 1, 1986, if neither HB 557 nor HB 766 becomes law. If section 43 of this act becomes effective, sections 53 and 54 of this act shall not take effect.

II. If HB 557 and HB 766 both become law, section 53 of this act shall take effect January 1, 1986, at 12:01 a.m. If section 53 of this act becomes effective, sections 43 and 54 of this act shall not take effect.

III. If either HB 557 or HB 766 becomes law, section 54 of this act shall take effect January 1, 1986, at 12:01 a.m. If section 54 of this act becomes effective, sections 43 and 53 of this act shall not take effect.

56 Orders for Support; Annual Review. Amend RSA 458:18 (supp) as amended by striking out said section and inserting in place thereof the following:

458:18 Orders for Support.

I. Whenever the court, acting under RSA 458:16 or 458:17, shall award the custody of a child to the director of the division for children and youth services, the court shall make a further order requiring the county in which the child resides at the time the order is made to bear the expense for the maintenance and care of said child, and the county shall have a right of action for such expense against whoever is legally chargeable for

the child's support. The court may make orders or reimbursements to the county of residence as may be reasonable and just.

II. The status of all children for whom custody has been granted to the division for children and youth services shall be reviewed at least once every year following the initial award of custody, but more frequently upon the request of the division for children and youth services.

57 Contingent Provision.

I. If HB 557 of the 1985 regular session becomes law, section 56 of this act shall take effect January 1, 1986, and section 11 of this act shall not take effect.

II. If HB 557 does not become law, section 11 of this act shall take effect January 1, 1986, and section 56 of this act shall not take effect.

58 Effective Date.

I. Sections 43, 53, and 54 of this act shall take effect as provided in section 55 of this act.

II. Sections 11 and 56 of this act shall take effect as provided in section 57 of this act.

III. The remainder of this act shall take effect January 1, 1986.

This enrolled bill amendment rennumbers RSA sections inserted by sections 4 and 26 of the bill to avoid conflicting with RSA sections inserted by SB 133 (chapter 106) and to avoid a potential numbering conflict with HB 776.

The amendment also inserts contingent provisions which 1) provide for different paragraph numberings, depending on whether or not HB 557 and HB 766 become law and 2) combine substantive changes made by HB 557 to take effect only if HB 557 becomes law.

Adopted.

SB 117, establishing an annual commemorative rifle or shotgun lottery.

Amendment

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 Contingency; Reference Corrected.

Amend RSA 206-A:1 as inserted by section one of this act by striking out said section and inserting in place thereof the following:

206-A:1 Committee Established. There is hereby established a commemorative rifle or shotgun lottery committee. The committee shall be comprised as follows: the commissioner of libraries, arts and historical resources, or his designee; the executive director of the fish and game department; 2 members appointed by the commissioner of libraries, arts and historical resources; and 2 members appointed by the executive director of the fish and game department.

7 Effective Dates.

I. Section 5 of this act shall take effect July 1, 1987.

II. Section 6 shall take effect only if HB 26 of the 1985 regular session of

the general court becomes law and on the date the department of libraries, arts and historical resources becomes operational under 1983, 372:5, II.

III. The remainder of this act shall take effect July 1, 1985.

This amendment adds a section providing that if HB 26, establishing a department of libraries, arts and historical resources, becomes law, certain reference changes shall occur.

Adopted.

HB 169, relative to pesticides controls.

Amendment

Amend section 1 of the bill by striking out line 1 and inserting in place thereof the following:

1 Definition. Amend RSA 149-D:3 by inserting after paragraph XI the

Amend the bill by striking out section 7 and inserting in place thereof the following:

7 Contingency Provision. This act shall take effect only if HB 142-FN of the 1985 regular legislative session, An Act relative to sunset review of agricultural regulations program, does not become law.

8 Effective Date. This act shall take effect 60 days after its passage.

This amendment corrects a technical error and inserts a contingency provision which nullifies the bill if HB 142 becomes law. HB 142 recodifies RSA 149-D which was amended by this bill. HB 142 incorporates the changes made by this bill.

Adopted.

HB 265, relative to boat inspectors.

Amendment

Amend section one of the bill by striking out lines one and 2 and inserting in place thereof the following:

1 Definitions. Amend RSA 188-F:23, 1 (supp) as inserted by 1985, 152:1 by striking out said paragraph and inserting in place thereof

Amend section one of the bill by striking out line 7 and inserting in place thereof the following:

administered by the state or any of its political subdivisions and who is

Amend the bill by striking out section 2 and inserting in place thereof the following:

2 Definition. Amend RSA 188-F:23, 1 (supp) as inserted by 1985, 152:1 as amended by striking out said paragraph and inserting in place thereof the following:

1. "Police officer" means any appointed or elected employee of a police

department or any appointed employee of a sheriff's department, the fish and game department, the department of safety, or any special agent appointed by the state liquor commission which is administered by the state or any of its political subdivisions and who is responsible for the prevention, detection or prosecution of crime or the enforcement of the penal, traffic, highway, boating, or liquor laws of this state or any of its political subdivisions.

3 Contingent Provision. If HB 511 of the 1985 regular session becomes law, section 2 of this act shall take effect and section 1 of this act shall not take effect. If HB 511 does not become law, section 2 of this act shall not take effect and section 1 of this act shall take effect.

4 Effective Date. This act shall take effect October 1, 1985, as provided in section 3 of this act.

This amendment changes the amending language in section one of the bill so that the bill amends RSA 188-F:23, I as inserted by HB 701 (chapter 152) rather than RSA 105-A:2, 1. HB 701 relocated RSA 105-A to RSA 188-F. This amendment also incorporates the changes updating the language as done in HB 701. A contingent provision integrates the changes made in HB 511, to take effect only if HB 511 becomes law.

Adopted.

HB 457-FN, relative to foundation aid to certain school districts.

Amendment

Amend section 3 of the bill by striking out lines 1, 2, and 3 and inserting in place thereof the following:

3 Contingency. In the event that section 12 of HB 442-FN of the 1985 legislative session, relative to adjustment of state aid to school districts, becomes law, the provisions of sections 1 and 2 of this act shall not become effective.

Amend section 4 of the bill by striking out line 1 and inserting in place thereof the following:

4 Effective Date. This act shall take effect July 1, 1985, subject to the provisions of section 3 of this act.

This amendment changes the language of the contingency provision to reflect the fact that the provision relative to adjustment of aid which was formerly part of the vetoed HB 4, was later passed as part of HB 422-FN of the 1985 legislative session.

Adopted.

HB 511, requiring special agents to complete a preparatory police training program.

Amendment

Amend the bill by striking out section 1 and inserting in place thereof the following:

1 Definition. Amend RSA 188-F:23, I (supp) as inserted by 1985, 152:1 by striking out said paragraph and inserting in place thereof the following:

1. "Police officer" means any appointed or elected employee of a police department or any appointed employee of a sheriff's department or the fish and game department or any special agent appointed by the state liquor commission which is administered by the state or any of its political subdivisions and who is responsible for the prevention, detection or prosecution of crime or the enforcement of the penal, traffic, highway or liquor laws of this state or any of its political subdivisions.

This amendment integrates the recodification and stylistic changes made by HB 701 (chapter 152) with the substantive change made by this bill.

Adopted.

HB 766, relative to juvenile detention procedures.

Amendment

Amend the bill by striking out section 6 and inserting in place thereof the following:

6 New Paragraph; Duties. Amend RSA 170-G:4 by inserting after paragraph XIV the following new paragraph:

XV. Certify already licensed facilities for the purpose of receiving minors who must be detained pursuant to RSA 169-B:14, or committed pursuant to RSA 169-B:19.

7 Contingent Provision.

I. Section 6 of this act shall take effect January 1, 1986, only if HB 557 of the 1985 regular session becomes law. If HB 557 becomes law, section 4 of this act shall not take effect.

II. If HB 557 does not become law, section 4 of this act shall take effect January 1, 1986, and section 6 of this act shall not take effect.

8 Effective Date.

I. Sections 4 and 6 of this act shall take effect as provided in section 7 of this act.

II. The remainder of this act shall take effect January 1, 1986.

This amendment creates a contingency for renumbering a paragraph inserted by the bill to avoid duplicating the numbering of a paragraph inserted in the same RSA section by HB 557.

Adopted.

HOUSE JOURNAL 29

Tuesday, 11 Jun 85

The House assembled at 10:00 a.m., and was called to order by the Speaker.

Prayer was offered by the House Chaplain, Rev. David W. Bell.

Dear God, forgive us, for it's so easy to think of the problems, deal with the hurts and dwell on the undone. Really, Heavenly Father, we live in a good land, we have a freedom we are proud of, a government that is stable and a process of law and order that brings us peace. Help us be thankful this day for what we have in our State. Help us to be thankful we are alive today. Amen.

Rep. Gross led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Mace, Burdick, Blaisdell, Kohl, Mann, Bergeron, Ames, Herod and Daniell, the day, illness.

SUSPENSION OF RULES

Reps. Rounds and Chambers moved that the Rules be so far suspended as to permit consideration of Committee of Conference Reports after the deadline.

Adopted by the necessary two-thirds.

COMMITTEE OF CONFERENCE REPORT

The committee of conference to which was referred Senate Bill 5-FN, An Act relative to judicial retirement having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Longevity Retirement. Amend RSA 490:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II. As additional compensation for services rendered and to be rendered, any justice of the supreme court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid. A justice of the supreme court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

2 Retirement; Supreme Court Justices. Amend RSA 490:2 by inserting after paragraph II the following new paragraphs:

II-a. Any full-time justice of the supreme court appointed on or after July 1, 1985, who has served as a full-time justice for at least 15 years may elect to retire at any time within 36 months of eligibility for full retirement and to have his benefits begin immediately, but in such case he shall elect, within 120 days prior to the date of retirement, one of the benefit options under RSA 490:2-a, and his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

II-b.(a) For full-time justices of the supreme court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the supreme court who retires:

(1) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an amount equal to 50 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 60 years and after having served as a full-time justice for at least 15 years shall receive annually during the remainder of his life an amount equal to 66-2/3 percent of the currently effective annual salary of the office from which he is retired; or

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to 75 percent of the currently effective annual salary of the office from which he is retired.

(b) These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

11-c. Rights of a full-time justice of the supreme court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 30 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 40 percent of the currently effective annual salary of the office from which he retired.

11-d. A full-time justice of the supreme court whose rights have vested under paragraph 11-c and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

11-e. If a justice whose rights have vested under paragraph 11-c dies having terminated his services, the compensation payable to the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall equal 1/2 of the vested retirement benefit to which the justice would have been entitled under paragraphs 11-c and 11-d; provided, however, that no such compensation shall be payable until the date when such justice would have attained the age of 65.

11-f. If a full-time justice appointed on or after July 1, 1985, dies in office, his surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 1/2 of the annual salary payable at the time of death for the office last held by such deceased justice, as additional compensation for the services of said justice. The surviving spouse or child shall also be entitled to receive all cost of living adjustments granted state employees, not to exceed a total of 3 percent per annum beginning on the first anniversary of the

justice's death. In case there is more than one child, the compensation shall be divided equally among them.

11-g. If a full-time justice appointed on or after July 1, 1985, dies having terminated his service as such and having become entitled to compensation as provided in this section, or after having become a judicial referee, or having been retired because of disability, the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall receive such benefits as the justice has elected under RSA 490:2-a.

3 Retirement Options. Amend RSA 490 by inserting after section 2 the following new section:

490:2-a Retirement Options.

1. Within 120 days prior to the date of retirement, a full-time justice appointed on or after July 1, 1985, shall elect one of the following options:

(a) Option 1. The full retirement allowance to which the justice is entitled under this chapter with no survivor's benefits for the surviving spouse or children.

(b) Option 2. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(c) Option 3. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death at 1/2 the rate paid to the justice and be paid for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(d) Option 4. A reduced retirement allowance payable during the retired justice's life, with some other benefit payable after the justice's death, provided that such other benefit shall be approved by the supreme court.

11. The benefits provided under the optional reduced retirement allowances shall be determined by the actuary utilized and approved by the New Hampshire retirement system. The governor is authorized to draw his warrant for the sums necessary to reimburse the New Hampshire retirement system for such services out of any money in the treasury not otherwise appropriated.

4 New Chapter Title. Amend the chapter title of RSA 491-A as inserted by 1981, 568:136, IV by striking out said title and inserting in place thereof the following:

CHAPTER 491-A
JUDICIAL COMPENSATION AND
RETIREMENT CONTRIBUTION

5 New Judicial Salary Schedule; Retirement Contribution Required. Amend RSA 491-A:1 as inserted by 1981, 568:136, IV as amended by striking out said section and inserting in place thereof the following:

491-A:1 Salaries and Retirement Contribution.

I. The salaries for the positions set forth below shall be as follows:

Chief justice, supreme court	\$62,381
Associate justices, supreme court	\$60,953
Chief justice, superior court	\$60,477
Associate justices, superior court	\$59,048
District court justices prohibited from practice pursuant to RSA 502-A:21	\$59,048
Probate judges	\$17,325

II. Beginning June 7, 1985, the salaries listed in paragraph I shall be adjusted to reflect any general salary increases given to state unclassified officers and employees under RSA 94:1-a.

III. In addition to the base salaries established in paragraph I for justices of the supreme and superior court and justices of the district court prohibited from practice under RSA 502-A:21, there shall be paid to each such justice the sum of \$500 per year for every year of full-time service commencing upon the third anniversary of said service; provided that no annual additional service increment payment shall exceed a total of \$3,500. Additional service increments shall not be used to calculate retirement benefits, retirement contribution, and salary increases for judicial employees.

IV. Commencing July 1, 1985, each justice of the supreme and superior court and each justice of the district court prohibited from practice under RSA 502-A:21 shall contribute for retirement 6.1 percent of his salary to the general fund each fiscal year.

V. On June 6, 1986, the salaries listed in 491-A:1 for full-time supreme, superior, and district court justices shall increase by \$1500 for each position, and such increase shall be included prior to the addition of any salary increases received by judicial employees.

6 Longevity Retirement. Amend RSA 491:2, II as amended by striking out said paragraph and inserting in place thereof the following:

II. As additional compensation for services rendered and to be rendered, any justice of the superior court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and after having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of said court are paid. A justice of the superior court within 36 months of eligibility for full

retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

7 Retirement; Superior Court Justices. Amend RSA 491:2 by inserting after paragraph II the following new paragraphs:

II-a. Any full-time justice of the superior court appointed on or after July 1, 1985, who has served as a full-time justice for at least 15 years may elect to retire at any time within 36 months of eligibility for full retirement and to have his benefits begin immediately, but in such case he shall elect, within 120 days prior to the date of retirement, one of the benefit options under RSA 490:2-a, and his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

II-b.(a) For full-time justices of the superior court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the superior court who retires:

(1) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an amount equal to 50 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 60 years and after having served as a full-time justice for at least 15 years shall receive annually during the remainder of his life an amount equal to 66-2/3 percent of the currently effective annual salary of the office from which he is retired; or

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to 75 percent of the currently effective annual salary of the office from which he is retired.

(b) These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

II-c. Rights of a full-time justice of the superior court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(a) Ten years shall vest 30 percent of the currently effective annual salary of the office from which he retired.

(b) Fifteen years shall vest 40 percent of the currently effective annual salary of the office from which he retired.

II-d. A full-time justice of the superior court whose rights have vested under paragraph II-c and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

II-e. If a justice whose rights have vested under paragraph II-c dies having

terminated his services, the compensation payable to the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall equal 1/2 of the vested retirement benefit to which the justice would have been entitled under paragraphs II-c and II-d; provided, however, that no such compensation shall be payable until the date when such justice would have attained the age of 65.

II-f. If a full-time justice appointed on or after July 1, 1985, dies in office, his surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 1/2 of the annual salary payable at the time of death, for the office last held by such deceased justice as additional compensation for the services of said justice. The surviving spouse or child shall also be entitled to receive all cost of living adjustments granted state employees, not to exceed a total of 3 percent per annum beginning on the first anniversary of the justice's death. In case there is more than one child, the compensation shall be divided equally among them.

II-g. If a full-time justice appointed on or after July 1, 1985, dies having terminated his service as such and having become entitled to compensation as provided in this section, or after having become a judicial referee, or having been retired because of disability, the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall receive such benefits as the justice has elected under RSA 491:2-a.

8 Retirement Options. Amend RSA 491 by inserting after section 2 the following new section:

491:2-a Retirement Options.

I. Within 120 days prior to the date of retirement, a full-time justice appointed on or after July 1, 1985, shall elect one of the following options:

(a) Option 1. The full retirement allowance to which the justice is entitled under this chapter with no survivor's benefits for the surviving spouse or children.

(b) Option 2. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(c) Option 3. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death at 1/2 the rate paid to the justice and be paid for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(d) Option 4. A reduced retirement allowance payable during the retired justice's life, with some other benefit payable after the justice's death, provided that such other benefit shall be approved by the supreme court.

II. The benefits provided under the optional reduced retirement allowances shall be determined by the actuary utilized and approved by the New Hampshire retirement system. The governor is authorized to draw his warrant for the sums necessary to reimburse the New Hampshire retirement system for such services out of any money in the treasury not otherwise appropriated.

9 Retirement; District Court Justices. Amend RSA 502-A:6-a, III (supp) as inserted by 1977, 454:1 as amended by striking out said paragraph and inserting in place thereof the following:

III.(a) For full-time justices of the district court as additional compensation for services rendered and to be rendered, a justice of the district court who retires upon attaining the age of 70 years and after having served as a full-time justice for at least 7 years, or after attaining the age of 65 years and after having served as a full-time justice for at least 10 years, or after attaining the age of 60 years and having served as a full-time justice for at least 20 years, shall receive annually during the remainder of his life an amount equal to 3/4 of the currently effective annual salary of the office from which he is retired, to be paid in the same manner as the salaries of the justices of the court are paid. Any justice who is a member of the state or local retirement system on January 1, 1984, shall forthwith cease to be a member of that system. The accumulated contributions made by such justices shall be paid out of the retirement trust fund to the justice. Notwithstanding the limitations set forth herein regarding minimum years of service at time of retirement, any person who, on January 2, 1982, was a justice of a district court shall be entitled to the retirement benefits set forth herein upon his retirement at age 70. A justice of the district court within 36 months of eligibility for full retirement and who has served as a full-time justice for at least 7 years may retire, but in such event his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

(b) Any full-time justice of the district court appointed on or after July 1, 1985, who has served as a full-time justice for at least 15 years may elect to retire at any time within 36 months of eligibility for full retirement and to have his benefits begin immediately, but in such case he shall

elect, within 120 days prior to the date of retirement, one of the benefit options under RSA 502-A:6-b, and his retirement compensation as well as survivor benefits shall be permanently reduced by 5/9 of one percent for each such earlier month.

(c) For full-time justices of the district court appointed on or after July 1, 1985, as additional compensation for services rendered and to be rendered, any justice of the district court who retires:

(1) Upon attaining the age of 65 years and after having served as a full-time justice for at least 10 years shall receive annually during the remainder of his life an amount equal to 50 percent of the currently effective annual salary of the office from which he is retired;

(2) Upon attaining the age of 60 years and after having served as a full-time justice for at least 15 years shall receive annually during the remainder of his life an amount equal to 66-2/3 percent of the currently effective annual salary of the office from which he is retired; or

(3) Upon attaining the age of 60 years and having served as a full-time justice for at least 20 years shall receive annually during the remainder of his life an amount equal to 75 percent of the currently effective annual salary of the office from which he is retired.

(d) These amounts shall be paid in the same manner as the salaries of the justices of said court are paid.

(e) Rights of a full-time justice of the district court to retirement compensation at or subsequent to attaining the age of 65 years shall vest in such justice upon his completion of the following designated years of service on the supreme court, superior court, or full-time district court, however combined, at the percentiles of the pay of the office as specified:

(1) Ten years shall vest 30 percent of the currently effective annual salary of the office from which he retired.

(2) Fifteen years shall vest 40 percent of the currently effective annual salary of the office from which he retired.

(f) A justice of the district court whose rights have vested under subparagraph (e) and who thereafter resigns from the judiciary shall receive compensation at the vested percentile upon attaining age 65.

(g) If a full-time justice whose rights have vested under subparagraph (e) dies having terminated his services, the compensation payable to the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall equal 1/2 of the vested retirement benefit to which the justice would have been entitled under subparagraphs (e) and (f); provided, however, that no such compensation shall be payable until the date when such justice would have attained the age of 65.

(h) If a justice appointed on or after July 1, 1985, dies in office, the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall annually be entitled to 1/2 of the annual salary payable at the time of death, for the office last held by such deceased justice as additional compensation for the services of said justice. The surviving spouse or child shall also be entitled to receive all cost of living adjustments granted state employees, not to exceed a total of 3 percent per annum beginning on the first anniversary of the justice's death. In case there is more than one child, the compensation shall be divided equally among them.

(i) If a justice appointed on or after July 1, 1985, dies having terminated his service as such and having become entitled to compensation as provided in this section, or having been retired because of permanent disability, the surviving spouse, as long as the surviving spouse remains unmarried, or, if the justice leaves no surviving spouse, or at the death or remarriage of the surviving spouse, then the justice's child or children under the age of 18 years and until they respectively reach their eighteenth birthday, shall receive such benefits as the justice has elected under RSA 502-A:6-b.

10 Retirement Options. Amend RSA 502-A by inserting after section 6-a the following new section:

502-A:6-b Retirement Options.

I. Within 120 days prior to the date of retirement, a full-time justice appointed on or after July 1, 1985, shall elect one of the following options:

(a) Option 1. The full retirement allowance to which the justice is entitled under this chapter with no survivor's benefits for the surviving spouse or children.

(b) Option 2. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(c) Option 3. A reduced retirement allowance payable during the retired justice's life, with the provision that it shall continue after the justice's death at 1/2 the rate paid to the justice and be paid for the life of, and to, the beneficiary nominated by the justice by written designation duly acknowledged and filed with the supreme court at the time of retirement.

(d) Option 4. A reduced retirement allowance payable during the retired justice's life, with some other benefit payable after the justice's death, provided that such other benefit shall be approved by the supreme court.

II. The benefits provided under the optional reduced retirement allowances shall be determined by the actuary utilized and approved by the New Hampshire retirement system. The governor is authorized to draw his warrant for the sums necessary to reimburse the New Hampshire retirement system for such services out of any money in the treasury not otherwise appropriated.

1. The sums of \$22,853,879 in general funds, \$7,108,534 in highway funds, \$409,530 in fish and game funds, \$5,648,376 in federal funds, and \$1,528,703 in self-sustaining funds are hereby appropriated in addition to any other sums appropriated for the fiscal years ending June 30, 1986, and June 30, 1987, for salary increases for classified, unclassified, judicial and legislative employees. The governor is authorized to draw his warrant for said sums out of the appropriate funds.

II. The appropriation made by this section shall be distributed among all classified, unclassified, judicial and legislative employees in the same manner, and shall include all additional cost items.

17 Application. The provisions of RSA 490:2, II, IIL, and IV; RSA 491:2, II, IIL, and IV; and RSA 502-A:6-a, III(a), IV, and V shall apply only to justices appointed prior to July 1, 1985.

18 Classified Increases. Amend RSA 99:3 (supp) as amended by striking out said section and inserting in place thereof the following:

99:3 Increase in Salary. Classified employees of the state as of June 7, 1985, shall be placed in the corresponding steps in the new salary ranges as their length of service justifies and their salaries shall be in accordance with the salary scales set forth in RSA 99:1-a. The provisions hereof shall not be construed as affecting so-called longevity payments which shall be in addition to the regular salary scale.

19 Classified Increases. Amend RSA 99:3 (supp) as amended by striking out said section and inserting in place thereof the following:

99:3 Increase in Salary. Classified employees of the state as of June 6, 1986, shall be placed in the corresponding steps in the new salary ranges as their length of service justifies and their salaries shall be in accordance with the salary scales set forth in RSA 99:1-a. The provisions hereof shall not be construed as affecting so-called longevity payments which shall be in addition to the regular salary scale.

20 Classified Increases. Amend RSA 99:3 (supp) as amended by striking out said section and inserting in place thereof the following:

99:3 Increase in Salary. Classified employees of the state as of March 13, 1987, shall be placed in the corresponding steps in the new salary ranges as their length of service justifies and their salaries shall be in accordance with the salary scales set forth in RSA 99:1-a. The provisions hereof shall not be construed as affecting so-called longevity payments which shall be in addition to the regular salary scale.

21 Effective Date.

I. Sections 5, 11, 14, and 18 of this act shall take effect June 7, 1985.

II. Sections 12, 15, and 19 of this act shall take effect June 6, 1986.

III. Sections 13 and 20 of this act shall take effect March 13, 1987.

IV. Section 16 of this act shall take effect July 1, 1985.

COMMITTEE OF CONFERENCE REPORT

HB 498, relative to the dam maintenance fund and making an appropriation therefor. (Report printed SJ 6/11)

Rep. Woodward explained the report. Report adopted.

VETO MESSAGE ON HB 715

To All Members of the General Court

I regret that I must veto HB 715, relative to group insurance for part-time employees.

Although I believe that insurance companies should have packages which provide the option for accident and health insurance plans similar to those benefits available to full-time employees, I find this legislation is ambiguous as to its content and this could lead to very significant unintended consequences.

In particular, within the bill the definition of a part-time employee is not specific as to the number of hours the employees are to work to enable them to receive said benefits. Furthermore, this bill which appeared to be intended to require the insurers to make the benefits available to employees, at the option of the employer, is unclear. As written, it could be argued that employers must provide insurance for their part-time employees and this appears to be contrary to the stated intention of the legislation.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 715 pass.

Reps. Wallner and Rounds spoke in favor.

Reps. Ahrens and John Burns spoke against and yielded to questions.

Reps. Quimby and Arnesen spoke in favor and yielded to questions.

(Rep. Rounds in the Chair)

ENROLLED BILLS AMENDMENTS

SB 8, clarifying the water supply and pollution control commission's rulemaking and enforcement authority.

Amendment

Amend RSA 146-A:4, I as inserted by section one of the bill by striking out line 7 and inserting in place thereof the following:

the person or persons strictly liable for an oil discharge shall undertake

Amend RSA 148-B:5 as inserted by section 11 of the bill by inserting after paragraph III the following new paragraph:

IV. The commission may establish a maximum contaminant level or water treatment techniques on a case-by-case basis for a public water system in which an unregulated contaminant creates a health risk, as determined by the division of public health services, department of health and human services, to the users of the public water system. An unregulated contaminant is one for which no maximum contaminant level or treatment technique has been established under paragraph I or II. The maximum

contaminant level for an unregulated contaminant shall be as recommended by the division of public health services, department of health and human services.

Amend the bill by striking out section 40 and inserting in place thereof the following:

40 System Installer Permit. Amend RSA 149-E:3-a (supp) as inserted by 1979, 444:2 by striking out said section and inserting in place thereof the following:
149-E:3-a System Installer Permit.

I. No person shall engage in the business of installing subsurface sewage or waste disposal systems under this chapter without first obtaining an installer's permit from the commission. The permit holder shall be responsible for installing the subsurface sewage or waste disposal system in accordance with the intent of the approved plan. The commission shall issue an installer's permit to any person who submits an application provided by the commission, pays a fee of \$25 and demonstrates a sound working knowledge of RSA 149-E:3 and the ability to read approved waste disposal plans. The commission shall require an oral or written examination or both to determine who may qualify for an installer's permit. Permits shall be issued from January 1 and shall expire December 31 of each year. Permits shall be renewable upon proper application and payment of an annual fee of \$25. The installer's permit may be suspended, revoked or not renewed for just cause, including, but not limited to, the installation of waste disposal systems in violation of this chapter or the refusal by a permit holder to correct defective work. The commission shall not suspend, revoke or refuse to renew a permit except for just cause until the permit holder has had an opportunity to be heard by the commission. An appeal from such decision to revoke, suspend or not renew a permit may be taken pursuant to RSA 541. All fees shall be deposited with the state treasurer as unrestricted revenue.

II. Any person who desires to install or repair a waste disposal system for his own domicile shall not be required to obtain an installer's permit as provided in paragraph I, provided he complies with rules adopted by the commission relative to such systems.

41 Sewage Disposal; Applications. Amend RSA 149-E:3, X (supp) as inserted by 1979, 444:1 by striking out said paragraph and inserting in place thereof the following:

X.(a) All applications, plans, and specifications submitted in accordance with this chapter for subsurface sewage or waste disposal systems shall be prepared and signed by the person who is directly responsible for them and who has a permit issued by the commission to perform the work. The commission shall issue a permit to any person who applies to the commission, and pays a fee of \$25 and who has demonstrated a sound working knowledge of the procedures and practices required in the site evaluation, design, and operation of subsurface sewage or waste disposal systems. The commission shall require an

oral or written examination or both to determine who may qualify for a permit. Permits shall be issued from January 1 and shall expire December 31 of each year. Permits shall be renewable upon proper application and payment of an annual fee of \$25. A permit issued to any person may be suspended, revoked or not renewed only for just cause and after the permit holder has had a full opportunity to be heard by the commission. An appeal from a decision to revoke, suspend or not renew a permit may be taken pursuant to RSA 541.

(b) Any person who desires to submit plans and specifications for a sewage or waste disposal system for his own domicile shall not be required to obtain a permit under this paragraph provided that he attests to his eligibility for this exemption in the application for construction approval. The commission may adopt rules, pursuant to RSA 541-A, relative to requiring a permit holder to be a registered professional engineer with a civil or sanitary designation in order to submit applications for construction approval in certain complex situations. All fees collected pursuant to this paragraph shall be deposited with the state treasurer as unrestricted revenue.

42 Contingent Provision. If SB 64 of the 1985 regular legislative session becomes law, section 2 of SB 64 shall take effect one day after section 11 of this act takes effect.

43 Contingency Provision.

I. If HB 393 becomes law, sections 40 and 41 of this act shall take effect 60 days after its passage, and sections 22 and 23 of this act shall not take effect.

II. If HB 393 does not become law, sections 22 and 23 of this act shall take effect 60 days after its passage, and sections 40 and 41 of this act shall not take effect.

III. If HB 419 does not become law, section 3 of this act shall take effect 60 days after its passage.

IV. If HB 419 becomes law, section 3 of this act shall not take effect.

44 Effective Date.

I. Sections 3, 22, 23, 40 and 41 of this act shall take effect as provided in section 43 of this act.

II. Sections 28, 29, 30, 31, 32, and 33 of this act shall take effect January 1, 1986.

III. The remainder of this act shall take effect 60 days after its passage.

This amendment corrects a spelling error; conditionally amends 2 RSA sections depending upon whether or not HB 393-FN becomes law; and provides that section 3 of this bill shall not take effect if HB 419 becomes law. HB 419 contains an expanded version of section 3 of this bill. The amendment also amends section 11 of this bill to reflect the change made in RSA 148-B:5 by HB 705-FN (Chapter 226).

Adopted.

HB 443-FN, establishing the central interagency motorpool study committee.

Amendment

AN ACT

establishing the central interagency motorpool study committee and making an appropriation therefor.

Amend the bill by designating the sections after section 4 as sections 5, 6, and 7, respectively.

This amendment corrects the title of the bill to mention the bill's appropriation and rennumbers certain sections of this bill to correct a numbering error in the bill.

Adopted.

HB 428-FN, relative to mortgage home loans.

Amendment

Amend RSA 398-A:13 as inserted by section 13 of the bill by striking out same and inserting in place thereof the following:

398-A:13 Rulemaking Authority. The bank commissioner shall adopt rules, pursuant to RSA 541-A, governing institutions which make mortgage loans within the state of New Hampshire relative to the following:

I. The application forms for licenses under RSA 398-A:1-a.

II. The reports required by RSA 398-A:1-e.

III. Procedures for responding to consumer concerns and inquiries.

IV. Escrow policy for New Hampshire mortgage loans.

V. Insurance requirements.

Amend section 14 of the bill by striking out line 1 and inserting in place thereof the following:

14 Escrow Policies. If HB 318 becomes law, RSA 398-A:13, IV as

This amendment is made to incorporate the amendment made to the same RSA section by HB 105 (chapter 55).

Adopted.

HB 132-FN, relative to sunset review of parks and recreation.

Amendment

Amend RSA 216-A:3-g, II as inserted by section 6 of the bill by striking out line 5 and inserting in place thereof the following:

shall be as profitable as possible, within the purposes of the park system.

Amend section 7 of the bill by striking out line one and inserting in place thereof the following:

7 Rulemaking. Amend RSA 12-A:2-c, II(c) (supp) as inserted by 1983,

This amendment corrects a grammatical error in section 6 of the bill and typographical error in section 7 of the bill.

Adopted.

HB 351, increasing the appropriation for construction and improvements to the central New Hampshire turnpike and naming certain bridges and a highway.

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

increasing the appropriation for construction and improvements to the central New Hampshire turnpike and naming certain bridges and highways.

Amend the bill by striking out section 8 and inserting in place thereof the following:

8 Borrowing Authorized. Amend RSA 237:8 (supp) as inserted by 1981, 87:1 as amended by striking out in line 4 the sum "\$130,746,500" and inserting in place thereof the following (\$158,600,000), so that said section as amended shall read as follows:

237:8 Borrowing Power. For the purpose of providing funds necessary for the appropriations made by RSA 237:7 the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$158,600,000 and for the purpose may issue bonds and notes in the name and on behalf of the state in accordance with the provisions of RSA 6-A; provided that the bonds may

mature up to 30 years from their dates of issue and may be made redeemable before maturity at the option of the governor and council at such price or prices and under such terms and conditions as may be fixed by the governor and council prior to the issue of the bonds. The interest on bond anticipation notes may be funded by the issue of bonds to the extent of the applicable bond authorization and, to the extent not so funded, may be paid from any source from which interest on the anticipated bonds could be paid, including any of the turnpike reserve accounts identified in RSA 237:15.

9 Contingent Provision. If HB 264 of the 1985 regular session becomes law, section 8 of this act shall take effect one day after HB 264 takes effect. If HB 264 does not become law, section 8 of this act shall not take effect.

10 Effective Date.

I. Section 8 of this act shall take effect as provided in section 9 of this act.

II. The remainder of this act shall take effect upon its passage.

This amendment corrects the title and the amending language in sections one and 3 of the bill and corrects typographical errors in section 2 of the bill. This amendment also provides a contingency if HB 264 of the 1985 regular session of the general court becomes law.

Adopted.

HB 257, relative to the restoration and rehabilitation of Tip Top House on Mount Washington and relative to other repairs in Mount Washington state park.

Amendment

Amend section 3 of the bill by striking out lines 1-3 and inserting in place thereof the following:

3 Bonds. Amend 1983, 423:8 as amended by 1985, 44:19 by striking out in line 4 the amount "\$22,237,345" and inserting in place thereof the following (\$24,487,345) so that said section as amended shall read as follows:

Amend section 3 of the bill by striking out line 7 and inserting in place thereof the following:

state not exceeding the sum of \$24,487,345 and for said purposes may issue

This amendment increases the amount of the total sum of bonds authorized for capital improvements in section 3 of the bill so that the total amount authorized reflects the changes in the amounts authorized in HB 200.

Adopted.

HB 694-FN, relative to welfare and making an appropriation therefor, and relative to a study committee, the division

of health and human services, and nursing home payments.

Amendment

Amend the bill by striking out section 40 and inserting in place thereof the following:

40 Reference Change Authorized. If HB 26 becomes law and SB 199 does not become law, all references to RSA 21-J in this act shall be deemed to refer to RSA 21-K. If SB 199 becomes law and HB 26 does not become law, all references to RSA 21-J in this act shall be deemed to refer to RSA 21-K. If both HB 26 and SB 199 become law, all references to RSA 21-J in this act shall be deemed to refer to RSA 21-L. The director of legislative services is hereby authorized, with the approval of the speaker

of the house and the president of the senate, to make these changes, provided that no substantive changes may hereby be made.

41 Effective Date.

I. Sections 1, 2, 3, 4, 5, 34, 35, 11(a), 36, 37, 38, 40, and 41 of this act shall take effect July 1, 1985.

II. The remainder of this act shall take effect when the department of transportation becomes operational on the date set according to 1983, 372:5, II.

This amendment corrects typographical errors and technical errors in the bill. This amendment also inserts a contingency section to allow for changes in the numbering of a chapter inserted by the bill if HB 26 or SB 199 or both become law.

Adopted.

33 New Chapter; Content from HB 348 (Chapter 186). Amend RSA by inserting after chapter 4-A the following new chapter:

CHAPTER 4-B
TERM INSURANCE FOR THE GOVERNOR

4-B:1 Definitions. In this chapter:

I. "Commissioner" means the commissioner of administrative services.

II. "Governor" means the person selected governor pursuant to Pt. II, Art. 42 of the New Hampshire constitution.

4-B:2 Contracts. The commissioner shall enter into a term life insurance contract with an insurance company licensed to do business in this state. The face value death benefit provided by the contract shall equal the amount set forth in RSA 4-B:3.

4-B:3 Term Life Insurance. The state shall provide a term life insurance policy for any governor. The policy shall provide a face value death benefit in an amount equal to the annual salary provided the governor in RSA 94:1-a. The state shall pay all premiums associated with the policy. The policy shall be in effect only as long as the governor serves in that capacity.

4-B:4 Beneficiary. The beneficiary with respect to the face value death benefit shall be designated by the governor.

34 Delegation of Purchasing Authority Inserted from HB 414 (Chapter 167). Amend RSA 21-I by inserting after section 17 the following new section:

21-I:17-a Delegation of Purchasing Authority.

I. The director of plant and property management may, upon written application of the governing board of any agency, authorize such governing board, or one or more individuals designated by such board, to purchase supplies for the agency directly from vendors by the use of field purchase orders; provided, however, that no such field purchase order shall be used where a total expenditure of more than \$100 is involved. The form and use of such field purchase orders shall be prescribed by rules adopted by the commissioner of administrative services, pursuant to RSA 541-A. The director may also authorize purchases using the integrated financial system for contracted commodities and services, provided that the total expenditure involved does not exceed \$1,000.

II. Upon the joint recommendation of the commissioner of administrative services and the governing board of any agency, the governor and council, in their discretion, may authorize such governing board, or one or more individuals designated by such governing board to purchase supplies

for the agency directly from vendors in such quantities and for such sums as the governor and council shall prescribe; provided, however, that any such authority shall be subject to the limitations of the amounts appropriated and the purposes authorized by the legislature for the agency, and provided further that all such delegations of purchasing authority shall expire on December 31 of the even numbered years. Whenever such purchasing authority is so delegated to any agency, the requirements of RSA 21-I:11, IV and V, and rules adopted pursuant to RSA 21-I:14, X, shall apply to the governing board or its authorized agent exercising such delegated authority.

35 Effective Date. This act shall take effect July 1, 1985.

Amend the bill by striking out sections 2, 3 and 21 and renumbering the original sections 4-20 and 22-35 to read as 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, and 32, respectively.

This amendment corrects a grammatical error, errors in amending language, and incorrect cross references. The amendment also deletes sections 2, 3 and 21 of the bill and makes other revisions made necessary by the passage of HB 146 (Chapter 188). HB 146 transferred the New Hampshire distributing agency to the department of administrative services on May 28, 1985, the effective date of HB 146.

Because the bill inserts "director, plant and property management" into group 0, a technical correction was necessary to provide for the deletion of "director, purchase and property" from group N of RSA 94:1-a, I.

The amendment also inserts as a new RSA chapter the contents of HB 348 (Chapter 186) because HB 348 amended RSA 8 which is repealed by this bill. A new section is inserted into RSA 21-I relating to the delegation of purchasing authority. Paragraph I of this section is from HB 414 (Chapter 167) which amended RSA 8 which is repealed by this bill. Paragraph II, an updated version of existing law, is inserted because HB 414 did not anticipate the repeal of RSA 8.

Adopted.

VETO MESSAGE ON HB 526

To All Members of the General Court

I have vetoed HB 526, prohibiting drugs in pulling contests.

Although this bill's intent was simply to prohibit the use either internally or externally of any drug, including phenylbutazone, in pulling contests, the final measure mistakenly totally removed the prohibition against doping and stimulating animals in all other "equine events" in New Hampshire.

More particularly the present statute RSA 443:90 directs that:

443:90 Doping and Stimulating. It is unlawful for any person to administer internally or externally a drug, or stimulants, or appliances of a nature that could affect or alter the normal performance of an animal entered in an equine event. The term "equine event" as used in this subdivision shall include pulling contests, trail rides, carriage events, horse shows, races, dressage exhibitions, private and organized sales, and other competitive events involving ponies or horses.

HB 526 strikes out in its entirety the present section (RSA 443:90) as reviewed above and inserts in place the following provisions:

443:90 Doping and Stimulating. It is unlawful for any person to administer internally or externally any drug, including phenylbutazone in pulling contests, or stimulants, or appliances of a nature that could affect or alter the normal performance of an animal entered in a pulling contest.

The implications of the deletion of "equine events" from the doping and stimulating prohibition portion of the statute are profound. I have reviewed the legislation with the sponsor and other members of the General Court and they concur with my position that this bill certainly must not become law. If such were to occur it would severely prejudice, if not destroy, the integrity of equine events in New Hampshire.

VETO MESSAGE ON HB 778

To All Members of the General Court

I regret that I must veto HB 778-FN, authorizing cities and towns to borrow for certain planning costs.

Subsequent to considerable review of the measure with the legislative sponsors, bond council, and a representative from the City of Concord, which is a primary catalyst for the legislation, it appears that results, which were not the intent of this legislation, could occur if this measure were to become law. Specifically, the bill which concerns planning costs on solid

waste, could conceivably result in the issue of bonds without prior knowledge of the Industrial Development Authority (IDA), which would count under the private activity bond cap administered by the IDA. This ambiguity would prevent any effective control of the cap being utilized and, in so doing, would surely prejudice the efforts of the IDA. I have, along with the sponsors, caused to be drafted the following section to be added to the legislation which, I understand, will be pursued by the sponsors in this session or next.

Amend 33:3-C by deleting the last sentence and substituting as follows:

A municipality or county may issue its bonds or notes in accordance with this section for planning and other preliminary expenses relating to solid waste disposal or resource recovery facilities to serve the municipality or county, notwithstanding that the facilities may later be owned by a private entity, but only for such expenses incurred prior to any binding contractual commitment to a proposed private owner, and only if such bonds or notes do not constitute "Private Activity Bonds" as defined in Section 103 (n) (7) of the U.S. Internal Revenue Code of 1954 as amended.

Without the addition of this section, it is inappropriate that the proposed legislation become law.

VETO MESSAGE ON HB 505

To All Members of the General Court

I have vetoed HB 505, relative to the office of ombudsman within the state council on aging.

Subsequent to careful review with the New Hampshire State Council on Aging, who requested this legislation, it was found that the final version of the bill was not what was intended by the Council. In fact, should the measure become law, it would severely prejudice the efforts of the Office of the Ombudsman. In this regard, I received the following request from the Director of the State Council on Aging, by letter dated June 14, 1985:

"Your office brought to our attention a major flaw in HB 505, relative to the Office of Ombudsman within the State Council on Aging. As approved by the Committee of Conference, the bill would have a devastating impact on the powers of the Ombudsman. Since this is the case, we request that you veto this bill in order to preserve the Ombudsman's current role as effective watchdog for institutional long term care. We very much appreciate your continuing support of the essential work performed by the Office of Ombudsman."

Date: 6/14/85

ENROLLED BILL AMENDMENT

SB 4, relative to funding for the department of public works and highways federal aid construction program and replacement of new highway signs and making an appropriation to replace a railroad bridge on the Northfield-Tilton town line.

Amendment

Amend section 10 of the bill by striking out line one and inserting in place thereof the following:

10 Bonds. To provide funds for the appropriation made in section 7 of

Amend section 12 of the bill by striking out line 2 and inserting in place thereof the following:

the compact amendment set forth in section 9 of this act, including the

Amend section 15 of the bill by striking out same and inserting in place thereof the following:

15 Effective Dates.

I. Sections 1-6 and 13 of this act shall take effect 60 days after its passage.

II. Sections 7 and 8 of this act shall take effect 60 days after its passage.

III. Sections 9-12 of this act shall take effect 60 days after its passage, or upon the effective date of similar legislation in Maine, whichever is later.

Amend the bill by striking out sections 6 and 8 and renumbering the original sections 7 and 9-15 as follows: 6, 7, 8, 9, 10, 11, 12, and 13, respectively.

This amendment deletes section 6 of the bill because it duplicates section 3. This amendment also deletes section 8 of the bill because HB 436 (Chapter 319) inserted an identical section which has already taken effect.

The amendment rennumbers the remaining sections and corrects certain internal references.

Adopted.

COMMITTEE OF CONFERENCE REPORT

The committee of conference to which was referred Senate Bill 108, An Act relative to administrative attachment of occupational and professional licensing boards, having considered the same, report the same with the following recommendations:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Barbering and Cosmetologists; Health and Human Services. Amend RSA 313-A:2 by inserting after paragraph V the following new paragraph:

VI. The board shall be an administratively attached agency, under RSA 21-G:10, to the department of health and human services.

2 Podiatry; Health and Human Services. Amend RSA 315 by inserting after section 1 the following new section:

13 Implementation. In the interim period between the effective date of this act and June 30, 1987, the individual boards and the commissioners or other heads of the departments to which they have become administratively attached shall consult and determine the best, most appropriate and most economical method of providing service to each board and shall prepare budgets for each board so that each department will be fully reimbursed for services rendered to each board on a cost allocation basis. It is the intent of this act that the administrative attachment and servicing of the boards by the agencies to which they are attached shall insure the greatest economy possible and shall insure the greatest access to the boards for the licensees and the general public.

14 Reference Corrected. Amend RSA 5:13 by striking out said section and inserting in place thereof the following:

5:13 Commissions and Boards Functioning Within Department. The ballot law commission, the boxing and wrestling commission, the board of accountancy, the

board of chiropractic examiners, and the joint board of engineers, architects, and land surveyors shall each function within the department of state as a separate organizational entity and with all the powers and duties as heretofore provided, except as otherwise provided by law.

SB 102, relative to the fiscal committee.

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by striking out all after the enacting clause and inserting in place thereof the following:

1 Fiscal Committee. Amend RSA 14:30-a as inserted by 1965, 239:19 by striking out said section and inserting in place thereof the following:

14:30-a Committee.

I. There is hereby established a fiscal committee of the general court. The committee shall consist of 9 members: 5 shall be members of the house appropriations committee, whose chairman shall be one of the members, and the chairman shall appoint the other 4 members; 4 shall be members of the senate finance committee, whose chairman shall be one of the members, and the chairman shall appoint the other 3 members. At least one house member and one senate member shall be a member of the minority party.

II. The fiscal committee shall, while the general court is in session and during the interim, consult with, assist, advise, and supervise the work of the legislative budget assistant and may, at its discretion, investigate and consider any matter relative to the appropriations, expenditures, finances, revenues or any of the fiscal matters of the state.

III. The members shall be paid the regular legislative mileage during the interim while engaged in their work as members of said committee.

2 Effective Date. This act shall take effect upon its passage.

Conferees on the Part of the Senate:

Sen. White, Dist. 11; Sen. Hounsell, Dist. 2 and Sen. Blaisdell, Dist. 10.

Conferees on the Part of the House:

Rep. Kidder, Merr. 2; Rep. Scranton, Ches. 16; Rep. LaMott, Graf. 5 and Rep. Matson, Ches. 7.

Hearing no objection, the Chair advised the Clerk to dispense with the reading of the report.

Rep. LaMott moved that the Committee of Conference Report on SB 102 be laid upon the table.

Adopted.

VETO MESSAGE ON HB 544

To All Members of the General Court

I have vetoed HB 544, relative to water improvement bonds issued by the City of Rochester and to electing 5 commissioners in village districts within the towns of Merrimack and Hooksett.

Subsequent to review of HB 544 it was determined that if it were to become law and the City of Rochester were to avail itself of the provisions included therein, an increase in the state's contingent debt liability would result, and as such the standing of the state as perceived by the financial community would be negatively affected.

In an effort to avoid this consequence to the state and yet facilitate the Rochester project, which is of significant import to the city, an alternative with enhanced financial benefit to the City was developed. This alternative has been provided in HB 545, which I have signed into law. The City of Rochester intends to utilize this alternative and has indicated such to me.

It is unfortunate that an amendment authorizing the election of 5 commissioners in village districts within the Towns of Merrimack and Hooksett was included in this particular bill. The House member responsible for this amendment has been contacted and it has been explained that my veto is not a response to this portion of the bill. It is my understanding that this particular amendment will be implemented in other legislation either in this session or the next and I will support that change.

John H. Sununu, Governor

Question being, notwithstanding the Governor's veto, shall HB 544 pass.

COMMITTEE REPORTS

SB 226, authorizing cities and towns to borrow for certain planning costs. Ought to Pass.

This bill allows municipalities and counties to issue bonds and notes for planning and other preliminary expenses relating to Solid Waste Disposal or Resource Recovery Facilities. Language is included to clearly state such bonds or notes do not constitute "private activity bonds." Vote 17-0. Rep. George M. West for Municipal and County Government.

Ordered to third reading.

SB 224, relative to special plates for former prisoners of war. Ought to Pass. This is enabling legislation granting option to a city or town to recognize the merits of a prisoner of war. Vote 11-6. Rep. Paul A. Golden for Municipal and County Government.

Ordered to third reading.

SB 223, relative to retirement benefits for certain legislative and constitutional officers. Inexpedient to Legislate.

SB 223 came directly to Appropriations without prior referral to a policy committee. It was also introduced late, and under suspension of the rules. The bill received no hearing in the Senate, but a House hearing was held by the full committee on June 13 and a second in subcommittee on June 14. Several work sessions followed at which all those involved made a good faith effort to create an acceptable version of the bill. Largely because of time constraints, the Committee could not agree on a final form of the bill. And because Appropriations does not have the interim study option, SB 223 was finally reported Inexpedient to Legislate by an 11-8 vote.

A motion will be made on the floor to send SB 223 to interim study. This will provide the time to work out the problems with this bill and still permit action to be taken in this biennium. Such study is important to determine such matters as the cost of the program, constitutional constraints pertaining to pensions and transfers between this retirement program and others. All these and other questions can be answered, but not within the time available to the Committee. Vote 11-8. Rep. William F. Kidder for Appropriations.

Rep. Kidder moved that the words, Refer for Interim Study, be substituted for the report of the Committee, Inexpedient to Legislate, and spoke to his motion.

Reps. Michael King and Chambers spoke against the motion.

Reps. Ramsay, Sytek, Howard Townsend and Ward spoke in favor of the motion.

Reps. Russell Chase, Hawkins and Newman spoke against the motion and yielded to questions.

Rep. Gross spoke in favor of the motion and yielded to questions.

Rep. Chardon moved the previous question. Sufficiently seconded. Adopted.

HOUSE RESOLUTION NO. 43

relative to child abuse victims.

WHEREAS, the Senate Select Committee on Child Abuse has conducted a study of the participation of child victims in the judicial process, and

WHEREAS, the select committee has found that the process of investigating and prosecuting crimes against children often has traumatic effects on child victims and their families, and

WHEREAS, the select committee has also found that the interests of the state of New Hampshire in obtaining convictions of those who commit crimes against children do not always coincide with the interests of child victims, and

WHEREAS, the House Committee on Children, Youth and Elderly Affairs concurs with the findings of the Senate Select Committee on Child Abuse, now therefore be it

RESOLVED, by the House of Representatives that the House of Representatives of the state of New Hampshire does hereby urge the New Hampshire Supreme Court to adopt rules to ensure that guardians ad litem are appointed for all child witnesses who may suffer emotional strain during the judicial process.

The Clerk read the resolution.

Rep. Sylvia spoke against the resolution and yielded to questions.

HOUSE CONCURRENT RESOLUTION NO. 13

expressing the support of the general court for the work being done by the United States Senate Subcommittee on aging and Senate Bill 174 providing for the designation of 20 regional centers for the treatment of Alzheimer's disease and related dementia.

WHEREAS, Alzheimer's disease is a mentally debilitating affliction that each year claims the minds of thousands of Americans, and

WHEREAS, Alzheimer's disease is irreversible and not totally understood by the medical world, and

WHEREAS, research needs to be supported in order to gain insight into the causes and treatments of Alzheimer's disease, and

WHEREAS, the Senate of the United States has introduced legislation that would provide for the designation of 20 regional centers for the treatment of Alzheimer's disease and related dementia, and

WHEREAS, the establishment of these centers would benefit thousands of Americans stricken by Alzheimer's disease, now therefore, be it

RESOLVED, by the House of Representatives, the Senate concurring that the general court vigorously supports the United States Senate and its subcommittee on aging in its work developing legislation to be approved by the United States Congress and the President, thus enabling continued and financially supported study and treatment of Alzheimer's disease and related dementia, and

That copies of this resolution, signed by the speaker of the house and the president of the senate, be by them forwarded to the chairman, Senate Subcommittee on Aging, the sponsor of Senate Bill 174, the Secretary of Health and Human Services, and the United States Senators from New Hampshire.

The Clerk read the resolution.

RECESS

(Speaker in the Chair)

ENROLLED BILLS REPORT

HB 400, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 1986 and June 30, 1987.

Rep. James A. Chandler
Sen. Mark Hounsell
For the Committee.

ENROLLED BILLS AMENDMENTS

HB 539, relative to the protection of sand dunes.

Amendment

Amend section 3 of the bill by striking out line 1 and inserting in place thereof the following:

3 Additional Penalty. Amend RSA 483-A by inserting after section 5-a the

Amend section 3 of the bill by striking out line 3 and inserting in place thereof the following:

483-A:5-b Additional Penalty. State and local law enforcement

HB 657 (Chapter 274) inserted RSA 483-A:5-a, so this amendment is required to provide a new section number.

Adopted.

HB 383-FN, making a supplemental appropriation for certain costs of regional vocational students and the payment of debt service for school construction.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

making appropriations for regional vocational students, regional vocational centers, educational financial aid, and the payment of debt service for school construction and relative to expenses for out-of-state travel and sweepstakes fund distribution.

This amendment amends the title of the bill to reflect the Committee of Conference Report.

Adopted.

HB 440-FN, relative to sovereign immunity.

Amendment

Amend section 10 of the bill by striking out line 4.

Amend RSA 541-B:14, IV as inserted by section 11 of the bill by striking out line 5 and inserting in place thereof the following:

the alleged injury or property damage sustained by the claimant.

Amend RSA 541-B:19, I(c) as inserted by section 13 of the bill by striking out line 2 and inserting in place thereof the following:

failure to exercise or perform a discretionary executive or planning

This amendment corrects 2 grammatical errors in the bill and deletes a superfluous section heading.

Adopted.

HB 189-FN, relative to the tax on the transfer of real property.

Amendment

Amend section one of the bill by striking out lines 7, 8 and 9.

Amend section 2 of the bill by striking out line 1 and inserting in place thereof the following:

2 Effective Date. This act shall take effect July 1, 1985.

This amendment corrects an error made by Legislative Services in the effective date when the House amended the bill, and corrects a typographical error.

Adopted.

HB 619-FN, amending the penalty for the underpayment of estimated taxes, the interest and dividends tax and certain definitions in the business profits tax.

Amendment

Amend RSA 71-A:37, IV(c)(1)(D) as inserted by section 2 of the bill by striking out line 3 and inserting in place thereof the following:

twelfth month of the taxable year.

Amend RSA 77:18-b as inserted by section 4 of the bill by striking out line 4 and inserting in place thereof the following:

penalty or late payment charge may be imposed for failure to file the return

Amend the bill by striking out section 10 and inserting in place thereof the following:

10 New Paragraph Reference. Amend RSA 21-J:32, I as inserted by 1985, 204:1 by striking out said paragraph and inserting in place thereof the following:

I. Except as provided in paragraphs IV and VI, in the case of any underpayment of estimated tax by a taxpayer, there shall be added to the tax for the taxable year an amount determined at the rate of 1-1/4 percent per month on the amount of the underpayment for the period of the underpayment.

11 Effective Date.

I. Section 10 of this act shall take effect July 1, 1985, at 12:01 a.m.

II. The remainder of this act shall take effect upon its passage and shall apply to returns and taxes due on account of taxable periods ending after June 30, 1985.

This amendment corrects certain typographical errors in sections 2 and 4 of the bill. This amendment also incorporates a paragraph cross-reference into RSA 21-J:32 as inserted by 1985, 204.

Adopted.

HB 600, making appropriations for capital improvements.

Amendment

Amend section 36 of the bill by striking out line 2 and inserting in place thereof the following:

Development. The appropriation made by 1983, 423:1, VI, A for ski lift

Amend the bill by striking out section 39 and inserting in place thereof the following:

39 Sections Not to Take Effect.

I. Section 31 of this act shall not take effect.

II. If HB 498 of the 1985 regular legislative session becomes law, sections 18, 19, 20, 22, 36 and 37 of this act shall not take effect.

40 Effective Date. This act shall take effect upon its passage.

This amendment makes section 31 of this bill, which inserted RSA 6-A:11, ineffective. RSA 6-A:11 has already been enacted by HB 545 and has become Chapter 332. This amendment also makes other amendments already made by HB 498 ineffective if HB 498 becomes law. The

amendment also corrects a typographical error.

Adopted.

SB 108, relative to administrative attachment of occupational and professional licensing boards.

Amendment

Amend section 9 of the bill by striking out same and renumbering the original sections 10-15 to read as 9, 10, 11, 12, 13, and 14, respectively.

This amendment strikes out a section which duplicated a section already enacted by SB 64 (Chapter 286).

Adopted.

HB 249, establishing a committee to study the possibility of dismantling county government.

Amendment

Amend the title of the bill by striking out same and inserting in place thereof the following:

AN ACT

establishing committees to study county government and to study sheriffs and police; and relative to court facility budget requests.

Amend paragraph IV of section 5 of the bill by striking out line 1 and inserting in place thereof the following:

IV. One designee of the New Hampshire Sheriffs Association.

Amend section 12 of the bill by striking out line 1 and inserting in place thereof the following:

12 Contingency; Court Facility Budget Request. Section 11 of this act

The committee of conference created another study committee and added a new section to the bill; so a title change is required to reflect the contents of the bill. The amendment also corrects a grammatical error and a typographical error.

Adopted.

HB 118-FN, relative to sunset review of division of legal counsel.

Amendment

Amend section 5 of the bill by striking out line 5 and inserting in place thereof the following:

prescribed by RSA 94:1-a.

Amend RSA 7:18-b, II as inserted by section 6 of the bill by striking out lines

3 and 4 and inserting in place thereof the following:

and pollution control commission, the water resources board, the air resources agency, the air resources commission, and the pesticide control board.

Amend section 8 of the bill by striking out line 4 and inserting in place thereof the following:

I. There is hereby established in the department of justice a

Amend section 9 of the bill by striking out line one and inserting in place thereof the following:

9 Compensation of Certain State Officers. Amend RSA 941-a, I (supp) as

Amend the bill by striking out sections 11 and 12 and inserting in place thereof the following:

11 Repeal. RSA 21-J:14, relative to agency attorneys, as inserted by 1985, 300:1, is hereby repealed.

12 Assistants. Amend RSA 21-J:3, IV (supp) as inserted by 1985, 300:1 by striking out in line one the number "5" and inserting in place thereof the following (8) so that said paragraph as amended shall read as follows:

IV. The attorney general may designate no more than 8 assistant attorneys general to serve as senior assistant attorneys general. Senior assistant attorneys general shall serve as bureau chiefs and in such other positions as the attorney general may determine. Senior assistants shall serve in that capacity at the pleasure of the attorney general.

13 Minimum Labor Grade Reference Inserted. Amend RSA 21-J:3, VI (supp) as inserted by 1985, 300:1 by striking out said paragraph and inserting in place thereof the following:

VI. The attorney general may appoint a law office administrator for the office of attorney general, in accordance with state personnel rules and the appropriation made for the appointment. The law office administrator shall be a classified employee and shall be classified at least at labor grade 32.

14 Unemployment Compensation. Amend RSA 21-J:13, III as inserted by 1985, 300:1 by inserting in line 4 after citation "RSA 282-A" the following (or the rules adopted under it) so that said paragraph as amended shall read as follows:

III. The commissioner of the department of employment security and all employees of that department shall give the office of the attorney general such aid and assistance as it deems necessary to investigate, prosecute and defend matters arising under RSA 282-A or the rules adopted under it.

15 Conditional Reference Changes. The references in sections 11, 12, 13 and 14 of this act to provisions of RSA 21-J shall be deemed to refer to the RSA chapter

designation determined in accordance with 1985, 300:32.

16 Duplicate Section Not to Take Effect. 1985, 300:28, relative to salaries, as inserted by HB 180 of the 1985 regular legislative session shall not take effect.

17 Effective Date.

I. Sections 11, 12, 13 and 14 of this act shall take effect July 2, 1985, at 12:01 a.m.

II. The remainder of this act shall take effect upon its passage.

This amendment incorporates changes made by HB 180 (chapter 300). A section of HB 180 is voided because the same provision is in this bill and would take effect on an earlier date.

Adopted.
